

IMPACT STATEMENT

Legislation title: * Authorize application to the Department of Homeland Security, through its Federal Emergency Management Agency for a grant in the amount of \$331,210 for operations level structural collapse training. (Ordinance)

Contact name: John Nohr, EOPS Division Chief

Contact phone: 503-823-4390

Presenter name: John Nohr, EOPS Division Chief

Purpose of proposed legislation and background information:

The purpose of this legislation is to authorize a grant application to the Department of Homeland Security, through its Federal Emergency Management Agency for a grant to pay for operations level structural collapse training for all truck companies.

- If PF&R receives this grant it will provide much needed operations level structural collapse training for all truck companies using equipment that is already present on the PF&R trucks.
- This training supports the City's Emergency Preparedness policies.

Financial and budgetary impacts:

This grant has a 10% cost share requirement that will be provided by funds from either FY 2015-2016 or FY 2016-2017 PF&R training program budget appropriations, depending on the grant award date.

Community impacts and community involvement:

- This is a grant application, therefore there has been no community involvement. However, should PF&R receive the grant award the entire community will benefit by having emergency response personnel trained to operations level for structural collapse response.
