RE: **Initiation of Local Improvement Proceedings for NE 47th Avenue Phase I LID**

I understand that you have been in contact with internal and external stakeholders since February 2015 to explore the possibility of street, sidewalk, stormwater and bike lane infrastructure improvements from north of NE Columbia Blvd. to south of NE Alderwood Road. The Portland Bureau of Transportation, Portland Parks & Recreation, the Bureau of Environmental Services, the Portland Freight Committee, the Columbia Slough Watershed Council and the Cully Association of Neighbors have all been engaged in a collaborative dialogue on how to best resolve transportation-related problems in this area.

Therefore, I request that you initiate local improvement district formation proceedings to expedite the resolution of these issues.

I anticipate for the resolution to come before Council on March 2, 2016. Please contact me with any concerns.

Sincerely,

Commissioner Steve Novick
