Subject: March 9, 2016 agenda item 232 Update City travel policy

Dear City Council members,

Please submit the following as testimony for item 232 Update City travel policy (Previous Agenda 207; replace Administrative Rule FIN 6.13) on the Wednesday March 9, 2016 agenda:

Given the City of Portland's position on environmental issues such as opposing fossil fuel exports and supporting requirements that commercial building energy consumption and costs be identified with real estate transactions, travel by city officials outside the Portland metropolitan area must include identifying the carbon footprint and energy usage of that travel. As an example, individual airline miles traveled have about the same carbon footprint as driving the same distance. City government has a duty to provide this type of transparency to the people of Portland.

Respectively submitted,

Terry Parker

Northeast Portland
