Subject: comment against the TSP plan

My name is George Alice Ferguson and I live at 2020 N. Middle Shore St., Portland, OR 97217
Please do NOT continue with the TSP on Hayden Island. I'm one of the citizens who live in Hayden
Island Manufactured Home park on the east side of I-5. Many of us who live here cannot afford to
live anywhere else. Most of us are either on SS or working minimum wage jobs. There are many
other ways we need to spend money. I've heard that around 120 homes would have to be
destroyed. PLEASE DO NOT DO THIS. If I could be at the meeting on the 22nd of March I would
be but I'll be working that night. I hope this helps remove this from your agenda. Thank
you, George Alice Ferguson.
