Subject: Tsp testimony

Hello,

I live on NE 8th Ave. I don't see how creating green ways on 7th and 9th would not funnel traffic onto 8th which is one way in most directions. Unless there are plans in place to divert traffic from NE 8th as well I strongly feel the plan is incomplete at this point. You would essentially be moving a traffic problem on 7th to 8th.

Sincerely,  
Edward Picciotto
