

**ORDINANCE No. 187735**

\*Extend Intergovernmental Agreement with TriMet through July 1, 2018 for jointly funded design and construction of Capital Improvements for Safe Access to Transit (Ordinance; amend Contract No. 33000070)

The City of Portland ordains:

Section 1. The Council finds:

1. This Intergovernmental Agreement was made and entered by and between TriMet and the City of Portland via Ordinance No. 185105, passed January 18, 2012.
2. The City Contract #33000070 outlines the agreement between the City and TriMet for the joint design and construction of crossing improvements utilizing Rectangular Rapid Flash Beacon (RRFB) systems at locations where transit access and crossing safety are a priority for both agencies.
3. TriMet continues to focus resources on safety projects to provide connectivity to transit and reduce the conflicts that passengers may encounter as a barrier to accessing transit service.
4. The City continues to focus on safety through its programs for high crash corridors, Safe Routes to School, pedestrian safety improvements, neighborhood greenways, and Vision Zero.
5. TriMet and the City have collaborated in nearly a dozen RRFB installations.
6. TriMet and the City wish to amend their agreement to allow for additional installation enhancements by extending the term of the agreement until July 1, 2018.

NOW, THEREFORE, the Council directs:

- a. That the Commissioner-in-Charge is authorized to execute Amendment 1 with TriMet for additional time to design and construct capital improvements for safe access to transit in a form similar to the contract attached as Exhibit A.
- b. The City's Project Manager is hereby authorized to agree to and execute, on behalf of the City, any amendment that does not increase the compensation amount.

Section 2. The Council declares that an emergency exists because of fatal pedestrian crashes at existing marked crosswalks with islands; therefore, this Ordinance shall be in full force and effect from and after its passage by the Council.
