

ORDINANCE No. 187885

*Authorize a contract with the lowest responsive bidder for construction of the Riverside Basin Combined Sewer Overflow Pipe Emergency Repair Project No. E10844 for \$738, 675 (Ordinance)

The City of Portland ordains:

Section 1. The Council finds:

1. Approximately 1030 feet of combined sewer pipe in the Swan Island area is severely deteriorated. The pipe extends under Union Pacific Railroad rail lines and serves as the overflow pipe for portions of the Overlook Neighborhood (the Riverside Basin).
2. An emergency has been declared by Commissioner Fish pursuant to Title 5 of the City Code and Charter, authorizing the City to enter into an Emergency Procurement Contract to perform the sewer repairs. The Emergency Declaration was signed on April 21, 2016.
3. The Bureau of Environmental Services (BES) has prepared plans and specifications for the construction of a repair to the deteriorated pipe. BES has selected Oxbow Construction, a dba of Iron Horse Excavation, LLC through emergency procurement procedures, to perform the repairs and ensure a rapid response to this emergency.
4. The estimated cost is \$738,675. The level of confidence is high. Funds are available in the Sewer System Operating Fund, FY2016 and FY2017 Budgets, Bureau of Environmental Services, WBS Element E10844.

NOW, THEREFORE, the Council directs:

- a. The Commissioner-in-Charge is authorized to execute a contract with the lowest responsive bidder for the purposes described in Section 1, in the amount of \$738,675.
- b. The Mayor and City Auditor are hereby authorized to pay for the contract from the Sewer System Operating Fund Budget.

Section 2. The Council declares that an emergency exists because the sewer pipe poses a threat to property, health and safety, due to the pipe's severely deteriorated condition and proximity to rail lines. Therefore, this ordinance shall be in full force and effect from and after its passage by the Council.

Passed by the Council,
Commissioner Nick Fish
