Ms. Moore-Love:

I am a resident of the City of Vancouver and active against the proposed oil terminal and the transport of oil by rail. To this end, I often speak at hearings, councils and our own Port Commission meetings in opposition to both. I am just one of thousands opposed to the terminal and the trains, and one of hundreds who regularly appear at our Port meetings twice a month.

I would like to address your City Council to urge them to personally appear at our Port hearings in opposition to the terminal and the trains. The Mayor, Fire Chief, and president of the City Council of Mosier recently appeared and spoke to our commissioners about their tragic experience. I believe that having additional input from other voices may help us to convince the Commission to rescind the contract with Tesoro/Savage to build the terminal in Vancouver.

I'd like to appear on Wednesday, July 6. That would coincide with a rally at Pioneer Square so it would be most convenient if it's not too late. But, any date is good too.
