**Subject:** Request to testify in front of city council

Hi, Carla,

I would like to have 3 minutes to testify about an emerging issue for Portlanders - the impact that ASTR's are having on actual residents. I have an email chain that includes online requests I made to Amanda Fritz, Terri Williams, Matt Grumm and Ross Caron which I could send you to show all the issues involved and approaches to which the city seems unable to respond. The ASTR near me is taking steps to remove trees, excavate a hillside and put up a retaining wall for the hill above it (my condo 4-plex is situated on the top) - all without a development permit from the city.

I would like to testify at the earliest opportunity - August 31st, should that become available - and the soonest possible date after that if it does not.

Please let me know if you need any more information from me.

Thank you!
