Subject: PSC Fossil Fuel Zoning Testimony

I am a citizen of Portland, OR very concerned for the health and safety of all of us here!
I wholeheartedly support the resolution passed by the Portland City Council opposing the building of new oil pipelines, terminals and any other infrastructure used by the fossil fuel industry. NO Exemptions for small Ones! Any size is totally unacceptable!
We must keep fossil fuels in the ground and get going on renewable energies! No time to waste if we are going to survive on this planet!

Thank you!
