**Subject:** [User Approved] PSC Fossil Fuel Zoning Testimony

Please amend the proposed draft to better reflect the city's fossil fuel goals laid out in the resolution last fall:

- Enact a full ban on all new fossil fuel terminals, large or small. An exception for new facilities that are 5 million gallons or less is unnecessary. The City's code changes should not allow more unit trains of dangerous fossil fuels like Bakken crude oil.
- Strengthen restrictions on expansions allowed at existing facilities through adding binding limits in the City's non-conforming use review process.
- Prevent any aggregate increase in fossil fuel infrastructure in Portland.

Please ensure that Portland fulfills the promise of its historic fossil fuel resolution.

Thank you!
