Hi Carla,
There are three of us representing the Arlington Heights Neighborhood Association who would each like to request a 3 minute presentation slot in the "Communications" portion of the City Council Meeting on September 21, 2016. Kathy Kelly and Michael Wallace will also be sending you a note to request slots that day.

City Council Meeting Date: 9/21/2016
Kathy Goeddel
2767 SW Rutland Terrace
Portland, OR 97205

Issue: The Arlington Heights Neighborhood Association would like to make
a recommendation for a short-term Pilot Transportation Program for Washington Park during peak visitor months next year. This is to support the critical construction phase of the Washington Park Reservoir Improvement Project. The confluence of increasing numbers of visitors, a dramatic closure of parking spaces and roads, and a tremendous volume of construction traffic in the park will create unprecedented delays and safety risks for both park visitors and neighborhood residents. We are seeking approval for a Tiger Team to design and implement a Pilot Transportation Program for Washington Park that will showcase the use of public transportation in conjunction with extraordinary Washington Park Improvement Project.
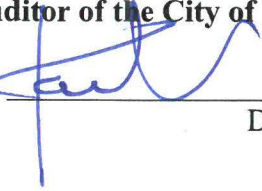

Thank you for your help scheduling this.

Sincerely,
Kathy Goeddel
