Subject: Art Museum - Rothko Request

I had intended to testify at the City Council meeting but a last minute need to accompany one of the felons that I mentor to a doctor interceded. I wish to present my thoughts in brief for consideration.

It is not in the community's best interest when a request is made to alter a previously granted exception.

The museum can accomplish its stated purpose by providing east/ west doors to be open per the exception. A lockable door on the north and one on the south would allow the museum to deny entrance as it sees fit.
