

TSDC Project List with TSP Status

	Major Revision to Existing TSP Project
	New TSP Project

Project ID	Category	Project Name	Project Location	Project Description	Total Project Costs	Already Budgeted	TSDC Eligible Cost	Project Source(s)	Notes	Actions Needed
10010 (Placeholder)	Regional	East Portland Enhanced Transit	East Portland	Improve transit speed, reliability, safety, and access along one or more major transit corridors in East Portland, to be determined through the Enhanced Transit Corridors Plan.	\$20,000,000	\$0	\$10,000,000	Enhanced Transit Corridors Plan	Project ID refers to Transit Priority Program in TSP as a placeholder. Enhanced Transit Corridors Plan will recommend specific projects to be added to TSP. Project is intended to fulfill direction from PSC during TSP update to identify a major East Portland transit project.	City Council Resolution is expected prior to or concurrent with RTP call for projects in summer 2017. Add project(s) to TSP during next update.
10010 (Placeholder)	Regional	Inner Ring Enhanced Transit	Inner Ring Portland	Improve transit speed, reliability, safety, and access along one or more major transit corridors in the Inner Ring of Portland, to be determined through the Enhanced Transit Corridors Plan.	\$20,000,000	\$0	\$10,000,000	Enhanced Transit Corridors Plan	Project ID refers to Transit Priority Program in TSP as a placeholder. Enhanced Transit Corridors Plan will recommend specific projects to be added to TSP. Project is intended to fulfill direction from PSC during TSP update to identify a major Inner Ring transit project.	City Council Resolution is expected prior to or concurrent with RTP call for projects in summer 2017. Add project(s) to TSP during next update.
10014	Other Projects	Errol Heights Neighborhood Street Improvements	Errol Heights Area, SE	Priority local street improvements and pedestrian connections in the Errol Heights area.	\$2,000,000	\$0	\$1,000,000	Neighborhood Streets Program	Project ID refers to Alternative Street Design (soon to be renamed Neighborhood Streets) Program in TSP. This is part of the program scope and does not need to be a separate TSP project.	Change name of program from Alternative Street Design Program to Neighborhood Streets Program as part of TSP Stage 3 or a future TSP update. Add this area to program reference list.
10014	Other Projects	Cully Neighborhood Street Improvements	Cully	Priority local street improvements and pedestrian connections identified in the Cully Commercial Corridor and Local Street Plan.	\$2,000,000	\$0	\$1,000,000	Neighborhood Streets Program	Project ID refers to Alternative Street Design (soon to be renamed Neighborhood Streets) Program in TSP.	Change name of program from Alternative Street Design Program to Neighborhood Streets Program as part of TSP Stage 3 or a future TSP update. Add this area to program reference list.
10014	Other Projects	Division-Midway Neighborhood Street Improvements	Division-Midway	Priority local street improvements and pedestrian connections identified in the Division-Midway Neighborhood Street Plan.	\$2,000,000	\$0	\$1,000,000	Neighborhood Streets Program	Project ID refers to Alternative Street Design (soon to be renamed Neighborhood Streets) Program in TSP.	Change name of program from Alternative Street Design Program to Neighborhood Streets Program as part of TSP Stage 3 or a future TSP update. Add this area to program reference list.
10014	Other Projects	Tryon-Stephens Neighborhood Street Improvements	Tryon-Stephens	Priority local street improvements and pedestrian connections identified in the Tryon-Stephens Neighborhood Street Plan.	\$2,000,000	\$0	\$1,000,000	Neighborhood Streets Program	Project ID refers to Alternative Street Design (soon to be renamed Neighborhood Streets) Program in TSP.	Change name of program from Alternative Street Design Program to Neighborhood Streets Program as part of TSP Stage 3 or a future TSP update. Add this area to program reference list.
20002	Other Projects	I-405 Corridor Smart Cities ITS Improvements	14th/16th, NW (Glisan - Burnside); 13th/14th, SW (Burnside - Clay)	Smart Cities ITS improvements at six signals between Clay and Glisan including communications infrastructure; closed circuit TV cameras, variable message signs for remote monitoring and control of traffic flow.	\$10,000,000	\$0	\$10,000,000	Central City 2035 Smart Cities Application	A more limited version of this project is in CC2035 1-10 year list. Revised version reflects Smart Cities refinements.	Revise as needed during CC2035 Council Amendment process. Project will be added to TSP as part of CC2035 adoption in early 2018.
20007	Match Identified	South Portal Intersection Improvements	Bancroft/Hood/Macadam/Lowell, SW	Improve the South Portal to the North Macadam District (intersection of Bancroft, Hood, and Macadam) to address safety and capacity issues. Includes new extension of Lowell St.	\$8,138,078	\$0	\$8,138,078	Central City 2035	Project is in CC2035 1-10 year list.	Revise as needed during CC2035 Council Amendment process. Project will be added to TSP as part of CC2035 adoption in early 2018.
20050	Other Projects	Southern Triangle Access Improvements	Southern Triangle (Powell Blvd, UP Railroad, Willamette River)	Improve vehicle access to the Southern Triangle district from eastbound Powell Blvd, and improve vehicle access from CEID to westbound Powell and southbound I-5.	\$4,000,000	\$0	\$4,000,000	Central City 2035	Project is in CC2035 1-10 year list.	Revise as needed during CC2035 Council Amendment process. Project will be added to TSP as part of CC2035 adoption in early 2018.
20057	Other Projects	Willamette Greenway Trail	Willamette Greenway Trail, SW (Marquam Br - Lowell)	Provide two paths in order to separate bicyclists from pedestrians in remaining gaps of South Waterfront's Willamette Greenway trail.	\$2,500,000	\$0	\$2,500,000	Central City 2035	Project is in CC2035 1-10 year list.	Revise as needed during CC2035 Council Amendment process. Project will be added to TSP as part of CC2035 adoption in early 2018.

Project ID	Category	Project Name	Project Location	Project Description	Total Project Costs	Already Budgeted	TSDC Eligible Cost	Project Source(s)	Notes	Actions Needed
20070	Match Identified	NW Naito/Front Corridor Improvements	Naito Pkwy, NW (9th - 21st)	Construct multimodal safety and access improvements including sidewalk infill, protected bike lanes, signal improvements, and lane modifications.	\$3,608,417	\$2,608,417	\$1,000,000	Central City 2035	Project is in CC2035 1-10 year list.	Revise as needed during CC2035 Council Amendment process. Project will be added to TSP as part of CC2035 adoption in early 2018.
20102.2	Match Identified	Bond Ave Extension, Phase 2	Bond Ave, SW (Porter - Gibbs)	Extend SW Bond one-way northbound from SW Whitaker to Porter, extend Portland Streetcar service north of the Tram, and convert Moody to one-way southbound operation to form a couplet.	\$16,000,000	\$4,000,000	\$12,000,000	Central City 2035	Project is in CC2035 1-10 year list.	Revise as needed during CC2035 Council Amendment process. Project will be added to TSP as part of CC2035 adoption in early 2018.
20106	Other Projects	I-405 South Portland Crossing Improvements	I-405, SW (Harbor Dr - Broadway)	Improve opportunities for people walking and bicycling to cross I-405 on Harbor Dr, Naito Pkwy, 1st, 4th, 5th, 6th, and Broadway.	\$5,000,000	\$0	\$5,000,000	Central City 2035	Project encompasses several projects in CC2035 1-10 year list.	Revise as needed during CC2035 Council Amendment process. Project will be added to TSP as part of CC2035 adoption in early 2018.
20107	Other Projects	SW 4th Ave Corridor Improvements	4th Ave, SW (Sheridan - Madison)	Improves the street environment on SW 4th Avenue adjacent to Portland State University by adding bicycle facilities, curb bulb-outs, enhanced pedestrian crossings, traffic signals, and green street features. As part of the project, reconfigure 4th Ave from Sheridan to Lincoln to enhance and extend the bike lane over I-405, and modify the signal at Lincoln to improve bicycle access.	\$2,500,000	\$0	\$2,500,000	Central City 2035	Project is in CC2035 1-10 year list.	Revise as needed during CC2035 Council Amendment process. Project will be added to TSP as part of CC2035 adoption in early 2018.
20108	Other Projects	SW Broadway Bikeway and Streetscape Improvements	Broadway, SW (Clay - Sherman)	Enhances the existing protected bikeway and sidewalks on SW Broadway adjacent to Portland State University. Includes the construction of a raised bikeway, sidewalk amenities, green street features, ADA improvements, pedestrian islands, curb bulb-outs, and a full signal at Harrison.	\$1,500,000	\$0	\$1,500,000	Central City 2035	Project is in CC2035 1-10 year list.	Revise as needed during CC2035 Council Amendment process. Project will be added to TSP as part of CC2035 adoption in early 2018.
20112	Other Projects	NE Multnomah Protected Bikeway	Multnomah St, NE (Interstate - 16th)	Construct permanent improvements to the NE Multnomah St protected bikeway, including pedestrian islands and transit islands.	\$2,000,000	\$0	\$2,000,000	Central City 2035	Project is in CC2035 1-10 year list.	Revise as needed during CC2035 Council Amendment process. Project will be added to TSP as part of CC2035 adoption in early 2018.
20113	Other Projects	Broadway/Weidler Corridor Improvements, Phase 1	Broadway / Weidler, N/NE (Broadway Bridge - 24th)	Enhance existing bike lanes and improve pedestrian/bicycle crossings. Add traffic signals, improve signal timing, improve transit stops, and construct streetscape improvements.	\$9,000,000	\$0	\$9,000,000	Central City 2035	Project is in CC2035 1-10 year list.	Revise as needed during CC2035 Council Amendment process. Project will be added to TSP as part of CC2035 adoption in early 2018.
20115	Other Projects	Central City Multimodal Improvements, Phase 2	Central City	Construct high-priority bikeways, pedestrian improvements, and transit priority treatments in the Central City.	\$20,000,000	\$0	\$20,000,000	Central City 2035	Project encompasses several projects in CC2035 1-10 year list. Scope of Central City Multimodal Project planning phase includes prioritization of \$20M worth of projects above and beyond the already-secured federal and local funding.	Revise as needed during CC2035 Council Amendment process. Project will be added to TSP as part of CC2035 adoption in early 2018.
20125	Other Projects	Portland Streetcar Operational Improvements	Central City	Design and construct improvements along NE Grand Avenue and/or other shared Streetcar/Bus corridors to add transit capacity. Construct Lloyd District turnback(s). Capital improvements could include signal pre-emption, additional travel lanes, additional track, tail track, and OCS, creation of transit only lanes, and other capital improvements to reliably move public transit past motor vehicle/freeway on-ramp bottlenecks.	\$5,000,000	\$0	\$5,000,000	Central City 2035	Project is in CC2035 1-10 year list.	Revise as needed during CC2035 Council Amendment process. Project will be added to TSP as part of CC2035 adoption in early 2018.
20127	Match Identified	Naito Parkway Corridor Improvements	Naito Pkwy, SW/NW (Harrison - Steel Bridge)	Improve roadway and provide separated pedestrian and bicycle facilities along the east side of Naito Parkway. Add or upgrade crossings at Montgomery, Clay, Jefferson, Main, Davis, and Everett. Improve pedestrian and bicycle access across Naito, including detection and signal timing adjustments where appropriate. Signalize the top of the ramp from Naito to Hawthorne Bridge to improve traffic flow.	\$10,000,000	\$3,480,369	\$6,519,631	Central City 2035 Fixing Our Streets	A shorter version of this project is in CC2035 1-10 year list. It has been expanded to include the Fixing Our Streets project south to Harrison.	Revise as needed during CC2035 Council Amendment process. Project will be added to TSP as part of CC2035 adoption in early 2018.

Project ID	Category	Project Name	Project Location	Project Description	Total Project Costs	Already Budgeted	TSDC Eligible Cost	Project Source(s)	Notes	Actions Needed
20165	Other Projects	NW Northrup Traffic Signals	Northrup St, NW (11th - 16th)	Construct traffic signals along Northrup at 11th, 12th, 13th, 14th, and 16th to improve traffic flow and transit operations.	\$2,000,000	\$0	\$2,000,000	Central City 2035	Project is in CC2035 11-20 year list, but Portland Streetcar and PBOT staff requested it to be moved into nearer timeframe to reflect need for improved speed and reliability on streetcar system.	Revise as needed during CC2035 Council Amendment process. Project will be added to TSP as part of CC2035 adoption in early 2018.
20181	Other Projects	Inner Hawthorne Multimodal Corridor Improvements	Hawthorne Blvd, SE (Hawthorne Bridge - 12th)	Construct an eastbound protected bikeway with transit islands to improve pedestrian and bicycle safety and comfort as well as transit operational efficiency. Explore feasibility of eastbound bus-only lane as part of project design.	\$2,000,000	\$0	\$2,000,000	Central City 2035	Project is in CC2035 1-10 year list.	Revise as needed during CC2035 Council Amendment process. Project will be added to TSP as part of CC2035 adoption in early 2018.
20185	Other Projects	Gideon Street Pedestrian / Bicycle Bridge	Clinton MAX Station	Construct a pedestrian / bicycle bridge over the railroad and light rail tracks to connect the Clinton MAX Station with the adjacent neighborhood.	\$10,000,000	\$0	\$10,000,000	Central City 2035	Project is in CC2035 1-10 year list.	Revise as needed during CC2035 Council Amendment process. Project will be added to TSP as part of CC2035 adoption in early 2018.
20187	Other Projects	Water/Yamhill Traffic Signal	Yamhill / Water, SE	Construct traffic signal at Water/Yamhill to improve safety and capacity at freeway off-ramp.	\$1,000,000	\$0	\$1,000,000	Central City 2035	Project is in CC2035 11-20 year list, but PBOT staff recommend moving it to nearer timeframe to provide a more balanced list in terms of modal benefits.	Revise as needed during CC2035 Council Amendment process. Project will be added to TSP as part of CC2035 adoption in early 2018.
20188	Other Projects	Grand/MLK Lloyd District Traffic Signals	Grand/MLK, NE (Lloyd - Broadway)	Construct traffic signals along Grand/MLK couplet in the Lloyd District.	\$2,000,000	\$0	\$2,000,000	Central City 2035	Project is in CC2035 11-20 year list, but PBOT staff recommend moving it to nearer timeframe to provide a more balanced list in terms of modal benefits.	Revise as needed during CC2035 Council Amendment process. Project will be added to TSP as part of CC2035 adoption in early 2018.
20189	Other Projects	Streetcar Vehicle Acquisition	Central City N/NE Quadrant	Procure additional streetcar vehicles to increase service capacity and frequency.	\$9,000,000	\$716,773	\$7,200,000	Central City 2035	Project is in CC2035 11-20 year list as a turnaround, but Portland Streetcar and PBOT staff requested that it be replaced with vehicle acquisition and moved to near-term timeframe. More vehicles are needed to provide desired frequency of service.	Revise as needed during CC2035 Council Amendment process. Project will be added to TSP as part of CC2035 adoption in early 2018.
20193.1	Match Identified	Post Office Blocks Transportation Improvements, Phase 1	NW Johnson St (9th - Station Way); NW Park Ave (Hoyt - Johnson); NW 9th & Everett; NW 9th & Glisan	Extend Johnson and Park Streets through the Post Office Blocks redevelopment site. Add traffic signals at 9th/Everett and 9th/Glisan.	\$16,000,000	\$0	\$5,000,000	Central City 2035	Project is in CC2035 1-10 year list.	Revise as needed during CC2035 Council Amendment process. Project will be added to TSP as part of CC2035 adoption in early 2018.
20204	Regional	Rose Quarter Interchange Improvements	Broadway / Weidler / I-5 Interchange	Construct multimodal transportation improvements supporting the ODOT Rose Quarter Interchange Project, including enhancements of surface streets, lids over the freeway, streetcar system improvements, and a new ped/bike bridge over I-5 at Clackamas St, consistent with the adopted Broadway / Weidler Facility Plan. Supports future Green Loop project.	\$450,000,000	\$0	\$10,000,000	Central City 2035	Project is in CC2035 11-20 year list, but PBOT staff recommend moving it to nearer timeframe to reflect likely project timing.	Revise as needed during CC2035 Council Amendment process. Project will be added to TSP as part of CC2035 adoption in early 2018.
20205	Match Identified	Central Eastside Access and Circulation Improvements	Central Eastside	Improve access and circulation in the Central Eastside by adding new signals and crossings at Hawthorne & Clay ramp, Salmon & Grand, Salmon & MLK, Washington & Grand, Washington & MLK, Ankeny & MLK, Ankeny & Sandy, 16th & Irving, and modifying signals at Stark & Grand, Clay & Grand, and Mill & MLK. Improve Clay Street from Water to Grand and add multimodal safety improvements.	\$5,205,879	\$2,805,879	\$2,400,000	Central City 2035 Regional Flexible Funds Allocation	Project is in CC2035 1-10 year list and has been successfully funded through RFFA grant.	Revise as needed during CC2035 Council Amendment process. Project will be added to TSP as part of CC2035 adoption in early 2018.
30004	Other Projects	N Columbia Blvd Corridor Safety Improvements	Columbia Blvd, N (Burgard - Argyle)	Improve safety and access by filling high-priority sidewalk gaps, adding pedestrian crossings, and employing safety countermeasures to reduce motor vehicle crash severity.	\$3,000,000	\$0	\$3,000,000	Vision Zero Gap Analysis	A more limited pedestrian-only version of this project is on the TSP Unconstrained project list. This expanded version is recommended by Vision Zero Gap Analysis because Columbia Blvd is on the high crash network for motor vehicles as well.	City Council Resolution for Vision Zero expected in 2017. Revise and add projects to TSP during the next update.

Project ID	Category	Project Name	Project Location	Project Description	Total Project Costs	Already Budgeted	TSDC Eligible Cost	Project Source(s)	Notes	Actions Needed
30008	Match Identified	Columbia Blvd Smart Cities Corridor ITS Improvements	Columbia Blvd, N/NE (I-205 - Burgard)	Smart Cities corridor ITS Improvements to improve freight operations. Communications infrastructure including closed circuit TV cameras, truck priority detection, variable message signs for remote monitoring and control of traffic flow for six signals.	\$5,000,000	\$1,057,227	\$5,000,000	Smart Cities Application	A more limited version of this project is in TSP 1-10 year list. Since then, the Smart Cities Application made refinements to the project.	Smart Cities Application has been adopted by City Council. Incorporate changes in the next TSP update.
30015	Other Projects	Going St Connected/Automated Vehicle Connection	Going St, N (Swan Island I-5)	Design and construct a Connected/Automated Vehicle connection between Swan Island and I-5.	\$10,000,000	\$0	\$10,000,000	Smart Cities Application	A more limited version of this project is in TSP 1-10 year list. Since then, the Smart Cities Application made refinements to the project.	Smart Cities Application has been adopted by City Council. Incorporate changes in the next TSP update.
30037.1	Match Identified	N/NE Lombard Corridor Improvements, Phase 1	Lombard St, N (Fiske - Interstate)	Design and implement transportation improvements including signal upgrades, lane reconfiguration, enhanced crossings, bikeways, and pedestrian improvements along the corridor. Project will coordinate with ODOT and PDC to identify locations and design treatments.	\$13,000,000	\$9,876,919	\$3,123,081	TSP Project List	A longer version of this project is in TSP 1-10 year list. Revised scope reflects active ODOT/PBOT safety project.	Split TSP project into two phases, including this one, during next TSP update.
30038	Other Projects	Marine Dr ITS	Marine Dr, N/NE (Portland Rd - 185th)	Install ITS infrastructure (communication network, enhanced bus detection, truck priority detection, Bluetooth detection, CCTV cameras, and vehicle /pedestrian detectors). These ITS devices allow us to provide more efficient and safe operation of our traffic signal system consistent with our policies of moving people and goods more effectively.	\$1,500,000	\$0	\$1,500,000	TSP Project List	Project is in TSP 1-10 year list.	Incorporate minor changes in the next TSP update.
30050	Other Projects	St Johns Connected Centers Project	St Johns Town Center, N	Enhance pedestrian connectivity and access to transit, improve safety, improve sub-standard streets, add lighting and crossings, and construct bikeway connections within and around St Johns Town Center.	\$5,000,000	\$0	\$5,000,000	TSP Project List RTP Active Transportation Project List	A pedestrian-only version of this project is in TSP 1-10 year list. Revised project bundle developed for RTP incorporates small pedestrian and bicycle projects from Citywide Programs as well as several TSP projects.	City Council action needed for RTP update. Incorporate changes into the next TSP update.
30059	Other Projects	N Lombard Main Street Improvements	Lombard St, N (Tyler - Fiske); Jersey / Oberlin, N (Richmond - Woolsey)	Construct main street improvements on Lombard including curb ramps, improved crossings, and pedestrian lighting. Design and implement neighborhood greenways on Jersey and Oberlin parallel to Lombard.	\$2,000,000	\$0	\$2,000,000	TSP Project List	Project is in TSP 1-10 year list.	Incorporate minor changes in the next TSP update.
30070	Match Identified	St Johns Truck Strategy, Phase 2	Lombard St, N (Bruce - St Louis); Fessenden, N (Columbia Way - St Louis); St Louis, N (Lombard - Fessenden); Columbia Blvd & Portland Rd (intersection)	Address pedestrian safety, bicycle safety and neighborhood livability impacts associated with cut-through truck traffic on N St Louis Ave and N Fessenden St. Construct pedestrian crossing safety and traffic calming improvements, such as curb extensions and median islands, and redesign the Columbia/Portland intersection as outlined in the St Johns Truck Strategy Phase II.	\$9,000,000	\$4,045,989	\$4,954,011	TSP Project List	Project is in TSP 1-10 year list.	Incorporate minor changes in the next TSP update.
30072	Match Identified	Rivergate ITS	Rivergate District, N	Install ITS infrastructure in the Rivergate Freight District.	\$480,000	\$0	\$480,000	TSP Project List	Project is in TSP 1-10 year list.	Incorporate minor changes in the next TSP update.
30081	Other Projects	N Argyle Corridor Improvements	Argyle Way, N (Columbia Denver)	Design and implement pedestrian and bicycle facilities on N Argyle from N Columbia Blvd to N Denver Ave. Construct safety and connectivity improvements at the Columbia, Brandon, and Denver intersections.	\$2,250,000	\$0	\$2,250,000	TSP Project List	Project is in TSP 1-10 year list.	Incorporate minor changes in the next TSP update.
30087	Other Projects	N Portland Greenway Trail, Segment 1	Columbia Blvd - Marine Dr, N	Construct the North Slough Bridge to fill the last remaining gap in Segment 1 of the N Portland Greenway Trail.	\$2,371,052	\$0	\$2,371,052	TSP Project List	Project is in TSP 11-20 year list, but since then Parks and Metro have obtained funding for all elements except a roughly \$2.4M bridge. Project has enough momentum to warrant including it on 1-10 year list and TSDC list.	Incorporate changes in the next TSP update.
30088	Other Projects	N Portland Greenway Trail, Segment 2	Columbia Blvd - Cathedral Park, N	Build a multi-use trail connecting Chimney Park, Pier Park, Baltimore Woods, Cathedral Park, and St Johns.	\$5,105,000	\$0	\$5,105,000	TSP Project List	Project is in TSP 1-10 year list.	Incorporate minor changes in the next TSP update.

Project ID	Category	Project Name	Project Location	Project Description	Total Project Costs	Already Budgeted	TSDC Eligible Cost	Project Source(s)	Notes	Actions Needed
30101	Match Identified	Suttle Rd Freight Street Improvements	Suttle Rd, N	Improve Suttle Rd to enhance its function for freight access to industrial land. Include a sidewalk to provide pedestrian access to transit.	\$9,000,000	\$0	\$2,250,000	TSP Project List Fixing Our Streets	Project is part of a larger Port project in TSP 1-10 year list. PBOT has agreed to partner on this part of the project if an LID moves forward.	Add PBOT as a co-lead and incorporate other changes during next TSP update.
30106	Other Projects	Time Oil Rd Freight Street Improvements	Time Oil Rd, N (Burgard - Rivergate)	Improve Time Oil Rd to enhance its function for freight access to industrial land. Include a sidewalk to provide pedestrian access to transit.	\$9,000,000	\$0	\$2,250,000	TSP Project List	Project is a Port project in TSP 1-10 year list. PBOT has agreed to add this project based on PFC and Port request.	Add PBOT as a co-lead and incorporate other changes during next TSP update.
30110	Other Projects	N Willamette Blvd Bikeway	Willamette Blvd, N (Interstate - Richmond)	Add a neighborhood greenway from Interstate to Rosa Parks, enhance existing bikeway from Rosa Parks to Ida, extend bikeway to Richmond, and provide a parallel neighborhood greenway on Princeton through the University Park neighborhood.	\$5,500,000	\$0	\$5,500,000	TSP Project List	Project is in TSP 1-10 year list.	Incorporate minor changes in the next TSP update.
30112	Other Projects	Columbia Blvd Pedestrian Overpass Replacement	N Columbia Blvd west of N Midway Ave	Replace the pedestrian overpass near George Middle School with either an at-grade crossing or a higher overpass to enable the use of Columbia Blvd as an over-dimensional freight route.	\$3,000,000	\$0	\$1,500,000	Over-Dimensional Freight Study	New project recommended by Over-Dimensional Freight Study.	City Council Resolution for OD Freight Study is expected in 2017. Add to TSP during next update.
30113	Other Projects	Columbia Blvd Railroad Undercrossing Improvement	N Columbia Blvd at railroad bridge near I-5	Lower the Columbia Blvd undercrossing at the UP Railroad Bridge just west of I-5 to enable the use of Columbia Blvd as an over-dimensional freight route.	\$3,000,000	\$0	\$1,500,000	Over-Dimensional Freight Study	New project recommended by Over-Dimensional Freight Study.	City Council Resolution for OD Freight Study is expected in 2017. Add to TSP during next update.
30114	Other Projects	N Portland Rd over Columbia Slough Bridge Replacement	N Portland Rd at Columbia Slough	Replace the weight-restricted N Portland Rd bridge over the Columbia Slough to enable the use of N Portland Rd as an over-dimensional freight route.	\$7,500,000	\$0	\$3,750,000	Over-Dimensional Freight Study	New project recommended by Over-Dimensional Freight Study.	City Council Resolution for OD Freight Study is expected in 2017. Add to TSP during next update.
30115	Other Projects	N Interstate Ave Bikeway Improvements	Interstate Ave, N (Russell - Argyle)	Improve safety and comfort of existing bikeway at major intersections and other conflict points. Fill bikeway gap from Willamette Blvd to Dekum St.	\$1,000,000	\$0	\$1,000,000	Vision Zero Gap Analysis	New project recommended by Vision Zero Gap Analysis because N Interstate is on the High Crash Network for bicycles but does not have a TSP project.	City Council Resolution for Vision Zero expected in 2017. Revise and add projects to TSP during the next update.
40006	Match Identified	Marine Dr & 33rd Intersection Improvements	Marine Dr & 33rd Ave, NE	Signalize intersection to improve freight operations.	\$1,000,000	\$500,000	\$500,000	TSP Project List	Project is in TSP 1-10 year list.	Incorporate minor changes in the next TSP update.
40007	Other Projects	NE 42nd/47th Ave Bridge & Corridor Improvements	42nd/47th Ave, NE (Killingsworth - Columbia)	Replace the weight-restricted NE 42nd Ave Bridge (#075) over NE Portland Hwy and the adjacent railway, and add pedestrian and bicycle facilities to the bridge and the roadway from Killingsworth to Columbia. This project will remove the weight restriction, improve vertical clearance for over-dimensional freight, and provide pedestrian and bicycle facilities.	\$12,000,000	\$0	\$6,000,000	TSP Project List Asset Replacement Set-Aside	Project is in TSP 11-20 year list, but since then PBOT has funded a 47th Ave project to the north, which makes this project the last remaining gap for Cully neighborhood to reach Columbia Corridor jobs and destinations. PBOT has also submitted the bridge for Asset Replacement Set-aside. It has ranked highly in that process, but not enough funding has been available.	Move to 1-10 year list and incorporate other minor changes in next TSP update.
