ORDINANCE No. 188639

*Authorize the Bureau of Transportation to enter into an agreement with the Union Pacific Railroad for preliminary engineering and other related services up to the amount of $25,000 for constructing a bicycle and pedestrian bridge crossing the railroad line in Sullivan's Gulch (Ordinance)

The City of Portland ordains:

Section 1. The Council finds:

1.   In 2016, City Council authorized an allocation of Transportation System Development Charge revenue for design and construction of a bicycle and pedestrian bridge over Sullivan's Gulch known as the Sullivan's Crossing project.

2.   The Union Pacific Railroad owns and operates a facility in Sullivan's Gulch.

3.   As the designated project lead, the Bureau of Transportation considers it necessary for the Union Pacific Railroad to collaborate in the development of the project by performing preliminary engineering and other related services payable up to the amount of $25,000.

4.   The Bureau's level of confidence in the cost estimates for this project is moderate for this particular task.

NOW, THEREFORE, the Council directs:

a.   That the Director of the Portland Bureau of Transportation is authorized to enter into an agreement with the Union Pacific Railroad for preliminary engineering and other related services for advancing the Sullivan's Crossing project.

b.   That the Portland Bureau of Transportation is authorized to reimburse the Union Pacific Railroad for expenses incurred for collaborating in the development of the project's preliminary engineering and other preliminary activities up to the amount of $25,000 as identified in Exhibit A.

Section 2. The Council declares that an emergency exists because the City is in the process of selecting a consultant for completing preliminary engineering design services that will require collaboration and review by the Union Pacific Railroad; therefore, this Ordinance shall be in full force and effect from and after its passage by the Council.
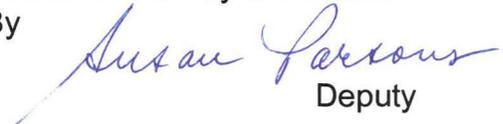

Passed by the Council,   OCT 11 2017
