TRAIL EASEMENT

This Trail Easement (this “Easement”) is made and entered into between the **SAKS Unlimited, LLC**, an Oregon limited liability company (“Grantor”) and the **City of Portland (“City” or “Grantee”), an Oregon municipal corporation, by and through its Bureau of Transportation**. In this Easement, City and Grantor may individually be referred to as “Party” and jointly referred to as “Parties.”

RECITALS

A. Grantor is the owner of the real property known as a portion of Lot 1, Block 100, Plat of Parkrose, in the southwest one-quarter of Section 15, T1N, R2E, W.M., in the City of Portland, County of Multnomah, State of Oregon together with that portion of NE 112th Avenue and NE Deering Drive attaching to said Lot as a result of street vacation Ordinance Nos. _____ and _____, passed by City Council on _____ (the “Property”). The Property, including the vacated street area, is described on **Exhibit A**, attached and incorporated by reference.

B. The Property is adjacent to the Columbia Slough, and is a key point of public access to the Slough.

C. City desires to preserve access to the Columbia Slough for the public at this location for recreational and educational purposes. In the future, City may build, operate and maintain a recreational trail and pathway on a portion of the Property to provide connections from the northern terminus of NE 112th Avenue across a portion of the Property to the Columbia Slough.

In consideration of the recitals and the mutual benefits, covenants, and terms herein contained, and for other good and valuable consideration, the receipt of which is hereby acknowledged, Grantor and City hereby dedicate, grant, covenant, and agree as follows:

AGREEMENT

1. Grant of Easement. Grantor hereby grants to City a nonexclusive, perpetual easement in gross, on, over, across, and along a portion of the Property, as described on **Exhibit**

B and depicted in **Exhibit C** attached hereto (the “Easement Area”), containing 1,895 square feet, more or less.

2. Purpose. The purposes of this Easement are to give City, its agents or its contractors, the right to (a) enter the Easement Area at any time to establish, install, construct, maintain, and repair a trail and pathway, which trail will be up to four (4) feet in width (the “Trail”), with up to two (2) feet of clearance on either side, and (b) permit the public to access and use the Trail established, installed, and constructed by City. The Trail that City has the right to establish hereunder may be either a low-impact soft surface trail or an all-weather paved trail, or any combination or variant thereof, at City’s sole discretion.

3. Construction, Repair, Maintenance.

(a) City may take all reasonable actions necessary to establish, construct, maintain, and repair the Trail within the Easement Area, including, but not limited to, installing, maintaining and repairing or replacing the following related surface and subsurface utilities and improvements: (i) appropriate trail surfaces and associated trail structures, (ii) trail markers, signs, lights, and other security enhancements along the Easement Area and at all points of access, (iii) any barriers, fences and gates necessary to prevent motorized vehicular access into the Easement Area, and (iv) benches for the convenience and comfort of the public (collectively, the “Trail Facilities”). It is acknowledged that the Trail and Trail Facilities may be built in several phases. The Trail Facilities will be and remain the property of City.

(b) City will work with Grantor to design the Trail and Trail Facilities in such a manner that they will not adversely impact the integrity of any drainage-related or flood-related improvements currently existing or hereafter added, or unreasonably interfere with Grantor’s ability to access Grantor’s facilities on the Property. City will be responsible for obtaining all governmental permits for construction of the Trail and the Trail Facilities, including, if necessary, a permit or approval from the United States Army Corps of Engineers (“USACE”), at City’s sole cost and expense prior to commencing such construction. Grantor will cooperate in good faith with City in obtaining any necessary construction and/or development permits or approvals.

(c) City will give Grantor thirty (30) calendar days’ written notice before commencing any construction of the Trail and any Trail Facilities.

(d) Subject to City Code Title 33, Chapter 272, City will be solely responsible for all repair and maintenance of the Trail and Trail Facilities that it may construct or install; provided, however, that Grantor will reimburse City for all sums expended by City to repair any damage to the Trail and Trail Facilities due to, in the determination of City, negligence or abnormal use by Grantor or Grantor’s invitees, guests, or licensees.

(e) (i) Except for Trail and Trail Facilities built or installed by City under Section 3(a) or by other means, Grantor will be responsible for general repair and maintenance

of the Easement Area and existing fence separating the Easement Area from the rest of the Property.

(ii) It is acknowledged and understood that City will have sole control and maintenance responsibility of the existing fence and gate separating the Easement Area from NE 112th Avenue.

(iii) In its sole discretion, City may remove, replace or modify, at City's expense, the existing fence and gate separating the Easement Area from NE 112th Avenue, upon fourteen (14) calendar days' written notice to Grantor.

(iv) Grantor may request maintenance assistance from the City's "One Point of Contact" service (or its successor) for issues related to littering, trespass, camping, or other illegal activity in the Easement Area.

4. Permitted Trail Uses. Subject to City Code Title 33, Chapter 272 and Title 20, Chapter 12, City may permit the public to access the Trail for recreational and transportation purposes, including, but not limited to, walking, running, and cycling. Except for motorized wheelchairs (or other mobility devices used by individuals with disabilities) or in the case of an emergency, motorized vehicles will not be permitted on the Trail; provided, however, that City may use motorized vehicles and equipment for construction, maintenance, repair, and security purposes related to the Trail and Trail Facilities.

5. Permitted Hours of Operation. Unless otherwise posted by City, the hours of public access for the Trail will be between 8:00 am and 8:00 pm. City will have the right, in its sole discretion, to close the Trail during winter months and to close the Trail or restrict public hours of access to the Trail due to maintenance issues or other problems which threaten public health or safety.

6. Grantor's Use of Easement Area. Grantor will retain the right to access, use, and enjoy the Easement Area for its purposes consistent with the rights granted herein. Grantor is prohibited, however, from engaging in any activity on, or use of, the Easement Area that (i) is inconsistent with the terms of this Easement, (ii) materially interferes with or impairs the use of the Trail or Trail Facilities by City or the public, or (iii) hinders or interferes with future Trail or Trail Facilities construction or repair by City.

6. Other Easements. City, the Multnomah County Drainage District, Northwest Natural and Pacific Power ("PPL") will have concurrent or adjacent easements for access and maintenance for their respective staff and contractors to access and maintain facilities and the Slough. To the extent these easements overlap each other, they are intended to run concurrently and be non-exclusive.

7. Hazardous Substances. Grantor represents and warrants that it has disclosed to City the results of all Phase I Environmental Assessments, Phase II Environmental Investigations, surveys, sampling, and testing regarding the Property, and any information contained therein. It is understood and agreed that City, by accepting this Easement, is not

accepting any liability for any release of Hazardous Substances, as that term is defined in ORS Chapter 465, on, to, or from the Property, unless resulting directly from an intentional or negligent act of City or City's employees, agents, or contractors, and that Grantor is not attempting to convey, transfer, or assign any such liability herein.

8. Taxes. Grantor will pay, when due, all real property taxes, assessments, and other charges against the Property, including the Easement Area. There will be no right to contribution from City for such items.

9. Liability and Indemnity. Under ORS 105.668 through ORS 105.696, the Parties may be immune from liability for injuries incurred on Grantor's Property by members of the public who access the Easement Area. To the extent a court of competent jurisdiction determines that such immunity does not apply to a particular claim against the City, subject to the limitations and conditions of the Oregon Tort Claims Act, ORS chapter 30, and the Oregon Constitution, City will indemnify, defend, and hold Grantor harmless against all losses resulting from property damage and personal injuries that occur as a result of City's negligence in the installation or maintenance of the Trail or the Trail Facilities, except to the extent caused by the negligent or wrongful acts or omissions of Grantor.

Grantor agrees to indemnify, defend, and hold City harmless from any loss or litigation expenses resulting from Grantor's acts or omissions that are incongruent with this Easement, except to the extent caused by the negligent or wrongful acts of City. As used in this Section, the word "losses" means any liability, loss, claim, settlement payment, cost and expense, interest, award, judgment, damages (including punitive damages), diminution in value, fines, fees, and penalties or other charge other than a litigation expense. As used in this Section, the term "litigation expenses" means any court filing fee, court cost, arbitration fee or cost, witness fee, and each other fee and cost of investigating and defending or asserting any claim of violation or for indemnification under this Agreement including in each case, attorneys' fees, other professionals' fees, and disbursements.

10. Notice and Addresses. Any notice, demand, request, consent, approval, or communication that either Party desires or is required to give to the other will be in writing and either served personally or sent by certified mail, return receipt requested, postage prepaid, to the address set forth below. Any Party may change the address to which its notices are to be sent by duly giving notice pursuant to this Section.

11. Title Warranty. Grantor represents and warrants that Grantor owns the entire fee simple interest in the Property, and has the full power and lawful authority to grant this Easement. Grantor further represents and warrants that the Property is not subject to any other liens or encumbrances, except for the concurrent easements referenced above in Section 6.

12. Entire Agreement. This Easement is the final and complete agreement between the Parties concerning the rights granted herein, and supersedes all prior understandings with respect to it. This Easement may not be modified or terminated, nor may any obligations under it be waived, except by written instrument signed by all Parties to this Easement.

13. Further Cooperation. Each of the Parties agree to execute such other documents and to perform such other acts as may be reasonably necessary or desirable to further the expressed and intended purpose of this Easement.

14. Covenants Running With the Land. The Parties acknowledge and agree that the grant conferred by this Easement is intended to, and does, constitute an encumbrance that runs with the Property and inures to the benefit of and is binding upon the Parties and their respective grantees, heirs, successors, and assigns. Without limiting the forgoing, Grantor acknowledges that City's rights under this Easement are assignable and that Grantor hereby consents to City's assignment of all of its right, title, and interest and its delegation of all of its obligations created under this Easement. Upon any such assignment, City will be forever released and discharged from all claims, demands, and damages which Grantor may have, make, or suffer as a result of anything done or occurring after the date of such assignment. Nothing contained in this Section, however, will in any way be construed as releasing City's successors and assigns from any obligations to Grantor created by this Easement.

THIS SECTION IS INTENTIONALLY LEFT BLANK.

ACCESS EASEMENT

THIS ACCESS EASEMENT (this "Easement"), is made as of _____, 2018, by and between **SAKS Unlimited, LLC** ("Grantor"), an Oregon limited liability company and **Multnomah County Drainage District** ("Grantee"), an Oregon special purpose local government agency organized under Oregon Revised Statutes Chapter 547.

RECITALS

A. Grantor is the owner of the real property located in Multnomah County, Oregon, and described on the attached Exhibit A (the "Property").

B. Grantee manages and maintains drainage and flood control facilities along the Columbia River pursuant to authorities that include the state enabling statutes and the federal Flood Control Act, and manages and maintains additional drainage-related and flood-related improvements, including drainage ditches. In connection with Grantee's operations, Grantee desires to obtain the easement(s) over and across portions of the Property described below.

NOW, THEREFORE, for good and valuable consideration, the parties agree as follows:

1. **Grant of Easement.** Grantor hereby grants, bargains, assigns, conveys, and transfers to Grantee, a nonexclusive, perpetual access easement in, on, under, over, and across the portion of the Property described in the attached Exhibit B and depicted on the attached Exhibit C (the "Access Easement Area") for the purpose of ingress and egress to and from the Flood Control Facilities (defined below). Grantor hereby grants, bargains, assigns, conveys, and transfers to Grantee, a nonexclusive, perpetual easement in, on, under, over, and across the portion of the Property described in the attached Exhibit D and depicted on the attached Exhibit E (the "Additional Easement Area") for the purpose of maintaining, repairing, replacing, and constructing additional drainage-related or flood-related improvements, and includes, without limitation, the right from time to time to regrade, install additional improvements, and plant or maintain vegetation. The term "Easement Area" means the Access Easement Area together with the Additional Easement Area. Grantee shall have the right to cut, trim and remove trees, brush, overhanging branches and other obstructions. Grantee shall have the right at all times to enter upon the Easement Area with people, vehicles, machinery, and equipment, for the purposes described in this Easement. The term "Flood Control Facilities" means any drainage-related and flood-control related improvements, facilities, and equipment owned or maintained by Grantee or its affiliates, including, but not limited to drains, levees, dikes, ditches, flood walls,

embankments, revetments, canals, piping, and any incidental works, equipment, or improvements appurtenant thereto.

2. **Benefited Parties.** The easement rights granted herein are for the benefit of Grantee and its officers, directors, beneficiaries, members, partners, managers, supervisors, employees, agents, contractors, affiliates, invitees, and representatives of local, federal, or state governmental entities or agencies (the "Benefited Parties").

3. **Grantor's Restrictions and Obligations.**

3.1 Grantor shall not and shall not allow any of its officers, directors, beneficiaries, members, partners, managers, employees, agents, contractors, or invitees to (a) interfere with or block, restrict, or obstruct access or use by Grantee or any of the Benefited Parties of the Easement Area, or (b) create any condition that is a safety hazard in, on, under, over, across, or about the Easement Area.

3.2 Grantor shall promptly repair, at Grantor's sole cost and expense (or at Grantee's option, Grantee may complete the repairs) any damage to the Easement Area or any improvements to the Easement Area (including any Flood Control Facilities) caused by Grantor or any of its officers, directors, beneficiaries, members, partners, managers, employees, agents, contractors, or invitees. If Grantee elects to complete any repairs itself, Grantor shall reimburse Grantee on demand for the costs of those repairs, including the payment of a reasonable fee for time spent by salaried or hourly staff of Grantee to assess, monitor, supervise, and complete such repairs.

4. **Maintenance.** Grantor shall, at its sole cost and expense, maintain the Easement Area in good condition and repair, including, but not limited to, all of the roadways, sidewalks, landscaping, and any other improvements (excluding any Flood Control Facilities). However, Grantor shall have no responsibility for or be obligated in any way to repair any damage to the Easement Area arising from any negligent use by Grantee or any of the Benefited Parties, and such repairs shall be the sole responsibility of Grantee and shall be repaired at Grantee's sole expense.

5. **Improvements.** Either party may, at such party's sole cost and expense, improve, replace, or reconstruct the improvements in the Easement Area or add improvements to the Easement Area, provided that such improvements do not interfere with Grantee's rights under this Easement. Notwithstanding the foregoing, any construction, excavation, or other use by Grantor of any portion of the Additional Easement Area, must not adversely impact (a) Grantee's use of and operations in, on, over, or across the Additional Easement Area, (b) any drainage-related or flood-related improvements (currently existing or hereafter added) located in, on, under, over, and across the Additional Easement Area, (c) the Flood Control Facilities maintained by Grantee or any of Grantee's affiliates (wherever located), or (d) any improvements (currently existing or hereafter constructed) owned or maintained by Grantee and located in, on, under, or over the Additional Easement Area. It is the parties' intent that Grantor's use of the Additional Easement Area not be inconsistent with or contrary to the laws, rules, regulations, ordinances, or standards applicable, from time to time, to Grantee, Flood Control Facilities, or flood control or drainage activities, measures, or practices, and that Grantor's use of the

Additional Easement Area not interfere with or be inconsistent with standards or recommendations Grantee reasonably believes are applicable to use, maintenance, or operation of the Additional Easement Area, Flood Control Facilities or flood control or drainage activities, measures, or practices.

6. **Performance for Grantor.** In the event Grantor fails to perform any of its obligations under this Easement, Grantee shall have the right, upon giving Grantor seven days' written notice, to perform such obligations and Grantor shall reimburse Grantee on demand for the resulting cost. Grantee may not commence performance on behalf of Grantor if within the seven-day notice period, Grantor begins and thereafter diligently pursues to completion the performance of the obligations set forth in Grantee's notice. In the event Grantee determines that an emergency exists and Grantor is unavailable, unwilling or unable to take immediate and appropriate action, Grantee may take whatever immediate action it deems necessary and Grantor shall reimburse Grantee on demand the resulting costs. Any costs payable by Grantor under this Section 6 may, at Grantee's option, include a reasonable fee for time spent by salaried or hourly staff of Grantee to assess, monitor, supervise, and complete such performance.

7. **Interest.** Any amounts owed by Grantor to Grantee under this Easement shall accrue interest from the date of expenditure by Grantee until paid in full, at a rate equal to the lesser of 12 percent per annum or the maximum amount allowed by law.

8. **No Representation or Warranty.** Grantor acknowledges and agrees that Grantee has not made any warranty, guarantee, or averment, express or implied, of any nature whatsoever concerning the current or future physical condition of the Flood Control Facilities or Grantee's current or future flood control or drainage activities, measures, or practices, or the current or future suitability of the Flood Control Facilities or Grantee's current or future flood control or drainage activities, measures, or practices for the purpose for which they were intended. Grantor acknowledges that there is an inherent risk in owning property or operating in, on, or about property located in a flood plain.

9. **Limitation.** In no event shall an alleged breach by Grantee of its obligations under this Easement deprive Grantee of its use or enjoyment of the Easement Area unless and until a court of competent jurisdiction enters a decree limiting, temporarily restraining or permanently restraining or otherwise depriving Grantee of its rights under this Easement or use and enjoyment of the Easement Area.

10. **Grantor Warranty of Title.** Grantor represents and warrants to Grantee that it has marketable fee title to the Property, subject to no encumbrances that will unreasonably interfere with use of the Easement Area by the Grantee or the Benefited Parties.

11. **Modification and Amendment.** No amendment, modification, or termination of this Easement shall be effective until the written instrument setting forth its terms has been executed and acknowledged by Grantee (or its successor or assignee) and the owner of the Property at the time this Easement is amended, modified, or terminated.

12. **Effect of Easement.** The rights and restrictions granted and reserved in this Easement shall be appurtenant to the Property and shall be perpetual. The easements, benefits, burdens,

obligations, and restrictions created in this Easement shall create covenants, benefits, and servitudes upon the Property as set forth herein, and shall run with the land, and shall bind and inure to the benefit of Grantee and Grantor as well as each of their successors and assigns. There are no third-party beneficiaries to this Easement and only Grantee and Grantor, and each of their successors and assigns, may enforce the terms of this Easement.

13. **Attorneys' Fees.** If any arbitration, suit, or action is instituted to interpret or enforce the provisions of this Easement, including any bankruptcy proceeding, to rescind this Easement, or otherwise with respect to the subject matter of this Easement, the party prevailing shall be entitled to recover, in addition to costs, reasonable attorneys' fees incurred in preparation or in prosecution or defense of such arbitration, suit, or action as determined by the arbitrator or trial court, and if any appeal is taken from such decision, reasonable attorney fees as determined on appeal.

14. **Partial Invalidity.** If any provision of this Easement shall be invalid or unenforceable in any respect for any reason, the validity and enforceability of any such provision in any other respect and of the remaining provisions of this Easement shall not be in any way impaired.

15. **Governing Law.** This Easement shall be governed by and construed in accordance with the laws of the state of Oregon.

16. **Entire Agreement.** This Easement contains the entire agreement and understanding of the parties with respect to the subject matter of this Easement Area.
