

Portland Housing Bureau Homeownership Assistance Program Guidelines

PURPOSE

The Portland Housing Bureau (PHB) provides Homeownership Assistance that creates affordable homeownership opportunities for low-income homebuyers.

DESCRIPTION

Homeownership Assistance through PHB is available for the acquisition and rehabilitation or new construction of affordable homeownership units that will be occupied by low-income first time homeowners. PHB awards Homeownership Assistance dollars to community organizations and eligible homebuyers must access these resources through those partners. Homeownership Assistance is intended to support homebuyers in purchasing homes in partnership with first mortgage lenders.

Eligible Use of Funds

Homeownership Assistance must contribute to either the acquisition and rehabilitation or new construction of an affordable homeownership unit that will be occupied by an Eligible Homebuyer.

1. New Construction

Homeownership Assistance may be used for the development of a single-family home, including town homes and condominiums that will be occupied by an Eligible Homebuyer.

2. Acquisition and Rehab

Homeownership Assistance may be used for the acquisition of an existing single family home by individual households or partner organizations, including town homes and condominiums. These funds can be used for acquisition or down payment costs. Under this use, for properties utilizing Tax Increment Financing (TIF), a minimum of 20% of total Homeownership Assistance provided must be utilized as a grant for Eligible Home Improvement activities within six (6) months of closing. This requirement does not apply to other funding sources.

• Eligible Home Improvement Guidelines (TIF Funds Requirement)

- Home Improvement funds must be completely disbursed within six (6) months of closing or entire amount of Homebuyer Assistance must be repaid to PHB.
- Eligible Improvements are updates or improvements which attach to the permanent structure including, but not limited to:
 - Roofs, Living Areas, Structural improvements, Auxiliary Buildings on the property; items that are permanently fixed to the property.
- A PHB construction coordinator will be assigned to approve proposed scope of work, track any required permit work, and approve disbursement requests for home improvement expenses.
