Keelan,

Thank you for following up. Please keep the Communication spot open for me-as well as another spot for Gary Kunz- on September 25th. We definitely want to address City Council as soon as possible. I may have sent my confirmation e-mail to a different city e-mail address by mistake, so thank you very much for giving me the opportunity to keep the date on 9/25. It is much appreciated!

Sincerely,
Andrew Pritchard

Good Morning Andrew,

I never received a confirmation from you that you wanted to address Council on September 25th. Will you please let me know by the end of today if you want to keep the Communication spot on September 25th? If I don't hear from you, I will assume that you no longer wish to address Council and I will open that spot for someone else to reserve.

Thanks,

Keelan McClymont

Assistant Council Clerk | City of Portland

Hi Andrew,

Thank you for your question about presenting to Council. I received a voicemail from Gary Kunz and spoke with him this morning. He told me that the both of you are requesting a 3-minute Communication spot to present your issue to Council. As you can imagine, the Communication spots get reserved quickly, and the next available spot is September 25th at 9:30 am. I have tentatively reserved two spots for you and Gary, and I will need to receive confirmation that you want these spots by the end of the week (7/12). The next available spots will be in October, which will open for scheduling on August 1st (we are only able to schedule Communications two months in advance). We need to receive a written request from each person who wants to present, and I let Gary know that we will need to receive a request from him as well. If I don't hear from you by the end of the week, I will release the tentative holds I have on the two slots on September 25th for someone else to reserve. We also have a waitlist that I am happy to add your names to, however, it is rare that a spot opens up on the waitlist. Please don't hesitate to contact me with any questions you might have.

Thanks,

Keelan McClymont

Subject: ORANG, the OCDA, and City Council Agenda

Hello Keelan,

Gary Kunz, chairperson of the East Columbia Neighborhood Association, and I, Andrew Pritchard, founder/spokesperson of NoJetsPortland.com, would like to address City Council with regard to the specific issue of fighter jets from the Oregon Air National Guard (ORANG), based out of PDX, performing and practicing a specific military landing maneuver known as the Overhead Continuous Descent Approach (OCDA) over civilian/residential areas of North and North East Portland. We intend to update City Council on our efforts to get ORANG to discontinue its use of this industrial, noise-polluting practice over civilian residential areas and that disproportionately affects marginalized and poorer communities. We intend to ask for Council's continued support in making our communities more livable.

If possible, we would like to have two agenda slots on Wednesday July 17th—one for Gary and one for myself. Since we are addressing the same issue it would make sense to slot us back to back. Our contact information can be found at the bottom of this email. Thank you for your time and consideration. We look forward to hearing from you.

Sincerely,
Andrew Pritchard
