Presenter name: Jonna Papaefthimiou

Purpose of proposed legislation and background information:

Ordinances 189201, 189309, 189399, and 189479 adopted changes to Chapter 24.85, Seismic Design Requirements for Existing Buildings. This Ordinance repeals those Ordinances and restores City Code to its prior version.

Financial and budgetary impacts:

There is no fiscal impact associated with this amendment.

Community impacts and community involvement:

This change repeals Ordinances related to unreinforced masonry buildings. The impacted community from this Ordinance includes URM building owners, their tenants, and users of URM buildings. There has been robust media coverage and discussion on this topic.

100% Renewable Goal: Not applicable.
