Supportive Housing Discussion

Tuesday, November 5, 2019

Jennifer Chang, Senior Policy Coordinator

New units since October 2017

~ 792 Units
(in operation or planned)

■ In Operation ■ By 2023 ■ Needed

Topics for Discussion

- Service Delivery
 - Effective models
 - FTE / capacity
- Funding / Financing Considerations
- Building Design and Operations

Questions

- For integrated buildings (~ 10-25% units):
 - What are preferred service delivery options?
 - Is there a minimum threshold number of units needed for these delivery models to be effective?
- What other resource alignment opportunities should be prioritized to advance Supportive Housing production?
