Hi Keelan,

I forwarded the email below to you also just after sending to Carla. The subject did not state Communications. I've heard others are signed up for Feb. 5. Do I also have a slot that date?

Floy

Hello Karla,

I am requesting the first available communication slot (February?) when 4 slots are available to speak on the PWB's plan to construct a Bull Run chemical-adding filtration plant near Carpenter Ln..

You should be receiving a request to speak on the same issue from several others within minutes.

Statement regarding the issue: Facts demonstrate that the Portland Water Bureau's arguments for a Bull Run filtration plant do not hold water, and such a plant should never be approved at a cost of \$350 million- \$1.25 billion when several lower cost options exist.

Thank you for your assistance in scheduling.

Regards,

Floy Jones
