Subject: Re: August 5th city of Portland communication

Hi Meghaan,

On August 5th I would like to speak about the repression and violence being experienced by many people in Portland at the hands of police, other uniformed allies, and colluding public works entities in downtown Portland. This repression has fallen particularly heavily on some of the most vulnerable communities, including the houseless, many of whom struggle with mental illness, addiction, or both. I will also propose some suggested solutions advanced by community leaders, particularly black and POC leaders. As a leader in the field of public health, education, and policy, I will filter this information through the lenses of my expertise.

I can be contacted via email at gia.elev8@gmail.com or by phone at 503-781-8815.

Thank you,

Gia Naranjo-Rivera

Gia,

This is a follow up to the request sent last week. . **Please send a brief description of the topic you will speak about, and your contact information.** We will need to receive this information from you by noon today in order for you to keep your Communication spot on the August 5th City Council Agenda.

Request of Gia Naranjo-Rivera to address Council regarding the repression and violence being experienced by many people in Portland (Communication)
