Hello,

I want to briefly share about the

Willamette Greenway Inventory from a community perspective. I will share why I think it's important to include mostly unknown history of Indigenous, Black and immigrant communities. I will also share why it is important to include known risks to communities in the inventory.

Thank you,
Sarah Taylor

>> Thanks for reaching out with your question about providing testimony on this item. The oral record was closed for this item after the hearing on November 4. The written record was closed on November 11, however there are going to be amendments introduced at the meeting tomorrow afternoon, and then the written record will be opened up again to accept additional written testimony. After the meeting tomorrow, you are welcome to send your testimony in an email to this email address and it will be shared with Council and staff and added to the record.

>> You are also welcome to sign up for a Communication spot, in which you can address Council for three minutes about a topic of your choice at the beginning of the Wednesday morning meetings. The next available spots are December 9 and 16. The deadline to sign up for a spot on December 9 is today at 5 pm.
