City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory **does not** propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

Use the Map App:

www.portlandmaps.com/bps/mapapp

Click on "Willamette River Greenway Inventory," then click the "Testify" button.

Testifying in the Map App is as easy as sending an email.

Use U.S. Mail:

3. Testify at the City Council hearing. The hearing on November 4, 2020, at 2 p.m. will be held virtually and will be part of a public hearing on River Plan / South Reach. You can use a computer, mobile device or telephone to testify during the hearing. To testify during the hearing, please register at the following link: <https://www.portland.gov/bps/river-plan/wrg-inventory>. After registering, you will receive a confirmation email containing information about joining the virtual hearing. The deadline to sign up for the November 4, 2020, Council hearing is Tuesday, November 3 at 4 p.m. Individuals have three minutes to testify unless stated otherwise at the hearing. Email the Council Clerk at cctestimony@portlandoregon.gov with questions.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory **does not** propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory **does not** propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. **Watch the public hearing (live stream and recorded).** Access City Council's videos: portlandoregon.gov/video
2. **Submit written testimony.** Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

Use the Map App:

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory **does not** propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory does not propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

3. Testify at the City Council hearing. The hearing on November 4, 2020, at 2 p.m. will be held virtually and will be part of a public hearing on River Plan / South Reach. You can use a computer, mobile device or telephone to testify during the hearing. To testify during the hearing, please register at the following link: <https://www.portland.gov/bps/river-plan/wrg-inventory>. After registering, you will receive a confirmation email containing information about joining the virtual hearing. The deadline to sign up for the November 4, 2020, Council hearing is Tuesday, November 3 at 4 p.m. Individuals have three minutes to testify unless stated otherwise at the hearing. Email the Council Clerk at cctestimony@portlandoregon.gov with questions.

City Council Hearing on: RIVER PLAN / SOUTH REACH

Why am I receiving this notice?

You are receiving this notice because you responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

This project is an update to the *Willamette Greenway Plan (1987)* for an area along the Willamette River generally south of the Ross Island Bridge to the Portland city limits and the Riverdale/Dunthorpe neighborhood of unincorporated Multnomah County. This 20-year plan includes a future vision, policies, objectives and recommendations, including: Comprehensive Plan policy and map amendments, Zoning Map and Zoning Code changes, and an action plan. The plan also contains Scenic Resources and Natural Resources protection plans to support plan direction.

How can I review this proposal?

The *River Plan/South Reach Recommended Draft* includes the following:

- Volume 1: Policies, Objectives and Recommendations
- Volume 2: Scenic Resources Protection Plan
- Volume 3: Natural Resources Protection Plan
- Volume 4: Background Documents

To access the *River Plan / South Reach* documents, please visit the project website at www.portland.gov/bps/river-plan/south-reach. If you are unable to access these documents, please contact Jeff Caudill at the Bureau of Planning and Sustainability at 503-823-4572 or email bpsriverplan@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory does not propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory **does not** propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory does not propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

The inventory **does not** propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory **does not** propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

Use the Map App:

3. Testify at the City Council hearing. The hearing on November 4, 2020, at 2 p.m. will be held virtually and will be part of a public hearing on River Plan / South Reach. You can use a computer, mobile device or telephone to testify during the hearing. To testify during the hearing, please register at the following link: <https://www.portland.gov/bps/river-plan/wrg-inventory>. After registering, you will receive a confirmation email containing information about joining the virtual hearing. The deadline to sign up for the November 4, 2020, Council hearing is Tuesday, November 3 at 4 p.m. Individuals have three minutes to testify unless stated otherwise at the hearing. Email the Council Clerk at cctestimony@portlandoregon.gov with questions.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory **does not** propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area ~~based on~~ changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory does not propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area ~~based on~~ changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

Use the Map App:

3. Testify at the City Council hearing. The hearing on November 4, 2020, at 2 p.m. will be held virtually and will be part of a public hearing on River Plan / South Reach. You can use a computer, mobile device or telephone to testify during the hearing. To testify during the hearing, please register at the following link: <https://www.portland.gov/bps/river-plan/wrg-inventory>. After registering, you will receive a confirmation email containing information about joining the virtual hearing. The deadline to sign up for the November 4, 2020, Council hearing is Tuesday, November 3 at 4 p.m. Individuals have three minutes to testify unless stated otherwise at the hearing. Email the Council Clerk at cctestimony@portlandoregon.gov with questions.

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory does not propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. **Watch the public hearing (live stream and recorded).** Access City Council's videos: portlandoregon.gov/video
2. **Submit written testimony.** Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory **does not** propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

Use the Map App:

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory **does not** propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory does not propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory **does not** propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

3. Testify at the City Council hearing. The hearing on November 4, 2020, at 2 p.m. will be held virtually and will be part of a public hearing on River Plan / South Reach. You can use a computer, mobile device or telephone to testify during the hearing. To testify during the hearing, please register at the following link: <https://www.portland.gov/bps/river-plan/wrg-inventory>. After registering, you will receive a confirmation email containing information about joining the virtual hearing. The deadline to sign up for the November 4, 2020, Council hearing is Tuesday, November 3 at 4 p.m. Individuals have three minutes to testify unless stated otherwise at the hearing. Email the Council Clerk at cctestimony@portlandoregon.gov with questions.

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory **does not** propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory **does not** propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. **Watch the public hearing (live stream and recorded).** Access City Council's videos: portlandoregon.gov/video
2. **Submit written testimony.** Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

3. **Testify at the City Council hearing.** The hearing on November 4, 2020, at 2 p.m. will be held virtually and will be part of a public hearing on River Plan / South Reach. You can use a computer, mobile device or telephone to testify during the hearing. To testify during the hearing, please register at the following link: <https://www.portland.gov/bps/river-plan/wrg-inventory>. After registering, you will receive a confirmation email containing information about joining the virtual hearing. **The deadline to sign up for the November 4, 2020, Council hearing is Tuesday, November 3 at 4 p.m.** Individuals have three minutes to testify unless stated otherwise at the hearing. Email the Council Clerk at cctestimony@portlandoregon.gov with questions.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory **does not** propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory does not propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory **does not** propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory **does not** propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory **does not** propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. **Watch the public hearing (live stream and recorded).** Access City Council's videos: portlandoregon.gov/video
2. **Submit written testimony.** Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

Use the Map App:

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory **does not** propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

Use the Map App:

3. Testify at the City Council hearing. The hearing on November 4, 2020, at 2 p.m. will be held virtually and will be part of a public hearing on River Plan / South Reach. You can use a computer, mobile device or telephone to testify during the hearing. To testify during the hearing, please register at the following link: <https://www.portland.gov/bps/river-plan/wrg-inventory>. After registering, you will receive a confirmation email containing information about joining the virtual hearing. The deadline to sign up for the November 4, 2020, Council hearing is Tuesday, November 3 at 4 p.m. Individuals have three minutes to testify unless stated otherwise at the hearing. Email the Council Clerk at cctestimony@portlandoregon.gov with questions.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory does not propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

Use the Map App:

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory **does not** propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory does not propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory does not propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory **does not** propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory does not propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory does not propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

Use the Map App:

3. Testify at the City Council hearing. The hearing on November 4, 2020, at 2 p.m. will be held virtually and will be part of a public hearing on River Plan / South Reach. You can use a computer, mobile device or telephone to testify during the hearing. To testify during the hearing, please register at the following link: <https://www.portland.gov/bps/river-plan/wrg-inventory>. After registering, you will receive a confirmation email containing information about joining the virtual hearing. The deadline to sign up for the November 4, 2020, Council hearing is Tuesday, November 3 at 4 p.m. Individuals have three minutes to testify unless stated otherwise at the hearing. Email the Council Clerk at cctestimony@portlandoregon.gov with questions.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory **does not** propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory **does not** propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory **does not** propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

City Council Hearing on: RIVER PLAN / SOUTH REACH

Why am I receiving this notice?

You are receiving this notice because you responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

This project is an update to the *Willamette Greenway Plan* (1987) for an area along the Willamette River generally south of the Ross Island Bridge to the Portland city limits and the Riverdale/Dunthorpe neighborhood of unincorporated Multnomah County. This 20-year plan includes a future vision, policies, objectives and recommendations, including: Comprehensive Plan policy and map amendments, Zoning Map and Zoning Code changes, and an action plan. The plan also contains Scenic Resources and Natural Resources protection plans to support plan direction.

How can I review this proposal?

The *River Plan/South Reach Recommended Draft* includes the following:

- Volume 1: Policies, Objectives and Recommendations
- Volume 2: Scenic Resources Protection Plan
- Volume 3: Natural Resources Protection Plan
- Volume 4: Background Documents

To access the *River Plan / South Reach* documents, please visit the project website at www.portland.gov/bps/river-plan/south-reach. If you are unable to access these documents, please contact Jeff Caudill at the Bureau of Planning and Sustainability at 503-823-4572 or email bpsriverplan@portlandoregon.gov.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory **does not** propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. **Watch the public hearing (live stream and recorded).** Access City Council's videos: portlandoregon.gov/video
2. **Submit written testimony.** Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory does not propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

Use the Map App:

3. Testify at the City Council hearing. The hearing on November 4, 2020, at 2 p.m. will be held virtually and will be part of a public hearing on River Plan / South Reach. You can use a computer, mobile device or telephone to testify during the hearing. To testify during the hearing, please register at the following link: <https://www.portland.gov/bps/river-plan/wrg-inventory>. After registering, you will receive a confirmation email containing information about joining the virtual hearing. The deadline to sign up for the November 4, 2020, Council hearing is Tuesday, November 3 at 4 p.m. Individuals have three minutes to testify unless stated otherwise at the hearing. Email the Council Clerk at cctestimony@portlandoregon.gov with questions.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory does not propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video

City Council Hearing on: RIVER PLAN / SOUTH REACH

Why am I receiving this notice?

You are receiving this notice because you responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

This project is an update to the *Willamette Greenway Plan* (1987) for an area along the Willamette River generally south of the Ross Island Bridge to the Portland city limits and the Riverdale/Dunthorpe neighborhood of unincorporated Multnomah County. This 20-year plan includes a future vision, policies, objectives and recommendations, including: Comprehensive Plan policy and map amendments, Zoning Map and Zoning Code changes, and an action plan. The plan also contains Scenic Resources and Natural Resources protection plans to support plan direction.

How can I review this proposal?

The *River Plan/South Reach Recommended Draft* includes the following:

- Volume 1: Policies, Objectives and Recommendations
- Volume 2: Scenic Resources Protection Plan
- Volume 3: Natural Resources Protection Plan
- Volume 4: Background Documents

To access the *River Plan / South Reach* documents, please visit the project website at www.portland.gov/bps/river-plan/south-reach. City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory does not propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory does not propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory does not propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory does not propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory **does not** propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory does not propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory does not propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory **does not** propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.

City Council Hearing on: Willamette River Greenway Inventory

Why am I receiving this notice?

You are receiving this notice because you are a property owner within the Willamette River Greenway boundary, responded in writing to the matter, testified at a previous related hearing, or have requested notice of this hearing.

What is this project about?

The updated *Willamette River Greenway Inventory* describes existing conditions within the Willamette River Greenway boundary, including data about land uses, natural resources and historic resources. The inventory **does not** propose any changes to rules or regulations. The data presented in the inventory is strictly based on *Oregon Statewide Land Use Planning Goal 15, Willamette River* and updates the inventory last revised in 2014. The recommended draft reflects City Council adopted changes to the Willamette River area that were made in the *2035 Comprehensive Plan (2016)* and the *Central City 2035 Plan (2018)*. The information is from the draft presented to and voted on by the Planning and Sustainability Commission at a public hearing on March 26, 2019. It is necessary to refresh information about the Willamette River area based on changes from recently adopted City plans. Along with other data, the inventory will inform river planning projects.

How can I review this proposal?

The *Willamette River Greenway Inventory Recommended Draft* is available now on the project website at: <https://www.portland.gov/bps/river-plan/wrg-inventory>. If you are unable to access these documents, please contact Jeff Caudill of the Bureau of Planning and Sustainability at 503-823-4572 or via email at jeff.caudill@portlandoregon.gov.

How can I participate?

1. Watch the public hearing (live stream and recorded). Access City Council's videos: portlandoregon.gov/video
2. Submit written testimony. Because this meeting will be held virtually, we strongly encourage electronic written testimony. Written testimony must be received by the time of the hearing and must include your name and address.
