Hon. George L. Baker,

Mayor, City of Portland,
Portland, Oregon.

Sir:

The Board of Directors of the Albertina Kerr Nursery Home has appointed a committee to appear before the Mayor and Commissioners of Portland for the purpose of making the request that a time be set aside and given to the Albertina Kerr Nursery Home in which to put on a Campaign in this city to raise funds to pay for the erection of a fireproof building where their work for unfortunate babies might be continued. We beg to submit to you that we believe this to be one of Portland's greatest needs; it is beyond dispute; and for the past four years we have been making plans to start such a campaign only to yield the field each time to some other worthy project on the request of different commercial bodies and Clubs of Portland. Now we feel that we must do something for our babies. May we ask you to kindly have a date and place named when in the near future our Committee can meet with
