APPROVED

By David J. Vorgan  
Acting City Engineer  
Reg. Prof. Engr.

ORDINANCE NO. **149600**

An Ordinance granting a revocable permit to Bureau of Maintenance to place and maintain a telemetering cable over and across N. Stanton Street between N. Borthwick and N. Kerby Avenues and declaring an emergency.

The City of Portland ordains:

Section 1. The Council finds:

1. Jon R. Jurgens & Associates on behalf of the Bureau of Maintenance have requested permission to install and maintain a telemetering cable between the Stanton Yard Building and the Kerby Yard Building, over N. Stanton Street.
2. The requested cable is for connecting the fuel pumps of the refueling facility constructed at the southeast corner of N. Stanton Street and N. Borthwick Avenue to the recording meters located in the Kerby Yard Building.
3. Granting said request, under certain conditions, will not be detrimental to the public interest.

NOW, THEREFORE, the Council directs:

- a. A revocable permit is granted to the Bureau of Maintenance to install, use and maintain a telemetering cable over and across N. Stanton Street between N. Borthwick and N. Kerby Avenues for the purpose described above and located as shown on the plan marked "Exhibit A" attached to and by this reference made a part of this Ordinance, subject to the following conditions:
  - (1) This permit is for the use of the street area only, and shall not exempt the grantee from obtaining any license or permit required by the City Code or Ordinances for any act to be performed under this permit, nor shall this permit waive the provisions of any City Code, Ordinance, or the City Charter, except as herein stated.
  - (2) This permit is revocable at any time at the pleasure of the Council. Upon revocation of this permit by the Council, the grantee shall, within 30 days, remove the telemetering cable and restore the street area as required by and to the satisfaction of the City Engineer.
  - (3) The cable must have a clearance of at least 20 feet above the roadway of the street.

## ORDINANCE No.

- (4) The grantee shall reimburse the City for the cost of filing by the City Auditor of a certified copy of this Ordinance with the Records Division of Multnomah County.

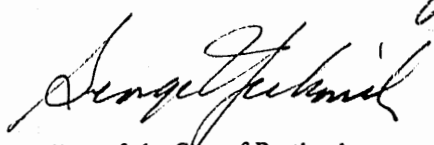

Section 2. The Council declares that an emergency exists because delay in the enactment of this Ordinance will result in an unnecessary hardship of uncertainty on the part of the applicant as to the status of the requested permit for a communication cable; therefore, this Ordinance shall be in force and effect from and after its passage by the Council.

Passed by the Council, **MAY 8 1980**

Commissioner Mike Lindberg
