11. Project Summary: Summarize, in approximately 200 words, the project plan presented in application, briefly covering project goals, objectives, strategy, target population and administration.

By continuation of a Youth Service Center in Outer East Portland, a vehicle will be provided to allow for the diversion of youth from the Juvenile Justice System and also provide a program which will be responsive to the needs of youth and their families. The goals of the program are two-fold: 1) providing an alternative to the Police and Juvenile Court for those youth committing status and minor misdemeanor offenses, and 2) providing a community-based resource for families, youth and other youth-serving agencies. This will be accomplished through operation of a facility accessible to law enforcement agencies, youth and their families in the evenings when other youth-serving agencies are closed.

Staff will operate as a team, coordinating services, developing additional resources, and whenever possible avoiding duplication of service. The Outer East Youth Service Center insures youth the following service areas: diversion, needs assessment, crisis intervention service, family mediation, counseling services, job development, recreation activities, follow-up and information and referral services. Target population for the Outer East Youth Service Center are youth under 18 living in the Outer East area of Portland. Priority will be given to those youth who have committed status or minor misdemeanor offenses and have been referred for service by Portland Police Bureau personnel or Juvenile Court staff. Although diverted youth are a priority, any youth under 18 living in the target area will be accepted for service. Referrals will also be received from non-judicial sources, such as schools, Children's Services Division, other youth-serving agencies, families and self referrals (walk-ins).

PROJECT NARRATIVE

1. Statement of Problem/Documentation of Need: (Provide a concise description of the conditions and problems to be addressed by the project. Quantifiable, measurable terms should be used. Verify that the problem exists with documentation.)

According to the latest available U.S. Census data, 10,484 youth, aged 10-18, reside in the target area of the Outer East Youth Service Center. Portland Police Bureau Crime Index Statistical Data show Outer East Portland to have a high and consistent rate of reported juvenile crime. The five year average for Outer East Portland indicates that almost 1 youth in 10 (9.56) comes into contact with Police and Juvenile Court authorities as a result of delinquency. The rate of reported juvenile crime in the Outer East area is the third highest in the City.

Outer East community residents and the Portland Police have consistently identified a need for youth services in the area, including diversion, personal and family counseling, employment services, activities, and mediation of neighbhorhood problems involving youth. Many persons, however, are reluctant to work with traditional juvenile authorities, preferring to deal with youth problems in a community oriented, alternative setting. In addition, the fact that the Juvenile Court cannot provide early intervention services, coupled with the stigmatizing effect involvement with the Juvenile Court may have on youth, indicates that the Juvenile Court is not the most appropriate resource for youth committing status and minor misdemeanor offenses. A local study conducted by the Regional Research Institute at Portland State University (1972) found 67.3% of youth referred in Portland to the Court for minor offenses did not receive effective counseling nor support services, and 25% were later referred for more serious offenses. This is continuing need for alternatives to the juvenile justice system for juvenile offenders in Outer East Portland.

2. Statement of Project Goals: (The project goal is a brief statement of the intent of the project to change, reduce or eliminate the problem identified above. The goal should relate to overall goal statement of HRB's Divisional Unit and to the general purpose of the project.)

To reduce involvement with the juvenile justice system of youth committing, or likely to commit, status and minor misdemeanor offenses in the outer east area of the City by providing an array of community-based direct intervention and support services designed to increase opportunities for positive youth development and to reduce juvenile crime.

3. Statement of Objectives and Productivity Indicators: (Set forth, in measurable, timebounded statements the desired results of program operations. For each objective listed, state the productivity indicator, or unit of measurement, by which the objective can be evaluated.)

5. <u>Strategy/Method</u>: (Briefly describe the general approach to meeting the stated goals and objectives. Discuss the rationale of this approach and how it relates to the overall strategy of the responsible HRB Divisional Unit.)

In operating and administering the Outer East Youth Service Center, the YMCA of Columbia-Willamette recognized that the involvement of youth and community groups in developing plans, operating programs, and delivering services that directly affect their lives increase the ability of the community to identify and to solve its own problems. The following principles are adhered to: 1) needs assessment; 2) natural support systems, expecially family and peers, be identified and used as the first system of choice; 3) that services respond to the needs identified by the community; 4) that prevention, meeting the needs of youth before they lead to crisis, be emphasized; and 5) that negative labeling of youth be avodied and programs be aimed at providing youth with access to meaningful social roles. THESE PRINCIPLES ARE CONGRUENT WITH THE OVERALL STRATEGY OF THE YOUTH SERVICE DIVISION.

6. Service Area, Target Population and Eligibility Criteria for Services:
(Describe the service area to be covered by this project and the target population for each service to be provided. Explain how each target population will be identified. State the eligibility criteria to be utilized for each service provided and the method for appeal or exception.)

Service Area

The service area for the Outer East Youth Service Center is that area bound by N. E. 47th Avenue and S. E. 52nd Avenue on the west and the City limits of Portland on the north, south and east.

Target Population

The population to be served during FY 1980-81 is youth between the ages of 10 to 18, with emphasis on youth referred from the Police and Juvenile Court for committing status and minor misdemeanor offenses. Method of identification for Youth Service Center clients are referrals from judicial and non-judicial sources. Schools, families, agencies, and self are sources of non-judicial referrals.

Eligibility Criteria

There are no fee requirements or income guidelines for clients of the Outer East Youth Service Center. Services are available to youth between the ages of 10 to 18, and their families, living within the designated service area. Priority for services is to be given those youth aged 10 to 14. Exceptions to the eligibility criteria may be made if they do not detract from the quality of services delivered to the target population.

7. Organization: (Briefly describe the staffing pattern, selection procedures and administrative procedures.)

The YMCA OEYSC has six full-time positions listed in this proposal: one Director, three Counselors, one Volunteer Coordinator, one Administrative Assistant. Each staff member has a job description which outlines his/her area of responsibility, which is reviewed and updated periodically. Overall SUPERVISION is given to staff through weekly staff meetings and individual conferences with the Director; staff members in turn supervise part-time employees who fa(l into their area of responsibility. When vacancies occur on the staff, the hiring procedures of the YMCA are followed, with job descriptions being sent to a group of community social service agencies. Resumes are collected and screened and staff selection is made by a committee after interviews are held.

The OEYSC is open from 9:00 a.m. to 10:00 p.m. Monday through Saturdays, and closed on Sundays. The personnel policy of the YMCA of Columbia-Willamette applies to all YMCA staff members.

The OEYSC WILL OBSERVE THE FOLLOWING HOLIDAYS ON WHICH THE CENTER WILL BE CLOSED: CHRISTMAS EVE, CHRISTMAS, NEW YEAR'S DAY, THANKSGIVING, INDEPENDENCE DAY, LABOR DAY AND MEMORIAL DAY.

In addition each staff member will be eligible for one personal, floating holiday.

8. Applicant Agency Administration: (Describe the qualifications of the incorporated agency, including experience, support services to be provided for this project and other related projects operated by the agency. Describe the functions of the Board of Directors as they relate to this project.)

9.

The YMCA of Columbia-Willamette has operated social service programs for boys and girls, men and women in the Portland metropolitan area since the late 1800's. Current projects include Youth, Family and Camping Services (family support programs, day camps, residential camps, latch key), Health; Fitness and Recreation Division (child and adult fitness and recreation programs in four city locations), and Community Services Division (4 Community Service Center). The support services provided by the YMCA include supervision, public relations, administration and organization, training opportunities, etc.

The Board of Directors is the policy-making body for all YMCA programs, including the YMCA Outer East Youth Service Center. The OEYSC Community Advisory Board suggests policy to the Board through its representation on the YMCA Community Services Council.

9. <u>Community Participation</u>: (Describe the citizen involvement in planning this project, the methods and expectations for community involvement in the project's operation. Describe the functions of the Advisory Council as they relate to this project. Describe staff, Advisory Council and Corporate Board relationship.)

The Outer East Youth Service Center has an active Citizen's Advisory Council which meets monthly to advise staff and to provide the following:

- 1. To continually assess the needs of the Outer East Portland geographic area to be served that relate to youth and youth serving agencies, and review the Youth Service Center programs in relation to those needs.
- 2. To revise the goals, objectives, and programs of the OEYSC as the needs of the community and youth change, within the standards and guidelines of the OEYSC.
- 3. To work with the Center Director to assist in the provision of services and advocate for those services the Center cannot meet or which are not available in the community.
- 4. To work with the Center Director to meet the presently identified needs of the community and youth.
- 5. Other assistance as determined by the By-laws of the CAB.
- 6. Be represented on the Community Service Council, with direct representation to the YMCA Board of Directors.

10. <u>Coordination</u>: (Describe the intentions to coordinate this project with other community organizations and statutory agencies in the service area. Briefly discuss program and service exchanges that may occur. Identify staff positions responsible for these activities.)

II

One of the main functions of a youth Service Center is to coordinate youth activities in the target area. Because limited resources for youth are available in Outer East Portland, all efforts are to be made by service providers to coordinate services. Planning meetings have been held with area schools, other youth serving agencies, as well as the Park Bureau programs in the area.

Examples of local agencies and groups that have coordinated efforts with the YMCA OEYSC since its opening include the Portland Police, Madison, Marshall, Franklin High Schools, Harry's Mother, Boys and Girls Aide Society, Outward Bound, Metropolitan Youth Commission, Mt. Scott Kiwanis Club, Foster-Powell Neighborhood Association, Interpersonal Counseling Center, Kendall Community Center, Community Growth Council, Binnsmead School, Children's Services Division, Lents Neighborhood Association, Morrison Center and other Youth Service Centers.

In addition, OEYSC has formal agreements with the Portland Police Bureau and the Multnomah County Juvenile Court. Much effort will be made by all staff to maintain effective working relationships with these two agencies.

SUBJ: Budgeting and Reimbursement of YMCA Administrative Costs

To follow-up on our meeting on last Monday (June 2) with Dennis Rochek, I am clarifying what the four of us decided on. Please review this and if you have a different understanding, let me know.

For a variety of reasons, which we discussed, HRB will not pay a flat, indirect, administrative fee. With all contracts under the Social Services Division, the Bureau operates on an actual expense, line-item, basis regarding administrative costs. In order to make the reimbursement process easier for the "Y", HRB will accept the following arrangement.

All administrative expenses may be budgeted and reimbursed under #210-professional services. Appended to the FY 1980-81 Budget, we will need
a specific listing of these potential expenses. The list should include
justification formulas (such as percent of time on project and number of
months) showing precisely what is being budgeted for and the total amount
budgeted--by item--for the year.

Each month for reimbursement, we will need a bill itemizing the actual expenses for each item. This bill will serve as documentation that the "Y" spent the funds accordingly. As we discussed, for items such as telephone costs, copy machine expenses, and postage which the Community Services Division pays a percentage of within the "Y" and which cannot be readily pulled out of the accounting system, HRB will pay 1/12th of the budgeted yearly expenses.

In other words, all costs which can be specifically documented such as administrative salaries, benefits, and payroll taxes should reflect what was actually paid out for the month (to a maximum of 1/12th of the budgeted amount); others may reflect the pro rata charge to your division inside the "Y".

I am glad we were able to work out a system that satisfies HRB needs and also accommodates the "Y". Please call me if you have any questions.

(hereinafter called the "Contractor"), HEREBY

AGREES THAT it will comply with "Nondiscrimination on Basis of Handicap" Section 504, of the Rehabilitation Act of 1973, dated June 3, 1977, (hereinafter referred to as Section 504) and procedures established by City of Portland, Human Resources Bureau, Aging Services Division (hereinafter referred to as the Area Agency on Aging - AAA). The regulation defines and forbids acts of discrimination against qualified handicapped persons in employment and in the operation of programs/activities receiving assistance from the Department of Health Education and Welfare. The Contractor hereby gives assurance that it will immediately take measures necessary to effectuate this agreement.

As an employer, the Contractor agrees to make reasonable accommodation to the handicaps of applicants and employees unless the accommodation would cause the employer undue hardship, as defined in Section 504. This extends to all phases of employment including recruitment, selection and placement, compensation, promotion and transfer, disciplinary measures, demotions, layoffs and terminations, testing and training, daily working conditions, awards and benefits, and all other terms and conditions of employment.

The Contractor shall submit to the AAA, for analysis and recommendations, copies of their affirmative action plan and personnel policies which include provisions that assure the following:

- No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment by the Contractor.
- 2. The Contractor shall make all decisions concerning employment in a manner which ensures that discrimination on the basis of handicap does not occur and may not limit, segregate, or classify applicants or employees in any way that adversely effects their opportunities or status because of handicap.

- 4. The Contractor shall make reasonable accommodation to the known physical or mental limitations of an otherwise qualified handicapped applicant or employee.
