ORDINANCE No. 150081

An Ordinance authorizing the Commissioner of Public Works and Auditor to execute and deliver to Pacific Power and Light Company an easement to install and maintain electrical transmission lines and appurtenances over, through and under City-owned property to provide electrical service to the Stanton Yard Maintenance facilities, and declaring an emergency.

The City of Portland ordains:

Section 1. The Council finds:

1. Modification of Stanton Yard Maintenance Facilities requires re-location of the electrical service which supplies energy to the maintenance complex.
2. Pacific Power and Light Company has requested the City grant easement rights over, across and under City-owned property to supply such energy at a convenient location.
3. That such easement should now be granted to allow orderly development of the Stanton Yard Maintenance facilities.

NOW, THEREFORE, the Council directs:

- a. The Commissioner of Public Works and Auditor are authorized to execute and deliver to Pacific Power and Light Company, 700 NE Multnomah Street, Portland, Oregon 97232, a Right of Way easement, approved as to form by the City Attorney, to cover the installation and maintenance of electrical transmission lines over, through and under City-owned property, said easement to be substantially in accordance with Exhibit "A" attached only to the original of this ordinance, and by this reference made a part hereof.

Section 2. The Council declares that an emergency exists because a delay in executing the right of way easement would cause an interruption in the construction schedule for the building remodeling which might result in additional cost to the City; therefore, this ordinance shall be in force and effect from and after its passage by the Council.
