Subject: South Park Blocks
Date: Wednesday, June 9, 2021 7:21:22 AM

My wife and I live in downtown Portland and visit the South Park Blocks quite often. We love the way the existing deciduous trees provide shade in the summer and let light through in the winter.

These trees should be maintained and not replaced by conifers or worse concrete. Please vote no on the SPB Master Plan when it comes to the City Council unless it can be drastically revised.

Sincerely
Gary Seitz
1221 SW 10th Ave, unit 1412
Portland, 97205

> I (and My husband/wife/partner) love the South Park Blocks just as they are. We/I love especially the magnificent trees. These trees should be maintained and not allowed to become unhealthy. Please vote no on the SPB Master Plan when it comes to City Council unless it can be drastically revised.
