Dear Mayor Wheeler and Commissioners:

PLEASE delay the vote on the South Park Blocks plan. An environmental analysis is needed.

Let's save the park's trees and keep them healthy. Big trees are an underappreciated part of what makes Portland the amazing city it is!

Please also consider planting more BIG trees throughout the city. I don't understand why some (upper income) neighborhoods have larger, more numerous trees (Irvington, Alameda) whereas other lower income neighborhoods (Alberta) have smaller, fewer trees. Doesn't seem fair!
