In the event no valid designation of Beneficiary exists at the time of the Participant's, Former Participant's, or Alternate Payee's death, the death benefit shall be payable to the Participant's, Former Participant's, or Alternate Payee's estate.
- C.** The Plan Administrator may require such proper proof of death and such evidence of the right of any person to receive payment of the value of the Participant Account of a deceased Participant, Former Participant, Alternate Payee or Beneficiary, as the Plan Administrator may deem appropriate. The Plan Administrator's determination of death and of the right of any person to receive payment shall be conclusive.
- D.** Death benefits payable to a Beneficiary shall be made in a form as selected by the Beneficiary in accordance with the available options. 1. begin to be distributed to the designated Beneficiary no later than the December 31 of the calendar year immediately following the calendar year of the Participant's or Former Participant's death payable over a period not to exceed the life expectancy of the Beneficiary; or
  2. be distributed no later than the December 31 of the calendar year containing the fifth anniversary of the Participant's or Former Participant's death.
- G.** In accordance with the Beneficiary's election, if the designated Beneficiary is the Participant's or Former Participant's surviving spouse and minimum payments under IRC Section 401(a)(9) have not begun upon the death of a Participant or Former Participant, minimum payments to the surviving spouse as the designated Beneficiary must begin by the later of:
1. December 31 of the calendar year immediately following the calendar year in which the Participant or Former Participant dies, or
  2. December 31 of the calendar year in which the Participant or Former Participant would have attained 70 ½.

The payments to the surviving spouse as the designated Beneficiary must be made over a period not to exceed the surviving spouse's life expectancy. Notwithstanding the foregoing, for purposes of this subsection, an Alternate Payee who is a spouse or former spouse will be treated as a Participant's or Former Participant's surviving spouse.

**TITLE 5  
REVENUE AND FINANCE**

1. The Participant's or Former Participant's remaining life expectancy is calculated using the age of the Participant or Former Participant in the year of death, reduced by one for each subsequent year.
2. If the Participant's or Former Participant's surviving spouse is the Participant's or Former Participant's sole, primary designated Beneficiary, the remaining life expectancy of the surviving spouse is calculated for each distribution calendar year after the year of the Participant's or Former Participant's death using the surviving spouse's age as of the spouse's birthday in that year. For distribution calendar years after the year of the surviving spouse's death, the remaining life expectancy of the surviving spouse is calculated using the age of the surviving spouse as of the spouse's birthday in the calendar year of the spouse's death, reduced by one for each subsequent calendar year.
3. If the Participant's or Former Participant's surviving spouse is not the Participant's or Former Participant's sole, primary designated Beneficiary, the designated Beneficiary's remaining life expectancy is calculated using the age of the Beneficiary in the year following the year of the Participant's or Former Participant's death, reduced by one for each subsequent year.
4. If the Participant or Former Participant dies on or after the date distributions begin and there is no designated Beneficiary as of September 30 of the year after the year of the Participant's or Former Participant's death, the minimum amount that will be distributed for each distribution calendar year after the year of the Participant's or Former Participant's death is the quotient obtained by dividing the Participant Account by the Participant's or Former Participant's remaining life expectancy calculated using the age of the Participant or Former Participant in the year of death, reduced by one for each subsequent year.

However, the City bears responsibility for recovering its costs associated with collecting delinquent liens. Incentives and penalties are established to encourage payment. In addition, special payment plans are provided for persons having difficulties paying liens. Foreclosure should be used as a last resort in most circumstances, to protect the interests of bondholders and taxpayers of the City, and to recover costs incurred by the City in providing services.

The maximum period under this Program shall not exceed five years.
  - 2. For a delinquent open lien, the minimum monthly payment must be equal to an amount necessary to pay the account in full by the end of the term of the individual payment plan.   - 4.** If the Revenue Division determines that a property owner is qualified to participate in the Program, the Revenue Division shall allow the qualified property owner to make a minimum monthly payment equal to the monthly interest accruing to the delinquent lien, plus the monthly billing charge. Interest shall be calculated at the prime interest rate set by the City's bank on December 31st of the previous year plus 200 base points (2%) per annum. The recalculated interest rate shall be applied to each individual payment plan on the first billing date following December 31st of each year.

**5.31.005 Purpose.**

The purpose of this Chapter is to establish a process for the collection of delinquent assessment liens and for the foreclosure of liens on properties which have delinquent Safety Net Loan Program accounts. The emphasis of the collections program will be to maintain good communication with property owners. Persons having an interest in the property may bring the account current until the time of the sale. After the sale, any person redeeming the property must pay the account in full. This Chapter provides the authority for the City to recover its costs associated with the collection of delinquent accounts and establishes penalties and other incentives to encourage payment. Foreclosure is viewed as a last resort. It is the intent of the City to use foreclosure to protect the interests of the State of Oregon.

4. Report delinquent lien accounts to a credit rating bureau to encourage payment if directed by the Department of Environmental Quality and the Council.
- B. The Revenue Division will notify the Bureau of Environmental Services when an account becomes 60 days past due. The collection process shall begin after the account becomes 90 days past due. The Bureau of Environmental Services may delay the collection process up to 12 months if it notifies in writing to the Revenue Division and the Department of Environmental Quality. Such notification will include the account number, the principal balance, the past due amount, and the extenuating circumstances that would justify a delay in the collection process. The collections process at a minimum shall include the following steps:
  1. The property owner and mortgage holder shall be notified of the delinquent assessment or connection charge for each of three months prior to the sale.
  2. The notice shall state that if the account is not brought current, the property will be sold at a foreclosure sale.
  3. The Department of Environmental Quality shall be given a copy of the foreclosure list at least three months before the sale.
- C. A one-time penalty equal to one-half of one percent (.005) of the principal balance shall be added to the amount due at the date any assessment or installment payment becomes delinquent. The penalty accumulates with each installment payment until the lien is brought current or paid in full.
- D. Interest shall be added to delinquent liens and shall be calculated daily based on the amount of the unpaid principal balance and the interest rate set by the installment contract.
- E. The Revenue Division may waive delinquent interest, penalties and charges if a delay in receiving payment is caused by an oversight, omission or error by City staff.
- F. The Revenue Division is authorized to void the installment payment provisions of a sewer safety net contract, as follows:
  1. After a sewer safety net assessment becomes delinquent and prior to the Revenue Division placing the property on the foreclosure list, the Revenue Division may void the installment payment provisions and require the property owner to renegotiate new installment payment arrangements.
  2. After a sewer safety net assessment becomes delinquent and the Revenue Division has placed the property on the foreclosure list, the Revenue

Division shall void the installment payment provisions and require the property owner to renegotiate new installment payment arrangements.

**5.31.027      Renegotiation of Installment Payment Contracts.**

(Added by Ordinance No. 167655; amended by Ordinance No. 189413, effective March 6, 2019.) The Revenue Division shall offer new installment contract terms and conditions which protect the City's financial condition and assure the repayment of the sewer safety net account. The Revenue Division shall set the interest rate on the renegotiated contract at a rate greater than or equal to the interest rate of the original installment payment contract. The renegotiated installment contract shall be in the same form as required by Chapter 17.12 of this Code for assessment installment payment contracts. - B. The Revenue Division shall determine whether any properties on the delinquent accounts list are also delinquent in the payment of property taxes. The Revenue Division shall identify those properties which are likely to be foreclosed upon by the County prior to the City's foreclosure sale .
- C. The Revenue Division shall review the list of properties to be foreclosed upon by the County and shall make a recommendation to the Bureau of Environmental Services and Department of Environmental Quality regarding any properties which should be purchased. The determination of whether to pay the taxes shall be based on whether the total amount of the liens and taxes on the property is less than the market value of the property or, if the property has been sold, whether the sale price received by the County was enough to pay the amount of the City liens upon resale. The Department of Environmental Quality by written letter shall direct the City Treasurer on which properties shall be purchased by the City.
- D. The City Treasurer shall remove from the County foreclosure list and notify the Revenue Division to add the total amount paid to the County to the lien against the property. The City Treasurer shall pay the County from funds designated and provided by the Department of Environmental Quality.

If more than one bidder or proposer qualifies for the preference described in this Subsection, the City may give a further preference to a qualifying bidder or proposer that resides in or is headquartered in this state.
- B. The City may set a higher percentage than the percentage set forth above if the City, in a written determination to support the order, finds good cause to set the higher percentage and explains the City's reasons and evidence for the finding.

**5.33.100 Overview of Source Selection and Contractor Selection.**

Source selection methods include Cooperative Procurements, Competitive Sealed Bidding, Competitive Sealed Proposals and small, intermediate, sole source, Emergency and Special Procurements.
- B. State law requires the City to use the services of Qualified Rehabilitation Facilities (QRF's) in certain instances. When required, the City shall use a QRF pursuant to Section 5.33.110 before proceeding with a purchase through other methods of source selection.
- C. Once the appropriate source selection method has been chosen, the City may consider the best process of selecting a Contractor within the source selection method it has chosen.

**TITLE 5  
REVENUE AND FINANCE**

- D.** The City may employ methods of Contractor selection for the Procurement of Goods and Services using any process authorized by State law, including multi-tiered processes as set forth in Subsection 5.33.210 B.6.d., including, but not limited to:
1. An Award or Awards based solely on the ranking of Proposals;
  2. Discussions leading to best and final Offers in which the City may not disclose private discussions leading to best and final Offers;
  3. Discussions leading to best and final Offers, in which the City may not disclose information derived from Proposals submitted by competing Proposers;
  4. Serial negotiations, beginning with the highest ranked Proposer;
  5. Competitive simultaneous negotiations;
  6. Multiple-tiered competition designed to identify, at each level, a class of Proposers that fall within a Competitive Range or to otherwise eliminate from consideration a class of lower ranked Proposers;
  7. A multi-step Request for Proposals requesting the submission of un-priced technical submittals, and then later issuing a Request for Proposals limited to the Proposers whose technical submittals the City had determined to be qualified under the criteria set forth in the initial Request for Proposals; or

- E.** The methods of Contractor selection identified in Subsection 5.33.100 D. shall conform to the procedures identified in these rules.
- F.** The Chief Procurement Officer is authorized, but not required, to waive any nonconformity with the rules of Contractor selection if the Chief Procurement Officer determines that the defect was minor and likely would not have had an effect on the outcome of the selection process.

**5.33.105 Feasibility and Cost Analysis.**

(Added by Ordinance No. 183445; amended by Ordinance No. 185065, effective January 1, 2012.)

- A.** For purposes of this rule, the term “bureau” means a department, bureau, office or other subdivision of the City of Portland.

**TITLE 5  
REVENUE AND FINANCE**

- B.** Before conducting a procurement that pertains exclusively for services other than professional services, and which is estimated to exceed \$250,000, the bureau shall conduct an analysis to determine if it is feasible to use the City's own personnel or resources to perform the same services. The City may determine that it is not feasible if:
- 1.** The bureau needing the services lacks the specialized capabilities, experience or technical or other expertise necessary to perform the services. In making this finding, the City shall compare the bureau's capability, experience or expertise in the field most closely involved in performing the services with a potential contractor's capability, experience or expertise in the same or a similar field; or
  - 2.** Special circumstances require the bureau to procure the services by contract. Special circumstances may include, but are not limited to, circumstances in which:
    - a.** The terms under which the bureau receives a grant or other funds for use in a procurement require the bureau to obtain services through an independent contractor;
    - b.** Other state or federal law requires the bureau to procure services through an independent contractor;
    - c.** The procurement is for services that are incidental to a contract for purchasing or leasing real or personal property, including service and maintenance agreements for equipment that is leased or rented;
    - d.** The bureau cannot accomplish policy, administrative or legal goals, including but not limited to avoiding conflicts of interest or ensuring independent or unbiased findings in cases when using the bureau's existing personnel or persons the bureau could hire through a regular or ordinary process would not be suitable;
    - e.** The procurement is for services to which the provisions of ORS 279B.080 (emergency procurements) apply;
    - f.** The procurement is for services, the need for which is so urgent, temporary or occasional that attempting to perform the services with the bureau's own personnel or resources would cause a delay that would frustrate the purpose for obtaining the services; or
    - g.** The services the bureau intends to procure will be completed within six months after the date on which the contract for the services is executed.

**TITLE 5  
REVENUE AND FINANCE**

- C.** If it is determined it is not feasible to acquire the services with the bureau's own personnel or resources, a written determination shall be made and kept in the City's procurement file. If it is determined it is feasible to acquire the services with the bureau's own personnel or resources, the bureau shall conduct a cost analysis as set forth in Subsections 5.33.105 D. – F. below.
- D.** The bureau shall first estimate the bureau's cost of performing the services, including:
- 1.** Salary or wage and benefit costs for contracting agency employees who are directly involved in performing the services, including employees who inspect, supervise or monitor the performance of the services.
  - 2.** Material costs, including costs for space, energy, transportation, storage, raw and finished materials, equipment and supplies.
  - 3.** Costs incurred in planning for, training for, starting up, implementing, transporting and delivering the services and costs related to stopping and dismantling a project or operation because the contracting agency intends to procure a limited quantity of services or procure the services within a defined or limited period of time.
  - 4.** Miscellaneous costs related to performing the services. The contracting agency may not include in the cost analysis the contracting agency's indirect overhead costs for existing salaries or wages and benefits for administrators or for rent, equipment, utilities and materials except to the extent that the costs are attributable solely to performing the services and would not exist unless the contracting agency performs the services.
- E.** After estimating the bureau's costs, the bureau shall estimate the cost a potential contractor would incur in performing the services. The bureau may estimate a contractor's potential costs by any reasonable means, including, but not limited to, past bids or current information provided by contractors performing the same or similar services. In the absence of information that can be reasonably and simply obtained without the expenditure of undue time and expense, a bureau may employ employing percentage markups for overhead and profit. No matter the method, the bureau's estimate should ensure it captures the following costs:
- 1.** Average or actual salary or wage and benefit costs for contractors and employees who:
    - a.** Work in the industry or business most closely involved in performing the services that the contracting agency intends to procure; and

**TITLE 5  
REVENUE AND FINANCE**

- b. Would be necessary and directly involved in performing the services or who would inspect, supervise or monitor the performance of the services;
  - 2. Material costs, including costs for space, energy, transportation, storage, raw and finished materials, equipment and supplies; and
  - 3. Miscellaneous costs related to performing the services, including but not limited to reasonably foreseeable fluctuations in the costs for the items identified in this subsection over the expected duration of the procurement.
  - 4. Profit Included. Contracting Costs include the Authorized Agency's estimate of Contractor's profit in addition to the estimate of Contractor's costs under Subsection 5.33.105 E. If the Authorized Agency, in the reasonably near past, received Bids or Proposals for the performance of the Services under consideration, or reasonably comparable services, the Authorized Agency may consider the pricing offered in those Bids or Proposals in making its estimate. Similarly, the Authorized Agency may consider what it actually paid under a Contract for the same or similar services. For the purposes of these examples, the reasonably near past is limited to Contracts, Bids or Proposals entered into or received within the five (5) years preceding the date of the cost estimate. The Authorized Agency must take into account, when considering the pricing offered in previous Bids, Proposals, or Contracts, adjustments to the pricing in light of measures of market price adjustments that apply to the Services, such as the Consumer Price Indexes.
- F. After comparing the estimate of the bureau's costs with a potential contractor's costs, a bureau may proceed with the procurement only if the contracting agency would incur more cost in performing the services with the contracting agency's own personnel and resources than the contracting agency would incur in procuring the services from a contractor.
- 1. Notwithstanding the fact that a potential contractors' cost may be less, the state legislature has decided that a bureau cannot proceed with the procurement if the sole reason the bureau's estimated costs are lower than a potential contractor's estimated costs is because the bureau's costs for salary or wage and benefit costs for the bureau's employees, as calculated in Subsection 5.33.105 D.1. above is greater than the average or actual salary or wage and benefits costs for contractors and employees, as calculated in Subsection 5.33.105 E.1. above.
  - 2. A bureau may proceed with a procurement even if the bureau determines that the bureau would incur less cost in providing the services with the contracting agency's own personnel and resources if at the time the bureau

**TITLE 5  
REVENUE AND FINANCE**

intends to conduct a procurement, the bureau lacks personnel and resources that are necessary to perform the services within the time in which the services are required. If the contracting agency conducts a procurement under the conditions described in this paragraph, the contracting agency shall:

- a. Keep a record of the cost analysis and findings that the contracting agency makes for each procurement the contracting agency conducts under this section, along with the basis for the contracting agency's decision to proceed with the procurement; and
- b. Collect and provide copies of the records described in Subsection 5.33.105 F.2.a. each calendar quarter to the City Council.

- A. An essential element of this policy is to support sheltered employment to the fullest extent provided by law by contracting for needed Goods and services available from QRFs. The City shall identify contracting opportunities within the organization and Award appropriate Contracts to QRFs in accordance with this rule.
- B. Procurements from QRFs
  1.   2. The City shall enter into and renew QRF Contracts only for the specific products or services that are on the Procurement List.
  3. If a QRF is removed from the Procurement List, the City shall not Award or renew a QRF Contract, and the removal from the Procurement List shall constitute sufficient grounds for the City to terminate any outstanding QRF Contract.

**TITLE 5  
REVENUE AND FINANCE**

4. No placement of a product or service on the Procurement List shall act to displace a Contractor under an existing Contract with the City for the same product or service prior to the expiration or other termination of the Contractor's Contract with the City. However, where a product or service is on the Procurement List, no existing Contract shall be renewed for such a product or service.
5. If a QRF submits a Competitive Bid, Proposal, price quotation or other Offer in a competitive Procurement for a Contract, then regardless of whether the Offer was accepted, that QRF may not, at any time during the initial term of the Contract for which the QRF submitted a Bid, Proposal or Offer, make any claim to the City that the product or service that was the subject of the Offer is on the Procurement List. If, during the Solicitation process, a QRF claims the product or service that is the subject of the Procurement is on the Procurement List, then, if the product or service is determined to have been on the Procurement List at the time the Solicitation Document was issued, the Solicitation process shall be terminated so long as a Contract has not been fully executed at the time the claim is made.

**C. Determination of Price/Changes to QRF Contracts**

1. When a product or service on the Procurement List is offered by more than one QRF, the City may purchase the required product or service from any QRF without competition between QRFs.
2. The City may use the formal selection procedure similar to that described in Section 5.33.050 to select a QRF to provide a service on the Procurement list, provided that:
  - a. The Solicitation shall not request any information concerning price and price shall not be a consideration in making the Award.
  - b. The Solicitation shall not be advertised.
  - c. Notice of the Solicitation may be given to those QRFs offering the service on the Procurement List.
  - d. After selection of a QRF the price will be determined in accordance with Subsection 5.33.110 D.3.
3. Price.
  - a. Price for products or services where the Price is listed. For products or services on the Procurement List where the Price is listed, the Contract shall provide that the City will pay the Price that is listed.

**TITLE 5  
REVENUE AND FINANCE**

- b.** Price for services where the Price is not listed. For services for which no Price is listed on Procurement List, the City shall proceed as follows:
- (1)** The City shall request that the QRF submit its proposed Price to the City based on the volume or Scope of the Work and Specifications provided by the City as prescribed in the proposed Contract between the QRF and the City. For janitorial and security services where a Fair Wage is required to be paid, the Specifications shall state the wage required to be paid.
  - (2)** In submitting its proposed Price to the City, the City shall require the QRF to make full disclosure of known costs. The disclosure must include documentation, on a form prescribed by the State Procurement Office, that the costs proposed will result in a Price that will permit the QRF to recover the amounts prescribed in ORS 279.845(1)(a). The City shall require that an authorized officer of the QRF certify that the costs claimed are, to the best of the officer's knowledge, reasonable and adequate, and that the proposed Price will permit the QRF to recover the amounts prescribed in ORS 279.845(1)(a).
  - (3)** If the QRF and the City agree on the terms and conditions of a proposed Contract and the price for the services to be provided under the proposed Contract, the Department shall present the proposed Contract (including the agreed Price) to the State Procurement Office for review and approval of the Price. If the QRF and the City cannot agree on the price, the parties shall present the issue of price to the State Procurement Office for determination.
  - (4)** The City shall not execute or implement any Contract under the program created by ORS 279.835 to 279.850 until the State Procurement Office has transmitted notice of the Price approved determined by the State Procurement Office to the City and the QRF.
- c.** Re-determinations of Price. The Price established by the State Procurement Office shall apply for the initial term or period of the Contract unless otherwise approved by the State Procurement Office. The State Procurement Office may re-determine a Price at the request of a QRF or City, or at the discretion of the State Procurement Office. Until the State Procurement Office approves a

**TITLE 5  
REVENUE AND FINANCE**

2. City Need to Purchase. The character of the Goods or Services the City is purchasing including, if applicable, a description of the acquisition, Specifications, delivery or performance schedule, inspection and acceptance requirements. As required by ORS 279B.060(2)(c) the City's description of its need to purchase must:
  - a. Identify the scope of the work to be performed under the resulting Contract, if the City awards one;
  - b. Outline the anticipated duties of the Contractor under any resulting Contract;
  - c. Establish the expectations for the Contractor's performance of any resulting contract; and
  - d. Unless the contractor under any resulting Contract will provide architectural, engineering, photogrammetric mapping, transportation, planning or land surveying services, or related services that are subject to ORS 289C.100 to 279C.125, or the City for Good Cause specifies otherwise, the scope of work must require the Contractor to meet the highest standards prevalent in the industry or business most closely involved in providing the Goods or Services that the City is purchasing.
3. Proposal and Evaluation process.
  - a. The anticipated Solicitation schedule, deadlines, protest process, and evaluation process, if any;
  - b. The City shall set forth selection criteria in the Solicitation Document in accordance with the requirements of Section 5.33.210.   - c. If the City's solicitation process calls for the City to establish a Competitive Range, the City shall generally describe, in the Solicitation Document, the criteria or parameters the City will apply to determine the Competitive Range. The City may increase or decrease the number of Proposers in the Competitive Range in accordance with Subsection 5.33.211 F.1.b.
4. Applicable preferences, including those described in ORS 279A.120, ORS 279A.125(2) and ORS 279A.128 and Sections 5.33.080 and 5.33.085.

**TITLE 5  
REVENUE AND FINANCE**

5. All Contractual terms and conditions in the form of Contract provisions the City determines are applicable to the Procurement. The City's determination of contractual terms and conditions that are applicable to the Procurement may take into consideration, as authorized by ORS 279B.060(3), those contractual terms and conditions the City will not include in the Request for Proposal because the City either will reserve them for negotiation, or will request Proposers to offer or suggest those terms or conditions.
  6. As required by ORS 279B.060(2)(h), the Contract terms and conditions must specify the consequences of the Contractor's failure to perform the scope of work or to meet the performance standards established by the resulting contract. Those consequences may include, but are not limited to:
    - a. The City's reduction or withholding of payment under the Contract;
    - b. The City's right to require the contractor to perform, at the contractor's expense, any additional work necessary to perform the statement of work or to meet the performance standards established by the resulting Contract; and
    - c. The City's rights, which the City may assert individually or in combination, to declare a default of the resulting contract, to terminate the resulting Contract, and to seek damages and other relief available under the resulting Contractor or applicable law.
  7. The City may include the applicable contract terms and conditions in the form of Contract provisions, or legal concepts to be included in the resulting Contract. Further, the City may specify that it will include or use Proposers' terms and conditions that have been pre-negotiated, but the City may only include those terms and conditions in the resulting Contract to the extent those terms and conditions do not materially conflict with the applicable contractual terms and conditions. The City shall not agree to any Proposer's terms and conditions that were expressly rejected in a solicitation protest filed by the Proposer.
  8. For multiple Award Contracts the City may enter into Contracts with different terms and conditions with each Contractor to the extent those terms and conditions do not materially conflict with the applicable contractual terms and conditions. The City shall not agree to any Proposer's terms and conditions that were expressly rejected in a solicitation protest filed by the Proposer.
- C. Good Cause. For the purposes of this rule, "Good Cause" means a reasonable explanation for not requiring Contractor to meet the highest standards prevalent in

**TITLE 5  
REVENUE AND FINANCE**

the industry or business most closely involved in providing the Goods or Services under the Contract, and may include an explanation of circumstances that support a finding that the requirement would unreasonably limit competition or is not in the best interest of the City. The City shall document in the Procurement file the basis for the determination of Good Cause for specifying otherwise. The City will have Good Cause to specify otherwise when the City determines:

1. The purpose to which the Goods or Services will be used does not justify a requirement that the Contractor meet the highest prevalent standards in performing the contract;
2. Imposing express technical, standard, dimensional or mathematical specifications will better ensure that the Goods or Services will be compatible with or will operate efficiently or effectively with components, equipment, parts, Services or information technology including hardware, Services or software with which the Goods or Services will be used, integrated, or coordinated;
3. The circumstances of the industry or business that provides the Goods or Services are sufficiently volatile in terms of innovation or evaluation of products, performance techniques, scientific developments, that a reliable highest prevalent standard does not exist or has not been developed.
4. That other circumstances exist in which City's interest in achieving economy, efficiency, compatibility or availability in the procurement of the Goods or Services reasonably outweighs the City's practical need for the highest prevalent standard if the applicable or closest industry or business that supplies the Goods or Services to be delivered under the resulting Contract.

**5.33.211 Procedures for Competitive Range, Multi-Tiered and Multi-Step Proposals.**

(Amended by Ordinance Nos. 183445, 185065, 185898 and 189878, effective March 4, 2020.)

- A. Generally. The City may use any combination of the methods of Contractor selection as set forth in ORS 279B.060 and this rule to procure Goods and Services. In addition to the procedures set forth in Sections 5.33.210 through 5.33.211 for methods of Contractor selection, the City may provide for a multi-tiered, or multi-step selection process that permits award to the highest ranked Proposer at any time or step, calls for the establishment of a Competitive Range or permits either serial or competitive simultaneous discussions with one or more Proposers. The City may use one or more or any combination of the procedures set forth in this rule for Competitive Range, multi-tiered and multi-step Proposals.

**TITLE 5  
REVENUE AND FINANCE**

- B.** ORS 279B.060(3)(d), (e) and (8) authorize the City to use methods of Contractor selection that include, but are not limited to multi-tiered or multi-step processes that embrace:
- 1.** The evaluation of Proposals only, including the evaluations of serial Proposals (a series of more than one Proposal from each Proposer that remains eligible in the competition at the particular tier of the competition;
  - 2.** The use of Proposals in connection with discussions with Proposers that lead to best and final Offers;
  - 3.** The use of Proposals in connection with serial negotiations with Proposers that lead to best and final Offers or to the Award of a Contract.
  - 4.** The use of Proposals in connection with competitive negotiations with Proposers that lead to best and final Offers or to the Award of a Contract; and
  - 5.** The use of Proposals in multi-tiered competition designed to identify, at each stage of the competition, a class of Proposers that fall within a Competitive Range of Proposers that have a reasonable chance of being determined the most Advantageous Proposer or, in multiple-award situations, a reasonable chance of being determined an awardee of a Public Contract. Multi-tiered and multistep competitions may use any combination or series of Proposals, discussions, negotiations, demonstrations, offers, or other means of soliciting information from Proposers that bear on the selection of a Contractor or Contractors. In multi-tiered and multi-step competitions, the City may use these means of soliciting information from prospective Proposers in any sequence or order, as determined in the discretion of the City.
- C.** When the City's Request for Proposals prescribes a multi-tiered or multi-step Contractor selection process, the City nevertheless may, at the completion of any stage in the competition and on determining the Most Advantageous Proposers (or, in multiple-award situations, on determining the awardees of the public Contracts), award a Contract (or Contracts) and conclude the Procurement without proceeding to subsequent stages. The City also may, at any time, cancel the Procurement pursuant to ORS 279B.100 and this Code.
- D.** Exclusion Protest. The City may provide before the notice of an intent to Award an opportunity for a Proposer to protest exclusion from the Competitive Range or from subsequent phases of multi-tiered or multi-step sealed Proposals as set forth in Section 5.33.720.

**TITLE 5  
REVENUE AND FINANCE**

- E.** Award Protest. The City shall provide an opportunity to protest its intent to Award a Contract pursuant to ORS 279B.410 and Section 5.33.740. An Affected Offeror may protest, for any of the bases set forth in Section 5.33.720, its exclusion from the Competitive Range of a multi-tiered or multi-step sealed Proposal process, or may protest an Addendum issued following initial Closing, if the City did not previously provide Proposers the opportunity to protest the exclusion or Addendum. The failure to protest shall be considered the Proposer's failure to pursue any administrative remedy made available to the Proposers by the City.
- F.** Competitive Range. When the City's Solicitation process conducted pursuant to Section 5.33.210 calls for the City to establish a Competitive Range at any stage in the Procurement process, the City may do so as follows:
- 1.** Determining Competitive Range.
    - a.** The City may establish a Competitive Range after evaluating all Responsive Proposals in accordance with the evaluation criteria in the Request for Proposals. After evaluation of all Proposals in accordance with the criteria in the Request for Proposals, the City may determine and rank the Proposers in the Competitive Range. Notwithstanding the foregoing, however, in instances in which the City determines that a single Proposer has a reasonable chance of being determined the most Advantageous Proposer, the City need not determine or rank Proposers in the Competitive Range. In addition, the City may establish a Competitive Range of all Proposers to enter into discussions to correct deficiencies in Proposals.
    - b.** The City may establish the number of Proposers in the Competitive Range in light of whether the City's evaluation of Proposals identifies a number of Proposers who have a reasonable chance of being determined the most Advantageous Proposer, or whether the evaluation establishes a natural break in the scores of Proposers that indicates that a particular number of Proposers are closely competitive, or have a reasonable chance of being determined the most Advantageous Proposer.
  - 2.** Protesting Competitive Range. The City shall provide Written notice to all Proposers identifying Proposers in the Competitive Range. The City may provide an opportunity for Proposers excluded from the Competitive Range to protest the City evaluation and determination of the Competitive Range in accordance with Section 5.33.720.
- G.** Discussions.

**TITLE 5  
REVENUE AND FINANCE**

1. The City may initiate oral or Written discussions with all “eligible Proposers” on the subject matter within the general scope of the Request for Proposals.
  - a. In conducting discussions, the City:
    - (1) Shall treat all eligible Proposers fairly and shall not favor any eligible Proposer over another;
    - (2) May disclose other eligible Proposers’ Proposals or discussions only in accordance with ORS 279B.060(8)(b) or (c);
    - (3) May adjust the evaluation of a Proposal as a result of a discussion under this section discussions. The conditions, terms, or price of the Proposal may be altered or otherwise changed during the course of the discussions provided the changes are within the Scope of the Request for Proposals.
  - b. At any time during the time allowed for discussions, the City may:
    - (1) Continue discussions with a particular eligible Proposer;
    - (2) Terminate discussions with a particular eligible Proposer and continue discussions with other eligible Proposers; or
    - (3) Conclude discussions with all remaining eligible Proposers and provide to the then-eligible Proposers, notice pursuant to Subsection 5.33.211 J. requesting best and final Offers.

**H. Negotiations.**

1. The City may commence serial negotiations with the highest-ranked eligible Proposer or commence simultaneous negotiations with all eligible Proposers:

    - (2) The Contract Price as it is affected by negotiating the statement of work other terms and conditions authorized for negotiation in the Request for Proposals or Addenda thereto; and

**TITLE 5  
REVENUE AND FINANCE**

- (3)** Any other terms and conditions reasonably related to those authorized for negotiation in the Request for Proposals or Addenda thereto. Proposers shall not submit for negotiation, and the City shall not accept, alternative terms and conditions that are not reasonably related to those authorized for negotiation in the Request for Proposals.

- I.** Terminating Negotiations. At any time during discussions or negotiations that the City conducts under this rule the City may terminate discussions or negotiations with the highest-ranked Proposer, or the eligible Proposer with whom it is currently discussing or negotiating, if the City reasonably believes that:
  - 1.** The eligible Proposer is not discussing or negotiating in good faith; or
  - 2.** Further discussions or negotiations with the eligible Proposer will not result in the parties agreeing to the terms and conditions of a final Contract in a timely manner.
  - 3.** Continuing Serial Negotiations. If the City is conducting serial negotiations and the City terminates negotiations with an eligible Proposer, the City may then commence negotiations with the next highest scoring eligible Proposer in the Competitive Range, and continue the sequential process described in Subsection 5.33.211 H. until the City has either:
    - a.** Determined to Award the Contract to the Proposer with whom it is currently discussing or negotiating; or
    - b.** Decided to cancel the Procurement pursuant to ORS 279B.100.
  - 4.** Competitive Simultaneous Negotiations. If the City chooses to conduct Competitive Negotiations, the City may negotiate simultaneously with competing Proposers. The City:
    - a.** Shall treat all Proposers fairly and shall not favor any Proposer over another;
    - b.** May disclose other Proposers' Proposals or the substance of negotiations with other Proposers only if the City notifies all of the Proposers with whom the City will engage in negotiations of the City's intent to disclose before engaging in negotiations with any Proposer.
  - 5.** Any oral modification of a Proposal resulting from negotiations under this Section must be reduced to Writing by the Proposer.

**TITLE 5  
REVENUE AND FINANCE**

- J.** Best and Final Offers. If best and final Offers are required, the City shall establish a common date and time by which eligible Proposers must submit best and final Offers. If the City is dissatisfied with the best and final Offers the City may make a Written determination that it is in the City's best interest to conduct additional discussions, negotiations or change the City's requirements and require another submission of best and final Offers. The City shall inform all eligible Proposers that if they do not submit notice of withdrawal or another best and final Offer, their immediately previous Offer will be construed as their best and final Offers. The City shall evaluate Offers as modified by the best and final Offer. The City shall conduct the evaluations as described in Section 5.33.610. The City may not modify evaluation factors or their relative importance after the date and time that best and final Offers are due.
- K.** Multi-step Sealed Proposals. The City may procure Goods and Services by using multi-step Competitive Sealed Proposals pursuant to ORS 279B.060 (8)(b)(g).

The use of multi-step Proposals is a phased process that seeks necessary information, or un-priced technical Proposals, in phase one and in the second phase, invites Proposers who submitted technically qualified Proposals, to submit competitive sealed price Proposals on the technical Proposals. The City must award the Contract to the Responsible Proposer submitting the most Advantageous Proposal in accordance with the terms of the Solicitation Document applicable to the second phase.

- 1.** Public Notice. Whenever the City uses multi-step sealed Proposals for Contracts over \$150,000, the City shall give Public Notice for phase one in accordance with Section 5.33.300. Public Notice is not required for phase two. However, the City shall give notice of the subsequent phases to all Proposers and inform any Proposers excluded from the subsequent phases of the right, if any, to protest exclusion pursuant to Section 5.33.720.
- 2.** Procedure for Phase One of Multi-Step Sealed Proposals. The City must initiate a multi-step sealed Proposals procurement by issuing a Request for Proposal in the form and manner required for competitive sealed Proposals except as provided by this rule. In addition to the requirements set forth in Section 5.33.210, the multi-step Request for Proposal must state:
  - a.** that un-priced technical Proposals are requested;
  - b.** that the Solicitation is a multi-step sealed Proposal Procurement, and that, in the second phase, priced Proposals will be accepted only from those Proposers whose un-priced technical Proposals are found qualified in phase one;
  - c.** the criteria for the evaluation of un-priced technical Proposals; and

**TITLE 5  
REVENUE AND FINANCE**

3. Addenda to the Request for Proposals. After receipt of un-priced technical Proposals, Addenda to the Request for Proposal shall be distributed only to Proposers who submitted un-priced technical Proposals.
4. Receipt and Handling of Un-priced Technical Proposals. Un-priced technical Proposals need not be opened publicly.
5. Evaluation of Un-Priced Technical Proposals. The un-priced technical Proposals submitted by Proposers shall be evaluated solely in accordance with the criteria set forth in the Request for Proposals.
6. Discussion of Un-priced Technical Proposals. The City may seek clarification of a technical Proposal of any Proposer who submits a qualified, or potentially qualified, technical Proposal. During the course of such discussions, the City shall not disclose any information derived from one un-priced technical Proposal to any other Proposer.
7. Methods of Contractor Selection for Phase One. In conducting phase one, the City may employ any combination of the methods of Contractor selection that call for the establishment of a Competitive Range or include discussions, negotiations or best and final Offers as set forth in this rule Section 5.33.211.
8. Procedure for Phase Two. On the completion of phase one, the City shall invite each qualified Proposer to submit price Proposals.

- A.** The City may Award a Contract as a Special Procurement pursuant to the requirements of this section, which permits class Special Procurements. Such Procurements allow the City to enter into a series of Contracts over time pursuant to the authorization provided in regard to the Special Procurement and without necessarily following the requirements of Competitive Sealed Bidding, Competitive Sealed Proposals or Intermediate Procurements.
- B.** For purposes of Section 5.33.220 the following definitions are applicable:
- 1.** “Class Special Procurement” means a contracting procedure that differs from the procedures described in Sections 5.33.180, 5.33.190, 5.33.200 and 5.33.210 and is for the purpose of entering into a series of contracts over time or for multiple projects.
  - 2.** “Contract-Specific Special Procurement” means a contracting procedure that differs from the procedures described in Sections 5.33.180, 5.33.190, 5.33.200 and 5.33.210 and is for the purpose of entering into a single Contract or a number of related Contracts on a one-time basis or for a single project.
  - 3.** “Special Procurement” means, unless the context requires otherwise, a class special Procurement, a contract-specific special Procurement or both.
- C.** The City Council, acting as the Local Contract Review Board may approve a special procurement if it finds that the use of a special procurement or an alternative procedure prescribed by the Council:
- 1.** Is unlikely to encourage favoritism in the award of public contracts or to substantially diminish competition for public contracts; and
  - 2.** Is reasonably expected to result in substantial cost savings to the City or to the public; or
  - 3.** Otherwise substantially promotes the public interest in a manner that could not practicably be realized by complying with the requirements that are applicable under ORS 279B.055, 279B.060, 279B.070 or under the City Rule found in Chapter 5.33.
- D.** The City Council declares the following as classes of Special Procurements:

Employee Benefit Contracts: Contracts relating to employee benefits may be Awarded directly to a Contractor after the City obtains a consultant pursuant to Chapter 5.68 to conduct a competitive process to acquire such contractors. Such contracts include administrators of employee Flexible Spending Account Administration and Medical Claims Third Party Administration. The City will hire a consultant to advise it on firms available to provide the Work and the consultant is authorized to solicit firms pursuant to a Request for Proposal process as well as assist the City in placing advertisements in specific publications likely to reach the attention of such contractors or consultants. The City may then negotiate or enter into the Contract that appears most Advantageous to the City without further advertisement or issuance of its own Request for Proposals.
6. Insurance Contracts: Contracts for insurance, may be Awarded directly to an insurer after the City obtains Proposals from an insurance consultant. The consultant shall be selected pursuant to Chapter 5.68. Among the services to be provided by the consultant is the securing of competitive Proposals from insurance carriers for all coverages for which the insurance consultant is given responsibility and advice to the City about the costs and benefits of the various Proposals. The City may then negotiate or enter into the insurance Contract that appears most Advantageous to the City without advertisement or issuance of its own Request for Proposals.
7. Purchase of Used Personal Property or Equipment: The City may directly purchase used personal property and equipment. - 8.** Hazardous Material Removal and Oil Clean-up. The City may directly purchase services to remove or clean up hazardous material or oil from any vendor when ordered to do so by the Oregon Department of Environmental Quality pursuant to its authority under ORS Chapter 466. In doing so, the following conditions apply:

  - a.** To the extent reasonable under the circumstances, encourage competition by attempting to obtain informal price quotations or Proposals from potential suppliers of Goods and Services;
  - b.** The Bureau responsible for managing or coordinating the clean-up shall submit a Written description of the circumstances that require it and a copy of the DEQ order for the cleanup to the Procurement Services together with a requisition authorizing the Contract.

  - d.** The timeline for cleanup does not permit the use of intermediate Procurement procedures.
  
- 9.** Amendments to Contracts and Price Agreements: The City may execute Contract amendments, as follows:

  - a.** An original valid Contract exists between the parties;
  - b.** Unit prices or “add alternates” were provided in the Solicitation Document that established the cost basis for the additional Work or product or in a lump sum Contract the Contractor has provided an estimate of the additional cost which has been verified by the Bureau seeking the amendment; and
  - c.** The Solicitation Document provided for such amendments; or
  - d.** Emergency: The original Contract was let pursuant to a declaration of Emergency, in accordance with Section 5.33.130; or

**10. Renegotiations of Existing Contracts with Incumbent Contractors.**

- a.** Authorization. The City may renegotiate and amend existing Contracts with incumbent Contractors only if it is in the best interest of the City and has the approval of the Chief Procurement Officer prior to negotiation.
- b.** Process and Criteria. The City may renegotiate various items of the Contract, including but not limited to: price, term, delivery and shipping, order size, item substitutions, warranties, discounts, on-line ordering systems, price adjustments, product availability, product quality, and reporting requirements. The City must meet the following conditions in its Renegotiations with incumbent Contractors:
  - (1)** Favorable Result. The City must determine that, with all things considered, the renegotiated Contract is at least as favorable to the City as the Original Contract and document this in the Procurement File. For example, the City and the Contractor may adjust terms and conditions within the Original Contract to meet different needs;
  - (2)** Within the Scope. The Goods and Services provided under the renegotiated Contract must be reasonably related to the Original Contract's Solicitation. For example, the City may accept functionally equivalent substitutes for any Goods and Services in the Original Contract's Solicitation.
  - (3)** Optional Term or Condition. If a Contractor offered to the City during the original Solicitation a term or condition that was rejected at that time, the City may not renegotiate for a lower price based on this rejected term or condition as a mandatory term or condition in the renegotiated Contract. If, however, a Contractor offers a lower price pursuant to a rejected term or condition without additional consideration from the City and as only an option to the City, then the City may accept the option of a lower price under the rejected term or condition. For example, if the City initially rejected

**TITLE 5  
REVENUE AND FINANCE**

a Contractor's proposed condition that the price required a minimum order, any renegotiated Contract may not mandate this condition; but the City may agree to the option to order lesser amounts or receive a reduced price based upon a minimum order; and

- (4) Market. In order to avoid encouraging favoritism or diminishing competition, the City may research the accepted competitive practices and expectations of Offerors within the market for the specific Contract(s) or Classes of Contracts to be renegotiated thereby establishing a market norm. If the City determines that a market norm exists, then the City must document its results in the Procurement File. Based upon this information, the City shall confirm that, if the City follows the market norm, favoritism is not likely to be encouraged, competition is not likely to be diminished, and substantial cost savings may be realized. Under no condition may the City accept or follow any market norm that likely encourages favoritism or diminishes competition, even if it is accepted or expected in the market.
11. Reverse Auctions, pursuant to the process established in Section 5.33.350.
12. Software and Hardware Maintenance, Licenses, Subscriptions and Upgrades. The City may directly enter into a Contract or renew existing Contracts for information technology hardware or software maintenance, licenses, subscriptions and upgrades without Competitive Solicitation where the maintenance, upgrades, subscriptions and licenses are either available from only one source or, if available from more than one provider, are obtained from the City's current provider in order to utilize the pre-existing knowledge of the vendor regarding the specifics of the City's hardware or software system. The City shall document in the Procurement File the facts that justify either that maintenance, license(s), subscriptions and upgrades were available from only one source or, if from more than one source, from the current vendor.
13. Equipment Maintenance, Repair and Overhaul. The City may enter into a Contract for equipment maintenance, repair and/or overhaul without competitive bidding and without obtaining competitive quotations if the extent of repair services, parts, maintenance or overhaul is unknown and cost cannot be determined without preliminary dismantling or testing.
14. Price-regulated goods and services, utilities and utility related services. The City may directly purchase, without a competitive solicitation process, utility services, repair, equipment and/or maintenance work, where the rate

If the Special Procurement leads to a Solicitation Document, then the City will post a Notice of Intent to Award the contract pursuant to Section 5.33.650.
- F. If the City plans to conduct a competitive special Procurement, it shall award the contract to the Offeror the City determines to be the most advantageous to the City and thereafter give notice of intent to Award to all prequalified Offerors who sought the Award of a Contract in the manner provided for competitive sealed Bids.

  - 3.** Content. All advertisements for Offers shall set forth:

    - a.** Where, when how and for how long the Solicitation Document may be obtained.

However, in no event shall the interval between the first date of notice of the Solicitation Document given in accordance with Subsection 5.33.300 B. and Closing be less than seven (7) Days as set forth in Section 5.33.200. - E. The City shall provide potential Offerors notice of any Addendum to a Solicitation Document in accordance with Section 5.33.430.

**5.33.310 Specifications and Brand Names.**

(Amended by Ordinance Nos. 183445,185898 and 189878, effective March 4, 2020.)

- A. Specification content is in the sole discretion of the City of Portland.
- B. The City may consult with technical experts, suppliers, prospective Contractors and representative of the industries with which the City will Contract. The City shall take reasonable measure to ensure that no person who prepares or assists in the preparation of Solicitation Documents, Specifications, plans or Scopes of Work (collectively, “documents”), and that no business with which the person is associated realizes a material competitive advantage in a Procurement that arises from the City’s use of those documents.
- C. A “brand name or equal” Specification may be used when it is Advantageous to the City. The brand name describes the standard of quality, performance, functionality and other characteristics of the product needed by the City. The City’s determination of what constitutes a product that is equal or superior to the product specified is final. Unless otherwise specified, the use of a brand name shall mean “brand name or equal.”
- D. A “brand name” Specification may be used requiring a Contractor to provide a specific brand only if the Chief Procurement Officer makes a Written determination finding that the brand name will meet one or more of the following needs:
  - 1. The use of a brand name Specification is unlikely to encourage favoritism in the Awarding of a Contract or substantially diminish competition for Contracts; or
  - 2. The use of a brand name Specification would result in a substantial cost savings to the City; or
  - 3. There is only one manufacturer or seller of the product of the quality, performance or functionality required; or
  - 4. Efficient utilization of existing goods requires the acquisition of compatible Goods or Services.

**TITLE 5  
REVENUE AND FINANCE**

- E. The City's use of a brand name specification is subject to protest and review only as provided in Section 5.33.730.

**5.33.320 Bids or Proposals are Offers.**

(Amended by Ordinance Nos. 185898 and 189878, effective March 4, 2020.)

- A. Offer and Acceptance. A Bid Proposal is an Offer to enter into a Contract. The Offer is a "Firm Offer," i.e., the Offer shall be held open by the Offeror for the City's acceptance for the period specified in Section 5.33.495. The City's Award of the Contract constitutes acceptance of the Offer and binds the Offeror to the Contract.
- B. Responsive Offer. The City may Award a Contract only to a Responsible Offeror with a Responsive Offer.
- C. Contingent Offers. Except to the extent an Offeror is authorized to propose certain terms and conditions pursuant to Section 5.33.211 a Proposer shall not make its Offer contingent upon the City's acceptance of any terms or conditions (including Specifications) other than those contained in the Solicitation Document.
- D. Offeror's Acknowledgment. By signing and returning the Offer, the Offeror acknowledges it has read and understands the terms and conditions contained in the Solicitation Document and that it accepts and agrees to be bound by the terms and conditions of the Solicitation Document. If the Request for Proposals permits alternative terms under Section 5.33.215, the Proposal includes the nonnegotiable terms and conditions and any proposed terms and conditions offered for negotiation upon and to the extent accepted by the City in Writing.

**5.33.330 Facsimile Bids and Proposals.**

(Repealed by Ordinance No. 189878, effective March 4, 2020.)

**5.33.340 Electronic Procurement.**

(Amended by Ordinance Nos. 183445, 185898 and 189878, effective March 4, 2020.)

- A. The City may conduct all phases of a Procurement, including without limitation the posting of Electronic Advertisements and the receipt of Electronic Offers, by Electronic methods if and to the extent the City specifies in a Solicitation Document, a request for quotes, or any other Written instructions on how to participate in the Procurement.
- B. The City shall open an Electronic Offer in accordance with Electronic security measures in effect at the City at the time of its receipt of the Electronic Offer. Unless the City provides procedures for the secure receipt of Electronic Offers, the Person submitting the Electronic Offer assumes the risk of premature disclosure due to submission in unsealed form.

**TITLE 5  
REVENUE AND FINANCE**

- C.** The City’s use of Electronic Signatures shall be consistent with applicable statutes and rules. The Chief Procurement Officer may limit the use of Electronic methods of conducting a Procurement as Advantageous to the City.
- D.** If the City determines that Bid or Proposal Security is or will be required, the Chief Procurement Officer will not authorize Electronic Offers unless the City has another method for receipt of such security.
- E.** Rules Governing Electronic Procurements. The City shall conduct all portions of an Electronic Procurement in accordance with these rules, unless otherwise set forth in this rule.
- F.** Preliminary Matters. As a condition of participation in an Electronic Procurement the Chief Procurement Officer may require potential Contractors to register with the City before the date and time on which the City will first accept Offers, to agree to the terms, conditions, or other requirements of a Solicitation Document, or to agree to terms and conditions governing the Procurement, such as procedures that the City may use to attribute, authenticate or verify the accuracy of an Electronic Offer, or the actions that constitute an Electronic Signature.
- G.** Offer Process. The Chief Procurement Officer may specify that Persons must submit an Electronic Offer by a particular date and time, or that Persons may submit multiple Electronic Offers during a period of time established in the Electronic Advertisement. When the Chief Procurement Officer specifies that Persons may submit multiple Electronic Offers during a specified period of time, the City must designate a time and date on which Persons may begin to submit Electronic Offers, and a time and date after which Persons may no longer submit Electronic Offers. The date and time after which Persons may no longer submit Electronic Offers need not be specified by a particular date and time, but may be specified by a description of the conditions that, when they occur, will establish the date and time after which Persons may no longer submit Electronic Offers. When the City will accept Electronic Offers for a period of time, then at the designated date and time that the City will first receive Electronic Offers, the City must begin to accept “real time” Electronic Offers on the City’s’ Electronic Procurement System, and shall continue to accept Electronic Offers in accordance with Subsection 5.33.340 H.2. until the date and time specified by the City, after which the City will no longer accept Electronic Offers.
- H.** Receipt of Electronic Offers.

  - 1.** When the City conducts an Electronic Procurement that provides that all Electronic Offers must be submitted by a particular date and time, the City shall receive the Electronic Offers in accordance with these rules.

**TITLE 5  
REVENUE AND FINANCE**

2. When the City specifies that Persons may submit multiple Offers during a period of time, the City shall accept Electronic Offers, and Persons may submit Electronic Offers, in accordance with the following:
  - a. Following receipt of the first Electronic Offer after the Day and time the City first receives Electronic Offers the City shall post on the City's Electronic Procurement System, and updated on a real time basis, the lowest Electronic Offer price or the highest ranking Electronic Offer. At any time before the date and time after which the City will no longer receive Electronic Offers, a Person may revise its Electronic Offer, except that a Person may not lower its price unless that price is below the then lowest Electronic Offer.
  - b. A Person may not increase the price set forth in an Electronic Offer after the Day and time that the City first accepts Electronic Offers.
- I. Failure of the Electronic Procurement System. In the event of a failure of the City's Electronic Procurement System that interferes with the ability of Persons to submit Electronic Offers, protest or to otherwise participate in the Procurement, the City may cancel the Procurement in accordance with Section 5.33.660, or may extend the date and time for receipt of Electronic Offers by providing notice of the extension immediately after the Electronic Procurement System becomes available.

**5.33.350 Reverse Auctions.**

(Amended by Ordinance No. 189878, March 4, 2020.)

- A. Conditions for use. When the City determines that online Solicitation is an Advantageous Procurement method, a Contract may be entered into by competitive online Bidding, subject to the provisions of Competitive Sealed Bidding or Competitive Sealed Proposals.
- B. Offer process. The Solicitation must designate both a date and time when the City will begin accepting Offers, and a date and time at which the City intends to stop receiving Offers. The date and time the City intends to stop receiving Offers need not be a fixed point in time but may remain dependent on a variable specified in the Solicitation. At the date and time the City intends to begin accepting Offers, the City must begin accepting real time Electronic Offers. The Solicitation must remain open until the date and time or conditions have been reached for the City to stop accepting Offers. The City may require Offerors to register before the date and time the City intends to begin accepting Offers and, as a part of that registration, to agree to the terms, conditions, or other requirements of the Solicitation. Following receipt of the first Offer after the date and time the City intends to begin accepting Offers, the lowest Offer price or, if Proposals are accepted, the ranking of each Proposer, must be posted Electronically and updated on a real time basis. At any time before the date and time the City intends to stop receiving Offers, an Offeror may lower

the price of its Offer or revise its Proposal except that after the date and time the City intends to begin accepting Offers, an Offeror may not lower its price unless that price is below the then lowest Offer. Offer prices may not be increased after the date and time the City intends to begin accepting Offers. Except for Offer prices, Offers may be modified only as otherwise allowed by these rules or the Solicitation Document. An Offer may be withdrawn only in compliance with these rules. If an Offer is withdrawn, no later Offer submitted by the same Offeror may be for a higher price. If the lowest Responsive Offer is withdrawn after the date and time the City intends to stop receiving Offers, the City may cancel the Solicitation or reopen the Solicitation to all pre-existing Offerors by giving notice to all pre-existing Offerors of both the new date and time the City intends to begin accepting Offers and the new date and time the City intends to stop receiving Offers. Notice that Electronic Solicitation will be reopened must be given as specified in the Solicitation Document.

- C. Failure of the Electronic Procurement System. In the event of a failure of the Electronic Procurement System that interferes with the ability of Offerors to submit Offers, protest, or to otherwise meet the requirements of the Procurement, the City may cancel the Solicitation or may extend the Solicitation by providing notice of the extension immediately after the System becomes available.

**5.33.360 Contract Conditions**

Every Contract shall contain the conditions required by ORS 279B.220, 225, 230 and 235.

**5.33.400 Offer Preparation.**

(Amended by Ordinance Nos. 185898 and 189878, effective March 4, 2020.)

- A. Instructions. An Offeror shall sign and submit its Offer in accordance with the Solicitation Document. Unless otherwise instructed, or unless Electronic Offers are permitted, signatures shall be in ink. An Offeror shall initial and submit any correction or erasure to its Offer prior to the Opening in accordance with the requirements for submitting an Offer under the Solicitation Document.
- B. Forms. An Offeror shall submit its Offer on the form(s) provided in the Solicitation Document, unless an Offeror is otherwise instructed in the Solicitation Document.
- C. Documents. An Offeror shall provide the City with all documents and Descriptive Literature required under the Solicitation Document. If the Solicitation Document instructs Offerors not to include documents or literature, such as warranty provisions, the City is entitled to disregard those documents in determining whether the Offer is responsive to the City's request.
- D. Electronic Submissions. If the Solicitation Document permitted Electronic Offers under Section 5.33.340 an Offeror may submit its Offer Electronically. The City

**TITLE 5  
REVENUE AND FINANCE**

shall not consider Electronic Offers unless authorized by the Solicitation Document.

**5.33.410 Bid or Proposal Security.**

(Amended by Ordinance Nos. 183445 and 185898, effective February 20, 2013.)

- A.** Offer Security, not to exceed 10 percent of the Offer, is not required for Contracts other than Public Improvement Contracts unless the Chief Procurement Officer determines otherwise. If required, the purpose of Offer Security is to guarantee acceptance of the Award of the Contract. This requirement shall be stated in the Solicitation Document.
- B.** The Chief Procurement Officer may require Offer Security from any Offeror, even if the City has exempted a class of Solicitations from Offer Security.
- C.** The Offer Security shall be forfeited if the Offeror fails to execute the Contract promptly and properly after the City has Awarded the Contract, unless the Chief Procurement Officer determines forfeiture is not in the City's best interest.
- D.** The City shall not use Offer Security to discourage competition.
- E.** Return of Offer Security. The Offer Security of all unsuccessful Offerors shall be returned or released after a Contract has been executed and evidence of insurance and a performance bond provided (if insurance or performance bond is required by the Solicitation Document), or after all Offers have been rejected. The City may return the Offer Security of unsuccessful Offerors after Opening, but prior to Award, if the return does not prejudice Contract Award and provided that the security of at least the two lowest Bidders, or the two highest scoring Proposers, is retained pending the Award and execution of a Contract.
- F.** Form of Bid or Proposal security. The City may accept only the following forms of Bid or Proposal security:
  - 1.** A surety bond, signed by the surety's authorized Attorney in Fact, that is authorized to do business in the State of Oregon and is duly listed in the United States Treasury list as published in the Federal Register, or is otherwise approved by the City Attorney. The surety company's seal shall be affixed to the bond and a Power of Attorney for the Attorney in Fact shall be submitted. The City Attorney has the authority to waive the requirement of corporate seal; or
  - 2.** A signed irrevocable letter of credit issued by an insured institution as defined in ORS 706.008(12); or
  - 3.** Cashier's check or Offeror's certified check; or

4. An annual surety bond filed with the City (except for Public Improvement Contracts) that meets all the requirements of Subsection 5.33.410 F.1. above.

**5.33.420 Pre-Offer Conferences.**

(Amended by Ordinance Nos. 183445 and 185898, effective February 20, 2013.)

- A. Purpose. The City may hold pre-Offer conferences with prospective Offerors prior to Closing, to explain the Solicitation requirements, obtain information, or to conduct site inspections.
- B. Required Attendance. The City may require attendance at the pre-Offer conference as a condition for making an Offer. A prospective Offeror who fails to attend a mandatory conference is not eligible to make an Offer. If an Offer is made it will be rejected as nonresponsive.
- C. Scheduled Time. If the City holds a pre-Offer conference, it shall be held within a reasonable time after the Solicitation Document has been issued, but sufficiently before the Closing to allow Offerors to consider information provided at that conference.
- D. Statements Not Binding. Statements made by a City representative at the pre-Offer conference or elsewhere about the proposed Contract or Solicitation Document do not change the Solicitation Document unless Procurement Services confirms such statements with a Written Addendum to the Solicitation Document.
- E. City Announcement. The City must set forth notice of any pre-Offer conference in the Solicitation Document in accordance with Section 5.33.300.

**5.33.430 Addenda to Solicitation Document.**

(Amended by Ordinance Nos. 183445, 185898 and 189878, effective March 4, 2020.)

- A. Issuance; Receipt. A Solicitation Document may be changed only by a Written Addendum. An Offeror shall provide Written acknowledgment of receipt of all issued Addenda with its Offer, unless the City otherwise specifies in the Addenda or Solicitation Document. If an Offeror submits an Offer and the Solicitation Document states that the Offeror is bound by all Addenda published in accordance with these rules, then the Offeror shall be bound to the terms contained in all Addenda so issued.
- B. Notice and Distribution. The City shall notify prospective Offerors of Addenda consistent with the standards of Notice as defined in Section 5.33.010 and set forth in Section 5.33.300. The Solicitation Document shall specify how the City will provide notice of Addenda and how the City will make the Addenda available. For example, the City may state: "City will not mail notice of Addenda, but will publish

**TITLE 5  
REVENUE AND FINANCE**

notice of any Addenda on City's Web site. Addenda may be downloaded from the City's Web site. Offerors should frequently check the City's Web site until Closing, i.e., at least once weekly until the week of Closing and at least once daily during the week of the Closing."

**C. Timelines; Extensions.**

- 1.** The City shall issue Addenda within a reasonable time to allow prospective Offerors to consider the information contained in the Addenda in preparing their Offers. The City should extend the Closing if the Chief Procurement Officer determines prospective Offerors need additional time to review and respond to Addenda. Except to the extent that the Chief Procurement Officer determines that the public interest requires it, the City shall not issue an Addendum less than 3 Business Days before the Closing unless the Addendum also extends the Closing. For purposes of computing this time, the Addendum shall be deemed issued when it is first posted on the City's Electronic Procurement System or upon mailing, whichever is applicable. If both occur, the notification is complete when the first of these two events occur.
- 2.** Notwithstanding Subsection 5.33.430 C.1., an Addendum that modifies the evaluation criteria, selection process or procedure for any tier of competition under a multi-step sealed Bid or a multi-tiered or multi-step sealed Proposal issued in accordance with Sections 5.33.205 and 5.33.210 through 5.33.211 must be issued no fewer than five (5) Days before the beginning of that tier or step of competition, unless the City determines that a shorter period is sufficient to allow Offerors to prepare for that tier or step of competition. The City shall document the factors it considered in making that determination, which may include, without limitation, the Scope of the changes to the Solicitation Document, the location of the remaining eligible Proposers, or whether shortening the period between issuing an Addendum and the beginning of the next tier or step of competition favors or disfavors any particular Proposer or Proposers.

- D.** Request for Change or Protest. Unless a different deadline is set forth in the Addendum, an Offeror must submit a Written request for change or protest to the Addendum, as provided in Section 5.33.730, by the close of the City's next Business Day after issuance of the Addendum. The City shall consider only an Offeror's request for change or protest to the Addendum; the City shall not consider a request for change or protest to matters not added or modified by the Addendum. Notwithstanding any provision of this paragraph, the City is not required to provide a protest period for Addenda issued during a multi-tier or multi-step Procurement process conducted pursuant to Sections 5.33.200 or 5.33.210.

**5.33.440 Request for Clarification or Change.**

(Amended by Ordinance Nos. 183445, 185898 and 189878, effective March 4, 2020.)

- A.** Time for submission of request for change. Unless otherwise provided in the Solicitation Document, an Offeror shall deliver any request for change of the Solicitation Document, Specifications or Contract provisions to the City in Writing within seven (7) Days prior to Bid or Proposal Closing. Requests for change in regard to Addenda shall be submitted in accordance within the time permitted by Subsection 5.33.430 D.
- B.** Any request for change shall include a detailed statement of the legal and factual reasons for the request for change; any proposed changes to Specifications or Contract provisions; and a description of any prejudice to the Offeror; and, a statement of the form of relief requested. No request for change of the content of the Solicitation Document, Specifications or Contract provisions shall be considered after the deadline established for submitting such request. The City shall notify the Offeror if the City entirely rejects the request. If the City agrees with the request, in whole or in part, the City shall either issue an Addendum reflecting the change or cancel the Solicitation.
- C.** Extension of Closing date. If any request for change is timely received in accordance with these rules the Closing may be extended by the Chief Procurement Officer if it is determined that an extension is necessary to allow consideration of the request or issuance of any Addendum to the Solicitation Document.
- D.** Identification of request for change. Envelopes containing requests for change or protests of the Solicitation Document, Specifications or Contract provisions shall be marked with the following information:

  - 1.** Solicitation Specification or Contract Provision Request for Change; and
  - 2.** Solicitation Document Number or Other Identification.
- E.** A Proposer may request a change to add alternate terms and conditions for negotiation if the Solicitation Document permits negotiation. In this circumstance, the request for change procedure shall be governed by the Solicitation Document and Subsection 5.33.211 H.
- F.** Clarification. Prior to the deadline for submitting a request for change, an Offeror may request in Writing that the City clarify any provision of the Solicitation Document or Contract. The City's clarification, whether oral or in Writing, does not change the Solicitation Document or Contract and is not binding on the City unless the City amends the Solicitation Document by Written Addendum.

**TITLE 5  
REVENUE AND FINANCE**

**5.33.450 Offeror Submission.**

(Amended by Ordinance Nos. 183445 and 185898, effective February 20, 2013.)

The City will dispose of Product Samples, return, or make available for return, Product Samples to the Offeror in accordance with the Solicitation Document.
- B.** Identification of Offers.
  - 1.** To ensure proper identification and handling, Offers shall be submitted in a sealed envelope appropriately marked or in the envelope provided by the City, whichever is applicable. If the City permits Electronic Offers in the Solicitation Document, the Offeror may submit and identify Electronic Offers in accordance with the Solicitation Document.
  - 2.** The City is not responsible for Offers submitted in any manner, format or to any delivery point other than as required in the Solicitation Document.
  - 3.** Receipt of Offers. The Offeror is responsible for ensuring the City receives its Offer at Procurement Services prior to the stated Closing time for Offers, regardless of the method used to submit or transmit the Offer. Offers not so received are late as provided in Section 5.33.480 and shall be returned unopened. If a late Offer is opened inadvertently, the procedure provided by Section 5.33.480 shall apply except the submission shall be returned to the Offeror.

**5.33.460 Pre-Closing Modification or Withdrawal of Offers.**

(Amended by Ordinance Nos. 183445 and 185898, effective February 20, 2013.)

Unless otherwise provided in the Solicitation Document, any modifications shall be prepared on the Offeror's letterhead, signed by an Authorized Representative of the Offeror, state that the new document supersedes or modifies the prior Offer and be submitted in a sealed envelope, appropriately marked. The City may accept modifications Electronically only if it has authorized Electronic submittal of the Offer in the Solicitation document. 2. The Offeror or Authorized Representative of the Offeror may withdraw its Offer in person prior to the Closing, upon presentation of appropriate identification and satisfactory evidence of authority. Because of the chance for error or misidentification, the City reserves the right to reject a purported withdrawal if in the judgment of the City, sufficient identification is not provided.
3. The City may release an unopened Offer withdrawn under Subsection 5.33.460 B.1. to the Offeror or its Authorized Representative, after voiding any date and time stamp mark or otherwise by appropriately marking the envelope in which the Offer was received.
4. The Offeror shall mark the Written request to withdraw an Offer as follows:

- A. Receipt. Procurement Services shall Electronically or mechanically time-stamp or hand-mark each Offer and any modification upon receipt. The Offer or modification shall not be opened, but shall be stored in a secure place until Opening. If an Offer or modification is inadvertently opened prior to the Opening, the City shall reseal and store the opened Offer or modification for Opening. That action shall be documented and placed in the appropriate Solicitation file. (e.g. "City inadvertently opened the Offer due to improper identification of the Offer.")
- B. Opening and recording. Offers shall be opened publicly, including any modifications made to the Offer pursuant to Section 5.33.460.

**TITLE 5

  2. In the case of Requests for Proposals, the City will not read Proposals aloud, but will only disclose the name of each Proposer.

1. To the extent such designation is not in accordance with applicable law, the City shall make those portions available for public inspection. The Offeror shall separate information designated as confidential from other non-confidential information at the time of submitting its Offer.
  2. Prices, makes, model or catalog numbers of items offered, scheduled delivery dates, and terms of payment are not confidential, and shall be publicly available regardless of an Offeror's designation to the contrary. The Chief Procurement Officer may determine the appropriate charge to be paid for copies made pursuant to public records requests and may request payment for such copies before they are released.
  3. Notwithstanding anything contrary above, the City is not required to disclose the contents of Proposals until after the City posts a Notice of Intend to Award pursuant to Section 5.33.650.

**5.33.480 Late Offers, Late Withdrawals and Late Modifications.**

(Amended by Ordinance No. 183445, effective January 6, 2010.)

- A. Any Offer received after Closing is late. An Offeror's request for withdrawal or modification of an Offer received after Closing is late. The City shall not consider late Offers, withdrawals or modifications
- B. For manual submissions of Offers, Procurement Services' time clock shall be the clock of record and the date and time imprint of that clock on an Offer shall determine the timeliness of the submission. Late manual submissions shall be returned to the Offeror unopened with a copy of the envelope containing the Bureau's time stamp on the Offer retained for the Solicitation file
- C. For Electronic submissions, when permitted, the time shown by the City as to the date of arrival of the Electronic submission shall determine the timeliness of the submission. Late Electronic submissions shall be deleted from the City's files, returned Electronically to the Offeror and the time of the submission and the time of return shall be documented in the Solicitation file.

**TITLE 5  
REVENUE AND FINANCE**

- D.** For Facsimile submissions, when permitted, the time recorded at the top of the last page of the submission shall determine the timeliness of the submission. Late Facsimile transmissions shall be returned to the Offeror after keeping a copy of the last page of the transmission for the Solicitation file.
- E.** Failure to properly return or dispose of a late submission does not mean an Offer or submission arrived on time.

**5.33.490 Mistakes.**

- A.** General. To protect the integrity of the competitive Solicitation process and to assure fair treatment of Offerors, the City should carefully consider whether to permit a waiver, correction or withdrawal of an Offer for certain mistakes.
- B.** Treatment of Mistakes. Errors in judgment do not permit an Offeror to correct or withdraw an Offer. Mistakes that constitute a minor informality may be waived or corrected. Mistakes that constitute clerical errors may be corrected or withdrawn in the City's discretion pursuant to this rule.
- C.** City notification. If the City believes the Offer contains a mistake the City shall notify the Offeror, note the apparent mistake and request that the Offeror verify the Offer in writing, or by electronic transmission within one business day after notification.
- D.** Failure of Offeror to Respond. If the Offeror fails to respond within one business day after notification of the apparent mistake, the City shall consider the Offer as submitted unless the amount of the Offer is so far out of line with the amounts of other bids received, or with the amount estimated by the City, or there are other indications of error so clear, as to reasonably justify the conclusion or that acceptance of the Offer would be unfair to the Offeror or to other bona fide Offerors, in which case the City shall be entitled to reject the Offer. The City may extend the time for response for good cause shown.
- E.** Verification. If the Offeror verifies its Offer, the City must consider the Offer as originally submitted. However, in fairness to other Offerors, verification does not preclude the City from rejecting the Offer if it is clear that a mistake has been made and the City determines the intended Offer is not evident.
- F.** Minor Informality. If the Offeror verifies its Offer, and the City sees no reason for rejection, the City may waive or permit the Offeror to correct a mistake that constitutes a minor informality. A minor informality is a matter of form, rather than substance, that is evident on the face of the Offer and which can be corrected or waived without prejudice to the public or other Offerors. Examples of a minor informality include a failure to:

**TITLE 5  
REVENUE AND FINANCE**

1. Return the correct number of Signed Offers or the correct number of other documents required by the Solicitation Document;
  2. Sign the Offer in the designated block, provided, however, that a Signature appears elsewhere in the Offer that evidences the Offeror's intent to be bound; or
  3. Acknowledge receipt of an Addendum to the Solicitation Document, provided it is clear on the face of the Offer that the Offeror received the Addendum and intended to be bound by its terms.
- G.** Clerical Mistakes. If the Offeror does not verify its Offer, but contends a clerical mistake caused a different Offer than intended to be submitted, or verifies the Offer but contends a clerical mistake should be corrected within a portion of the Offer, the City may in its discretion permit correction if the conditions of this section are met.
1. Only clerical mistakes can be corrected. A clerical mistake is not a mistake of judgment. Examples of clerical mistakes include typographical mistakes, errors in extending unit prices, transposition errors, arithmetical errors, misplacement of a decimal point, and instances in which the intended correct price is evident by simple arithmetic calculations.
  2. If correction of the Offer would result in displacement of one or more lower Offers submitted by other Offerors, the correction is permitted if, and only if, both the existence of the mistake and the Offer actually intended are ascertainable from the Solicitation Document and the Offer itself.
  3. If correction of the Offer would not result in the displacement of one or more lower Offers submitted by other Offerors, correction may be permitted if the Offeror provides the City with clear and convincing supporting evidence of the mistake and intended Offer within two business days after the City's initial notification of the mistake. The City may extend the time for response for good cause shown.
    - a. Supporting evidence shall include all pertinent evidence, such as the Offeror's file copy of its Offer, the original worksheets and other data used in preparing the Offer, subcontractors' quotations, if any, and any other evidence that establishes the existence of a clerical mistake, the manner in which it occurred and the Offer actually intended.
    - b. The closer the corrected Offer is to the next lowest Offer the greater the need for the City to be sure that it has clear and convincing

evidence that permits a correction to ensure the integrity of the competitive process.

**5.33.495 Time for City Acceptance.**

(Amended by Ordinance No. 189878, effective March 4, 2020.)

- A. An Offeror's Offer is a Firm Offer, irrevocable, valid and binding on the Offeror for not less than 60 Days from Closing unless otherwise specified in the Solicitation Document. After 60 Days the Offer shall lapse unless extended. The extension may occur after the expiration of the 60-Day period.
- B. An Offer may be extended beyond 60 Days if the Offeror and the City so agree. If agreement is reached the time period for extension shall be reduced to Writing and the Offer will remain valid, irrevocable and binding on the Offeror for the agreed-upon extension period.

**5.33.500 Responsibility of Offerors.**

(Amended by Ordinance Nos. 183445, 185898, 187373 and 189878, effective March 4, 2020.)

- A. Contracts shall be Awarded only to Responsible Offerors. Pursuant to ORS 279B.110, the City shall consider whether the Offeror has:
  - 1. Available the appropriate financial, material, equipment, facility and personnel resources and expertise, necessary to indicate the capability of the prospective Offeror to meet all Contractual responsibilities;
  - 2. Has completed previous contracts of a similar nature with a satisfactory record of performance. A "satisfactory record of performance" means that to the extent the costs associated with and time available to perform a previous contract were within the Offer's control, the Offeror stayed within the time and budget allotted for the Procurement and otherwise performed the contract in a satisfactory manner. The City should carefully scrutinize an Offeror's records of contract performance if the Offeror is or recently has been materially deficient in contract performance. In reviewing the Offeror's performance, the City should determine whether the Offeror's deficient performance was expressly excused under the terms of the contract, or whether the Offeror took appropriate corrective action. The City may review the Offeror's performance on both private and public contracts in determining the Offeror's record of contract performance. The City shall document the record of performance of a prospective Offeror if the City finds the prospective Offeror non-Responsible under this Paragraph;

**TITLE 5  
REVENUE AND FINANCE**

- 3.** A satisfactory record of integrity. An Offeror may lack integrity if the City determines the Offeror demonstrates a lack of business ethics such as violation of state environmental laws or false certifications made to the City. The City may find an Offeror non-Responsible based on lack of integrity of any Person having influence or control over the Offeror (such as key employees of the Offeror has the authority to significantly influence the Offeror's performance of the Contractor or a parent company, predecessor or successor Person.) The standards for Debarment under ORS 279B.130 may be used to determine an Offeror's integrity. The City may find an Offeror non-Responsible based on previous convictions of offenses related to obtaining or attempting to obtain a contract or subcontract or in connection with the Offeror's performance of a contract or subcontract. The City shall document the record of integrity of a prospective Offeror if the City finds the prospective Offeror non-Responsible under this Paragraph;
  - 4.** Qualified legally to Contract with the City. Procurement Services may determine that such an Offeror is not legally qualified if:

    - a.** The Offeror does not have a business tax registration account with the City; or
    - b.** The Offeror failed to make payments required by Title 7 of the City Code and has failed to make appropriate payment arrangements with the Revenue Division of the Bureau of Revenue and Financial Services within seven (7) Days of the receipt of a Bid or Proposal, unless the City waives that requirement and decides to pursue collection through retention of Contract funds, or through other means; or
    - c.** The Offeror failed to submit a signed affidavit that attests, under penalty of perjury, that the Offeror has complied with the tax laws of the State of Oregon and the City of Portland.
  - 5.** Supplied all necessary information in connection with the inquiry concerning responsibility. If a prospective Offeror fails to promptly supply information requested by the City concerning responsibility, the City shall base the determination of responsibility upon any available information or may find the prospective Offeror non-Responsible;
  - 6.** Not been debarred by the City under ORS 279B.130, Sections 5.33.530 or 5.33.540.
- B.** In the event the City determines an Offeror is not Responsible it shall prepare a Written determination of non-responsibility as required by ORS 279B.110.

- C. Form of Business Entity. For purposes of this rule, the city may investigate any Person submitting an Offer. The investigation may include that Person's officers, directors, owners, affiliates, or any other Person acquiring ownership of the Person to determine application of this rule or to apply the Debarment provisions of ORS 279B.130.

**5.33.505 Qualified Products Lists.**

(Amended by Ordinance Nos. 183445 and 185898, effective February 20, 2013.)

- A. City Bureaus may develop and maintain a qualified products list when it is necessary or desirable to test or examine goods before initiating a Procurement. "Goods" includes products that have associated or incidental service components, such as supplier warranty obligations or maintenance service programs.
- B. When any Bureau begins the initial development of a qualified products list, the Chief Procurement Officer shall give public notice in accordance with Section 5.33.300 of the opportunity for potential Contractors, sellers or suppliers to submit goods for testing and examination to determine their acceptability for inclusion on the list.
  - 1. The Chief Procurement Officer may also solicit in Writing representative groups of potential Contractors, sellers or suppliers to submit goods for the testing and examination.
  - 2. Any potential Contractor, seller, or supplier, even though not solicited, may offer its goods for consideration.
- C. The determination of whether a particular good satisfies the Bureau's needs is entirely within the Bureau's sole discretion.

**5.33.510 Prequalification of Prospective Offerors; Pre-Negotiation of Contract Terms and Conditions.**

(Amended by Ordinance Nos. 183445 and 185898, effective February 20, 2013.)

- A. The City may Prequalify prospective Offerors as follows:
  - 1. The Chief Procurement Officer shall determine the types of forms, the method of submitting applications and the information required to be a prequalified Offeror for Goods or Services.
  - 2. Prospective Offerors shall submit the application on the form required by the Chief Procurement Officer.
  - 3. Upon receipt of the application, the City shall investigate the prospective Offeror as necessary to determine whether the Prequalification should be granted.

**TITLE 5  
REVENUE AND FINANCE**

4. If an early Prequalification decision is requested, the City shall make that decision in less than 30 Days, if practicable.
  5. The Chief Procurement Officer shall notify prospective Offerors whether or not they have been prequalified. If a prospective Offeror is not prequalified, the Chief Procurement Officer shall specify which of the standards of responsibility listed in Section 5.33.500 the prospective Offeror failed to meet.
- B.** If the City determines that a prequalified Offeror is no longer qualified the Chief Procurement Officer may revoke or revise the Prequalification upon reasonable notice, except that a revocation or revision is invalid as to any Contract for which an advertisement for Bids or Proposals has already been issued.
- C.** Notwithstanding the prohibition against revocation of Prequalification generally in ORS 279B.120(3), the City may determine that a prequalified Offeror is not Responsible for any given Contract prior to Contract Award.
- D.** The City may pre-negotiate some of all Contract terms and conditions including prospective Proposer Contract forms such as license agreements, maintenance and support agreements, or similar documents for use in future Procurements. Such pre-negotiation of Contract terms and conditions (including prospective Proposer forms) may be part of the prequalification process of a Proposer in Subsection A. or the pre-negotiation may be a separate process and not part of a prequalification process. Unless required as part of the prequalification process, the failure of the City and the prospective Proposer to reach agreement on pre-negotiated Contract terms and conditions does not prohibit the prospective Proposer from responding to Procurements. The City may agree to different pre-negotiated Contract terms and conditions with different prospective Proposers. When the City has pre-negotiated different terms and conditions with Proposers or when permitted, Proposers offer different terms and conditions, the City may consider the terms and conditions in the Proposal evaluation process.

**5.33.530 Debarment of Prospective Offerors.**

(Amended by Ordinance Nos. 181547 and 185898, effective February 20, 2013.)

- A.** The City may Debar prospective Offerors pursuant to ORS 279B.130 and this rule.
- B.** The City may debar a prospective Offeror from consideration for City Contracts for a period up to three (3) years if:
  1. The Offeror has been convicted of a criminal offense as an incident in obtaining or attempting to obtain a public or private Contract or Subcontract or in the performance of such Contractor or Subcontract;

**TITLE 5  
REVENUE AND FINANCE**

2. The Offeror has been convicted under state or federal statutes of embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property or any other offense indicating a lack of business integrity or business honesty that currently, seriously and directly affects the Offeror's responsibility as a Contractor;
  3. The Offeror has been convicted under state or federal antitrust statutes;
  4. The Offeror has committed a violation of a Contract provision that is regarded by the City or the Construction Contractors Board to be so serious to justify disqualification. A violation may include, but is not limited to, a failure to perform the terms of a Contract or an unsatisfactory performance in accordance with the terms of the Contract. However, a failure to perform or an unsatisfactory performance caused by acts beyond the control of the Contractor may not be considered to be a basis for debarment; or
  5. The Offeror does not carry workers' compensation or unemployment insurance as required by Oregon Law.
- C. The City may debar a prospective Offeror as follows:
1. Issue a Written decision that states the reasons for the action taken and informs the Offeror of the appeal rights under ORS 279B.435 and Section 5.33.760; and
  2. Mail or immediately furnish a copy of the decision to the debarred Offeror.
- D. Notwithstanding the limitation on the term for Debarment in ORS 279B.130(1)(b) and this rule, the City may determine that a previously Debarred Bidder or Proposer is not Responsible for a given Contract prior to Contract Award.
- E. Imputed Knowledge. The City may attribute improper conduct of a Person or its affiliate having a Contract with a prospective Offeror to the prospective Offeror for purposes of debarment where the impropriety occurred in connection with the Person's duty for or on behalf of, or with the knowledge, approval, or acquiescence of, the prospective Offeror.
- F. Limited participation. The City may allow a Debarred Person to participate in solicitations and Contracts on limited basis during the Debarment period upon Written determination that participation is Advantageous to the City. The determination shall specify the factors on which it is based and define the extent of the limits imposed.

  5. Knowingly making a false claim that any person is qualified for certification or is certified under ORS 200.055 (Certification of COBID Certified Firm) for the purpose of gaining a contract or subcontract or other benefit.
- D.** When the City investigates a complaint that a person has violated ORS 200.065, the City may require any additional information, and through the City Attorney's Office, administer oaths, take depositions and issue subpoenas to compel witnesses to attend and to produce books, papers, records, memoranda or other information necessary for the City to complete its investigation. If a person fails to comply with any subpoena that the City issues under its investigation. If a person fails to comply

**TITLE 5

with any subpoena that the City issues under ORS 200.065 or refuses to testify on any matter on which a person may lawfully be interrogated, the City shall follow the procedure provided in ORS 183.440 to compel compliance.

- E.** The City may issue the following sanctions against any person for violating ORS 200.065:
1. Withholding payment;

  2. Exercising or permitting another bidder, proposer, contractor or subcontractor to exercise management and decision making control over the internal operations of a COBID Certified Firm other than the bidder's, proposer's, contractor's or subcontractor's own business enterprise. As used in this paragraph, "internal operations" does not include normal scheduling, coordination, execution or performance as a subcontractor on a public contract.

**TITLE 5  
REVENUE AND FINANCE**

3. Using a disadvantaged, minority, woman, service-disabled veteran, or emerging small business enterprise to perform a public contract or subcontract or to supply material under a public contract to meet an established goal or requirement if the COBID Certified Firm does not perform a Commercially Useful Function in carrying out its responsibilities and obligations under the public contract.
  4. Failing to perform a Commercially Useful Function in performing a public contract or subcontract or in supplying material to a contractor or subcontractor that is performing a public contract if the bidder, proposer, contractor or subcontractor is presented as a COBID Certified Firm to meet an established goal or requirement.
- H.** The suspension shall be one year for a first violation, 3 years for a second violation and 5 years for a third violation. Each violation must remain on record for 5 years. After 5 years the City may not consider the violation in reviewing future violations.
- I.** Prior to suspending, disqualifying or otherwise sanctioning a person under Section 5.33.540, the City shall provide written notice to the person of a proposed sanction under ORS 200.065 or ORS 200.075, served personally or by registered or certified mail, return receipt requested. - J.** The hearing shall be conducted in accordance with Chapter 22.10 and any administrative rules governing appeals to the Code Hearings Officer.

**5.33.610 Offer Evaluation and Award.**

(Amended by Ordinance Nos. 183445 and 185898, effective February 20, 2013.)

- A.** General. If a Contract is Awarded, the City shall Award the Contract to the Responsible Offeror submitting the lowest, Responsive Bid. The City may Award by item, groups of items or the entire Offer provided such Award is consistent with the Solicitation Document and in the public interest.
- B.** Multiple Items. An Invitation to Bid or Request for Proposal may call for pricing of multiple items of similar or related type with Award based on individual line item, group total of certain items, a “market basket” of items representative of the total requirement, or grand total of all items.

**TITLE 5**  
**REVENUE AND FINANCE**

- C.** All or none Offers. All or none Bids or Proposals may be accepted if the evaluation shows an all or none Award to be the lowest cost of those submitted.
- D.** Clarification of Offers. After Opening, discussions may be conducted with apparent Responsive Offerors for the purpose of clarification to assure full understanding of the Offer. All Offers, in the City's sole judgment, needing clarification shall be accorded such an opportunity. Clarification of any Offer must be documented in Writing by City and shall be included in the file.
- E.** Multiple Awards - Bids. If a Solicitation permits the Award of multiple Contracts, the City shall specify the criteria it shall use to choose from the multiple Contracts when purchasing Goods and Services. The criteria shall require the City to purchase the lowest priced goods or services available from the multiple Contracts. Multiple Awards shall not be made if a single Award will meet the City's needs without sacrifice of economy or service. A multiple Award may be made if Award to two or more Offerors of similar products is necessary for adequate availability, delivery, and service or product compatibility. Awards may not be made for the purpose of dividing the Solicitation, or to allow for user preference unrelated to utility or economy. A notice to potential Offeror that multiple Contracts may be Awarded for any Solicitation shall not preclude the Award of a single Contract for such Solicitation.
- F.** Multiple Awards – Proposals. If a Solicitation permits the Award of multiple Contracts, the City shall specify the criteria it shall use to choose from the multiple Contracts when purchasing Goods and Services. The criteria shall require the City to procure the goods or services that are most Advantageous to the City available from the multiple Contracts. Multiple Awards shall not be made if a single Award will meet the City's needs without sacrifice of economy or service. A multiple Award may be made if Award to two or more Offerors of similar Goods or Services is necessary for adequate availability, delivery, and service or product compatibility. Multiple Awards may not be made for the purpose of dividing the Solicitation, or to allow for user preference unrelated to obtaining the most Advantageous Contract. A notice to potential Offeror that multiple Contracts may be Awarded for any Solicitation shall not preclude the Award of a single Contract for such Solicitation.
- G.** Partial Awards. If after evaluation of competitive Offers, the City finds that a qualified Offer has been received for only parts of the requirements of the Solicitation:
- 1.** A Contract may be Awarded for the parts of the Solicitation for which qualified Offers have been received.

**TITLE 5  
REVENUE AND FINANCE**

2. All Offers may be rejected and a new Invitation to Bid or Request for Proposals on the same or revised terms, conditions and Specifications may be issued.
- H.** City Evaluation. The City shall evaluate an Offer only as set forth in the Solicitation Document and in accordance with applicable law. The City shall not evaluate an Offer using any other requirement or criterion.
- I.** Evaluation of Bids. The City shall evaluate Bids as set forth in ORS 279B.055(6)(a).
1. In evaluating Bids, the City shall apply the Contract preferences set forth in Sections 5.33.625 through 5.33.635.
  2. Low, Tied Offers. Low, tied Offers shall be resolved pursuant to Section 5.33.625.
- J.** Evaluation of Proposals. The City shall evaluate Proposals as set forth in 279B.060(6) and Section 5.33.210 and in the event of low, tied Proposals, in accordance with Section 5.33.625.
- K.** Recycled Materials. In determining the most Advantageous Responsive Proposal the City shall give preference for recycled materials as set forth in ORS 279A.125 and Section 5.33.635.

**5.33.620 Negotiation With Offerors Prohibited.**

The City shall not negotiate with any Offeror in regard to the acquisition of Goods and Services if the Procurement was pursuant to an Invitation to Bid. This rule does not prevent the City from seeking a clarification of an Offer, provided the clarification does not change the Offer. This rule does not prohibit negotiation with a Proposer in response to a Request for Proposals provided the requirements of these rules have been met.

**5.33.625 Contract Preferences.**

(Amended by Ordinance Nos. 185065 and 185898, effective February 20, 2013.)

- A.** Award When Offers Identical. Under ORS 279A.120, when the City receives Offers identical in price, fitness, availability and quality, and chooses to Award a Contract, the City shall Award the Contract based on the following order of precedence:
1. The City shall Award the Contract to the Offeror among those submitting identical Offers who is offering Goods or Services, or both, are manufactured, produced or to be performed in Oregon.
  2. If two or more Offerors submit identical Offers, and they all offer Goods or Services, or both, manufactured or produced in Oregon, the City shall

**TITLE 5  
REVENUE AND FINANCE**

Award the Contract by drawing lots among the identical Offers offering Goods or Services that are manufactured, produced or to be performed in Oregon. The City shall provide to the Offerors who submitted the identical Offers notice of the date, time and location of the drawing of lots and an opportunity for those Offerors to be present when the lots are drawn.

3. If the City receives identical Offers, and none of the identical Offers offer Goods or Services, or both, that are manufactured, produced or to be performed in Oregon, then the City shall Award the Contract by drawing lots among the identical Offerors. The City shall provide to the Offerors that submitted the identical Offers notice of the date, time and location of the drawing of lots and an opportunity to be present when the lots are drawn.

**B.** Determining if Offers are Identical. The City shall consider Offers identical in price, fitness, availability and quality as follows:

1. Bids received in response to an Invitation to Bid issued under Section 5.33.200 or ORS 279C.335 are identical in price, fitness, availability and quality if the Bids are Responsive, and offer the Goods or Services described in the Invitation to Bid at the same price.
2. Proposals received in response to a Request for Proposals issued under Section 5.33.210, are identical in price, fitness, availability and quality if they are Responsive and achieve equal scores when scored in accordance with the evaluation criteria set forth in the Request for Proposals.
3. Proposals received in response to a Special Procurement conducted pursuant to Section 5.33.220 are identical in price, fitness, availability and quality if, after completing the Contracting procedure approved by the City if the City determines, in Writing, that two or more Proposals are equally Advantageous to the City.
4. Offers received in response to an intermediate Procurement conducted pursuant to ORS 279B.070 are identical if the Offers equally best serve the interests of the City in accordance with ORS 279B.070(4).

**C.** Determining if Goods or Services are Manufactured or Produced in Oregon. In applying Subsection 5.33.625 A., the City shall determine whether a Contract is predominantly for Goods or Services are manufactured, produced or performed in Oregon. The City may request in a Solicitation Document, following Closing, or at any other time determined appropriate by the City, any information the City may need to determine if the Goods or Services are manufactured or produced in Oregon. The City may use any reasonable criteria to determine if Goods or Services are manufactured or produced in Oregon, provided that the criteria reasonably

**TITLE 5  
REVENUE AND FINANCE**

relate to that determination, and provided that the same criteria apply equally to each Offeror.

- D.** Procedure for Drawing Lots. When this Rule calls for the drawing of lots, the City shall draw lots by a procedure that affords each Offeror subject to the drawing a substantially equal probability of selection, and that does not allow the person making the selection the opportunity to manipulate the drawing of lots to increase the probability of selecting one Offeror over another.
- E.** Discretionary Preference and Award. Under ORS 279A.128, the City may provide, in a Solicitation Document for Goods or Services, a specified percentage preference of not more than ten percent for Goods fabricated or processed entirely in Oregon or Services performed entirely in Oregon. When the City provides for a preference under this Section, and more than one Offeror qualifies for the preference, the City may give a further preference to a qualifying Offeror that resides in or is headquartered in Oregon. The City may establish a preference percentage higher than ten percent if the Chief Procurement Officer makes a written determination that good cause exists to establish the higher percentage and explains the City's reasons and evidence of good cause. The City may not apply the preferences described in this Paragraph in a Procurement for emergency work, minor alterations, ordinary repairs or maintenance of public improvements, or construction work that is described in ORS 279C.320.

**5.33.630 Reciprocal Preferences.**

(Amended by Ordinance Nos. 181547 and 185898, effective February 20, 2013.)

**5.33.950 Unsolicited Proposal Policy.**

(Added by Ordinance No. 189878, effective March 4, 2020.)

- A.** Public-private partnerships create opportunities for both the public and private sectors. Recognizing that the structure of these partnerships will be dependent upon the scope and the opportunities that the partnership offers, the involved parties play varying roles and assume varying degrees of responsibility in achieving the intended outcome of any partnership.

The intent of this Policy is to provide a mechanism for the private sector to initiate partnerships with the City outside of the typical procurement process, which requires the City to first issue a solicitation before it can consider proposals or Offers from the private sector for products and/or services. When public-private partnerships are properly conceived and implemented, including having the support of the community and local jurisdictions, they can offer significant advantages to both the public and private sectors.

The City believes that this policy will facilitate more public-private partnerships with the following characteristics:

1. Leveraging the expertise and resources of the private sector and allowing firms to submit innovative, creative and proprietary approaches, plans, processes, procedures, and solutions that have commercial value to the City to assist in delivering products and/or services to the residents of the City of Portland that cannot be achieved through normal methods of procurement or financing;
2. Encouraging and promoting business and employment opportunities with the City of Portland

**B.** Definition of an Unsolicited Proposal

An unsolicited proposal should be distinguished from the following:

1. Advertising Material – Material designed to acquaint the City with a prospective Offeror’s current off-the-shelf products and/or services or potential capabilities;
2. Commercial Product Offerings – Offers of standard commercial products or services usually sold in substantial quantities to government agencies or the general public which the Offeror desires the City to procure as an alternative or replacement for existing products or services;

**TITLE 5  
REVENUE AND FINANCE**

3. Contributions – Concepts, suggestions or mere ideas presented to the City for its use, with no indication on the part of the Offeror that it will continue with its efforts with regard to such concepts, suggestions or ideas on behalf of the City; and
4. Technical Correspondence – Written inquiries regarding the City’s interest in research areas, pre-proposal explorations and technical inquiries.

**C. Content of Unsolicited Proposals**

Unsolicited proposals should contain the following information in order to permit consideration in an objective and timely manner:

1. Basic information – this shall include the name and address of the Offeror; type of organization e.g. for profit, nonprofit, educational, small business, etc...; names and telephone number of the Offeror’s technical and business personnel whom the City may contact for evaluation or negotiation purposes; identification of any proprietary data which the Offeror intends to be used by the City only for evaluation purposes; names of any other Federal, State or Local agencies or other parties receiving the proposal and/or funding the proposed effort or activity; date of submission; and signature of a responsible official or representative of the organization.
2. Technical information – this includes a concise title and an abstract of the proposed products and/or services; a reasonably complete discussion stating the objectives of the effort or activity; the method of approach and extent of effort to be employed, the nature and extent of the anticipated results; the manner in which the effort or activity will help support the accomplishment of the services the City provides to the residents of the City of Portland; the names and brief biographical information of the Offeror’s key personnel who would be involved; and the type of support or effort, if any, that the City would be expected to provide or perform.
3. Supporting information – this includes a proposed price or total estimated cost; a cost estimate for the proposed effort or activity sufficiently detailed by elements of cost for meaningful evaluation; the type of contract preferred; the period of time for which the proposal is valid; the proposed duration of effort; statements, if applicable, regarding cost sharing and the level of investment to be made by the Offeror; organizational conflicts of interest; environmental impacts; and brief descriptions of the organization, previous work or experience in the field of the proposal and facilities to be utilized for the work, where appropriate for understanding the unsolicited proposal.

**D. Advance Guidance**

**TITLE 5  
REVENUE AND FINANCE**

Organizations or individuals interested in submitting an unsolicited proposal are encouraged to first contact the City to make preliminary inquiries as to the general need for the products and/or services contemplated. Prior contact with City personnel is permissible and should be encouraged with the limited objective of conveying to the prospective Offeror an understanding of the City's needs relative to the product or service contemplated by the prospective Offeror. Contact shall be conducted in a manner that

1. precludes a bureau commitment regarding acceptance of an unsolicited proposal;
2. avoids providing the prospective Offeror a competitive advantage for any planned competitive solicitation.

**E. Process and Evaluation Description**

The City will follow a three step evaluation process in determining whether to accept an unsolicited proposal. A favorable comprehensive evaluation will not, in itself, result in the awarding of a contract to the Offeror. The three step process shall be as follows:

1. Step One – Initial Evaluation
  - a. A prospective Offeror shall submit its unsolicited proposal to Procurement Services at the following address:
    - (1) City of Portland
    - (2) Procurement Services Division
    - (3) Attn: Chief Procurement Officer
    - (4) Unsolicited proposals shall be submitted well in advance of the Offeror's desired beginning of the proposed effort or activity in order to allow the City sufficient time to evaluate the proposal and negotiate a contract if the unsolicited proposal is accepted by the City.
  - b. An initial evaluation shall be conducted by the appropriate City staff to determine that the proposal contains sufficient technical and cost information to permit a meaningful evaluation and that it was submitted by a responsible official or authorized representative of the organization submitting the proposal or a person who is authorized to contractually obligate the organization.

**TITLE 5  
REVENUE AND FINANCE**

- c. In evaluating an unsolicited proposal, the following criteria will be considered in addition to other criteria relevant to the offer:
  - (1) Unique, innovative, or meritorious methods, approaches, ideas or solutions that have originated with or have been assembled together by the Offeror that are contained in the unsolicited proposal.
  - (2) Overall merits of the proposed products and/or services.
  - (3) Potential contribution that the proposed effort or activity is expected to achieve for the City, if pursued.
  - (4) Capabilities related to experience, facilities, techniques or unique combinations thereof, which the Offeror possesses and offers, and which are considered integral factors for achieving the objective(s) of the unsolicited proposal.
  - (5) Qualifications, capabilities and experiences of the proposed principal, team leader or key personnel who are considered to be critical in achieving the objectives of the unsolicited proposal.
  - (6) The financial benefit to the City in implementing the unsolicited proposal.
- d. Upon completion of the initial evaluation, City staff performing the evaluation shall prepare a memo setting forth the evaluation results and submit to the Chief Procurement Officer. The memo shall also recommend further action, if any.
- e. The City is not required to conduct a secondary evaluation if, upon application of the above described criteria, the proposal is deemed not to be within the purview of the City's interests. In such cases, the Offeror shall be furnished a reply stating how the document is being interpreted by the City and the reasons for not continuing with subsequent evaluation.

**2. Step Two – Secondary Evaluation and Publication**

- a. Prior to performing a secondary evaluation or negotiation regarding an unsolicited proposal, the City will publicize its, "Intent to Negotiate a Contract Offered by an Unsolicited Proposal" for a period of 30 days. The purpose of such publication is to ascertain whether other parties have a desire and the ability to offer products

- b.** The City reserves the right to require the submission of supplemental material or information that will assist the City in negotiating a final contract and in determining that the Offeror has the technical capability and financial resources to perform the contract as contemplated.
- c.** An unsolicited proposal that results in a recommendation of the City that a contract be awarded is subject to all other applicable contract award and approval requirements.

**F. Use of Information**

All unsolicited proposals submitted to the City are subject to the applicable public records laws. Offerors are advised to familiarize themselves with the provisions of these laws. The Contractor certifies in Writing to the City that a substantial number of the Subcontractor's employees or Subcontractors that will manufacture the Goods or complete the Services under the Contract reside in an area designated as economically distressed by the OECDD pursuant to administrative rules adopted by OECDD. For the purposes of making the foregoing determination, the City shall determine in each particular instance what proportion of a Contractor's Subcontractor's employees or Subcontractors constitute a substantial number.
  3. The City shall include in each Solicitation Document a requirement that Offerors certify in their Offers in a form prescribed by the City, that the Offeror has not and will not discriminate against a Subcontractor in the Awarding of a Subcontract because the Subcontractor is a COBID Certified Firm under ORS 200.055.

(Amended by Ordinance Nos. 185898 and 187373, effective October 14, 2015.) Such different methods are called methods of "source selection." Source selection methods for Public Improvements include:

- A. Emergency Procurements;
- B. Substitution of Contractors by a Surety;
- C. Joint Cooperative Procurements;
- D. Competitive Quotations;
- E. Competitive Bidding; and

- F. Alternative Contracting Methods found in Section 5.34.800 et seq. Class exemptions are located in Subsection 5.34.830 H. while individual Contracts must be authorized by the City Council by ordinance.

**5.34.110 Emergency Contracts; Bidding and Bonding Exemptions.**

(Amended by Ordinance Nos. 181547, 183445, 184403 and 189878, effective March 4, 2020.)

- A. The City may Award a Contract as an Emergency Procurement without the use of competitive sealed Bidding or competitive sealed Proposals as authorized by ORS 279B.080 and Chapter 5.33 of this Code. Emergency Procurement Contracts pursuant to a Proclamation of a State of Emergency or Disaster, however, are governed by Section 5.33.135.
- B. The Council or person authorizing the Emergency Procurement Contract shall document the nature of the Emergency and describe the method used for the selection of the particular Contractor. The City shall encourage competition for Emergency Procurement Contracts to the extent reasonable under the circumstances.
- C. The Chief Procurement Officer may award, execute, amend, and terminate an Emergency Procurement Contract if the original value of the Emergency Procurement Contract is \$500,000 or less with authorization from the Commissioner-in-Charge of the City Office, Bureau or Department.
- D. If the Chief Procurement Office or person to whom the powers of the Chief Procurement Officer have been delegated is unable to perform the duties of the Chief Procurement Officer position, the director of a City Office, Bureau or Department may award, execute, amend, and terminate an Emergency Procurement Contract if the original value of the Emergency Procurement Contract is \$500,000 or less with authorization from the Commissioner-in-Charge of the City Office, Bureau or Department.

The City shall not be liable for Contractor's anticipated lost profits or consequential damages as a result of the termination.
- H.** Pursuant to ORS 279C.380(4) and this rule, the Emergency Procurement Contract may also state that the City waives the requirement of furnishing a performance bond and payment bond for the Emergency Procurement Contract. Waiving those bonding requirements does not affect the separate Public Works bond requirement for the benefit of the Bureau of Labor and Industries (BOLI) in enforcing prevailing wage rate and overtime payment requirements. In addition, nothing herein shall prevent the Chief Procurement Officer or City Council from subsequently requesting such bonds from the Contractor after work begins.

**5.34.120 Selection of Substitute Contractor.**

If a Contractor provided a performance bond, the City may afford the Contractor's surety the opportunity to provide a substitute Contractor to complete performance of the Contract. A substitute Contractor shall perform all remaining Contract Work and comply with all terms and conditions of the Contract, including the provisions of the performance bond and the payment bond. Such substitute performance does not involve the Award of a new Contract and shall not be subject to the Competitive Procurement provisions of ORS Chapter 279C or these rules.

**5.34.130 Joint Cooperative Purchasing.**

(Amended by Ordinance No. 185898, effective February 20, 2013.)

- A.** The City may participate in, sponsor, conduct or administer Joint Cooperative Procurements for the acquisition of Public Improvements, provided that the Administering Contracting Agency's Solicitation and Award process for the original Contract was an open and impartial Competitive process that used source selection methods substantially equivalent to those found in Chapter 5.34.
- B.** A Solicitation and Award process uses source selection methods substantially equivalent to those identified in ORS 279C and Chapter 5.34 if the Solicitation and Award process:

**TITLE 5  
REVENUE AND FINANCE**

Calls for Award of a Contract on the basis of a lowest Responsible Bidder or a lowest and best Bidder determination in the case of Competitive Bids, or on the basis of a determination of the Proposer whose Proposal is most Advantageous based on evaluation factors set forth in the Request for Proposals in the case of Competitive Proposals when permitted by an exemption established by the City Council;
  2. Does not permit the application of any geographic preference that is more favorable to Bidders or Proposers who reside in the jurisdiction or locality favored by the preference than the preferences provided in ORS 279A.120(2); and
  3. Uses reasonably clear and precise Specifications that promote suitability for the purposes intended and that reasonably encourage competition.

- D.** Protests. Protests regarding the use of all types of cooperative Procurements shall be governed by the applicable provisions of Section 5.34.700 et seq.

**5.34.140 General Rules for Joint Cooperative Procurements; Fees.**

(Amended by Ordinance No. 183445, effective January 6, 2010.)

- A.** If the City is the Administering Contracting Agency, then:
1. It may charge a fair and reasonable fee to Purchasing Contract Agencies that represent the excess costs of administering the Contract in light of the Purchasing Contracting Agencies use of that Contract; and
  2. Determine whether the Purchasing Contract Agency must enter into a Written agreement with it.
- B.** If the City is a Purchasing Contracting Agency it is authorized to pay a fee to the Administering Contracting Agency that the Chief Procurement Officer determines is fair and reasonable in light of all the circumstances surrounding the Procurement, including the savings that may be obtained if a cooperative Procurement is used, the cost of the Procurement in relationship to the fee, and other factors as may be considered. If a fee is paid, it will be borne by the Bureau or portion of the City on whose behalf the Procurement is being made.

  2. Placing Notice on the Oregon Department of Administrative Services’ Electronic Procurement System known as “ORPIN”(Oregon Procurement Information Network) or a successor electronic System; or
  3. Placing Notice on the City’s Electronic Procurement System.
- B.** Pursuant to ORS 279C.360 and this rule, the City shall advertise every Solicitation for competitive bids or competitive proposals for a Public Improvement Contract, unless the City Council has exempted the Solicitation from the advertisement requirement as part of a competitive bidding exemption under ORS 279C.335 and Section 5.34.820.
1. Unless the City publishes by Electronic Advertisement as permitted by Subsection 5.34.310 B.2., the City shall publish the advertisement for Offers at least once in at least one newspaper of general circulation in the area where the Contract is to be performed and in as many additional issues and publications as the City may determine to be necessary or desirable to foster and promote competition.
  2. The City Council finds that publishing Notice Electronically is likely to be cost effective. The City may publish by Electronic Advertisement if:
    - a. The City has published a Notice that it may publish future advertisements for Offers by Electronic Advertisement. The City shall publish such Notice weekly, for no less than four (4) consecutive weeks. The City shall take reasonable measure to ensure that no Person who prepares or assists in the preparation of Solicitation Documents, Specifications, plans or Scope of Work (collectively, “documents”), and that no business with which the Person is associated realizes a material competitive advantage that arises from the City’s use of those documents.
- C.** A “brand name or equal” Specification may be used when it is Advantageous to the City, because the brand name describes the standard of quality, performance, functionality and other characteristics of the product needed by the City. The City’s determination of what constitutes a product that is equal or superior to the product specified is final. Unless otherwise specified, the use of a brand name shall mean “brand name or equal”.
- D.** A “brand name” Specification may be used requiring a Contractor to provide a specific brand when the Chief Procurement Officer, or designee, makes the following findings:

  - 1.** The use of a brand name Specification is unlikely to encourage favoritism in the Awarding of a Public Contract or substantially diminish competition for Public Contracts: or
  - 2.** The use of a brand name Specification would result in a substantial cost savings to the City; or
  - 3.** There is only one manufacturer or seller of the product of the quality, performance or functionality required; or
  - 4.** Efficient utilization of existing equipment, or supplies requires the acquisition of compatible equipment or supplies
- E.** The City's use of a brand name specification is subject to protest and review only as provided in Section 5.34.720.

**TITLE 5  
REVENUE AND FINANCE**

- B.** The City may post a notice of Intent to Award a Contract Electronically at least seven (7) Days before the Award of a Public Contract.

  4. Availability, reliability, speed, and capacity of the receiving Electronic equipment;
  5. Adequacy of administrative procedures and controls for receiving, identifying, recording, and safeguarding Electronic Bids or Proposals, and ensuring their timely delivery to the Bid or Proposal Opening location; and,
  6. The means and method for sealing or securing the transmitted documents to preserve the sealed requirement of competitive Procurement.
- D.** Security. If Bid or Proposal Security is required, Electronic submission shall not be authorized unless the City has provided another method for receipt of the security.
- E.** Authorization; Contents of Solicitation Document. Bids or Proposals may be submitted Electronically only if specifically authorized by the Solicitation Document. If Electronic transmission is authorized, the City shall include provisions substantially similar to the following in the City's Solicitation Document:

4. Signatures. Electronic Bids or Proposals shall contain the required signatures.
5. Request for Original. The City reserves the right to Award the Contract solely on the Electronic Bid or Proposal. However, if requested to do so by the City, the apparently successful Bidder or Proposer agrees to promptly submit the complete original signed Bid or Proposal.
6. Transmission Information. Data and compatibility characteristics.
7. Non-Responsibility for Transmission Failure. If the Bidder or Proposer chooses to transmit an Electronic Bid or Proposal, the City shall not be responsible for any failure attributable to the transmission or receipt of the Electronic Bid or Proposal regardless of cause.

**5.34.410 Bid or Proposal Security.**

(Amended by Ordinance Nos. 181547, 183445, 185898 and 187373, effective October 14, 2015.)

- A. **Security Amount.** If The City requires Bid or Proposal Security, it shall be not more than 10 percent of the Offeror's Bid or Proposal. The City shall not use Bid or Proposal Security to discourage competition. The City shall clearly state any Bid or Proposal Security requirements in its Solicitation Document. The Offeror shall forfeit Bid or Proposal Security after Award if the Offeror fails to execute the Contract and promptly return it with any required Performance Bond, Payment Bond and any required proof of insurance. See ORS 279C.365(5) and ORS 279C.385. See also, Section 5.34.915 and BOLI rules regarding the separate requirement for a Public Works Bond.
- B. **Requirement for Bid Security (Optional for Proposals).** Unless The City Council has exempted a Solicitation, or class of Solicitations, from Bid security pursuant to ORS 279C.390, the City shall require Bid security for its Solicitation of Bids for Public Improvements. This requirement applies only to Public Improvement Contracts with a value, estimated by the City, of more than \$150,000. The Chief Procurement Officer nonetheless may require Bid security from any Offeror, or for any project, even if the City Council has exempted a class of Solicitations from Bid security if the Chief Procurement Officer believes it necessary to secure payment and performance. The Chief Procurement Officer may require Proposal Security in RFPs. (see ORS 279C.400(5)).
- C. **Form of Bid or Proposal Security.** The City may accept only the following forms of Bid or Proposal Security:

**TITLE 5

The surety company's seal shall be affixed to the bond and a Power of Attorney for the Attorney in Fact shall be submitted. The City Attorney has the authority to waive the requirement of the corporate seal: or
  2. A signed irrevocable letter of credit issued by an insured institution as defined in ORS 706.008(12); or

The City may return the Bid or Proposal Security of unsuccessful Offerors prior to Award if the return does not prejudice Contract Award and the Security of at least the Bidders with the three lowest Bids, or the Proposers with the three highest scoring Proposals, is retained pending execution of a Contract.

**5.34.420 Pre-Offer Conferences.**

(Amended by Ordinance Nos. 185898 and 189878, effective March 4, 2020.)

- A. The City may hold pre-Offer conferences with prospective Offerors prior to Closing, to explain the Procurement requirements, obtain information or to conduct site inspections.
- B. The City may require attendance at the pre-Offer conference as a condition for making an Offer. Unless otherwise specified in the Solicitation Document, a mandatory attendance requirement is considered to have been met if, at any time during the mandatory meeting, a representative of an offering firm is documented to be or have been present.
- C. If the City holds a pre-Offer conference, it shall be held within a reasonable time after the Solicitation Document has been issued, but sufficiently before the Closing to allow Offerors to consider information provided at that conference.
- D. Statements made by the City's representative at the pre-Offer conference, or elsewhere do not change the Solicitation Document unless the City confirms such statements with a Written Addendum to the Solicitation Document.
- E. The City must set forth notice of any pre-Offer conference in the Solicitation Document in accordance with Section 5.34.300.

**5.34.430 Addenda to Solicitation Documents.**

(Amended by Ordinance Nos. 183445 and 185898, effective February 20, 2013.)

- A.** Issuance; Receipt. A Solicitation Document may be changed only by a Written Addendum. An Offeror shall provide Written acknowledgment of receipt of all issued Addenda with its Offer, unless the City otherwise specifies in the Addenda or Solicitation Document. If an Offeror submits an Offer and the Solicitation Document states that the Offeror is bound by all Addenda published in accordance with these rules, then the Offeror shall be bound by all Addenda so issued.
- B.** Notice and Distribution. The City shall notify prospective Offerors of Addenda consistent with the standards of Notice set forth in Section 5.34.310. The Solicitation Document shall specify how the City will provide Notice of Addenda and how the City will make the Addenda available (see, Section 5.34.300). For example, the Solicitation Document could say: “City will not mail Notice of Addenda, but will publish Notice of any Addenda on City's Web site.” Addenda may be downloaded off the City's Web site. Offerors should frequently check the City's Web site until Closing, (i.e., at least once weekly until the week of Closing and at least once daily the week of the Closing).
- C.** Timelines; Extensions. The City shall issue Addenda within a reasonable time to allow prospective Offerors to consider the Addenda in preparing their Offers. The City should extend the Closing if the Chief Procurement Officer determines prospective Offerors need additional time to review and respond to Addenda. Except to the extent that the Chief Procurement Officer determines that the public interest requires it, the City shall not issue an Addendum less than 72 hours before the Closing unless the Addendum also extends the Closing. Notice of the Addenda shall be deemed to occur when the Addendum is posted on the City's web site or upon mailing, whichever is applicable. If both occur, the notification is complete when the first of these two events occur.
- D.** Request for Change or Protest. Unless a different deadline is set forth in the Addendum, an Offeror must submit a Written request for change or protest to the Addendum, as provided in Section 5.34.440 by the close of the City's next business Day after issuance of the Addendum. The City shall consider only an Offeror's request for change or protest to the Addendum; the City shall not consider a request for change or protest to matters not added or modified by the Addendum. Notwithstanding any provision of this Paragraph, the City is not required to provide a protest period for Addenda issued during a multi-tiered Solicitation process pursuant to Section 5.34.850.

**5.34.440 Request for Clarification or Change.**

(Amended by Ordinance Nos. 183445 and 185898, effective February 20, 2013.)

**TITLE 5  
REVENUE AND FINANCE**

- A.** Time for submission of request for change. Unless otherwise provided in the Solicitation Document, an Offeror shall deliver any request for change to the Solicitation Document, Specifications or Contract provisions to the City in Writing within seven (7) Days prior to Bid or Proposal Closing. Requests for change in regard to Addenda shall be submitted in accordance within the time permitted by Subsection 5.34.430 D.
- B.** Any request for change shall include a detailed statement of the legal and factual reasons for the request for change; any proposed changes to Specifications or Contract provisions; and a description of any prejudice to the Offeror; and a statement of the form of relief requested. No request for change of the content of the Solicitation Document, Specifications or Contract provisions shall be considered after the deadline established for submitting such request. The City shall notify the Offeror if the City entirely rejects the request. If the City agrees with the request, in whole or in part, the City shall either issue an Addendum reflecting the change or cancel the Solicitation.
- C.** Extension of Closing date. If any request for change is timely received in accordance with these rules the Closing may be extended by the Chief Procurement Officer if it is determined that an extension is necessary to allow consideration of the request or issuance of any Addendum to the Solicitation Document.
- D.** Identification of request for change. Envelopes containing requests for change of the Solicitation Document, Specifications or Contract provisions shall be marked with the following information:

  - 1.** Solicitation Specification or Contract Provision Request for Change or Clarification; and
  - 2.** Solicitation Document Number or Other Identification.
- E.** A Proposer may request a change to add alternate terms and conditions for negotiation if the Solicitation Document permits negotiation. In this circumstance, request for change procedure shall be governed by the Solicitation Document and Subsections 5.34.840 E. and 5.34.850 F.
- F.** Clarification. Prior to the deadline for submitting a request for change, an Offeror may request in Writing that the City clarify any provision of the Solicitation Document or Contract. The City's clarification, whether oral or in Writing, does not change the Solicitation Document or Contract and is not binding on the City unless the City amends the Solicitation Document or Contract by Written Addenda.

**5.34.450 Offer Submissions.**

(Amended by Ordinance Nos. 181547, 185898 and 189878, effective March 4, 2020.)

After the 60 Days the Offer may lapse unless extended. The extension may occur after the expiration of the 60-Day period.
- B.** The Offer may be extended beyond 60 Days if the Offeror and the City so agree. If agreement is reached the time period for extension shall be reduced to Writing and the Offer will remain valid, irrevocable and binding on the Offeror for the agreed-upon extension period.

- E.** A competitive Proposal is a “Firm Offer” a period of not less than 90 days unless the solicitation document states a different time period. But the City may elect to discuss or negotiate certain contractual provisions, as identified in these rules or in the Solicitation Document with the Proposer. Where negotiation is permitted by the rules or the Solicitation Document, Proposers are bound to an obligation to negotiate in good faith and only on those terms and the rules or the Solicitation Document has reserved for negotiation.
- F.** The City may Award a Contract only to a Responsible Offeror with a Responsive Offer.
- G.** Contingent Offers. Except to the extent that a Proposer is authorized to propose certain terms and conditions pursuant to Section 5.34.850, a Proposer shall not make, and the City shall not accept, an Offer contingent upon the City’s acceptance of any terms or conditions (including Specifications) other than those contained in the Solicitation Document.
- H.** Offeror's Acknowledgement. By signing and returning the Offer, the Offeror acknowledges it has read and understands the terms and conditions contained in the Solicitation Document and that it accepts and agrees to be bound by the terms and conditions of the Solicitation Document. If the Request for Proposals permits Proposal of alternative terms under Section 5.34.850, the Offeror's Offer includes the nonnegotiable terms and conditions and any proposed terms and conditions offered for negotiation upon and to the extent accepted by the City in Writing.
- I.** Instructions. An Offeror shall submit and Sign its Offer in accordance with the Solicitation Document. Bids requiring a Written and non-electronic signature shall

The City will dispose of Product Samples, or return or make available for return Product Samples to the Offeror in accordance with the Solicitation Document.
- N.** Identification of Offers.
  - 1.** To ensure proper identification and handling, Offers shall be submitted in a sealed envelope appropriately marked or in the envelope provided by the City, whichever is applicable.
  - 2.** The City is not responsible for Offers submitted in any manner, format or to any delivery point other than as required in the Solicitation Document.

- A. Receipt.** Each Offer, and modifications to Offers, shall, upon receipt, be Electronically or mechanically time-stamped by Procurement Services time clock, or marked by hand, but not opened, and shall be stored in a secure place until Bid or Proposal Opening. If Offers or modifications are opened inadvertently or opened prior to the time and date set for Bid or Proposal Opening because they were improperly identified by the Offeror, the opened Offers or modification documents shall be resealed and stored for Opening at the correct time. When this occurs, documentation of the resealing shall be placed in the file.

**TITLE 5  
REVENUE AND FINANCE**

- B.** Opening and Recording. Offers and modifications to Offers shall be opened publicly, at the time, date, and place designated in the Solicitation Document. In the case of Invitations to Bid, to the extent practicable, the name of each Bidder, the Bid price(s), and such other information as considered appropriate shall be read aloud. In the case of Requests for Proposals or on voluminous Bids, the City may advise Bidders and Proposers, as part of the Solicitation Documents, that the Bid or Proposal items and prices will not be read aloud.
- C.** Availability. After Opening, the City shall make Bids available for public inspection, but pursuant to ORS 279C.410. Proposals are not subject to disclosure until after notice of intent to Award is issued. In any event, the City may withhold from disclosure those portions of an Offer that the Offeror designates trade secrets or as confidential proprietary data in accordance with the Oregon Public Records Law, ORS 192.410 et seq. Application of the Oregon Public Records Law ORS 192.410 et seq. shall determine if the information designated as confidential and claimed to be exempt is in fact exempt from disclosure. To the extent the City determines the designated information is not in accordance with applicable law, the City shall make those portions available for public inspection. In order to facilitate public inspection of the non-confidential portion of the Bid or Proposal, material designated as confidential shall accompany the Offer, but the Offeror shall separate it, if requested, from the remainder of the Offer. Prices, makes, model or catalog numbers of items offered, scheduled delivery dates, and terms of payment shall be publicly available regardless of the Offeror's designation to the contrary. Copies of public records will be made available upon payment of the City's charges.

**5.34.480 Late Bids, Late Withdrawals and Late Modifications.**

(Amended by Ordinance Nos. 183445, 185898 and 189878, effective March 4, 2020.)

The City shall not consider late Offers, withdrawals or modifications, except as permitted by Sections 5.34.490 (Mistakes) or 5.33.610 (Offer Evaluation and Award).
- B.** For manual submissions of Offers, Procurement Services' time clock shall be the clock of record and the date and time imprint of that clock on an Offer shall determine the timeliness of the submission. Late manual submissions shall be returned to the Offeror unopened with a copy of the envelope containing the Bureau's time stamp on the Offer retained for the Solicitation file.
- C.** For Electronic submissions, when permitted, the time shown by the City as to the date of arrival of the Electronic submission shall determine the timeliness of the submission. Late Electronic submissions shall be deleted from the City's files, returned Electronically to the Offeror and the time of the submission and the time of return shall be documented in the Solicitation file.

**TITLE 5  
REVENUE AND FINANCE**

**5.34.490 Mistakes.**

- A. General. To protect the integrity of the competitive Solicitation process and to assure fair treatment of Offerors, the City should carefully consider whether to permit a waiver, correction or withdrawal of an Offer for certain mistakes.
- B. Treatment of Mistakes. Errors in judgment do not permit an Offeror to correct or withdraw an Offer. Mistakes that constitute a minor informality may be waived or corrected. Mistakes that constitute clerical errors may be corrected or withdrawn in the City's discretion pursuant to this rule.
- C. City notification. If the City believes the Offer contains a mistake the City shall notify the Offeror, note the apparent mistake and request that the Offeror verify the Offer in writing, or by electronic transmission within one business day after notification.
- D. Failure of Offeror to Respond. If the Offeror fails to respond within one business day after notification of the apparent mistake, the City shall consider the Offer as submitted unless the amount of the Offer is so far out of line with the amounts of other bids received, or with the amount estimated by the City, or there are other indications of error so clear, as to reasonably justify the conclusion or that acceptance of the Offer would be unfair to the Offeror or to other bona fide Offerors, in which case the City shall be entitled to reject the Offer. The City may extend the time for response for good cause shown.
- E. Verification. If the Offeror verifies its Offer, the City must consider the Offer as originally submitted. However, in fairness to other Offerors, verification does not preclude the City from rejecting the Offer if it is clear that a mistake has been made and the City determines the intended Offer is not evident.
- F. Minor Informality. If the Offeror verifies its Offer, and the City sees no reason for rejection, the City may waive or permit the Offeror to correct a mistake that constitutes a minor informality. A minor informality is a matter of form, rather than substance, that is evident on the face of the Offer and which can be corrected or waived without prejudice to the public or other Offerors. Examples of a minor informality include a failure to:
  - 1. Return the correct number of Signed Offers or the correct number of other documents required by the Solicitation Document;
  - 2. Sign the Offer in the designated block, provided, however, that a Signature appears elsewhere in the Offer that evidences the Offeror's intent to be bound; or

**TITLE 5  
REVENUE AND FINANCE**

3. Acknowledge receipt of an Addendum to the Solicitation Document, provided it is clear on the face of the Offer that the Offeror received the Addendum and intended to be bound by its terms.
- G. Clerical Mistakes.** If the Offeror does not verify its Offer, but contends a clerical mistake caused a different Offer than intended to be submitted, or verifies the Offer but contends a clerical mistake should be corrected within a portion of the Offer, the City may in its discretion permit correction if the conditions of this section are met.
1. Only clerical mistakes can be corrected. A clerical mistake is not a mistake of judgment. Examples of clerical mistakes include typographical mistakes, errors in extending unit prices, transposition errors, arithmetical errors, misplacement of a decimal point, and instances in which the intended correct price is evident by simple arithmetic calculations.
  2. If correction of the Offer would result in displacement of one or more lower Offers submitted by other Offerors, the correction is permitted if, and only if, both the existence of the mistake and the Offer actually intended are ascertainable from the Solicitation Document and the Offer itself.
  3. If correction of the Offer would not result in the displacement of one or more lower Offers submitted by other Offerors, correction may be permitted if the Offeror provides the City with clear and convincing supporting evidence of the mistake and intended Offer within two business days after the City's initial notification of the mistake. The City may extend the time for response for good cause shown.
    - a. Supporting evidence shall include all pertinent evidence, such as the Offeror's file copy of its Offer, the original worksheets and other data used in preparing the Offer, subcontractors' quotations, if any, and any other evidence that establishes the existence of a clerical mistake, the manner in which it occurred and the Offer actually intended.
    - b. The closer the corrected Offer is to the next lowest Offer the greater the need for the City to be sure that it has clear and convincing evidence that permits a correction to ensure the integrity of the competitive process.

**5.34.493 First-Tier Subcontractors; Disclosure and Substitution.**  
(Amended by Ordinance Nos. 183445 and 189878, effective March 4, 2020.)

- A. Required Disclosure.** Within two working hours after the Bid Closing on an ITB for a Public Improvement having a Contract Price estimated by the City to exceed

**TITLE 5  
REVENUE AND FINANCE**

\$100,000, all Bidders shall submit to the City a disclosure form as described by ORS 279C.370(2), identifying any first-tier Subcontractors that will be furnishing labor or labor and materials on the Contract, if Awarded, whose subcontract value would be equal to or greater than:

1. Five percent of the total Contract Price, but at least \$15,000; or
2. \$350,000, regardless of the percentage of the total Contract Price.

**B.** Bid Closing, Disclosure Deadline and Bid Opening. For each ITB to which this rule applies, the City shall:

1. Set the Bid Closing on a Tuesday, Wednesday or Thursday, and at a time between 2 p.m. and 5 p.m., except that these Bid Closing restrictions do not apply to an ITB for maintenance or construction of highways, bridges or other transportation facilities, and provided that the two-hour disclosure deadline described by this rule would not then fall on a legal holiday;
2. Open Bids publicly immediately after the Bid Closing; and
3. Consider for Contract Award only those Bids for which the required disclosure has been submitted by the announced deadline on forms prescribed by the City.

**C.** Bidder Instructions and Disclosure Form. For the purposes of this rule, the City in its Solicitation shall:

1. Prescribe the disclosure form that must be utilized, substantially in the form set forth in ORS 279C.370(2); and
2. Provide instructions in a notice substantially similar to the following:

“Instructions for First-Tier Subcontractor Disclosure

Bidders are required to disclose information about certain first-tier Subcontractors (see ORS 279C.370). Specifically, when the Contract Amount of a first-tier Subcontractor furnishing labor or labor and materials would be greater than or equal to:

- a. 5 percent of the project Bid, but at least \$15,000; or
- b. \$350,000 regardless of the percentage, the Bidder must disclose the following information about that subcontract either in its Bid submission, or within two hours after Bid Closing:

- (1) The Subcontractor's name,

**TITLE 5  
REVENUE AND FINANCE**

- (2) The category of Work that the Subcontractor would be performing, and
- (3) The dollar value of the subcontract.

If the Bidder will not be using any Subcontractors that are subject to the above disclosure requirements, the Bidder is required to indicate "NONE" on the accompanying form.

THE CITY MUST REJECT A BID IF THE BIDDER FAILS TO SUBMIT THE DISCLOSURE FORM WITH THIS INFORMATION BY THE STATED DEADLINE."

- D.** Submission. A Bidder shall submit the disclosure form required by this rule either in its Bid submission, or within two (2) working hours after Bid Closing in the manner specified by the ITB.
- E.** Responsiveness. Compliance with the disclosure and submittal requirements of ORS 279C.370 and this rule is a matter of Responsiveness. Bids that are submitted by Bid Closing, but for which the disclosure submittal has not been made by the specified deadline, are not Responsive and shall not be considered for Contract Award.
- F.** City Role. The City shall obtain, and make available for public inspection, the disclosure forms required by ORS 279C.370 and this rule. The City also shall provide copies of disclosure forms to the Bureau of Labor and Industries as required by ORS 279C.835. The City is not required to determine the accuracy or completeness of the information provided on disclosure forms.
- G.** Substitution. Substitution of affected first-tier Subcontractors shall be made only in accordance with ORS 279C.585. Contracting Agencies shall accept Written submissions filed under that statute as public records. Aside from issues involving inadvertent clerical error under ORS 279C.585, the City is not under an obligation to review, approve or resolve disputes concerning such substitutions. See ORS 279C.590 regarding complaints to the Construction Contractors Board on improper substitution. Substitution of COBID Certified Firms are also subject to the City's Solicitation Document.

**5.34.500 Responsibility of Offerors.**

(Amended by Ordinance Nos. 181547, 183445, 185898 and 189878, effective March 4, 2020.)

- A.** Contracts shall be Awarded only to Responsible Offerors. Pursuant to ORS 279C.375, the City shall consider whether the Offeror has:

**TITLE 5  
REVENUE AND FINANCE**

1. Available the appropriate financial, material, equipment, facility and personnel resources and expertise, necessary to indicate the capability of the prospective Offeror to meet all contractual responsibilities;
2. Has completed previous contracts of a similar nature with a satisfactory record of performance. A satisfactory record of performance means that to the extent the costs associated with and time available to perform a previous contract were within the Offeror's control, the Offeror stayed within the time and budget allotted for the procurement and otherwise performed the contract in a satisfactory manner. The City should carefully scrutinize an Offeror's record of contract performance if the Offeror is or recently has been materially deficient in contract performance. In reviewing the Offeror's performance, the City should determine whether the Offeror's deficient performance was expressly excused under the terms of the contract, or whether the Offeror took appropriate corrective action. The City may review the Offeror's performance on both private and Public Contracts in determining the Offeror's record of contract performance. Among the matters the City may review in this regard is whether the Offeror has a record of material violations of state or federal prevailing wage laws. The City shall document the record of performance of a prospective Offeror if the City finds the prospective Offeror non-Responsible under this Paragraph;
3. A satisfactory record of integrity. The City may find an Offeror not Responsible based on the lack of integrity of any Person having influence or control over the Offeror (such as a key employee of the Offeror that has the authority to significantly influence the Offeror's performance of the Contract or a parent company, predecessor or successor Person.) The standards for Conduct Disqualification may be used to determine an Offeror's integrity. The City may find an Offeror not Responsible based on previous convictions of offenses related to obtaining or attempting to obtain a Contract or subcontractor or in connection with the Offeror's performance of a Contract or subcontract. The City shall document the record of integrity of a prospective Offeror if the City finds the prospective Offeror non-Responsible under this Paragraph;
4. Is legally qualified to Contract with the City, including, but not limited to, an EEO Certification and a current, valid, business tax registration account from the City. Procurement Services may determine that a Person is not legally qualified if:
  - a. The Person does not have a business tax registration account with the City; or

**TITLE 5  
REVENUE AND FINANCE**

qualified, notification shall be sent stating the Bidder's qualified bidding limits, classes of work and the validity period of the Bidder's prequalification.

- D.** Special Prequalification. A separate special Prequalification may be required for a specific project, as contained in the Solicitation Document, when the City determines that the project is of a size, scope or complexity that Special Prequalification is required or such other circumstances exist, that in the opinion of the Chief Procurement Officer, a Special Prequalification would be of assistance in the selection of qualified contractors.
- E.** Updates. From time to time, the Chief Procurement Officer may update the Administrative Rules which govern the Prequalification of Contractors process. The Administrative Rules will determine the rules, policies, and practices by which Contractors are determined to be prequalified for City projects. City Council hereby delegates its authority to create and maintain this Prequalification program to the Chief Procurement Officer. The Chief Procurement Officer will review and adjust, if necessary, the Rules at least once each year.

**5.34.520 Eligibility to Bid or Propose; Registration or License.**

- A.** The City shall not consider a Person's Offer to do Work as a Contractor, as defined in ORS 701.005(2), unless the Person has a current, valid certificate of registration issued by the Construction Contractors Board at the time the Offer is made.
- B.** The City shall not consider a Person's Offer to do Work as a landscape Contractor as defined in ORS 671.520(2), unless the Person has a current, valid landscape contractors license issued pursuant to ORS 671.560 by the State Landscape Contractors Board at the time the Offer is made.
- C.** An Offer received from a Person that fails to comply with this rule is nonresponsive and shall be rejected as stated in ORS 279C.365(1)(k), unless contrary to federal law or subject to different timing requirements set by federal funding agencies.

**5.34.530 Disqualification of Persons.**

(Amended by Ordinance Nos. 183445, 185898, 187974 and 189878, effective March 4, 2020.)

- A.** Authority. The City may disqualify a Person from consideration of Award of the City's Contracts after providing the Person with notice and a reasonable opportunity to be heard in accordance with this rule.
  - 1.** Standards for Conduct Disqualification. As provided in ORS 279C.440, the City may disqualify a Person for:

**TITLE 5  
REVENUE AND FINANCE**

- a. Conviction for the commission of a criminal offense as an incident in obtaining or attempting to obtain a public or private Contract or subcontract, or in the performance of such Contract or subcontract;
          - b. Conviction under state or federal statutes of embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property or any other offense indicating a lack of business integrity or business honesty that currently, seriously and directly affects the Person's responsibility as a Contractor;
          - c. Conviction under state or federal antitrust statutes; or
          - d. Violation of a Contract provision that is regarded by the City to be so serious as to justify Conduct Disqualification. A violation under Subsection 5.34.530 A.1.d. may include but is not limited to material failure to perform the terms of a Contract or an unsatisfactory performance in accordance with the terms of the Contract. However, a Person's failure to perform or unsatisfactory performance caused by acts beyond the Person's control is not a basis for Disqualification.
  2. For a DBE Disqualification under ORS 279A.110, the City may disqualify a Person if the City finds that the Person discriminated against COBID Certified Firm in Awarding a subcontract under a Contract with the City.
- B.** Notice of Intent to Disqualify. The City shall notify the Person in Writing of a proposed Disqualification personally or by registered or certified mail, return receipt requested. This notice shall:
1. State that the City intends to disqualify the Person;
  2. Set forth the reasons for the Disqualification;
  3. Include a statement of the Person's right to a hearing if requested in Writing within the time stated in the notice and that if the Chief Procurement Officer does not receive the Person's Written request for a hearing within the time stated, the Person shall have waived its right to a hearing;
  4. Include a statement of the authority and jurisdiction under which the hearing will be held;
  5. Include a reference to the particular sections of the statutes and rules involved;
  6. State the proposed Disqualification period; and

**TITLE 5  
REVENUE AND FINANCE**

7. State that the Person may be represented by legal counsel.
- C.** Hearing. The Chief Procurement Officer shall schedule a hearing upon the receipt of the Person's timely request. The Chief Procurement Officer shall notify the Person of the time and place of the hearing and provide information on the procedures, right of representation and other rights related to the conduct of the hearing prior to hearing.
- D.** Notice of Disqualification. The Chief Procurement Officer will notify the Person in Writing of its Disqualification, personally or by registered or certified mail, return receipt requested. The notice shall contain:
1. The effective date and period of Disqualification;
  2. The grounds for Disqualification; and
  3. A statement of the Person's appeal rights and applicable appeal deadlines. For a Conduct Disqualification or a DBE Disqualification under ORS 279A.110, the disqualified Person must notify the Chief Procurement Officer in Writing within three (3) business Days after receipt of the notice of Disqualification if the Person intends to appeal the City's decision.

**5.34.535 COBID Certified Firm Prohibited Conduct; Sanctions; Appeals.**

(Added by Ordinance No. 187974; amended by Ordinance No. 189878, effective March 4, 2020.)

- A.** If the City determines at any time during the term of a contract that a contractor to which the City awarded the contract on the basis described in ORS 279A.107 (1), or a subcontractor to which the contractor awarded a subcontract in connection with the contract on the basis described in ORS 279A.107 (1), is no longer certified, the City may:
1. Terminate the contract;
  2. Require the contractor to terminate the subcontract; or
  3. Exercise any of the remedies for breach of contract that are reserved in the contract.
- B.** Notwithstanding the scope of ORS 200.055 et seq., Section 5.33.540 or 5.34.535 applies to all projects, including, but not limited to, contracts, loans, grants, development agreements, and any other City-owned, City-sponsored or City-funded project.
- C.** The City may investigate complaints alleging one or more of the following violations of ORS 200.065:

**TITLE 5  
REVENUE AND FINANCE**

1. Fraudulently obtaining or retaining certification as a disadvantaged, minority, woman, service-disabled veteran or emerging small business enterprise;
  2. Attempting to fraudulently obtain or retain certification as a disadvantaged, minority, woman, service-disabled veteran or emerging small business enterprise;
  3. Aiding another person to fraudulently obtain or retain certification as a disadvantaged, minority, woman, service-disabled veteran or emerging small business enterprise; or
  4. Knowingly make a false claim that any person is qualified for certification or is certified under ORS 200.055 (Certification of disadvantaged, minority, woman, service-disabled veteran or emerging small business enterprises) for the purpose of obtaining a public contract or subcontract or other benefit.
- D.** When the City investigates a complaint that a person has violated ORS 200.065, the City may require any additional information, and through the City Attorney's Office, administer oaths, take depositions, and issue subpoenas to compel witnesses to attend and to produce books, papers, records, memoranda or other information necessary for the City to complete its investigation. If a person fails to comply with any subpoena that the City issues under ORS 200.065 or refuses to testify on any matter on which a person may lawfully be interrogated, the City shall follow the procedure provided in ORS 183.440 to compel compliance.
- E.** The City may issue the following sanctions against any person for violating ORS 200.065:
1. Withhold payment;
  2. Suspend or terminate a public contract;
  3. Impose a civil penalty not to exceed 10 percent of the contract or subcontract price or \$5,000, whichever is less, for each violation; and
  4. Disqualify for up to 3 years from submitting a bid or proposal, or receiving an award of a public contract.
- F.** The City may also disqualify any person from bidding or participating in a public contract for a period of up to 3 years:
1. Who under oath during the course of an investigation admits to violating ORS 200.065 (1) or (2); or

**TITLE 5  
REVENUE AND FINANCE**

2. Upon notice of a finding of fraudulent certification by the Oregon Business Development Department or other public contracting agency.
- G.** Any bidder, proposer, contractor or subcontractor on a City contract that knowingly commits any of the following acts shall have its right to submit a bid or proposal for, or receive an award of, a City contract in the future suspended under ORS 200.075:
1. Entering into any agreement to represent that a disadvantaged, minority, woman, service-disabled veteran, or emerging small business enterprise certified under ORS 200.055 will perform work or supply materials under a public contract without the knowledge and consent of the disadvantaged, minority, woman, service-disabled veteran, or emerging small business enterprise.
  2. Exercising or permitting another bidder, proposer, contractor or subcontractor to exercise management and decision making control over the internal operations of a disadvantaged, minority, woman, service-disabled veteran, or emerging small business enterprise other than the bidder's, proposer's, contractor's or subcontractor's own business enterprise. As used in this paragraph, "internal operations" does not include normal scheduling, coordination, execution or performance as a subcontractor on a public contract.
  3. Using a disadvantaged, minority, woman, service-disabled veteran, or emerging small business enterprise to perform a public contract or subcontract or to supply material under a public contract to meet an established goal or requirement if the disadvantaged, minority, woman, service-disabled veteran, or emerging small business enterprise does not perform a Commercially Useful Function in carrying out responsibilities and obligations under the public contract.
  4. Failing to perform a Commercially Useful Function in performing a public contract or subcontract or in supplying material to a contractor or subcontractor that is performing a public contract or subcontract if the bidder, proposer, contractor or subcontractor is presented as a certified disadvantaged, minority, woman, service-disabled veteran, or emerging small business enterprise to meet an established goal or requirement.
- H.** The suspension shall be 1 year for a first violation, three years for a second violation and 5 years for a third violation. Each violation must remain on record for 5 years. After 5 years the City may not consider the violation in reviewing future violations.
- I.** Prior to suspending, disqualifying or otherwise sanctioning a person under Section 5.33.540 or 5.34.535, the City shall provide written notice to the person of a

**TITLE 5  
REVENUE AND FINANCE**

proposed sanction under ORS 200.065 or ORS 200.075, served personally or by registered or certified mail, return receipt requested. This notice shall include:

1. That the City intends to sanction;
  2. The effective date and period of the sanction, if applicable;
  3. The reason(s) for the sanction; and
  4. That the person has the right to request a hearing before the Code Hearings Officer in accordance with Section 3.130.020.
- J. The hearing shall be conducted in accordance with Chapter 22.10 and any administrative rules governing appeals to the Code Hearings Officer.

**5.34.600 Bid or Proposal Evaluation Criteria.**

(Amended by Ordinance No. 187373, effective October 14, 2015.)

- A. General. A Public Improvement Contract, if Awarded, shall be Awarded to the Responsible Bidder submitting the lowest Responsive Bid, or to the Responsible Proposer submitting the best Responsive Proposal.
- B. Bid Evaluation Criteria. Invitations to Bid may solicit lump-sum Offers, unit-price Offers or a combination of the two.
1. Lump Sum. If the ITB requires a lump-sum Bid, without additive or deductive alternates, or if the City elects not to Award additive or deductive alternates, Bids shall be compared on the basis of lump-sum prices, or lump-sum base Bid prices, as applicable. If the ITB calls for a lump-sum base Bid, plus additive or deductive alternates, the total Bid price shall be calculated by adding to or deducting from the base Bid those alternates selected by the City, for the purpose of comparing Bids.
  2. Unit Price. If the Bid includes unit pricing for estimated quantities, the total Bid price shall be calculated by multiplying the estimated quantities by the unit prices submitted by the Bidder, and adjusting for any additive or deductive alternates selected by the City, for the purpose of comparing Bids. The City shall specify within the Solicitation Document the estimated quantity of the Procurement to be used for determination of the low Bidder. In the event of mathematical discrepancies between unit price and any extended price calculations submitted by the Bidder, the unit price shall govern.
- C. Proposal Evaluation Criteria. If the City Council has exempted a Public Improvement from the Competitive Bidding requirements of ORS 279C.335(1), and has directed the use of an Alternative Contracting Method under ORS

**TITLE 5  
REVENUE AND FINANCE**

279C.335(3) and ORS 279C.337, evaluation criteria shall be set forth in the Solicitation Documents.

**5.34.610 Offer Evaluation and Award; Determination of Responsibility.**

(Amended by Ordinance Nos. 181547, 183445, 185898, 187373 and 189878, effective March 4, 2020.)

- A.** General. If Awarded, the City shall Award the Contract to the Responsible Bidder submitting the lowest, Responsive Bid or the Responsible Proposer or Proposers submitting the best, Responsive Proposal or Proposals, provided that such Person is not listed by the Construction Contractors Board as disqualified to hold a Public Improvement Contract. See ORS 279C.375(2)(a), or is ineligible for Award as a Nonresident (as defined in ORS 279A.120), education service district. The City may Award by item, groups of items or the entire Offer provided such Award is consistent with the Solicitation Document and in the public interest.
- B.** Determination of Responsibility. Offerors are required to demonstrate their ability to perform satisfactorily under a Contract. Before Awarding a Contract, the City must have information that indicates that the Offeror meets the standards of responsibility set forth in ORS 279.375C(3)(b). To be a Responsible Offeror, the City must determine that the Offeror:
1. Has available the appropriate financial, material, equipment, facility and personnel resources and expertise, or ability to obtain the resources and expertise, necessary to demonstrate the capability of the Offeror to meet all contractual responsibilities;
  2. Has a satisfactory record of Contract performance. The City should carefully scrutinize an Offeror's record of Contract performance if the Offeror is or recently has been materially deficient in Contract performance. In reviewing the Offeror's performance, the City should determine whether the Offeror's deficient performance was expressly excused under the terms of Contract, or whether the Offeror took appropriate corrective action. The City may review the Offeror's performance on both private and Public Contracts in determining the Offeror's record of Contract performance. The City shall make its basis for determining an Offeror not Responsible under this paragraph part of the Solicitation file;
  3. Has a satisfactory record of integrity. An Offeror may lack integrity if The City determines the Offeror demonstrates a lack of business ethics such as violation of state environmental laws or false certifications made to the City. The City may find an Offeror not Responsible based on the lack of integrity of any Person having influence or control over the Offeror (such as a key employee of the Offeror that has the authority to significantly influence the Offeror's performance of the Contract or a parent company, predecessor or

**TITLE 5  
REVENUE AND FINANCE**

successor Person). The standards for Conduct Disqualification under Section 5.34.540 may be used to determine an Offeror's integrity. The City shall make its basis for determining that an Offeror is not Responsible under this paragraph part of the Solicitation file;

4. Is in compliance with all of the City's contracting requirements, including having a current City business tax registration account and EEO/EB certification. Procurement Services may determine that such a Person is not legally qualified if:
    - a. The Person does not have a business tax registration account with the City; or
    - b. The Person failed to make payments required by Title 7 of the City Code and has failed to make appropriate payment arrangements with the Revenue Division of the Bureau of Revenue and Financial Services within seven (7) Days of the receipt of a Bid or Proposal, unless the City waives that requirement and decides to pursue collection through retention of Contract funds, or through other means.
  5. Has supplied all necessary information in connection with the inquiry concerning responsibility. If the Offeror fails to promptly supply information requested by the City concerning responsibility, the City shall base the determination of responsibility upon any available information, or may find the Offeror not Responsible.
- C.** Documenting City Determinations: The City shall document its compliance with ORS 279C.375(3) and the above sections of this rule on a Responsibility Determination Form substantially as set forth in ORS 279.375(3)(c) and file that form with the Construction Contractors Board within 30 days after Contract Award.
- D.** City Evaluation. The City shall evaluate an Offer only as set forth in the Solicitation Document and in accordance with applicable law. The City shall not evaluate an Offer using any other requirement or criterion.
- E.** Offeror Submissions.
1. The City may require an Offeror to submit Product Samples, Descriptive Literature, technical data, or other material and may also require any of the following prior to Award:
    - a. Demonstration, inspection or testing of a product prior to Award for characteristics such as compatibility, quality or workmanship;

**TITLE 5  
REVENUE AND FINANCE**

1. The City shall Award the Contract to the Offeror among those submitting identical Offers that is offering Goods or Services that have been manufactured or produced in Oregon.
  2. If two or more Offerors submit identical Offers, and both offer Goods or Services manufactured or produced in Oregon, the City shall Award the Contract by drawing lots among the identical Offers offering Goods or Services that have been manufactured or produced in Oregon. The Offerors that submitted the identical Offers subject to the drawing of lots shall be given notice and an opportunity to be present when the lots are drawn.
  3. If the City receives identical Offers, and none of the identical Offers offer Goods or Services manufactured or produced in Oregon, then the City shall Award the Contract by drawing lots among the identical Offers. The Offerors that submitted the identical Offers subject to the drawing of lots shall be given notice and an opportunity to be present when the lots are drawn.
- B.** Determining if Offers are Identical. The City shall consider Offers identical in price, fitness, availability and quality as follows:
1. Bids received in response to an Invitation to Bid issued under ORS 279C.335 and Chapter 5.34 are identical in price, fitness, availability and quality if the Bids are Responsive, and offer the services described in the Invitation to Bid at the same price.
  2. Proposals received in response to a Request for Proposals issued under ORS 279C.400 and Chapter 5.34 are identical in price, fitness, availability and quality if they are Responsive and achieve equal scores when scored in accordance with the evaluation criteria set forth in the Request for Proposals.
- C.** Determining if Goods or Services are Manufactured or Produced in Oregon. For the purposes of complying with Subsection 5.34.625 A., the City may request, either in a Solicitation Document, following Closing, or at any other time determined appropriate by the City, any information it determines is appropriate and necessary to allow it to determine if the Goods or Services are manufactured or produced in Oregon. The City may use any reasonable criteria to determine if Goods or Services are manufactured or produced in Oregon, provided that the criteria reasonably relate to that determination, and provided that the same criteria apply equally to each Bidder or Proposer.
- D.** Procedure for Drawing Lots. In any instance when this Rule calls for the drawing of lots, the City shall draw lots by a procedure that affords each Offeror subject to the drawing a substantially equal probability of being selected, and that does not

**TITLE 5  
REVENUE AND FINANCE**

allow the Person making the selection the opportunity to manipulate the drawing of lots to increase the probability of selecting one Offeror over another.

**5.34.630 Reciprocal Preferences.**

(Amended by Ordinance Nos. 185898 and 187373, effective October 14, 2015.)

- A. When evaluating Bids pursuant to Section 5.34.610, the City shall add a percentage increase to the Bid of a Nonresident Bidder equal to the percentage, if any, of the preference that would be given to that Bidder in the state in which the Bidder resides.
- B. The City shall use the list prepared and maintained by the Oregon Department of Administrative Services pursuant to ORS 279A.120(4) to determine both
  - 1. whether the Nonresident Bidder's state gives preference to in-state Bidders, and
  - 2. the amount of such preference. Bidders or Proposers who believe that information is inaccurate shall notify the City prior to submitting their Bid to permit a reasonable investigation. Otherwise, the City shall rely on that information in making its determination.

**5.34.640 Negotiation When Bids Exceed Cost Estimate.**

(Amended by Ordinance Nos. 185898 and 189878, effective March 4, 2020.)

- A. Generally. In accordance with ORS 279C.340, if all Responsive Bids from Responsible Bidders on a competitively Bid Project exceed the City's Cost Estimate, prior to Contract Award the City may negotiate Value Engineering and Other Options with the Responsible Bidder submitting the lowest, Responsive Bid in an attempt to bring the Project within the City's Cost Estimate. The Subcontractor disclosure and substitution requirements of Section 5.34.493 do not apply to negotiations under this rule.
- B. Definitions. The following definitions apply to this administrative rule:
  - 1. **"Cost Estimate"** means the City's most recent pre-Bid, good faith assessment of anticipated Contract costs, consisting either of an estimate of an architect, engineer or other qualified professional, or confidential cost calculation Worksheets, where available, and otherwise consisting of formal planning or budgetary documents.
  - 2. **"Other Options"** means those items generally considered appropriate for negotiation in the RFP process, relating to the details of Contract performance as specified in Section 5.34.850, but excluding any material requirements previously announced in the Solicitation process that would likely affect the field of competition.

**TITLE 5  
REVENUE AND FINANCE**

3. **“Project”** means a Public Improvement.
  4. **“Value Engineering”** means the identification of alternative methods, materials or systems which provide for comparable function at reduced initial or life-time cost. It includes proposed changes to the plans, Specifications, or other Contract requirements which may be made, consistent with industry practice, under the original Contract by mutual agreement in order to take advantage of potential cost savings without impairing the essential functions or characteristics of the Public Improvement. Cost savings include those resulting from Life Cycle Costing, which may either increase or decrease absolute costs over varying time periods.
- C. Rejection of Bids. In determining whether all Responsive Bids from Responsible Bidders exceed the Cost Estimate, only those Bids that have been formally rejected, or Bids from Bidders who have been formally disqualified by the City, shall be excluded from consideration.
- D. Scope of Negotiations. Contracting Agencies shall not proceed with Contract Award if the Scope of the Project is significantly changed from the original Bid. The Scope is considered to have been significantly changed if the pool of competition would likely have been affected by the change; that is, if other Bidders would have been expected by the City to participate in the Bidding process had the change been made during the Solicitation process rather than during negotiation. This rule shall not be construed to prohibit re-solicitation of trade subcontracts.
- E. Discontinuing Negotiations. The City may discontinue negotiations at any time, and shall do so if it appears to the City that the apparent low Bidder is not negotiating in good faith or fails to share cost and pricing information upon request. Failure to rebid any portion of the project, or to obtain Subcontractor pricing information upon request, shall be considered a lack of good faith.
- F. Limitation. Negotiations may be undertaken only with the lowest Responsive, Responsible Bidder pursuant to ORS 279C.340.
- G. Public Records. ORS 279C.340 shall not be construed as creating any additional public records where that result is not otherwise contemplated by the Public Records law, ORS Chapter 192. Records of a Bidder used in Contract negotiations may not become public records unless they are also submitted to the City.

**5.34.645 Rejection of Offers.**

**TITLE 5  
REVENUE AND FINANCE**

- 1.** The City may reject any Offer upon finding that to accept the Offer may impair the integrity of the Solicitation process or that rejecting the Offer is in the public interest. - C. Certification of Non-Discrimination.** The Offeror shall certify and deliver to the City Written certification, as part of the Offer that the Offeror has not discriminated and will not discriminate against a COBID Certified Firm in obtaining any required subcontracts. 4. Causes other than legitimate market forces threaten the integrity of the Competitive Procurement process. These causes include, but are not limited to, those that tend to limit competition such as restrictions on competition, collusion, corruption, unlawful anti-Competitive conduct and inadvertent or intentional errors in the Solicitation Document;
5. The City cancels the Solicitation in accordance with Section 5.34.660; or
6. Any other circumstance indicating that Awarding the Contract would not be in the public interest.

  4. As provided in ORS 279C.375(2), the Notice requirements of this rule do not apply to contracts excepted or exempted from competitive bidding under ORS 279C.335(1)(c) or (d).

For purposes of this paragraph, the Day on which the Notice is posted from which the seven Days or other time period shall begin to run shall not be included, but the last Day of the period shall be included;

**5.34.800 Purpose.**

(Amended by Ordinance Nos. 183445 and 185898, effective February 20, 2013.) Section 5.34.800 et seq. is intended to provide guidance to Bureaus and Divisions of the City of Portland regarding the use of Alternative Contracting Methods for Public Improvement Contracts, as may be directed by the City’s Chief Procurement Officer. Those methods include, but are not limited to, Design-Build, Energy Savings Performance Contract (ESPC) and Construction Manager/General Contractor (CM/GC) forms of contracting. As to ESPC contracting, Section 5.34.880 implements the requirements of ORS 279C.335 pertaining to the adoption of model rules appropriate for use by the City govern the procedures for entering into ESPCs.

**TITLE 5  
REVENUE AND FINANCE**

**5.34.810 Definitions for Alternative Contracting Methods.**

(Amended by Ordinance Nos. 185898 and 187373, effective October 14, 2015.) The following definitions shall apply to Sections 5.34.800 through 5.34.890, unless the context requires otherwise:

- A. Alternative Contracting Methods.** Innovative techniques for procuring or performing Public Improvement Contracts, utilizing processes other than the traditional method involved in the design-Bid-build with Award of a Public Improvement Contract based solely on price (in which a final design is issued with formal Bid documents, construction Work is obtained by sealed Bid Awarded to the lowest Responsive, Responsible Bidder, and the project is built in accordance with those documents). In industry practice, such methods commonly include variations of Design-Build contracting, CM/GC forms of contracting and ESPCs, which are specifically addressed in Section 5.34.880. These methods also include other developing techniques including, but not limited to, general "performance contracting" and "cost plus time" contracting, for which procedural requirements are identified under Sections 5.34.800 through 5.34.890.
- B. Construction Manager/General Contractor (or "CM/GC").** A CM/GC Contractor means a person who provides Construction Manager/General Contractor services to the City under a Public Improvement Contract.
- C. Construction Manager/General Contractor Method (or "CM/GC Method")** means the Alternative Contracting Method which involves the City's section of a CM/GC to perform CM/GC Services for a project or projects.
- D. Construction Manager/General Contractor Services (or "CM/GC Services")** means construction-related services the City procures by means of an Alternative Contracting Method under ORS 279C.335 and the at:

  - 1. Include a Construction Manager/General Contractor's:**

    - a.** Functioning as a member of a project team that includes the City, the architect or engineer that designs the Public Improvement under a separate contract with the City and other contractors and consultants; and
    - b.** Reviewing and analyzing a design for a Public Improvement in order to:

      - (1)** Suggest changes in the design that minimize potential errors, delays, unexpected costs and other problems during construction;
      - (2)** Recommend means by which the City may achieve the functions of the Public Improvement or a component of the

**TITLE 5  
REVENUE AND FINANCE**

Public Improvement safely, reliably, efficiently and at the lowest overall cost;

- (3) Improve the value and quality of the Public Improvement; and
- (4) Reduce the time necessary to complete the Public Improvement.

2. May include, depending on the specific terms of the Public Improvement Contract and on whether the City decides to proceed with construction, a Construction Manager/General Contractor's:

- a. Devising a schedule for constructing the Public improvement;
- b. Estimating construction, materials, labor and other costs for the Public Improvement;
- c. Establishing a fixed price, a Guaranteed Maximum Price or other maximum price;
- d. Constructing portions of the Public improvement and subcontracting portions to other contractors;
- e. Coordinating and overseeing the construction process; or
- f. Performing other services related to constructing a Public Improvement in accordance with the terms of the Public Improvement Contract.

**E. Design-Build.** A form of Procurement that results in a Public Improvement Contract in which the construction Contractor also provides or obtains specified design services, participates on the project team with the City, and manages both design and construction. In this form of Contract, a single Contractor provides the City with all of the Professional, Technical and Expert Services and Work necessary to both design and construct the project.

**F. Early Work.** Early Work means construction services, construction materials and other Work authorized by the parties to be performed under the CM/GC Contract in advance of the establishment of the GMP, fixed price or other maximum, not-to-exceed price for the project. Permissible Early Work shall be limited to early procurement of materials and supplies, early release of Bid or Proposal packages for site development and related activities, and any other advance Work related to important components of the project for which performance prior to establishment of the GMP will materially and positively affect the development or completion of the project.

**TITLE 5  
REVENUE AND FINANCE**

- G. Guaranteed Maximum Price (or "GMP").** GMP means the total price at which the Construction Manager/General Contractor agrees to provide Construction Manager/General Contractor services to the City in accordance with the terms and conditions and scope of work for a specific Public Improvement Contract and within which are:
1. All costs the City agrees to reimburse and all fees the City agrees to pay for completing the Work; and
  2. Any contingent costs, fees, or other charges specifically identified in the Public Improvement Contract. For Alternative Contracting Methods other than the CM/GC method, "Guaranteed Maximum Price: ("GMP") means the total maximum price provided to the City by the Contractor, and accepted by the City, that includes all reimbursable costs of and fees for completion of the Contract Work and any particularly identified contingency amounts, as defined by the Public Improvement Contract.
- H. Project Development Plan.** A secondary phase of Personal Services and Work.
- I. Savings Pertaining to CM/GC (or "Savings").** CM/GC Savings means a positive difference between a fixed price, Guaranteed Maximum Price, or other maximum price set forth in the Contract and the actual cost of the Work, including costs for which the City reimburses a Construction Manager/General Contractor and fees or profits the Construction Manager/General Contractor earns. For other Alternative Contracting Methods, "Savings" means a positive difference between a Guaranteed Maximum Price or other maximum not-to-exceed price set forth in a Public Improvement Contract and the actual costs of the Contractor's performance of the Work payable by the City under the terms of the Contract, including costs for which the City reimburses the Contractor and fees, profits, or other payments the Contractor earns.

**5.34.820 Use of Alternative Contracting Methods.**

(Amended by Ordinance Nos. 183445, 185898 and 187373, effective October 14, 2015.)

- A. Competitive Bidding Exemptions.** ORS Chapter 279C requires a competitive bidding process for Public Improvement Contracts unless a statutory exception applies, a class of Contracts has been exempted from Competitive Bidding, or an individual Contract has been exempted from Competitive Bidding, in accordance with ORS 279C.335 and Section 5.34.830. Use of Alternative Contracting Methods may be directed by the City's Chief Procurement Officer as an exception to the prescribed Public Contracting practices in Oregon, and their use must be justified in accordance with City Code.
- B. Post-Project Evaluation.** ORS 279C.355 requires that the City prepare a formal post-project evaluation of Public Improvement projects in excess of \$100,000 when

**TITLE 5  
REVENUE AND FINANCE**

the City does not use Competitive Bidding. The purpose of this evaluation is to determine whether it was actually in the City's best interest to use an Alternative Contracting Method instead of Competitive Bidding. The evaluation must be delivered to City Council on behalf of the City's Chief Procurement Officer within 30 Days after the date the City "accepts" the Public Improvement project, which event is typically defined in the Contract. In the absence of a definition of "acceptance", the later of the date of final payment or the date of final completion of the Work will govern. ORS 279C.355 describes the timing and content of this evaluation, with three required elements:

1. Financial information, consisting of Cost Estimates, any Guaranteed Maximum Price, changes and actual costs;
2. A narrative description of successes and failures during design, engineering and construction; and
3. An objective assessment of the use of the Alternative Contracting Method as compared to the exemption Findings.

**5.34.830 Findings, Notice and Hearing.**

(Amended by Ordinance Nos. 181547, 185898 and 187373, effective October 14, 2015.)

- A. The City Council may by ordinance exempt a Contract from the requirements of Competitive Bidding if it makes the following findings:
1. It is unlikely that the exemption will encourage favoritism in the Awarding of Public Improvement Contracts or substantially diminish competition for Public Improvement Contracts as further described in Subsection 5.34.830 F.; and
  2. The exemption will likely result in substantial costs savings and other substantial benefits to the City in accordance with ORS 279C.335(2)(b). As set forth in ORS 279C.335(2)(b)A-N and Subsection 5.34.830 D. below, if a particular factor has no application whatsoever to the particular Public Improvement Contract or class of Public Improvement Contracts then it is not required to address the factor other than to state that the factor has no application; or
  3. If the Public Improvement relate to the operation, maintenance or construction of highways, bridges and other transportation facilities, that the exemption will result in substantial cost savings to the City or to the public.
  4. As an alternative to the findings regarding substantial cost savings, the City may make a finding that identifies the project as a pilot project for which the City intends to determine whether the use of the Alternate Contracting

**TITLE 5  
REVENUE AND FINANCE**

Method actually results in substantial cost savings to the City, or, if it is for a Public Improvement described in Subsection 5.34.830 A.3. above, to the public, provided the City has not previously used the proposed Alternate Contracting Method. Nevertheless, findings are still required in accordance with ORS 279C.335(2)(a).

- B.** The City council may consider the type, cost and amount of the Contract the number of Persons available to bid and other such factors as may be deemed appropriate in declaring the exemption.
- C.** Findings supporting a competitive bidding exemption must describe with specificity the Alternative Contracting Method to be used in lieu of competitive bidding, including, but not limited to, whether a one step (Request for Proposals) or two step (beginning with Requests for Qualifications) solicitation process will be utilized. The Findings may also describe anticipated characteristics or features of the resulting Public Improvement Contract. However, the purpose of an exemption from competitive bidding is limited to a determination of the Procurement method. Any unnecessary or incidental descriptions of the specific details of the anticipated Contract within the supporting Findings are not binding upon the City. The parameters of the Public Improvement Contract are those characteristics or specifics that are announced in the Solicitation Document. The representations in and the accuracy of the findings, including any general description of the resulting public improvement contract, are the bases for approving the findings and granting the exception. The findings may describe the anticipated features of the resulting public improvement contract, but the final parameters of the contract are those characteristics or specifics announced in the solicitation document.
- D.** The City Council shall require and approve additional findings in the following areas in order to declare the exemption:
  - 1.** How many persons are available to bid;
  - 2.** The construction budget and the projected operating costs for the completed Public Improvement;
  - 3.** Public benefits that may result from granting the exemption;
  - 4.** Whether value engineering techniques may decrease the cost of the Public Improvement;
  - 5.** The cost and availability of specialized expertise that is necessary for the Public Improvement;
  - 6.** Any likely increases in public safety;

**TITLE 5  
REVENUE AND FINANCE**

7. Whether granting the exemption may reduce risks to the City or the public that are related to the Public Improvement
8. Whether granting the exemption will affect the sources of funding for the Public Improvement;
9. Whether granting the exemption will better enable the City to control the impact that market conditions may have on the cost of and time necessary to complete the Public Improvement;
10. Whether granting the exemption will better enable the City to address the size and technical complexity of the Public Improvement;
11. Whether the Public Improvement involves new construction or renovates or remodels an existing structure;
12. Whether the Public Improvement will be occupied or unoccupied during construction;
13. Whether the Public Improvement will require a single phase of construction work or multiple phases of construction work to address specific project conditions; and
14. Whether the City has, or has retained under contract, and will use City personnel, consultants and legal counsel that have necessary expertise and substantial experience in Alternative Contracting Methods to assist in developing the Alternative Contracting Methods that the City will use to award the Public Improvement contract and to help negotiate, administer and enforce the terms of the Public Improvement Contract.

To the extent applicable, if a particular factor has no application whatsoever to the particular Public Improvement Contract or class of Public Improvement Contracts, the City does not need to consider that factor, and the City is not required to address the factor, other than to state why the factor has no application whatsoever to the particular Public Improvement Contract or class of Public Improvement Contracts.

- E. The City shall hold a public hearing before final adoption of the findings and a declaration of the exemption. Notification of the public hearing shall be published in at least one trade newspaper of general statewide circulation a minimum of 14 Days before the hearing;
  1. The Notice shall state that the public hearing is for the purpose of taking comments on the City's draft findings for an exemption from Competitive

**TITLE 5  
REVENUE AND FINANCE**

Bidding. At the time of the notice, copies of the draft findings shall be made available to the public.

2. At the hearing, the City shall offer an opportunity for any interested persons to appear and present comment;
3. Notice of the hearing may be published simultaneously with the City's Solicitation of contractors for the alternative public contracting method when the City is required to act promptly due to circumstances beyond the City's control that do not constitute an Emergency as long as responses to the Solicitation are due at least five (5) Days after the meeting and approval of the findings;

**F.** Addressing Cost Savings. Accordingly, when the Contract or class of Contracts under consideration for an exemption contemplates the use of Alternative Contracting Methods, the "substantial cost savings and other substantial benefits" requirement may be addressed by a combination of:

1. Specified Findings that address the factors and other information specifically identified by statute, including, but not limited to, an analysis or reasonable forecast of present and future cost savings and other substantial benefits; and
2. Additional Findings that address industry practices, surveys, trends, past experiences, evaluations of completed projects required by ORS 279C.355 and related information regarding the expected benefits and drawbacks of particular Alternative Contracting Methods. To the extent practicable, such Findings should relate back to the specific characteristics of the project or projects at issue in the exemption request.

**G.** Favoritism and Competition. The criteria at ORS 279C.335(2)(a) that it is "unlikely" that the exemption will "encourage favoritism" or "substantially diminish competition" may be addressed in contemplating the use of Alternative Contracting Methods by specifying the manner in which an RFP process will be utilized, that the Procurement will be formally advertised, competition will be encouraged, and Award made based upon identified selection criteria.

**H.** Class Exemptions.

1. In making the findings supporting a class exemption the City shall clearly identify "class" with respect to its defining characteristics pursuant to the requirements of ORS 279C.335(3) as indicated below:
  - a. The class cannot be based on a single characteristic or factor, so that the City directly or indirectly creates a class (e.g., using the CM/GC Method for all City construction projects, unidentified future

**TITLE 5  
REVENUE AND FINANCE**

construction projects of a particular work category, or all construction projects from a particular funding source such as the sale of bonds); and

- b.** The class must include a combination of factors to be defined by the City through characteristics that reasonably relate to the exemption criteria, and must reflect a detailed evaluation of those characteristics so that the class is defined in a limited way that effectively meets the City’s objectives while allowing for impartial and open competition and protecting the integrity of the exemption process (i.e., a series of renovation projects that involve renovations for a common purpose, require completion on a related schedule to avoid unnecessary disruption of operations, share common characteristics such as historic building considerations, presence of asbestos or other hazardous substances, or the presence of staff during construction, or otherwise possess characteristics that meet the requirements).
- 2.** The following classes of Contracts are hereby exempt from the Competitive low Bidding requirements of this Chapter:
- a.** Contract Amendments. Contract amendments, pursuant to the authority granted by Subsection 5.34.020 C., and provided that the original Contract was executed in accordance with this chapter;
  - b.** Tenant improvements. Tenant Improvements on City owned property are exempt from the requirements of Competitive low Bidding, but may be subject to other provisions of this Chapter or ORS 279C. Tenant improvements are exempt when:

    - (1)** The improvements are paid for in part, or in whole, by the tenant;
    - (2)** The improvements are primarily for the tenant’s benefit; and
    - (3)** The tenant hires the Contractor to perform the Work, whether or not a competitive process is used by the tenant.
  - c.** Deficiency Corrections/Contractor on site. The City may hire a private Contractor to perform Work if:

    - (1)** The City finds that a Contractor hired by a private developer or Person is at or near the site where City Work needs to be performed and the cost proposed by the private Contractor is

**TITLE 5  
REVENUE AND FINANCE**

reasonable and the cost of the Work will be less than \$25,000; or

- (2) The City finds that a Contractor hired by the City is at or near the site where City Work needs to be performed; and
  - (a) The new Work is not within the Scope the original Contract and was not anticipated at the time that the original Contract was Awarded; and
  - (b) If the original Contract was less than \$25,000 the new work does not cause the total payment to the Contractor to exceed \$25,000; or
  - (c) If the original Contract was more than \$25,000, the new Work does increase the total amount paid to the Contractor by more than \$50,000.

**5.34.840 Competitive Proposals; General Procedures.**

(Amended by Ordinance Nos. 185898 and 187373, effective October 14, 2015.)

- A. General Application: The City may utilize the RFP outlined in Subsections 5.34.840 C. through D. below for Public Improvement Contracts, allowing flexibility in both Proposal evaluation and Contract negotiation, only in accordance with ORS 279C.330 to ORS 279C.337, ORS 279C.400 to 279C.410 and Sections 5.34.800 to 5.34.890, unless other applicable statutes control the City's use of competitive Proposals for Public Improvement Contracts. Nothing in this rule shall limit the use of evaluation factors or other matters expressly permitted by those additional rules or authorized by ordinance.
- B. Proposal Evaluation. Factors in addition to price may be considered in the selection process, but only as set forth in the RFP. Evaluation factors need not be precise predictors of future costs and performance, but to the extent possible such evaluation factors shall:
  - 1. Be reasonable estimates based on information available to the City;
  - 2. Treat all Proposals equitably; and
  - 3. Recognize that public policy requires that Public Improvements be constructed at the least overall cost to the City (see ORS 279C.305).
- C. Evaluation Factors.
  - 1. In basic negotiated construction contracting, where the only reason for an RFP is to consider factors other than price, those factors may consist of firm

**TITLE 5  
REVENUE AND FINANCE**

and personnel experience on similar projects, adequacy of equipment and physical plant, sources of supply, availability of key personnel, financial capacity, past performance, safety records, project understanding, proposed methods of construction, proposed milestone dates, references, service, the status of its Equal Employment Opportunity (EEO) certification, its efforts to diversify its workforce in order to reach all of the City's citizens and other related matters that could affect the cost or quality of the Work.

2. In CM/GC contracting, in addition to Subsection 5.33.840 D.1., those factors may also include the ability to respond to the technical complexity or unique character of the project, analyze and propose value engineering options, analyze energy efficiency measure or alternative energy options, coordinate multiple disciplines on the project, effectively utilize the time available to commence and complete the improvement, and related matters that could affect the cost or quality of the Work.
3. In Design-Build contracting, in addition to Subsections 5.33.840 D.1. and 2., those factors may also include design professional qualifications, specialized experience, preliminary design submittals, technical merit, design-builder team experience and related matters that affect cost or quality.

**D.** Contract Negotiations. Contract terms may be negotiated to the extent allowed by the RFP and Sections 5.34.800 to 5.34.890, provided that the general Work Scope remains the same and that the field of competition does not change as a result of material changes to the requirements stated in the Solicitation Document. See Section 5.34.850. Terms that may be negotiated consist of details of Contract performance, methods of construction, timing, assignment of risk in specified areas, fee, and other matters that affect cost or quality. For the CM/GC Method, terms that may be negotiated also include the specific scope of pre-construction services, the work to be performed by the CM/GC, and any other term that the City has identified as being subject to negotiation.

**5.34.845 Requests for Qualifications (RFQ).**

(Amended by Ordinance Nos. 181547 and 183445, effective January 6, 2010.) As provided by ORS 279C.405(1), the City may utilize Requests for Qualifications (RFQs) to obtain information useful in the preparation or distribution of a Request for Proposals (RFPs). When using RFQs as the first step in a two step solicitation process, in which distribution of the RFPs will be limited to the firms identified as most qualified through their submitted statements of qualification, the City shall first advertise and provide notice of the RFQ in the same manner in which RFP's are advertised, specifically stating that RFPs will be distributed only to the qualified firms in the RFQ process. The Chief Procurement Officer shall decide whether to permit protests at the end of the RFQ process. Thereafter, the City may distribute RFPs to those qualified firms without further advertisement of the solicitation.

**5.34.850 Requests for Proposals (RFP).**

(Amended by Ordinance Nos. 184403, 185065, 185898 and 187373, effective October 14, 2015.)

- A.** Generally. The use of competitive Proposals must be specifically authorized for a Public Improvement Contract under the Competitive Bidding exception and exemption requirements of ORS 279C.335, Section 5.34.150 and Sections 5.34.800 to 5.34.890. Also see ORS 279C.337, ORS 279C.400 to 279C.410 for statutory requirements regarding competitive Proposals, and Section 5.34.840 regarding competitive Proposal procedures.
- B.** Solicitation Documents. In addition to the Solicitation Document requirements of Section 5.34.300, this rule applies to the requirements for Requests for Proposals. RFP Solicitation Documents shall conform to the following standards:
- 1.** The City shall set forth selection criteria in the Solicitation Document. Examples of evaluation criteria include price or cost, quality of a product or service, past performance, management, capability, personnel qualification, prior experience, compatibility, reliability, operating efficiency, expansion potential, experience of key personnel, adequacy of equipment or physical plant, financial wherewithal, sources of supply, references and warranty provisions. See Section 5.34.840. Evaluation factors need not be precise predictors of actual future costs and performance, but to the extent possible, such factors shall be reasonable estimates based on information available to the City. Subject to ORS 279C.410(4) the Solicitation Document may provide for discussions with Proposers to be conducted for the purpose of Proposal evaluation prior to award or prior to establishing any Competitive Range;
  - 2.** When the City is willing to negotiate terms and conditions of the Contract or allow submission of revised Proposals following discussions, the City must identify the specific terms and conditions in or provisions of the Solicitation Document that are subject to negotiation or discussion and authorize Offerors to propose certain alternative terms and conditions in lieu of the terms and conditions the City has identified as authorized for negotiation. The City must describe the evaluation and discussion or negotiation process, including how the City will establish the Competitive Range;
  - 3.** The anticipated size of the Competitive Range shall be stated in the Solicitation document, but may be decreased if the number of Proposers that submit Responsive Proposals is less than the specified number, or may be increased as provided in Subsection 5.34.850 D.1.b.

**TITLE 5  
REVENUE AND FINANCE**

4. When the City intends to Award Contracts to more than one Proposer, the City must identify in the Solicitation Document the manner in which it will determine the number of Contracts it will Award. The City shall also include the criteria it will use to determine how the City will endeavor to achieve optimal value, utility and substantial fairness when selecting a particular Contractor to provide Personal Services or Work from those Contractors Awarded Contracts.

**C. Evaluation of Proposals.**

1. Evaluation. The City shall evaluate Proposals only in accordance with criteria set forth in the RFP and applicable law. The City shall evaluate Proposals to determine the Responsible Proposer or Proposers submitting the best Responsive Proposal or Proposals.
  - a. Clarifications. In evaluating Proposals, The City may seek information from a Proposer to clarify the Proposer's Proposal. A Proposer must submit Written and Signed clarifications and such clarifications shall become part of the Proposer's Proposal.
  - b. Limited Negotiation. If the City did not permit negotiation in its Request for Proposals, the City may, nonetheless, negotiate with the highest-ranked Proposer, but may then only negotiate the:
    - (1) Statement of Work; and
    - (2) Contract Price as it is affected by negotiating the statement of Work.
    - (3) The process for discussions or negotiations that is outlined and explained in Subsections 5.34.850 E.2. and 5.34.850 F. does not apply to this limited negotiation.
2. Discussions; Negotiations. If the City permitted discussions or negotiations in the Request for Proposals, the City shall evaluate Proposals and establish the Competitive Range, and may then conduct discussions and negotiations in accordance with this rule.
  - a. If the Solicitation Document provided that discussions or negotiations may occur at City's discretion, the City may forego discussions and negotiations and evaluate all Proposals in accordance with this rule.
  - b. If the City proceeds with discussions or negotiations, the City shall establish a negotiation team tailored for the acquisition. The City's

**TITLE 5  
REVENUE AND FINANCE**

team may include legal, technical, auditing and negotiating personnel.

3. Cancellation. Nothing in this rule shall restrict or prohibit the City from canceling the Solicitation at any time.

**D. Competitive Range; Protest; Award.**

**1. Determining Competitive Range.**

**a.** If the City does not cancel the Solicitation, after the Opening the City will evaluate all Proposals in accordance with the evaluation criteria set forth in the Request for Proposals. After evaluation of all Proposals in accordance with the criteria set forth in the Request for Proposals, the City will rank the Proposers based on the City's scoring and determine the Competitive Range.

**b.** The City may increase the number of Proposers in the Competitive Range if the City's evaluation of Proposals establishes a natural break in the scores of Proposers indicating a number of Proposers greater than the initial Competitive Range are closely Competitive, or have a reasonable chance of being determined the best Proposer after the City's evaluation of revised Proposals submitted in accordance with the process described in this rule.

2. **Protesting Competitive Range.** The City shall provide Written notice to all Proposers identifying Proposers in the Competitive Range. A Proposer that is not within the Competitive Range may protest the City's evaluation and determination of the Competitive Range in accordance with Section 5.34.710.

3. **Intent to Award; Discuss or Negotiate.** After the protest period provided in accordance with these rules expires, or after the City has provided a final response to any protest, whichever date is later, the City may either:

**a.** Provide Written notice to all Proposers in the Competitive Range of its intent to Award the Contract to the highest-ranked Proposer in the Competitive Range.

**(1)** An unsuccessful Proposer may protest the City's intent to Award in accordance with Section 5.34.740.

**(2)** After the protest period provided in accordance with Section 5.34.740 expires, or after the City has provided a final response to any protest, whichever date is later, the City shall

response to any protest, whichever date is later, the City shall commence final Contract negotiations.

**F. Negotiations.**

- 1. Initiating Negotiations.** The City may determine to commence negotiations with the highest-ranked Proposer in the Competitive Range following the:
  - a.** Initial determination of the Competitive Range; or
  - b.** Conclusion of discussions with all Proposers in the Competitive Range and evaluation of revised Proposals.
- 2. Conducting Negotiations, Scope.** The City may negotiate:
  - a.** The statement of Work;
  - b.** The Contract Price as it is affected by negotiating the statement of Work; and
  - c.** Any other terms and conditions reasonably related to those expressly authorized for negotiation in the Request for Proposals. Accordingly, Proposers shall not submit, and City shall not accept, for negotiation any alternative terms and conditions that are not reasonably related to those expressly authorized for negotiation in the Request for Proposals.
- 3. Continuing Negotiations.** If the City terminates discussions or negotiations with a Proposer, the City may then commence negotiations with the next highest scoring Proposer in the Competitive Range, and continue the process described in this rule until the City has either:
  - a.** Determined to Award the Contract to the Proposer with whom it is currently discussing or negotiating; or
  - b.** Completed one round of discussions or negotiations with all Proposers in the Competitive Range, unless the City provided for more than one round of discussions or negotiations in the Request for Proposals, in which case the Contracting Agency may proceed with any authorized further rounds of discussions or negotiations.
- 4. Terminating Discussions or Negotiations.** At any time during discussions or negotiations conducted in accordance with this Rule, the City may terminate discussions or negotiations with the Proposer with whom it is currently conducting discussions or negotiations if the City reasonably believes that;

**TITLE 5  
REVENUE AND FINANCE**

- a. The Proposer is not discussing or negotiating in good faith; or
- b. Further discussions or negotiations with the Proposer will not result in the parties agreeing to the terms and conditions of a final Contract in a timely manner that will be in the best interests of the City. The determination of a timely manner and the best interests of the City are matters solely within the discretion of the City.

**5.34.860 RFP Pricing Mechanisms.**

(Amended by Ordinance Nos. 184403 and 187373, effective October 14, 2015.)

- A. A Request for Proposals may result in a Contract with a lump sum Contract Price or a fixed Contract Price, as in the case of Competitive Bidding. Alternatively, a Request for Proposals may result in a cost reimbursement Contract with a GMP or some other maximum price specified in the Contract.
- B. Economic incentives or disincentives may be included to reflect stated City purposes related to time of completion, safety or other Public Contracting objectives, including but not limited to, total least cost mechanisms such as Life Cycle Costing.
- C. A Guaranteed Maximum Price (GMP) may be used as the pricing mechanism for Contracts for CM/GC Services where a total Contract Price is provided in the design phase in order to assist the City in determining whether the project Scope is within the City's budget, and allowing for design changes during preliminary design rather than after final design services have been completed.
  - 1. If this collaborative process is successful, the Contractor shall propose a final GMP, which may be accepted by the City and included within the Contract.
  - 2. If this collaborative process is not successful, and no mutually agreeable resolution on GMP can be achieved with the Contractor, then the City shall terminate the Contract. The City may then proceed to negotiate a new Contract (and GMP) with the firm that was next ranked in the original selection process, or employ other means for continuing the project under ORS Chapter 279C.
- D. When cost reimbursement Contracts are utilized, regardless of whether a GMP is included, the City shall provide for audit controls that will effectively verify rates and ensure that costs are reasonable, allowable and properly allocated.

**5.34.870 Design-Build Contracts.**

(Amended by Ordinance No. 185898, effective February 20, 2013.)

**TITLE 5  
REVENUE AND FINANCE**

- A.** General. The Design-Build form of contracting, as defined in Subsection 5.34.810 C., has technical complexities that are not readily apparent. In order to use the Design-Build process, the City must be able to reasonably anticipate the following types of benefits:
1. Obtaining, through a Design-Build team, engineering design, plan preparation, value engineering, construction engineering, construction, quality control and required documentation as a fully integrated function with a single point of responsibility;
  2. Integrating value engineering suggestions into the design phase, as the construction Contractor joins the project team early with design responsibilities under a team approach, with the potential of reducing Contract changes;
  3. Reducing the risk of design flaws, misunderstandings and conflicts inherent in construction Contractors building from designs in which they have had no opportunity for input, with the potential of reducing Contract claims;
  4. Shortening project time as construction activity (early submittals, mobilization, subcontracting and advance Work) commences prior to completion of a "Biddable" design, or where a design solution is still required (as in complex or phased projects); and
  5. Obtaining innovative design solutions through the collaboration of the Contractor and design team, which would not otherwise be possible if the Contractor had not yet been selected.
- B.** Authority. Contracting Agencies shall utilize the Design-Build form of contracting only in accordance with the requirements of Sections 5.34.800 to 5.34.890 of these rules. See particularly Section 5.34.820 on "Use of Alternative Contracting Methods" and Section 5.34.880 pertaining to ESPCs.
- C.** Selection. Design-Build selection criteria may include those factors set forth above in Subsections 5.34.840 B.1., 2. and 3.
- D.** QBS Inapplicable. Because the value of construction services predominates the Design-Build form of contracting, the qualifications based selection (QBS) process is not applicable.
- E.** Licensing. If a Design-Build Contractor is not an Oregon licensed design professional, the City shall require that the Design-Build Contractor disclose in its Written Offer that it is not an Oregon licensed design professional, and identify the Oregon licensed design professional(s) who will provide design services. See ORS 671.030(2)(g) regarding the offer of architectural services, and ORS 672.060(11)

**TITLE 5  
REVENUE AND FINANCE**

regarding the offer of engineering services that are appurtenant to construction Work.

- F.** Performance Security. ORS 279C.380(1)(a) provides that for Design-Build Contracts the surety's obligation on performance bonds, or the Bidder's obligation on cashier's or certified checks accepted in lieu thereof, includes the preparation and completion of design and related Personal Services specified in the Contract. This additional obligation, beyond performance of construction services, extends only to the provision of professional services and related design revisions, corrective Work and associated costs prior to final completion of the Contract (or for such longer time as may be defined in the Contract). The obligation is not intended to be a substitute for professional liability insurance, and does not include errors and omissions or latent defects coverage.
- G.** Contract Requirements. The City shall conform its Design-Build contracting practices to the following requirements:
- 1.** Design Services. The level or type of design services required must be clearly defined within the Procurement documents and Contract, along with a description of the level or type of design services previously performed for the project. The Personal Services and Work to be performed shall be clearly delineated as either design Specifications or performance standards, and performance measurements must be identified.
  - 2.** Professional Liability. The Contract shall clearly identify the liability of design professionals with respect to the Design-Build Contractor and the City, as well as requirements for professional liability insurance.
  - 3.** Risk Allocation. The Contract shall clearly identify the extent to which the City requires an express indemnification from the Design-Build Contractor for any failure to perform, including professional errors and omissions, design warranties, construction operations and faulty Work claims.
  - 4.** Warranties. The Contract shall clearly identify any express warranties made to the City regarding characteristics or capabilities of the completed project (regardless of whether errors occur as the result of improper design, construction, or both), including any warranty that a design will be produced that meets the stated project performance and budget guidelines.
  - 5.** Incentives. The Contract shall clearly identify any economic incentives and disincentives, the specific criteria that apply and their relationship to other financial elements of the Contract.

6. Honoraria. If allowed by the RFP, honoraria or stipends may be provided for early design submittals from qualified finalists during the Solicitation process on the basis that the City is benefited from such deliverables.

**5.34.880 Energy Savings Performance Contracts (ESPC).**

(Amended by Ordinance Nos. 185898 and 187373, effective October 14, 2015.)

- A. Generally. Sections 5.34.800 to 5.34.890 include a limited, efficient method for the City to enter into ESPCs outside the competitive bidding requirements of ORS 279C.335 for existing buildings or structures, but not for new construction. If the City chooses not to utilize these rules, the City may still enter into an ESPC by complying with the competitive bidding exemption process set forth in ORS 279C.335, or by otherwise complying with the Procurement requirements applicable to any City not subject to all the requirements of ORS 279C.335. The following definitions shall apply specifically to Energy Savings Performance Contracts (or "ESPC"), unless the context requires otherwise.
  1. Energy Conservation Measures (or "ECMs") (also known as "energy efficiency measures"). As used in ESPC Procurement, any equipment, fixture or furnishing to be added or used in an existing building, structure or building/structure system, and any repair, alteration or improvement to an existing building, structure or building/structure system that is designed to reduce energy consumption and related costs, including those costs related to electrical energy, thermal energy, water consumption, waste disposal, and future contract-labor costs and materials costs associated with maintenance of the building or structure. Maintenance services are not Energy Conservation Measures, for purposes of this Section.
  2. Energy Savings Guarantee. The energy savings and performance guarantee provided by the ESCO under an ESPC Procurement, which guarantees to the City that certain energy savings and performance will be achieved for the project covered by the RFP, through the installation and implementation of the agreed-upon ECMs for the project. The Energy Savings Guarantee shall include, but shall not be limited to, the specific energy savings and performance levels and amounts that will be guaranteed, provisions related to the financial remedies available to the City in the event the guaranteed savings and performance are not achieved, the specific conditions under which the ESCO will guarantee energy savings and performance (including the specific responsibilities of the City after final completion of the design and construction phase), and the term of the energy savings and performance guarantee.
  3. Energy Savings Performance Contract (or "ESPC"). A Public Improvement Contract between The City and a Qualified Energy Service Company for the identification, evaluation, recommendation, design and construction of

**TITLE 5  
REVENUE AND FINANCE**

services and required documentation as a fully integrated function with a single point of responsibility;

2. Obtaining, through an ESCO, an Energy Savings Guarantee;
  3. Integrating the Technical Energy Audit phase and the Project Development Plan phase into the design and construction phase of Work on the project;
  4. Reducing the risk of design flaws, misunderstandings and conflicts inherent in the construction process, through the integration of ESPC Personal Services and Work;
  5. Obtaining innovative design solutions through the collaboration of the members of the ESCO integrated ESPC services team;
  6. Integrating cost-effective ECMs into an existing building or structure, so that the ECMs pay for themselves through savings realized over the useful life of the ECMs;
  7. Preliminary design, development, implementation and an Energy Savings Guarantee of ECMs into an existing building or structure through an ESPC, as a distinct part of a major remodel of that building or structure that is being performed under a separate remodeling Contract; and
  8. Satisfying local energy efficiency design criteria or requirements.
- D.** In ESPC contracting, terms that may be negotiated also include the Scope of preliminary design of DCMs to be evaluated by the parties during the Technical Energy Audit phase of the Work, the Scope of Personal Services and Work to be performed by the ESCO during the Project Development Plan phase of the Work, the detailed provisions of the Energy Savings Guarantee to be provided by the ESCO and Scope of Work, methodologies and compensation terms and conditions during the design and construction phase and M & V phase of the Work, consistent with the requirements of this Section.
- E.** In Energy Savings Performance Contracting (ESPC), in addition to the factors set forth in Subsections 5.33.840 C.1., 2. and 3., those factors may also include sample Technical Energy Audits from similar projects, sample M & V reports, financial statements and related information of the ESCO for a time period established in the RFP, financial statements and related information of joint ventures comprising the ESCO, the ESCO's capabilities and experience in performing energy baseline studies for facilities (independently or in cooperation with an independent third-party energy baseline consultant), past performance of the ESCO in meeting energy guarantee Contract levels, the specific Person that will provide the Energy Savings Guarantee to be offered by the ESCO, the ESCO's management plan for the project,

**TITLE 5  
REVENUE AND FINANCE**

information on the specific methods, techniques and equipment that the ESCO will use in the performance of the Work under the ESPC, the ESCO's team members and consultants to be assigned to the project, the ESCO's experience in the Energy Savings Performance Contracting field, the ESCO's experience acting as the prime Contractor on previous ESPC projects (as opposed to a sub-contractor or consultant to a prime ESCO), the ESCO's vendor and product neutrality related to the development of ECMs, the ESCO's project history related to removal from an ESPC project or the inability or unwillingness of the ESCO to complete an ESPC project, the ESCO's M & V capabilities and experience (independently or in cooperation with an independent third-party M & V consultant), the ESCO's ability to explain the unique risks associated with ESPC projects and the assignment of risk in the particular project between the City and the ESCO, the ESCO's equipment performance guarantee policies and procedures, the ESCO's energy savings and cost savings guarantee policies and procedures, the ESCO's project cost guarantee policies and procedures, the ESCO's pricing methodologies, the price that the ESCO will charge for the Technical Energy Audit phase of the Work and the ESCO's fee structure for all phases of the ESPC.

- F.** Authority. Bureaus wanting to pursue an exemption from the Competitive Bidding requirements of ORS 279C.335 (and, if applicable, ORS 351.086), shall utilize the ESPC form of contracting only in accordance with the requirements of Sections 5.34.800 through 5.34.890.
- G.** No Findings. The City is only required to comply with the ESPC contracting procedures set forth in Sections 5.34.800 through 5.34.890 in order for the ESPC to be exempt from the competitive bidding processes of ORS 279C.335. No Findings are required for an ESPC to be exempt from the competitive bidding process for Public Improvement Contracts pursuant to ORS 279C.335, unless the City is subject to the requirements of ORS 279C.335 and chooses not to comply with the ESPC contracting procedures set for in these rules.
- H.** Selection. ESPC selection criteria may include those factors set forth above in Subsections 5.34.840 C.1., 2., and 3. Since the Energy Savings Guarantee is such a fundamental component in the ESPC contracting process, Proposers must disclose in their Proposals the identity of any Person providing (directly or indirectly) any Energy Savings Guarantee that may be offered by the successful ESCO during the course of the performance of the ESPC, along with any financial statements and related information pertaining to any such Person.
- I.** QBS Inapplicable. Because the value of construction Work predominates in the ESPC method of contracting, the qualifications based selection (QBS) process mandated by ORS 279C.110 is not applicable.
- J.** Licensing. If the ESCO is not an Oregon licensed design professional, the City shall require that the ESCO disclose in the ESPC that it is not an Oregon licensed

**TITLE 5  
REVENUE AND FINANCE**

design professional, and identify the Oregon licensed design professional(s) who will provide design services. See ORS 671.030(5) regarding the offer of architectural services, and ORS 672.060(11) regarding the offer of engineering services that are appurtenant to construction Work.

- K.** Performance Security. At the point in the ESPC when the parties enter into a binding Contract that constitutes a Design-Build Contract, the ESCO must provide a performance bond and payment bond, each for 100 percent of the full Contract Price, including the construction Work and design and related Personal Services specified in the ESPC Design-Build Contract, pursuant to ORS 279C.380(1)(a). For ESPC Design-Build Contracts, these "design and related professional services" include conventional design services, commissioning services, training services for the City's operations and maintenance staff, and any similar Personal Services or Work provided by the ESCO under the ESPC Design-Build Contract prior to final completion of construction. M & V services, and any Personal Services and Work associated with the ESCO's Energy Savings Guarantee are not included in these ORS 279C.380(1)(a) "design and related professional services." Nevertheless, The City may require that the ESCO provide performance security for M & V services and any Personal Services and Work associated with the ESCO's Energy Savings Guarantee, if the City so provides in the RFP.
- L.** Contracting Requirements. Contracting Agencies shall conform their ESPC contracting practices to the following requirements:
- 1.** General ESPC Contracting Practices. An ESPC involves a multi-phase project, which includes the following contractual elements:
    - a.** A contractual structure which includes general Contract terms describing the relationship of the parties, the various phases of the Work, the contractual terms governing the Technical Energy Audit for the project, the contractual terms governing the Project Development Plan for the project, the contractual terms governing the final design and construction of the project, the contractual terms governing the performance of the M & V services for the project, and the detailed provisions of the ESCO's Energy Savings Guarantee for the project.
    - b.** The various phases of the ESCO's Work will include the following:
      - (1)** The Technical Energy Audit phase of the Work;
      - (2)** The Project Development Plan phase of the Work;
      - (3)** A third phase of the Work that constitutes a Design-Build Contract, during which the ESCO completes any plans and

**TITLE 5  
REVENUE AND FINANCE**

Specifications required to implement the ECMs that have been agreed to by the parties to the ESPC, and the ESCO performs all construction, commissioning, construction administration and related Personal Services or Work to actually construct the project; and

- (4) A final phase of the Work, whereby the ESCO, independently or in cooperation with an independent consultant hired by the City, performs M & V services to ensure that the Energy Savings Guarantee identified by the ESCO in the earlier phases of the Work and agreed to by the parties has actually been achieved.
2. Design-Build Contracting Requirements in ESPCs. At the point in the ESPC when the parties enter into a binding Contract that constitutes a Design-Build Contract, the City shall conform its Design-Build contracting practices to the Design-Build contracting requirements set forth in Subsection 5.34.870 G. above.
3. Pricing Alternatives. The City may utilize one of the following pricing alternatives in an ESPC:

  - a. A fixed price for each phase of the Personal Services and Work to be provided by the ESCO;
  - b. A cost reimbursement pricing mechanism, with a maximum not-to-exceed price or a GMP; or
  - c. A combination of a fixed fee for certain components of the Personal Services to be performed, a cost reimbursement pricing mechanism for the construction Work to be performed with a GMP, a single or annual fixed fee for M & V services to be performed for an identified time period after final completion of the construction Work, and a single or annual Energy Savings Guarantee fixed fee payable for an identified time period after final completion of the construction Work that is conditioned on certain energy savings being achieved at the facility by the ECMs that have been implemented by the ESCO during the project (in the event an annual M & V services fee and annual Energy Savings Guarantee fee is utilized by the parties, the parties may provide in the Design-Build Contract that, at the sole option of the City, the ESCO's M & V services may be terminated prior to the completion of the M & V/Energy Savings Guarantee period and the City's future obligation to pay the M & V services fee and Energy Savings Guarantee fee will likewise be terminated, under terms agreed to by the parties).

**TITLE 5  
REVENUE AND FINANCE**

4. Permitted ESPC Scope of Work. The Scope of Work under the ESPC is restricted to implementation and installation of ECMs, as well as other Work on building systems or building components that are directly related to the ECMs, and that, as an integrated unit, will pay for themselves over the useful life of the ECMs installed. The permitted Scope of Work for ESPCs resulting from a Solicitation under Sections 5.34.800 to 5.34.890 rules does not include maintenance services for the project facility.

**5.34.890 Construction Manager/General Contractor Services (CM/GC Services).**

(Amended by Ordinance Nos. 181547, 185898 and 187373, effective October 14, 2015.)

- A. **General.** The CM/GC Method is a technically complex project delivery system. City bureaus shall use this contracting method only with the assistance of legal counsel, as well as knowledgeable staff, consultants or both staff and consultants who have a demonstrated capability of managing the CM/GC Method, in the necessary disciplines of engineering, construction scheduling and cost control, accounting, legal, Public Contracting and project management. Unlike the Design-Build Method, the CM/GC Method does not contemplate a "single point of responsibility" under which the CM/GC is responsible for successful completion of all Work related to a performance Specification. The CM/GC has defined Contract obligations, including responsibilities as part of the project team along with the City and design professional, although with the CM/GC Method there is a separate Contract between the City and the design professional(s). In order to utilize the CM/GC Method, the City must be able to reasonably anticipate the following types of benefits:

1. Time Savings. With the CM/GC Method, the Public Improvement has significant schedule ramifications, such that concurrent design and construction are necessary in order to meet critical deadlines and shorten the overall duration of construction. The City may consider operational and financial data that show significant savings or increased opportunities for generating revenue as a result of early completion, as well as less disruption to public facilities as a result of shortened construction periods;
2. Cost Savings. With the CM/GC Method, early CM/GC input during the design process is expected to contribute to significant cost savings. The City may consider value engineering, building systems analysis, Life Cycle Costing analysis and construction planning that lead to cost savings. The City shall specify any special factors influencing this analysis, including high rates of inflation, market uncertainty due to material and labor fluctuations or scarcities, and the need for specialized construction expertise due to technical challenges; and
3. Technical Complexity. With the CM/GC Method, the Public Improvement presents significant technical complexities that are best addressed by a

**TITLE 5  
REVENUE AND FINANCE**

collaborative or team effort between the City, design professionals, City project management or technical consultants and the CM/GC, in which the CM/GC will assist in addressing specific project challenges through pre-construction services. The City may consider the need for CM/GC input on issues such as operations of the facility during construction, tenant occupancy, public safety, delivery of an early budget or GMP, financing, historic preservation, difficult remodeling projects and projects requiring complex phasing or highly coordinated scheduling.

- B. Authority.** The City shall use the CM/GC Method only in accordance with the requirements of ORS 279C.337, when an exemption from Competitive Bidding is approved by Council. See particularly, Section 5.34.820 on "Use of Alternative Contracting Methods".
- C. Selection.** CM/GC selection criteria may include those factors set forth above in Subsection 5.34.840 C. The City shall, in documents the City uses to procure CM/GC Services.
1. Describe the selection criteria and the weight of each criterion in the evaluation process;
  2. Describe how interviews will be used and evaluated, if interviews are to be used in the selection;
  3. Describe any other criteria that may be considered in selecting a CM/GC;
  4. Describe how scoring from the evaluation of the written proposals and interviews will be combined to arrive at a Proposer's final score and ranking;
  5. State that any Savings the CM/GC realizes in performing the Contract will accrue to the City, unless the Contract provides otherwise;
  6. Specify terms and conditions that govern how the fixed price, GMP or other maximum price set forth in the Contract will be determined and whether the price includes or is based on unit pricing or allows for Work that is constructed in phases;
  7. State that the City will not pay any amount that exceeds a fixed price, GMP or other maximum price specified in the Contract unless the amount results from material changes to the scope of work set forth in the Contract and the parties to the Contract agree in writing to the material changes;
  8. State that the City will conduct the procurement in accordance with model rules the Attorney General adopts under ORS 279A.065 (3); and

**TITLE 5  
REVENUE AND FINANCE**

9. Specify deadlines and time periods for the selection that allow prospective Proposers a reasonable opportunity to submit proposals, including but not limited to:
  - a. The date and time by which the City must receive proposals;
  - b. The time periods during which the City will conduct interviews, if the City will conduct interviews;
  - c. The date by which the City plans to indicate an intent to award the Contract; and
  - d. The time period during which the City will meet with Proposers that the City did not select for the Contract, if a Proposer requests a meeting to discuss the procurement.
  
- D. **Basis for Payment.** The CM/GC process adds specified Construction Manager Professional, Technical and Expert Services to traditional design-bid-build general contractor Work, requiring full Contract performance within a negotiated GMP, fixed Contract Price or other maximum Contract Price. For a GMP pricing method, the basis for payment is reimbursable direct costs as defined under the Contract, plus a fee constituting full payment for Work and Professional, Technical and Expert Services rendered, which together shall not exceed the GMP. See GMP definition at Subsection 5.34.810 E. and Pricing Mechanisms in Section 5.34.860.
  
- E. **Contract Requirements.** The City shall conform its CM/GC Services contracting practices to the following requirements:
  1. Nature of the Contracts for CM/GC Services. Since the scope of CM/GC Services includes a pre-construction phase of Professional, Technical and Expert Services and a construction phase Work to be performed by the CM/GC, the City may award one or more Contracts for CM/GC Services. In general, Contracts for CM/GC Services will include contract provisions that will not only govern the relationship between the City and the CM/GC for the pre-construction Professional, Technical and Expert Services, but will also include provisions that will govern the CM/GC's providing of the Work necessary to complete the Public Improvement. The City will only authorize the construction phase or phases of a portion of the project or the entire project upon successful negotiation of the GMP. For purposes of paying BOLI prevailing wages, a CM/GC Services Contract becomes a public works Contract at the time covered Work activities commence, through authorized Early Work during the pre-construction phase or construction phase Work.

**TITLE 5  
REVENUE AND FINANCE**

2. Setting the GMP, Fixed Contract Price or Other Maximum Contract Price. The GMP, fixed Contract price or other maximum Contract Price shall be set at an identified time consistent with industry practice and project conditions and after supporting information reasonably considered necessary to its use has been developed. The supporting information for the GMP must define with particularity both what Professional, Technical and Expert Services and Work is included and/or excluded from the GMP, fixed Contract price or other maximum Contracts Price. A set of project drawings and Specifications shall be produced establishing the scope of Work contemplated by the GMP, fixed Contract price or other maximum Contract Price.
3. Adjustments to the GMP, Fixed Contract Price or Other Maximum Contract Price. The Contract shall clearly identify the standards or factors under which changes or additional Work will be considered outside of the Work Scope that warrants an increase in the GMP, fixed Contract price or other maximum Contract Price as well as criteria for decreasing the GMP, fixed Contract price or other maximum Contract Price. The GMP, fixed Contract price or other maximum Contract Price shall not be increased without a concomitant increase to the scope of Work defined at the establishment of the GMP, fixed Contract price or other maximum Contract Price or most recent amendment to the GMP, fixed Contract price or other maximum Contract Price.
4. Cost Savings. The Contract shall clearly identify the disposition of any Cost Savings resulting from completion of the Work below the GMP, fixed Contract price or other maximum Contract Price; that is, under what circumstances, if any, the CM/GC might share in those Cost Savings, or whether the Cost Savings accrue only to the City's benefit. Unless there is a clearly articulated reason for sharing the Cost Savings set forth in the Contract, the Cost Savings must accrue to the City .)
5. Cost Reimbursement. The Contract shall clearly identify what items or categories of items are eligible for cost reimbursement within the GMP or other maximum Contract Price.
6. Audit. Cost reimbursements shall be made subject to final audit adjustment, and the Contract shall establish an audit process to ensure that Contract costs are allowable, properly allocated and reasonable.
7. Fee. Compensation for the CM/GC's Personal Services and construction Work where the Contract uses a GMP, shall be paid on the basis of a fee that is inclusive of profit, overhead and all other indirect or non-reimbursable costs. Costs determined to be included within the fee shall be expressly defined in the Contract terms and conditions at the time the City

**TITLE 5  
REVENUE AND FINANCE**

selects the CM/GC. The fee, which may be expressed as either a fixed dollar amount or as a proposed percentage of all reimbursable costs, shall be identified during and become an element of the selection process. It shall subsequently be expressed as a fixed amount for particular construction Work authorized to be performed, when Early Work is added to the Contract through an amendment and when the GMP is established. The CM/GC fee does not include any fee paid to the CM/GC for performing preconstruction services during a separate preconstruction phase.

- 8.** Incentives. The Contract shall clearly identify any economic incentives, the specific criteria that apply and their relationship to other financial elements of the Contract (including the GMP, fixed Contract price or other maximum Contract Price).
- 9.** Controlled Insurance Programs. For projects where an owner-controlled or contractor-controlled insurance program is permitted, the Contract shall clearly identify whether an Owner Controlled or Contractor Controlled Insurance Program is anticipated or allowable. If so, the Contract shall clearly identify:

  - a.** anticipated cost savings from reduced premiums, claims reductions and other factors;
  - b.** the allocation of cost savings; and
  - c.** safety responsibilities, incentives or both safety responsibilities and incentives.
- 10.** Early Work. The RFP shall clearly identify, whenever feasible, the circumstances under which any Early Work may be authorized and undertaken for compensation prior to establishing the GMP, fixed Contract price or other maximum Contract price.
- 11.** Subcontractor Selection. Subcontracts under the Contract are not Public Contracts within the meaning of the Code. However, the Contract must include provisions that clearly meet the requirements of ORS 279C.337(3) and other City requirements. Within the scope of ORS 279C.337(3), the CM/GC's subcontractor selection process must meet the following parameters:

  - a.** Absent a written justification prepared by the CM/GC and approved by the City as more particularly provided for in this section, the CM/GC's Subcontractor selection process must be "competitive", meaning that the process should include publicly advertised subcontractor solicitations and be based on a low-bid competitive

**TITLE 5  
REVENUE AND FINANCE**

method, a low-quote competitive method for contracts in a specified dollar range agreeable to the City, or a method whereby both price and qualifications of the subcontractors are evaluated in a competitive environment, consistent with the RFP and Contract requirements;

- b.** When the Subcontractor selection process for a particular Work package will not be “competitive” as provided for in this section, the process must meet the following requirements:
- (1)** The CM/GC must prepare and submit a written justification to the City, explaining the project circumstances that support a non-competitive Subcontractor selection process for a particular Work package, including, but not limited to, Emergency circumstances, the CM/GC’s need to utilize a key Subcontractor member of the CM/GC’s project team consistent with the CM/GC’s project proposal, the need to meet other specified Contract requirements, the continuation or expansion of an existing Subcontractor agreement that was awarded through a “competitive process” along with facts supporting the continuation or expansion of the Subcontractor agreement, or a “sole source” justification;
  - (2)** For a “sole source” selection of a subcontractor to proceed, the City must evaluate the written justification provided by the CM/GC and must find that critical project efficiencies require utilization of labor, services or materials from one subcontractor; that technical compatibility issues on the project require labor, services or materials from one subcontractor; that particular labor, services or materials are needed as part of an experimental or pilot project or as part of an experimental or pilot aspect of the project; or that other project circumstances exist to support the conclusion that the labor, services or materials are available from only one subcontractor;
  - (3)** The CM/GC must provide an independent cost estimate for the Work package that will be subject to the non-competitive process, if required by the City;
  - (4)** The CM/GC must fully respond to any questions or comments submitted to the CM/GC by the City; and

**TITLE 5  
REVENUE AND FINANCE**

- (5) The City must approve the CM/GC's use of the non-competitive Subcontractor selection process prior to the CM/GC's pursuit of the non-competitive process.
  - c. A competitive selection process may be preceded by a publicly advertised subcontractor pre-qualification process, with only those subcontractors meeting the pre-qualification requirements being invited to participate in the later competitive process through which the CM/GC will select the subcontractor to perform the construction Work described in the selection process;
  - d. If the CM/GC or an Affiliate or subsidiary of the CM/GC will be included in the subcontractor selection process to perform particular construction Work on the project, the CM/GC must disclose that fact in the selection process documents and announcements. The Contract must also identify the conditions, processes and procedures the CM/GC will utilize in that competitive process in order to make the process impartial, competitive and fair, including but not limited to objective, independent review and opening of bids or proposals for the elements of Work involved, by a representative of the City or another independent third party.
12. Subcontractor Approvals and Protests. The Contract shall clearly establish whether the City must approve subcontract Awards, and to what extent, if any, the City will resolve or be involved in the resolution of protests of the CM/GC's selection of Subcontractors and suppliers. The procedures and reporting mechanisms related to the resolution of Subcontractor and supplier protests shall be established in the Contract with certainty, including the CM/GC's roles and responsibilities in this process and whether the CM/GC's subcontracting records are considered to be public records. In any event, the City must retain the right to monitor the subcontracting process in order to protect City's interests and to confirm the CM/GC's compliance with the contract and with applicable statutes, administrative rules and other legal requirements.
13. CM/GC Self-Performance or Performance by CM/GC Affiliates or Subsidiaries Without Competition. Consistent with the requirements of ORS 279C.3337(3)(c), the Contract must establish the conditions under which the CM/GC or an Affiliate or subsidiary of the CM/GC may perform elements of the Work without competition from subcontractors. In order for the CM/GC or an Affiliate or subsidiary of the CM/GC to perform elements of the construction Work without competition from subcontractors, the CM/GC must provide, or must have included in the CM/GC's RFP proposal to perform CM/GC Services for the project, a detailed proposal for performance of the Work by the CM/GC or an

**TITLE 5  
REVENUE AND FINANCE**

Affiliate or subsidiary of the CM/GC. If required by the City, the CM/GC's proposal to perform the construction Work must be supported by at least one independent cost estimate prior to the Work being included in the Contract.

- 14.** Unsuccessful Subcontractor Briefing. ORS 279C.337(3)(e) is designed to allow a subcontractor who was not selected by the CM/GC to perform a particular element of the construction Work to obtain specific information from the CM/GC, and meet with the CM/GC to discuss the subcontractor qualification and selection process involved and the CM/GC's subcontractor selection decisions, in order to better understand why the subcontractor was not successful in being selected to perform the particular element of the Work and to improve the subcontractor's substantive qualifications or the subcontractor's methods in competing for elements of the Work for the particular project involved, or for future projects. The briefing meetings may be held with individual subcontractors or, if the subcontractors agree, in groups of subcontractors, with those groups established by bid package or other designation agreed to by the City and the CM/GC. Nevertheless, the CM/GC is not obligated to provide this briefing opportunity unless the CM/GC receives a written request from a subcontractor to discuss the subcontractor qualification and selection process involved. Unless the City and the CM/GC agree on a different schedule, the CM/GC Contract should include provisions:

  - a.** Allowing a Subcontractor 60 days from the CM/GC's notice of award of a subcontract for a particular Work package to request, in writing, a post-selection meeting with the CM/GC under this section; and
  - b.** Requiring the CM/GC to set a meeting with the subcontractor under this section within 45 days of the Subcontractor's written request.
- 15.** Performance and Payment Bonds. Provided no construction Work is included with the preconstruction services to be performed under the initial form of the CM/GC Contract, no performance bond or payment bond is required to be provided by the CM/GC at the time of Contract signing, consistent with ORS 279C.380. Once construction Work is included in the Contract and authorized by the City to be performed by the CM/GC, however, the CM/GC must provide a performance bond and payment bond in the full amount of any Early Work to be performed by the CM/GC, or the full amount of the amount of the GMP, fixed price or other maximum Contract Amount, as applicable. Furthermore, in the event additional Early Work is added to the CM/GC Contract after the initial Early Work or in the event an amendment to the CM/GC Contract is made so that the GMP, fixed price or other maximum Contract Amount must be increased, the

performance bond and the payment bond must be increased in an amount equal to the additional Early Work or the increased GMP, fixed price or other maximum Contract Amount.

16. **Independent Review of CM/GC Performance: Conflicts of Interest.** If the City requires independent review, monitoring, inspection or other oversight of a CM/GC's performance of pre-construction Professional, Technical and Expert Services, construction Work or both pre-construction and construction Work, the City must obtain those independent review services from a Contractor independent of the CM/GC, the CM/GC's Affiliates and the CM/GC's Subcontractors, pursuant to the requirements of ORS 279C.307. However, ORS 279C.307 does not prohibit the following:
  - a. The CM/GC's performance of both pre-construction Professional, Technical and Expert Services and construction Work that are included within the definition of CM/GC Services, consistent with ORS 279C.307(2); or
  - b. The CM/GC's performance of internal quality control services, quality assurance services or other internal peer review of CM/GC work product that is intended to confirm the CM/GC's performance of the CM/GC Contract according to its terms.
17. **Socio-Economic Programs.** The Contract shall clearly identify conditions relating to any required socio-economic programs, including the manner in which such programs affect the CM/GC's subcontracting requirements, the enforcement mechanisms available, and the respective responsibilities of the CM/GC and City.

**5.34.900 Required Contract Clauses.**

(Amended by Ordinance No. 185898, effective February 20, 2013.) The City shall include in all formal Solicitations for Public Improvement Contracts all of the ORS Chapter 279C required Contract clauses, as set forth in the checklist contained in Section 5.34.300 regarding Solicitation Documents. The following series of rules provide further guidance regarding particular Public Contract provisions.

**5.34.910 Waiver of Delay Damages Against Public Policy.**

Any clause in a Public Improvement Contract purporting to waive, release, or extinguish the rights of a Contractor to damages resulting from The City's unreasonable delay in performing the Contract is void and unenforceable, as against public policy. However, Contract provisions requiring notice of delay, providing for alternative dispute resolution such as arbitration (where allowable) or mediation, providing other procedures for settling Contract disputes, or providing for reasonable liquidated damages, are permissible.

**TITLE 5

**5.34.915 BOLI Public Works Bond.**

(Amended by Ordinance No. 184403, effective February 2, 2011.) Pursuant to ORS 279C.830(2), the specifications for every Public Works Contract shall contain a provision stating that the Contractor and every subcontractor must have a Public Works bond filed with the Construction Contractors Board before starting Work on the project, unless otherwise exempt. This bond is in addition to performance bond and payment bonds requirements.

**5.34.920 Retainage.**

(Amended by Ordinance Nos. 181547, 183445, 185898 and 187373, effective October 14, 2015.)

- A.** Retainage of 5 Percent. The amount to be retained from any given progress payment shall not exceed 5 percent of the payment. If the Contract Work is 50 percent completed and the Work is progressing satisfactorily, the City may, at its discretion, reduce or eliminate the retainage on the remaining progress payments. Any reduction or elimination of retainage shall be allowed only upon Written application of the Contractor, which application shall include Written approval of the Contractor's surety; except that when the Contract Work is 97.5 percent completed, the City may, at its discretion and without application by the Contractor, reduce the retained amount to 100 percent of the value of the Contract Work remaining to be done. Upon receipt of a Written application by the Contractor, the City shall respond in Writing within a reasonable time. If retainage has been reduced or eliminated, the City reserves the right in protecting its interests to reinstate at any time retainage from further progress payments.
- B.** Form of Retainage. Unless the City finds in writing that accepting a bond or instrument described in 1. and 2. of this Subsection poses an extraordinary risk that is not typically associated with the bond or instrument, the City, in lieu of withholding moneys from payment, shall accept from the Contractor:

  - 1.** Bonds, securities, or other instruments that are deposited and accepted as provided in Subsection 5.34.920 D.1. of this rule; or
  - 2.** A surety bond deposited as provided in Subsection 5.34.920 D. of this rule.
- C.** Deposit in Interest-bearing Accounts. Upon request of the Contractor, the City shall deposit cash retainage in an interest-bearing account in a bank, savings bank, trust company, or savings association, for the benefit of the City. Earnings on such account shall accrue to the Contractor. The City may determine the account into which the retainage is placed.
- D.** Alternatives to Cash Retainage. In lieu of cash retainage to be held by the City, the Contractor may select one of the following options:

**TITLE 5  
REVENUE AND FINANCE**

1. Deposit of bonds, securities and other instruments:
  - a. The Contractor may deposit bonds, securities or other instruments with the City as set forth in Section 5.34.920 or in any bank or trust company to be held for the benefit of the City. If the City accepts the deposit, the City shall reduce the retainage in an amount equal to the value of the bonds and securities. This reduction in retainage shall be made in the progress payments made subsequent to the time the Contractor deposits the bonds and securities;
  - b. The value of the bonds and securities shall be determined periodically by the City, in the manner described in Subsection 5.34.920 D.1.c., and the amount retained on progress payments shall be adjusted accordingly. The bonds and securities deposited by the Contractor shall be fully assigned to the City or be payable to the City on demand and shall be of a character approved by the City Treasurer and in a form approved by the City Attorney including, but not limited to, the following:
    - (1) Bills, certificates, notes or bonds of the United States;
    - (2) Other obligations of the United States or agencies of the United States;
    - (3) Obligations of any corporation wholly owned by the federal government;
    - (4) Indebtedness of the Federal National Mortgage Association;
    - (5) General obligation bonds of the State of Oregon or a political subdivision of the State of Oregon; or
    - (6) Irrevocable letters of credit issued by an insured institution, as defined in ORS 706.008.
  - c. The value of bonds and securities deposited by the Contractor shall be calculated as follows:
    - (1) As to bonds or securities for which the “Bid” and “asked” prices are published on a regular basis in the Wall Street Journal or in the New York Times, the value shall be the average of the “Bid” and “asked” prices for the bonds or securities so published on (or most recently prior to) the date value is determined;

**5.34.930 Social Equity Contracting and Employment Programs.**

(Amended by Ordinance No. 185898, effective February 20, 2013.) From time to time, the City may adopt programs designed to promote competition, enhance economic opportunity and stimulate hiring among all of Portland's citizens. When such programs are adopted, they shall be included or sufficiently referenced in the Solicitation and Contract Documents so that Persons desiring to enter into Contracts with the City are aware of their requirements.

**5.34.940 Public Works Contracts.**

(Amended by Ordinance Nos. 181547, 183445 and 185065, effective January 1, 2012.)

**A. Required Contract Conditions.** Every Public Works Contract must contain the following provisions:

1. City authority to pay certain unpaid claims and charge such amounts to Contractors, as set forth in ORS 279C.515A.
2. Maximum hours of labor and overtime, as set forth in ORS 279C.520(1).

  - a. physically contained within or attached to hard copies of Procurement Specifications;
  - b. included by a statement incorporating the applicable wage rate publication in the Specifications by reference; or
  - c. when the rates are available electronically or by Internet access, the rates may be incorporated into the Specifications by referring to the rates and providing adequate information on how to access them.

2. If both state and federal prevailing rates of wage apply, a requirement that the contractor shall pay the higher of the applicable state or federal prevailing rate of wage to all workers.

**5.34.950 City Payment for Unpaid Labor or Supplies.**

- A. Contract incomplete. If the Contract is still in force, the City may, in accordance with ORS 279C.515(1), pay a valid claim to the Person furnishing the labor or services, and charge the amount against payments due or to become due to the Contractor under the Contract. If the City chooses to make such a payment as provided in ORS 279C.515(1), the Contractor and the Contractor's surety shall not be relieved from liability for unpaid claims.
- B. Contract completed. If the Contract has been completed and all funds disbursed to the prime Contractor, all claims shall be referred to the Contractor's surety for resolution. The City shall not make payments to Subcontractors or suppliers for Work already paid for by the City.

**5.34.960 Records Maintenance; Right to Audit Records.**

(Amended by Ordinance No. 185898, effective February 20, 2013.)

- A. Contractors and Subcontractors shall maintain all fiscal records relating to a Contract executed with the City in accordance with generally accepted accounting principles. In addition, Contractors and Subcontractors shall maintain any other records necessary to clearly document:

  2. Any claims arising from or relating to their performance under a Public Contract;
  3. Any cost and pricing data; and,
  4. Payment to suppliers and Subcontractors.
- B. Such records shall be maintained for a period of six years from the date of final completion of the Contract or until the conclusion of any audit, controversy or litigation arising out of or related to a Contract, whichever is longer, unless a shorter period of time is authorized in Writing by the City.
- C. Contractors and Subcontractors shall make all their records available to the City within the boundaries of the City of Portland, Oregon, at reasonable times and

places regardless of whether litigation has been filed on any claims. If the records are not made available within the boundaries of the City, the Contractor or Subcontractor shall pay all costs for City employees, and any necessary consultants hired by the City, including travel, per diem costs, salary, and any other expenses incurred by City in sending its employees or consultants to examine, audit, inspect, and copy those records. If the Contractor elects to have such records outside these boundaries, the costs paid by the Contractor to the City for inspection, auditing, examining and copying those records are not recoverable costs in any legal proceeding.

- D.** The City and its Authorized Representatives shall be entitled to inspect, examine, copy and audit the books and records of any Contractor or Subcontractor upon request by the City for any reason, including any documents that may be placed in escrow according to any Contract requirements. The records that may be inspected and copied include financial documents of the Contractor, including tax returns and financial statements. The City will keep such documents confidential to the extent permitted by Oregon law, subject to Subsection 5.34.960 E. below.
- E.** Contractors and Subcontractors agree to disclose the records requested by the City and agree to their admission as evidence in any proceeding between the parties, including, but not limited to a court proceeding, arbitration, mediation or other alternative dispute resolution process.
- F.** In the event that the records disclose that the City is owed money or establishes that any portion of any claim made against the City is not warranted, the Contractor or Subcontractor shall pay all costs incurred by the City in conducting the audit and inspection. Such costs may be withheld from any sum due or that becomes due to the Contractor by the City.
- G.** Failure of the Contractor or Subcontractor to keep or disclose records as required may result in a finding that the Contractor or Subcontractor is not a Responsible Bidder or Proposer as provided in Subsection 5.34.610 B.

**5.34.970 Right to Inspect Plant or Place of Business.**

- A.** Time for Inspection. The City may, at reasonable times, inspect the part of the plant or place of business of a Contractor or any Subcontractor or supplier which is related to the performance of any Contract Awarded.

  3. To inspect for compliance with City programs required by the Solicitation Document.
  4. To inspect for Contract compliance.
- C.** Contractual Provisions. Contracts may provide that the City may inspect supplies and services at the Contractor's or Subcontractor's or supplier's office or facility and perform tests to determine whether they conform to the Solicitation Document, or, after Award, to the Contract requirements, and are acceptable. Such inspections and tests shall be conducted in accordance with the terms of the Contract.
- D.** Procedures for Inspection, Trial Use and Testing. The City may establish operational procedures governing the inspection, testing and trial use of equipment, materials and the application of resulting information and data to Specifications or Procurements.
- E.** Conduct of Inspections and Tests:
1. Inspectors and testers. Inspections or tests shall be performed so as not to unduly delay the Work of the Contractor or Subcontractor. No change of any provision of the Specifications or the Contract may be required by the inspector or tester without Written authorization of the City, unless otherwise specified in the Solicitation Document. The presence or absence of an inspector or tester shall not relieve the Contractor or Subcontractor from any requirement of the Contract;
  2. Location. When an inspection is made in the plant or place of business of a Contractor or Subcontractor, such Contractor or Subcontractor shall provide without charge all reasonable facilities and assistance for the safety and convenience of the inspector or tester;

**5.34.980 Contract Cancellation, Contractor Termination Procedures.**  
(Amended by Ordinance No. 185898, effective February 20, 2013.)

**TITLE 5  
REVENUE AND FINANCE**

- A.** Grounds for Cancellation or Termination. The City may, at its option, cancel a Contract or terminate the Contractor's performance, if cancellation or termination is in the best interest of the City; or, for any material violation of the provisions of the Contract. Such provisions generally include, but are not limited to:
1. Standard terms and conditions included in Contracts;
  2. Product or service Specifications;
  3. Delivery or completion requirements; or
  4. Contracted pricing and price escalation/de-escalation clauses.
- B.** The City and the Contractor may cancel the Contract at any time by mutual Written agreement.
- C.** Termination For Convenience.
1. Reasons for Termination. The City may, in its sole discretion, by a Written order or upon Written request from the Contractor, cancel the Contract or a portion thereof if any of the following occur:
    - a. The Contractor is prevented from completing the Work for reasons beyond the control of the City; or
    - b. The Contractor is prevented from completing the Work for reasons beyond the control of the Contractor; or
    - c. For any reason considered by the City to be in the public interest, other than a labor dispute or any third party judicial proceeding relating to the Work filed in regards to a labor dispute. These reasons may include, but are not limited to, non-availability of materials, phenomena of nature of catastrophic proportions or intensity, executive orders of the President related to national defense, congressional, state or local acts related to funding; or
    - d. Any third party judicial proceeding relating to the Work other than a suit or action filed in regards to a labor dispute; or
    - e. If the circumstances or conditions are such that it is impracticable within a reasonable time to proceed with a substantial portion of a public improvement.
- D.** Payment When Contract is Canceled. When the Contract, or any portion thereof, is canceled before completion of all items of Work in the Contract, payment shall be made, based on the Contract price, for the actual items of Work completed under

**TITLE 5  
REVENUE AND FINANCE**

the Contract, or by mutual agreement, for items of Work partially completed. No claim for loss of anticipated profits or overhead shall be allowed;

- E.** Responsibility for Completed Work if Contract Canceled. Cancellation of a Contract or a portion thereof shall not relieve the Contractor of responsibility for the Work completed, nor shall it relieve the surety of its obligation for any just claims arising from the Work performed.
  
- F.** Termination of the Contractor's Performance for Default.
  - 1.** Declaration of Default. The City may, after giving the Contractor and its surety seven (7) Days Written notice and an opportunity to cure deficient performance, terminate the Contractor's performance for any reasonable cause, including but not limited to those set forth in Subsections 5.34.980 F.1.a. to g. Upon such termination, the City may immediately take possession of the premises and of all materials, tools and appliances thereon as well as all other materials, whether on the premises or not, on which the Contractor has received partial payment. The City may finish the Work by whatever method it may deem expedient;
    - a.** If the Contractor should repeatedly refuse or fail to supply an adequate number of skilled workers or proper materials to carry on the Work as required by the Contract documents, or otherwise fail to pursue the Work in a timely manner; or
    - b.** If the Contractor should repeatedly fail to make prompt payment to Subcontractors or for material or labor; or
    - c.** If permitted by law, if the Contractor should voluntarily or involuntarily seek protection under the United States Bankruptcy Code and its Debtor in Possession or Trustee for the estate fails to assume the Contract within a reasonable time, or as provided by the Bankruptcy Court; or
    - d.** If the Contractor should make a general assignment for the benefit of the Contractor's creditors; or
    - e.** If a receiver should be appointed on account of the Contractor's insolvency; or
    - f.** If the Contractor is otherwise in material breach of any part of the Contract; or
    - g.** If the Contractor should disregard laws, rules, or the instructions of the City or its Authorized Representative.

**TITLE 5  
REVENUE AND FINANCE**

2. Required Response to Declaration of Default. If a default is declared and the Contractor's performance terminated, the Contractor or the surety shall provide the City with immediate and peaceful possession of all of the materials, tools and appliances located on the premises, as well as all other materials whether on the premises or not, on which the Contractor has received any progress payment. Further, the Contractor shall not be entitled to receive any further payment until the Work is completed. On the completion of the Work, the City shall determine the total amount of compensation the Contractor would have been entitled to receive for the Work, under the terms of the Contract, had the Contractor completed the Work. If the difference between this total amount and the sum of all amounts previously paid to the Contractor, (the unpaid balance) exceeds the expense incurred by the City in completing the Work, including expense for additional managerial and administrative services, such excess will be paid to the Contractor, with the consent of the surety;
  3. Expense of Completion. The expense incurred by the City shall be as determined and certified by the City;
- G.** Refusal to Perform. In addition to and apart from the above-mentioned right of the City to terminate the Contractor's performance, the Contract may be canceled by the City for any willful failure or refusal on the part of the Contractor and its surety to perform faithfully the Contract according to all of its terms and conditions; however, in such event neither the Contractor nor the surety shall be relieved from damages or losses suffered by the City on account of the Contractor's breach of Contract;
- H.** Remedies Cumulative. The City may, at its discretion, avail itself of any or all of the above rights or remedies and invoke anyone of the above rights or remedies without prejudice and without precluding the City from subsequently invoking any other right or remedy set forth above, or in the Contract, or available at law or in equity;
- I.** Notice. The City shall provide the Contractor Written notice of the grounds for Contract cancellation or Contractor termination and of its intention to cancel the Contract or terminate the Contractor's performance. If the Contractor provided a performance and payment bond, the surety shall also be provided with a copy of the notice of Contract cancellation or Contractor termination. The notice shall include:
1. The effective date of the intended cancellation or termination,
  2. The grounds for cancellation or termination, and

**TITLE 5**  
**REVENUE AND FINANCE**

- 3.** Notice of the amount of time (if any) in which the City shall permit the Contractor to correct the failure to perform.
- J.** The Contract documents may provide Contract cancellation or Contractor termination procedures that are different from, or in addition to, those provided in Section 5.34.980. If a Contract contains a cancellation or termination clause, that clause rather than Section 5.34.980 shall determine the respective rights and responsibilities of the parties in the event of cancellation or termination.
