Your City Council is dummer than rocks at the bottom of the Columbia.

Your crime is out of sight, police are quitting, your budget is in the tubes, your priorities are socialist, COVID,...Women in Afghanistan are being shot and one burned alive for cooking a bad meal, and now you are going widen a protest again Texas.....you can't enforce it and you depend more on Texas.....I thought you were all socialists...but you are just stupid.

Texas still abortion...just not as liberal as your state. What do you want...to suction out a baby's arms, legs, cheat and head at 22 weeks? Why worry about shooting in the street when you enhance this procedure.
