So, if I am correct Dell, HP, FoxConn (technology manufacture of Apple), 7-11, Pizza Hut, AT&T, Southwest & American Airlines, BNSF Railway, SolarWinds, Whole Foods, (Shell/Exxon) would all be affected. So, there would be technology and gasoline shortages in PDX if you pass this. Realistically this is not the way to go forward for PDX. Oh.... probably the best is Waste Management out of Texas - no garbage removal. Portland already has a garbage problem - don't make it impossible. Also, BNSF Railroad is one of the largest transporters in the US - do you want Oregonians to starve because we can get food shipped to Oregon? Maybe the best go-forward strategy for Mayor Wheeler and the Council to make a personal choice of what you want to purchase and not force the rest of us to fall in line with your politics. This is craziness and simply stupid.

*** Think before you act and understand the full ramifications of policy changes**.

Portland city council to consider ban on goods, services from Texas

The Portland City Council will consider an emergency resolution next week to consider a ban on goods and services from Texas, amid controversy over abortion rights. In a statement released on Friday, Portland Mayor Ted Wheeler said the council will take up the emergency
