BPS Programs: Ongoing and Implementation Work

	Sustainabiity Program		Planning Program
	Ongoing Work		Ongoing Work
1	Implement energy performance disclosure programs (Home Energy Score	1	Code Development
	and commercial energy reporting).		•Edit and maintain the Zoning Code.
			 Advise teams on how the code is written, structured, implemented and enforced.
2	Emerging mobility/sustainable transportation work with PBOT (EV in	2	Housing & Economic Development
	ROW, POEM, freight plan update) and focus on near term		Maintain the EOA, HNA and BLI.
	recommendations made by POEM task force.		Participate in recurring UGB eval process.
			 Advise other teams on Goals 9 and 10 compliance.
3	Collaborate with utilities and advocate at OPUC/state legislature on	3	Comprehensive Planning
	decarbonizing energy supply systems (electricity and gas.) This includes		Maintain the Comp Plan.
	community-based renewable energy, energy resilience (solar + storage),		 Advise teams on how the policies are written, structured, what evidence is needed and helping with
	municipal green tariffs, net metering, state renewable portfolio		findings.
	standards, and fossil gas transition, etc.		School district coordination.
			 Annexations. Maintain City boundary and Urban Services Boundary. Maintain the Citywide Systems Plan and participate in the Asset Mangers Group.
			Coordinate with PBOT to ensure a strong land use-transportation connection.
			Coordinate with Pbol to ensure a strong land user transportation connection. Coordinate Portland's participation in Age Friendly Cities network, advise other teams on how our work
			can better accommodate aging population and multi-generational needs.
			Advise other teams on how built environment impacts public health.
4	Assist City bureaus in decarbonizing their operations. Energy efficiency		River/Environmental
+	assistance, renewable energy procurement.	-	Maintaining the NRI
	assistance, renewable energy procurement.		•Map error corrections
			Advise other teams on Goals 5 and 15 and Metro Title 13 compliance.
			Develop a workplan for a more formal BPS Natural Systems Resiliency Program in coordination with
			resiliency program located in other sections of BPS and also in BES, PPR, and PBEM.
5	Implement deconstruction standard and programs to reduce material	5	Design Review
	waste.		Maintain Design Guidelines
			•Create visuals and graphics to illustrate future physical changes of places and communicate concepts.
			 Advise other teams, including other bureaus and agencies, on urban design solutions.
6	Implement food waste reduction/recovery program.	6	Historic Preservation
			Maintaining Historic Resources Inventory (HRI).
			Maintain Historic Design Guidelines.
			 Advise other teams on Goal 5 compliance.
			Process historic resource nominations.
			Coordinate with BDS on archeological resources.
7	Implement straw and plastic bag bans.	7	District Liaisons
			Track local planning issues
			 Act as conduit of communication to neighborhoods and geographically based advocacy groups and initiatives.
			Occasional zoning map corrections and small locally-driven projects.
			 Coordinate with other bureaus re: major investments (examples Division BRT, SW LRT, etc.).
8	Implement reuse/repair/share options and community actions.	8	Central City
Ŭ	implement rease/repair/share options and community actions.	Ŭ	•Same as Districts Liaisons above.
			•Work to implement the Comp Plan and CC2035 visions into opportunity sites like OMSI, Post Office.
			Track major development projects.
			Collaborate with Albina Vision Trust
			•Experts on the complex Central City zoning code.
9	Implement waste equity initiative to reduce barriers and open up	9	PSC
	opportunities for diversifying hauling sector.		
10	Ongoing management and regulation of the waste, recycling and	10	CIC
	composting collection service for Portland (which includes operations,		Manage the Community Involvement Committee.
	customer service, hauler engagement, coordination with Metro, etc).		Maintain best practices for community engagement.
			Advise other teams on Goal 1 compliance.
11	Management and expansion of public trash can program across the city.	11	Government Relations
12	Initiative to improve convices to Multifemily Decidents for wests and	12	Tribal Relations
12	Initiative to improve services to Multifamily Residents for waste and	12	TTIVAL RELATIONS
12	recycling. Partner with c40 on Thriving Cities initiative.		
	Working at state level for local REACH codes for building standards on		
14	energy efficiency.		
15	Decarbonize/electrify CityFleet (close partnership with OMF).		
	Working with Multhomah County and community partners to develop		
	Climate Justice by Design Initiative		
17	Economic development opportunies for BIPOC communities from climate		
	and sustainability programs.		
18	Sustainability engagement and education programs such as the Fix It		
	Fairs, Master Recycler Program, etc.
