### Assurance of Compliance with

"Nondiscrimination on Basis of Handicap"

Section 504 of the Rehabilitation Act of 1973

MCCAA (hereinafter called the "Contractor"), HEREBY

AGREES THAT it will comply with "Nondiscrimination on Basis of Handicap" Section 504, of the Rehabilitation Act of 1973, dated June 3, 1977, (hereinafter referred to as Section 504) and procedures established by City of Portland, Human Resources Bureau, Aging Services Division (hereinafter referred to as the Area Agency on Aging – AAA). The regulation defines and forbids acts of discrimination against qualified handicapped persons in employment and in the operation of programs/activities receiving assistance from the Department of Health Education and Welfare. The Contractor hereby gives assurance that it will immediately take measures necessary to effectuate this agreement.

As an employer, the Contractor agrees to make reasonable accommodation to the handicaps of applicants and employees unless the accommodation would cause the employer undue hardship, as defined in Section 504. This extends to all phases of employment including recruitment, selection and placement, compensation, promotion and transfer, disciplinary measures, demotions, layoffs and terminations, testing and training, daily working conditions, awards and benefits, and all other terms and conditions of employment.

The Contractor shall submit to the AAA, for analysis and recommendations, copies of their affirmative action plan and personnel policies which include provisions that assure the following:

- No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment by the Contractor.
- The Contractor shall make all decisions concerning employment in a manner which ensures that discrimination on the basis of handicap does not occur and may not limit, segregate, or classify applicants or employees in any way that adversely effects their opportunities or status because of handicap.
- 3. The Contractor shall not participate in a contractual or other relationship that has the effect of subjecting qualified handicapped applicants or employees to discrimination.

- The Contractor shall make reasonable accommodation to the known physical or mental limitations of an otherwise qualified handicapped applicant or employee.
- 5. The Contractor shall not deny any employment opportunity to a qualified handicapped employee or applicant if the basis for the denial is the need to make reasonable accommodation.

As a provider of community services, the Contractor shall take appropriate steps in accordance with the established procedures, to assure that no qualified handicapped person, because of the Contractor's facilities are inaccessible to or unable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity. The Contractor's programs and activities, when viewed in its entirety, will be readily accessible to handicapped persons.

The Contractor hereby recognizes and agrees that an Assurance of Compliance with Section 504 is given in consideration of and for the purpose of obtaining any and all AAA contracts or other financial assistance extended after the date hereof to the Contractor by the AAA, including installment payments after such date on account of applications for AAA financial assistance which were approved before such date. The Contractor recognizes and agrees that such AAA financial assistance will be extended in reliance on the representations and agreements made in this Assurance, and that the AAA shall have the right to seek judicial enforcement of this Assurance. This Assurance is binding on the Contractor, its successors, transferees, and assignees, and the person whose signature appears below is authorized to sign this Assurance on behalf of the Contractor.

# ASSURANCE OF COMPLIANCE WITH THE CITY OF PORTLAND AFFIRMATIVE ACTION PLAN

MCCAA (hereinafter called the "Contractor") HEREBY AGREES THAT it will comply with the City of Portland Affirmative Action Plan as stated in City Ordinance 144724, dated November 10, 1977, and the Federal Guidelines contained in Revised Code 4 of the U. S. Department of Labor, to the end that no person who applies for employment shall, on the ground of race, color, religion, age, sex, national origin, or handicap, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the Contractor receives City of Portland financial assistance; and HEREBY GIVES ASSURANCE THAT it will immediately take any measures necessary to effectuate this agreement.

The "equal employment opportunity doctrine" is more than a directive prohibiting discriminatory practices; rather, it is a doctrine that requires positive measures to assure an equal opportunity for meaningful employment of those persons who have been victims of discrimination. This doctrine extends to all areas of employment and to all relations with employees, including recruitment, selection and placement, compensation, promotion and transfer, disciplinary measures, demotions, layoffs and terminations, testing and training, daily working conditions, awards and benefits, and all other terms and conditions of employment. The Affirmative Action Plan calls for:

- 1. An improvement of employment opportunities for minority group persons and women in all employee classifications.
- 2. An improvement of career opportunities for minority groups and women employees.
- 3. An increased awareness of "institutional" biases through education and training to achieve its eradication.
- 4. An explanation to minority group organizations of the programs, employment and training opportunities, and the qualifications required for positions in the Contractor's organization.
- 5. An active education program which will keep management, supervisors and employees informed of their social and civil rights and responsibilities.

The Contractor hereby recognizes and agrees that an Assurance of Compliance with the City of Portland's Affirmative Action Plan is given in consideration of and for the purpose of obtaining any and all City contracts or other financial assistance extended after the date hereof to the Contractor by the City, including installment payments after such date on account of applications for City financial assistance which were approved before such date. The Contractor recognizes and agrees that such City financial assistance will be extended in reliance on the representations and agreements made in this Assurance, and that the City of Portland shall have the right to seek judicial enforcement of this Assurance. This Assurance is binding on the Contractor, its successors, transferees, and assignees, and the person whose signature appears below is authorized to sign this Assurance on behalf of the Contractor.

- If a piece of documentation is applicable to more than one funding source (or match), write on the supporting documentation how much is to be applied to each funding source/service category.

**PROJECT** TITLE - name of agency and service (if there are multiple contracts with the Human Resources **Bureau e.g. PACT** Senior Service Center).

(3) Miscellaneous Comments on Budget Changes

All changes shown on the budget worksheet or the budget justification pages should be addressed in the letter requesting the modification.

A modification is <u>not</u> required for any line item changes in materials and services in which that line will not be over-expended by 5% of the line item or \$1,000, whichever is less. Formal modification is not required for lines which will be underexpended.

e.g., if line 420 in the contract is \$1,000 and if there is an expected overspending of \$48, a contract modification is not required because \$48 is less than 5% of \$1,000.

If this \$48 will come from line 310 office supplies, no change is required because you will simply underspend line 310 by \$48.

Any changes in staff positions (increase in salary, change in % of time or number of months on project) requires a modification. A modification is not necessary if an individual is being paid at a lower <u>rate</u> of pay for a given position.

If an authorized position is to be filled by a different person, please notify the City accountant to assist in speedy processing of your invoices. A contract modification is not required.

#### PROJECT NARRATIVE

#### 1. Summary of Project

Describe in 300-400 words the project plan presented in this application. The summary should be able to stand by itself as a clear and complete description of the project.

Address:

- <u>Statement of Problem</u> (Provide a concise description of the conditions and problems to be addressed by the project. Use quantifiable, measurable terms.)
- Project Goals (State the intent of the project to change, reduce, or eliminate the problem(s) identified above.)
- Strategies for Delivering Services (Describe the general approach to meeting the goals stated above.

#### Statement of Problem:

Elderly persons often experience a wide array of problems related to the physical and financial decline associated with old age in this society. The comprehensive aging plan cites local and national studies which show that elderly individuals who are older, poorer, and more socially isolated tend to be at highter risk of institutionalization than the general aging population. Federal guidelines state that special emphasis should be directed towards the needs of low-income and minority elderly persons.

1970 census data indicates that in this service area there are 24,585 residents over the age of 60. 8,282 of these individuals are over age 75. 4,131 have incomes below the poverty level, 6,170 of these individuals live alone, and 358 are minority. This totals 43,678 need units which comprises 25.8% of the total need in Multnomah County.

A comprehensive array of services is needed to increase access to available services and resources, to increase opportunities for meaningful community involvement and to provide direct support to individuals in their own home, where gaps in available community services exist.

#### Project Goal:

To maintain a comprehensive service system designed to sustain independent and dignified living by providing access to information, referral, case management and supportive services for older persons living in Southeast Portland.

Project Narrative (con.)

## Strategies for Delivering Services:

The PACT Senior Service Center. A neighborhood-based center shall function as a primary point of entrance to services and as a center for the development of social contact opportunities. The location of services on a neighborhood level will insure reasonably convenient access for all elderly and will encourage the development of programs and resources to reflect particular needs of residents in each service area. Information and referral will be available in response to telephone inquires as well as office visits. Staff and volunteers will make outreach, case management, escort, counseling, crisis/emergency assistance, available to people in their own homes. Recreation events will be arranged at the center on a regular basis.

### PACT Senior Service Center

Service Area, Target Population and Eligibility Criteria for Services: (Describe the service area to be covered by this project and the target population for each service to be provided. Explain how each target population will be identified. State the eligibility criteria to be utilized for each service provided and the method for appeal or exception).

Service Area: The PACT Southeast Senior Service Center will provide services to elderly residents in Southeast Portland in the following census tracts: 1, 2, 3.01, 7.01, 8.01, 9.01, 9.02, 10, 11.01, 11.02, 12.01, 12.02, 13.01, 13.02, 14, 15, 16.01, 16.02, 17.01, 18.01, 18.02, 19, 20, 21. Individuals residing outside the area can be served only with the express approval of the Area Agency on Aging Contract Unit (see waiver procedures) and with the knowledge and approval of the contractor for the service area in which the individual resides.

<u>Target Population</u>: These elderly individuals 60 years of age and older who are functionally impaired and resource limited to the extent that services are necessary to maintain independent living are a priority to access and array of AAA services. Case management is provided for low income persons, age 60 and older, who have age related or age intensified physical and/or mental impairments which make premature or inappropriate institutionalization more likely. Case management clients are given priority for services within the AAA service delivery system.

Eligibility Criteria: Services such as information and referral, outreach, individual assessment, advocacy, crisis/emergency services, recreation and education are provided to residents of Multnomah County who are age 60 and older without eligibility limitations. Eligibility for case management, escort, transportation, friendly visiting, chore/ home maintenance, shopping assistance, counseling, housekeeping and money management is established through a needs assessment performed by a trained staff person which determines: 1) that the individual is in need of services to sustain independent living; 2) that the individual is not eligible for those services from another agency legally responsible for their provision; 3) that the individual does not have friends or relatives able and willing to provide the services for him/her; 4) that, net income levels not exceed 125% of poverty guidelines plus a 10% inflation factor (\$474/month for single persons and \$629/month for couples). In exceptional circumstances and with express approval (see waiver request procedures) of the Area Agency on Aging Contracts Unit, services may be provided to individuals who do not meet all of the aging criteria.
