Intergovernmental Agreement with Multnomah County Vector Control

Jeremiah Hess, P.E. | Engineering Supervisor | Bureau of Environmental Services
6/29/2022

ENVIRONMENTAL SERVICES
CITY OF PORTLAND

MINGUS MAPPS, COMMISSIONER
DAWN UCHIYAMA, INTERIM DIRECTOR

Vector Control Services Required

- Rats living in the sewers leave the pipes from street inlets and service branches
- BES owns over 180 stormwater quality sites requiring mosquito treatment and monitoring

Program Goals

JOINT CITY/COUNTY PURPOSES AND GOALS FOR THIS AGREEMENT

- Protect Public and Environmental Health, and Neighborhood Livability
- Provide Cost Effective and Efficient Services
- Monitor and Control the Vector Population in BES Facilities

Vector Control Service Provider

- Multnomah County has been providing health services to City since 1968 through multi-year Intergovernmental Agreements.

Scope

- Rodent Control and Surveillance program
- Mosquito Control and Surveillance program
- Vector control education and public outreach
- Community driven complaint response and investigation

Project Budget and Schedule

- BES agrees to pay Multnomah County Vector Control a total not to exceed \$1,710,000.
- The annual not to exceed amount shall be \$342,000.
- The IGA is for 5-years
 - Effective immediately

Revised 5-year Intergovernmental Agreement

- Reimbursement based on actual services performed (fully-burdened hourly rate)
- Billing rates will be adjusted annually for inflation
- Costs tied to assets for Asset Management tracking purposes
- Reporting of data and metrics spatially
