6. All affected property owners have been contacted and informed as to the City's need for certain private property rights related to completion of the Projects. All affected property owners have been invited, by mailing, to attend the reading of this agenda item.

NOW, THEREFORE, the Council directs:

- A. That it is hereby declared that it is necessary to acquire the property interests described and depicted in Exhibits 1 through 194 to this Ordinance for the Project, for which the City is authorized by law to acquire property, and that the Project has been planned, designed, located, and will be constructed in a manner which will be most compatible with the greatest public good and the least private injury.
- B. That the Director of the Bureau of Transportation or designee and/or City Attorney are authorized to acquire necessary permanent and temporary rights for the Project under the Eminent Domain Authority of the City, including filing an action to acquire the property interests described herein or negotiating just compensation with property owners within available project budget funds. - D. That the Bureau of Transportation's staff and the Office of the City Attorney are authorized to attempt to agree with the owner and other persons in interest as to the compensation to be paid for each acquisition, and, in the event that no satisfactory agreement can be reached, to commence and prosecute such condemnation proceedings as may be necessary to finally determine just compensation or any other issue appropriate to be determined by a court in connection with the acquisition. This authorization is not intended to expand the jurisdiction of any court to decide matters determined above or determinable by the City Council.
- E. That the Bureau of Transportation is authorized to determine the continuing necessity or propriety of the acquisition authorized by this Ordinance, its quantity, quality, or locality, and to reduce or abandon any acquisition described in Exhibits 1 through 194.

F. There is hereby authorized the creation of a fund in the amount estimated to be the just compensation for each interest in the property which, if necessary, shall be deposited with the clerk of the court where an action is commenced.

G. The Mayor and Auditor are hereby authorized to pay for the property rights from the Transportation System Operating Fund Budget when demand is presented and approved by the proper authority.

Section 2. The Council declares that an emergency exists because delay in property acquisition may result in a delay in construction and impact the overall project completion; therefore, this Ordinance shall be in full force and effect from and after its passage by the Council.

Financial and Budgetary Impacts

- Property values associated with the property acquisitions have not yet been quantified since negotiations are not completed; however, an estimate for the right of way phase has been budgeted in the Transportation Operating Fund. The level of confidence for the estimate is low to moderate.
- Funds are available in the Transportation Operating Fund Budget, FY 2022-23 Budget, SAP #T00719. Funding sources include federal and Transportation System Development charges.
- This legislation does not affect staffing levels nor result in a new or modified financial obligation or benefit now or in the future.
- If City Council does not approve the ordinance, construction of the Project will not be feasible as planned, due to lack of property rights needed to make the improvements.

Community Impacts and Community Involvement

- The project was originally proposed by the Brentwood Darlington community, and meetings have been held with neighborhood associations in the project area.
- The Project Team has been in contact with property owners, and broader outreach will continue through Fall 2022.
- Pedestrian, bike and transit projects are typically non-controversial and supported by neighbors and the broader community.

100% Renewable Goal

Not applicable.

Budget Office Financial Impact Analysis

The property acquisition costs for the project are not yet defined as negotiations are ongoing. However, PBOT has stated that Transportation Operating Funds are available and included in the FY2022-23 Adopted Budget nor do any additional financial obligations result from the legislation.
