

CLIMATE, ENERGY & SUSTAINABLE DEVELOPMENT

BPS Budget Advisory Committee
December 8, 2022

Andria Jacob

Climate Policy and Program Manager

THE BUREAU OF
**PLANNING &
SUSTAINABILITY**

Who we are

Ongoing funded positions = 9 FTE

- Manager I
- Analyst III
- Analyst II
- Coordinator III (x2)
- Coordinator II (x4)

Five limited duration staff (FY 22-23 budget added 4 new limited-term analysts)

Full-strength by Q1 2023 = 14 FTE

What we do

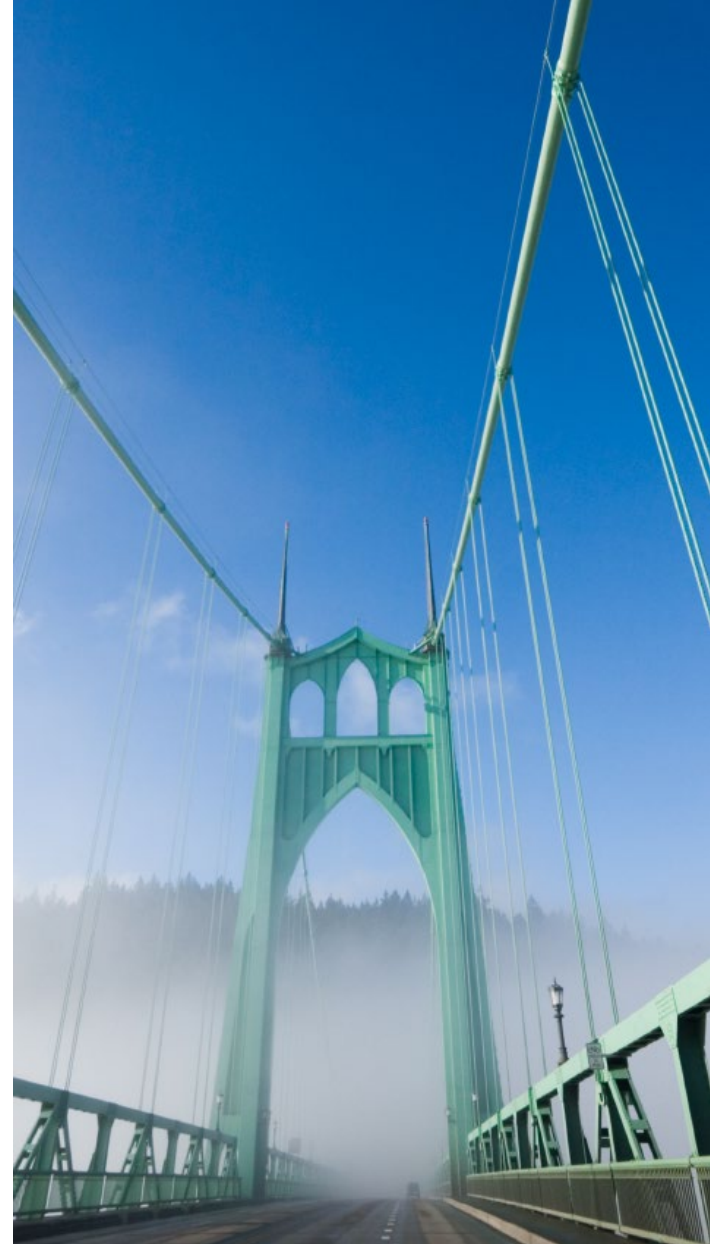

We implement the Climate Emergency Workplan, which is informed by the Climate Emergency Declaration (2020) and the 100 Percent Renewable Energy Resolution (2017)

**Program Delivery
and Operations**

**Policy
Development**

**Analytics and
Reporting**

Engagement

Ongoing work

1. Implement energy performance disclosure programs (Home Energy Score and Commercial Energy Reporting).
2. Assist City bureaus in decarbonizing their operations and meeting 100% renewable energy goals.
3. Implement deconstruction ordinance and programs to reduce embodied emissions and material waste.
4. Develop new equitable climate policies (e.g., buildings ordinance, renewable fuels, carbon pricing, EVs, industry).
5. Engage and collaborate with
 - a. PBOT on sustainable transportation work (e.g., EV, pricing options, freight)
 - b. OMF to reach zero tailpipe emissions in CityFleet.
 - c. Utilities and advocate at state level on equitably decarbonizing energy supply systems (electricity and gas) and increasing resilience.
 - d. At state level on building codes to make new construction more energy efficient and resilient.
 - e. Multnomah County and community partners to develop climate justice initiatives.
6. Track, analyze and report communitywide carbon emissions.

FY 22-23 Projects

- Conclude 1st phase of EV-ready code project.
- Continue policy development of Climate and Health Standards for Existing Buildings to decarbonize larger commercial and MF buildings.
- Design and implement local elements of HB 2021 (100 percent clean electricity law).
- Initiate the City Green Building Policy update.
- Complete a clean industry assessment and roadmap.
- Analyze embodied carbon policy options.
- Implement new Renewable Fuels Standard.
- Implement Internal Cost of Carbon policy.
- Engage in Multnomah County Climate Justice plan
- Improve climate communications, accountability and transparency.
