Impact Statement

Purpose of Proposed Legislation and Background Information

- This ordinance allows the Portland Bureau of Emergency Management (PBEM) to accept the Emergency Management Performance Grant from the Oregon Department of Emergency Management.
- Grant funds will provide funding for staff salaries, rent, and materials and services that support PBEM's existing emergency management program.
- The grant requires a 50% match; the match will come from general fund in the FY 22-23 budget. The grant also requires that PBEM submit and follow an annual work plan.
- EMPG funding is distributed to qualifying Oregon jurisdictions according to an established formula that relies primarily on population; this is not a competitive grant. PBEM has applied for and received the EMPG every year since 2007. Most counties and large cities in Oregon receive EMPG money.

Financial and Budgetary Impacts

EMPG supports basic operating expenses.

Community Impacts and Community Involvement

- This grant supports PBEM's operating expenses. The bureau's work improves citywide preparedness and in this way benefits the entire community. However, the benefits of this grant are not focused on any specific group or neighborhood.
- This grant was anticipated in PBEM's budget process. No public concerns are anticipated.

100% Renewable Goal

This action does not increase or decrease the City's energy usage.

Budget Office Financial Impact Analysis

No budgetary adjustment. The bureau assumed \$300,000 in its current year budget, and will adjust appropriations in the Spring Budget Monitoring Process as needed. Matching requirements will be met through already budgeted General Fund.
