Metzger Acre Tracts

RIGHT IN THE HEART OF THE GARDEN OF OREGON
30 Minutes' Ride from Jefferson-Street Station on Salem Line

Acre Tracts \$200 Up
10 PER CENT DOWN, 3 PER CENT MONTHLY

METZGER ACRE TRACTS are as convenient to the city (Only 30 Minutes' Ride) as some city additions where 50x100 foot lots sell as high as \$800. Think this over. There is abundance of clear drinking water at Metzger. Several wells just dug show eight feet of pure water at a depth of 15 feet. Those who are buying these tracts are highly pleased and are strongly urging their friends to buy while the prices are so low.

A HOME ON THE OREGON ELECTRIC RAILWAY

THERE are many ideal locations for small cultivated tracts and suburban homes on the line of the OREGON ELECTRIC RAILWAY, where acreage can be secured at reasonable cost.

¶ The opening of this line has acted as a wonderful stimulant to the development of the country through which it runs, bringing the markets and conveniences of the cities of Portland and Salem into close touch with a territory, which, prior to the construction of the OREGON ELECTRIC RAILWAY, was placed at a disadvantage in this respect.

¶ With frequent daily train service, and reasonable rates, persons locating on this line are in a position to economically enjoy all the advantages of city life, with none of its disadvantages.

Metzger Acre Tracts

RIGHT IN THE HEART OF THE GARDEN OF OREGON
30 Minutes' Ride from Jefferson-Street Station on Salem Line

Acre Tracts \$200 Up

10 PER CENT DOWN, 3 PER CENT MONTHLY

METZGER ACRE TRACTS are as convenient to the city (Only 30 Minutes' Ride) as some city additions where 50x100 foot lots sell as high as \$800. Think this over. There is abundance of clear drinking water at Metzger. Several wells just dug show eight feet of pure water at a depth of 15 feet. Those who are buying these tracts are highly pleased and are strongly urging their friends to buy while the prices are so low.

A HOME ON THE OREGON ELECTRIC RAILWAY

THERE are many ideal locations for small cultivated tracts and suburban homes on the line of the OREGON ELECTRIC RAILWAY, where acreage can be secured at reasonable cost.

The opening of this line has acted as a wonderful stimulant to the development of the country through which it runs, bringing the markets and conveniences of the cities of Portland and Salem into close touch with a territory, which, prior to the construction of the OREGON ELECTRIC RAILWAY, was placed at a disadvantage in this respect.

With frequent daily train service, and reasonable rates, persons locating on this line are in a position to economically enjoy all the advantages of city life, with none of its disadvantages.
