October 16, 1968

Valerie Campbell

Jane Bash of Public Welfare, gave the following statement regarding the police situation with one of her clients: On October 2nd at approximately 4:00 in the afternoon her client was assaulted by her ex-husband. She called the police and Officer Colyer answered the call. He was extremely helpful, put the ex-husband out and suggested that she swear out a warrant for his arrest. This she did not do because of the threats by her ex-husband.

On October 11 at approximately 10:30 ^P~~A~~.m. her husband again came to the house awakening everyone and obviously under the influence of liquor. He soon left, but again returned in about an hour with some friend - both were extremely drunk. The mother called the police and the call was answered by Sgt. Kennedy and ~~Sgt.~~ Klinger. The mother asked that he be arrested or at least taken away. The officers refused to do anything and the mother, a sister, a 19 month old and a 4 year old were put out of the house. It was at this time that the mother got in touch with Jane Bash of Welfare. When she arrived the family were downstairs in the ~~apartment~~ - where there was only one sofa to sit or sleep on.

Jane Bash called the police and asked that someone else be sent out for the mother told her that Sgt. Kennedy and her husband had known each other for a long time and were friends. When Jane Bash contacted Central Precinct and told them the story they said the family had left by mutual consent and anyhow they had someplace to stay. Jane Bash insisted that someone be sent out but no one ever came. The Welfare worker took the family in for the night.

Dear Keith:

This is just to confirm several specific attempts of the Human Relations Commission to make sure that unrealistic standards do not screen out those applicants (particularly minority group members) who are otherwise capable of performing effectively on the job.

A little over a year and one-half ago, the Human Relations Commission brought to the Mayors' attention the fact that the 5'9" height requirement for police officers had screened out a minority applicant - who apparently had all other qualifications. He was not permitted to apply as his height was 5'87⁷/₈" . He left the City of Portland and became a police officer in another city.

Two weeks ago it was again brought to the Mayors attention that an applicant of Negro ancestry wanted to apply for the position of police officer. But, he was being refused this opportunity because of being a fraction of an inch under the 5'9" requirement. This particular applicant is *known* to a number of police officers who believe him to have exceptional talent for the job.

In view of the fact that the police department now has but 5 male Negroes out of a work force of 714, it would indicate a need for a realistic review of standards and testing procedures and a need for better recruitment.

Sincerely,

Sir: Received info this date from Rose City Traction Co that their Mt Tabor bus, which operates westbound on Morrison at 10:50pm, makes a stop at NE 14/Morrison at 10:15pm, and during the past several nites has picked up a large group of nbc subjs coming from the Washington Youth Center, at 14/Belmont. We were informed by an official from the bus co, that the past 2 days the bus driver has been threatened as well as passengers on the bus, bothered a great deal by the profanity, gestures, and general conduct of this group of unruly teen agers.

At 10:14pm this date, the writers boarded the bus at SE 20/in plain clothing, and rode to 14th where approx 12-15 young nbc subjs boarded the bus and our attention was brought to the subjs by the method they entered the bus. 3 subjs immediately crowded around the bus driver, paying money and asking for change while others filed past, several paying and the majority going to the back of the bus. They milled around the bus driver and created such confusion that he was unable to tell who had paid and who had not. After the bus started rolling, several came forward and demanded a transfer slip, stating they had paid their money, had not received the slip. All had a transfer slip to change busses at 4/Washington.

During the course of the trip from SE 14/Morrison to SW 4/Washington, the subjs carried on very loud conversation, and the above subj SMITH used profanity referring to individuals on the bus as "mother fuckers, shit heads". Several others were also using profane language, but could not detect which ones, but did observe SMITH on several occasions use the above words.

During the course of the trip, the subjs discussed they had planned to do something on the bus tonight, however, they felt that Off Braaten who was sitting in the back of the bus was a policeman, as Richey stated to the others that he had seen him at Washington High in a police car. This did not curtail the conversation and they stated they were going to wait until the bus had passed East P prior to putting their pre-arranged plan of action into effect. During the time the bus was on the Morrison Bridge, Robert MOSLEY stated to Richey that he

was going to go to the front of the bus, knock the glass out where the time clock is kept, and run from the bus with it. All the subjs laughed at this, thinking it was very funny, and continued to carry on in a loud and disorderly manner.

When the bus stopped at SW 4/Washington, all the subjs alit from the bus at this time and went to the bus exchange on 4th Ave. After arriving on the east side of 4th Ave at the bus change, Off Braaten and the writer approached Roger SMITH and informed him that he was under arr for Dis Conduct by profanity and Curfew. Richard A POPE, 16 yrs, was also arr for MIP tobacco, as we had both observed him smoking on the bus in violation of the No Smoking sign, and was also arrested for Curfew. Lewis Edward FRANKLIN, who, when first observed, 2 of his Friends being arrested, had gotten on a bus in the front of the line, was approached and arrested for Curfew as he had carried on in a very loud manner in the bus and had made several snide remarks about the women on the bus.

Johnny Ray RICHEY was arrested for Curfew and also Robert Lee MOSEY, 15 yrs.

At the time these arrests were made, Sgt Wold, east prec, was present, along with Sgt Lissey, Off King and Parno, Off Moist, Grundemeyer, and the Juv Div officer was present.

All subjs were transported to Juv Div where they were booked in on the various charges, and the parents notified of the arrests, and informed there would be a court hearing at JDH at 10am, Wed.

Record on SMITH, 12/21/63, Dis Cond; 4/18/68, curfew; 1/20/67, Larc frm Auto; 7/31/67, MIP tobacco/CCW/JWalk; 4/26/67, curfew; 6/3/66, Vag by Defacing Bldg; 2/15/66, curfew; 8/25/60, vandalism.

Sir: At the desk at approximately 3 p.m. 11/26/68 Mr. COX stated that he wished to talk to Capt. Sullivan. Upon telling Capt. Sullivan of the following situation he was referred to Officer Renoud for this report. Mr. COX was also introduced at that time to Lt. Still in regards to possible police action being taken. The following will be a list of statements made by two Rose City Transit bus drivers on two separate occasions.

11/22/68 Car 574 Mt. Tabor Bus Line driver BOND, #1599. Direction west. Time 11:15 p.m. Place S. E. 14th and Morrison. Statement by driver BOND.

"I pulled into 14th and Morrison at about 11:15 p.m. and loaded 26 white and colored boys." "Most of them had high school passes and after loading I looked in the right hand mirror and saw arms out the window passing school passes to three girls."

"I took off before the bus passes could be made to the girls." "One of the colored boys started cussing me out." "I had five ladies on the bus so I told the boy to cut out the foul language, "that there were ladies on the bus." "The ^{boy} ~~lady~~ stated they were white whores so fuck them." "He was calling me a white mother fucker and said there were enough of them to put me off the bus." "I asked the boy to leave the bus and he again called me a mother fucking bus driver." "At this time a lady left her sitting place and the boy was going to start after her so I pulled in to the east side police station and had the boy arrested." Refer to case 68-80642 arrest on NATHANIEL HARRIS, nbc, juvenile.

Second situation was on 11/25/68 car 571 Mt. Tabor Line. Driver WALEN, #87 direction west. Time 10:15 p.m. and 11:15 p.m. Place S. E. 14th and Morrison.

Statement by driver. "The colored boy from the youth opportunity center are becoming more and more belligerent and noisy." "Tonight I ~~intended~~ think (cont.)

they intended to get rough." "They all come in on the 10:15 p.m. trip and there were only men on the bus so I ~~didn't~~ didn't pay much attention to them." "They saw the supervisor following the bus so they made some rough remarks about him." "The point I am trying to make is that there could be real trouble on the bus if the situation is not taken care of soon."

"The head of the group should be notified that we will not take these boys as passengers on the bus if they continue to use foul language and cause trouble."

"Perhaps we should have our special agent ride with us a few times to evaluate the situation or have the police put a plain clothesman on the bus for a few nights." "It would be a good idea to have the supervisor follow us on these trips."

by COX

Mr. COX who is making this report also states that on the incident of 11/25/68 a colored boy was carrying a sawed off pool cue and was slapping his hand with it and looking at the passengers on the bus. It should be noted at this time that we have had several complaints also from the Kienows Food Store at 14th and Morrison regarding these same juveniles. The complainant at that time was Mr. ZIMMERMAN who will verify the fact that the juveniles from the Buckman Youth Center have loitered and caused trouble on his parking lot and in the Kienows Store.

After writing this report I referred Mr. COX back to Sgt. Wold and Lt. Still regarding any police action which should be taken in the future.

Subject Lundquist incident

Mrs. Marilyn Lundquist of 1035 S. W. Carson, telephone 244-9322, reports that her son Christopher was assaulted and beaten on city bus, train No. 3, driven by Mr. Angel on September 24, 1968, a.m., on the way to school. Mrs. Lundquist reports that approximately 20 to 25 negro youth ride the Rose City bus to Jackson High School and that her son rides on the same bus. At this time a negro youth, Robert Mosly, threw his jacket over Christopher's head and that Carl Barr, another negro youth, struck him in the jaw. She stated that her son's lip was cut so badly that it needed several stitches.

Also reports that company investigator Lamberton is investigating the incident. She further stated that the school system had a negro community agent at Jackson High School who defends the bus boys in their action. She also reports that on the Friday before the incident that a window was broken out of the bus, that the individuals are making obscene remarks to the girls, and that when the bus driver asks them to be quiet they call him a black pig, that they talk of black power, that one time the bus driver drove the bus to the police station but the police would not come out of the station to handle it.

She also said that the school said that the city transportation does not come under the purview of the school system. Mr. Harold Kleiner advised that 25-30 Negroes are being bussed to Jackson High School on the open enrollment policy and that there are some problems. There are no negro faculty at Jackson High, and assimilation at this time is difficult; but they had assigned a community worker at Jackson in hopes that the situation can be remedied.

Mr. Jim Sargent of the school system also reported that Carl Barr had been cited to court and would be returned to McLaren where he is presently on parole and that the police have investigated, their report No. 68-66958. The report has been requested from the Police Department. Mr. Sargent also reported that Mosly has been suspended from Jackson High School, but that he may be readmitted into Washington High School.

It does appear that the investigation has pretty well been completed in this case and that no further action will be taken.

Sir:

By radio at 12:21 pm this date to the home address of the compl re an assault. Upon arrival contacted to compl and his mother, MRS. LUNDQUIST and obtain the following story. He stated he had just returned from the doctor's office when he had had 6 stitches placed in his mouth. He stated this morning he had got on the bus for Jackson High School; due to the seating condition had to sit in the back of the bus with approx 20 colored students who were already on and being bussed to Jackson High. He stated right off the bat the kids started "lipping off" and the susp mentioned in item 32 seemed to have the biggest mouth. He said someplace on Taylors Ferry Rd, one of the boys finally threw a coat over his head, a couple of kids slugged him, that time it was not apparently too bad; he threw the coat off and they started lipping off into him about picking up the coat and giving him a bad time. Finally, the one boy, unknown to him, got up and started slugging him about the face; he is not sure if he had help or not due to the confusion. Upon arrival at JACKSON High School, apparently the special investigator or agent for the bus transit company was there by the name of LAMBERT. He stated he had been worrying about

such things happening, apparently assisted him to get to the doctors to get his face repaired. Compl, an honor student at Jackson High, and I am sure there would be no reason-as he stated he did nothing to provoke anything as far as trouble whatsoever. MRS. LUNDQUIST stated she thought there would be a ~~making~~ meeting of some type at Jackson High this evening regarding the situation; also, she understood that the bus dept or someone was supposed to have a special officer aboard this bus to prevent such happenings. The compl stated he did not know the main assailant, and did not believe he could identify him except that he did obtain the one boy's name that was doing all the lipping as stated in item 32. Sir: With info from radio re: cover # 298 Det. Cunningham and #291 Det. Vigna 1500blk NE Holman St we proceeded to NE 15th/ Holman and were informed by Det. Cunningham during the process of attempting to make an arrest on Lindo GILES on a juv warrant and detainer.

On entering the house with Det. Cunningham, observed Raymond JOE standing in the hallwy, Barney GILES and Lindo GILES were both standing in the living room of the house.

Det. Vigna was in the process of informing Lindo GILES that he had a warrant detainer for him, he was under arrest, and Lindo was stating that no police were going to ~~xxx~~ take him to jail; he was not going ~~any~~ anywhere with us. He then ordered all policemen out of his house stating we could not come in his house, and made an advance toward us and also toward the front door.

Both ~~/~~Barney and Lindo Giles then retreated back into the ~~xxx~~ living room and were standing back to back position. Both Barney and Lindo GILES stated that Lindo was not going to jail and that they would have to take him before he would move. All four boys again were approached; Lindo was informed by Officer Harmon and also both Detectives on the ~~stand~~ that he was under arrest and it would be better for him if he would go peaceably so he would not have to be forced from the house. Again Lindo informed us that he would not go to jail and so all four officers moved in to effect the arrest of Lindo GILES. He struck out with his fist, striking Det. /Vigna in the area of the face and also in the area of the chest.

Re: JOE, Raymond nmi

dob 4/14/50, age 18

Sir: By radio at approx 9:18 pm on this date Detectives #299 and #298, detectives Cunningham and Vigna requested cover to proceed with warrant service on one Lindo GILES. Proceeded to NE 15th/Holman and met by Det. Cunningham who informed us they were in the process of serving a warrant and detainer on Lindo GILES. At this time accompanied by Det. Cunningham, entered the address of 6307 NE 15th. Where Det. Vigna was in the process of informing Lindo GILES that he had the warrant and detainer for his arrest. Also present at this time was the above listed subject, Raymond JOE, and one Barney GILES plus several unidentified females. Upon Lt. Vigna's informing Lindo GILES that he had a warrant for his arrest, and he would have to accompany us, he and his brother Barney stated they would not go voluntarily, and at this time ordered officers out of the house. At this time Raymond JOE was standing in the hall in the residence, Lindo and Barney GILES were in the living room.

Lindo was again informed of the warrant for his arrest and was asked to accompany us peacefully. Both he and Barney stated they would not go peacefully, and that we would have to forcibly remove them from the residence. At this time the two detectives plus officers Hurley and Harmon advanced upon Lindo GILES to effect the arrest. At this time Lindo and Barney GILES were standing almost back to back with fists in raised positions. Lindo stated that he would not go to jail and Barney stated that we would not take his brother.

At this time I was not aware of the whereabouts of the above listed subj, Raymond JOE. As the officers advanced to effect the arrest, Lindo GILES struck Detective Vigna about the face and chest. Also at this time Officer Harmon and Detective Cunningham were struggling with Barney GILES who attempted to swing upon the officers. Upon Lindo GILES striking Det. Vigna, Officer Hurley grabbed the subject threw him to the floor and was holding him down. At this time the above listed subj, Raymond JOE, grabbed Officer Hurley about the neck from behind and pulled him from the arrested subj. At this time Officer Hurley managed to free himself from Raymond JOE, and told him to stay out of the situation or he would be placed under arrest also. At the time Raymond JOE did as he was told.

The two GILES boys were then handcuffed and had to be forcibly removed from the residence. Lindo GILES was placed under arrest on charges by detectives; Barney GILES was placed under arrest for interfering with a police officer and resisting arrest. Both subjs were removed to J D H by car 73 officers Hurley and Harmon.

Due to the circumstances, arrest was not effected at this time on Raymond JOE for interfering with a police officer. However, these writers will seek a complaint and a warrant through the City Attorney's office, on 8/16/68 for interfering with a police officer.

Comments: Negro juveniles in talking to Russ Peyton on Williams Avenue yesterday reported

the rumor that Lindo Giles who was arrested 8/15/68 (Thursday) address not given,

on a warrant for purse snatching. Rumor is that officers handcuffed Lindo Giles' hands

behind back and after handcuffing him and laying him on a couch struck him and used

Mace on him.

KLJ.a

August 20, 1968

Met with a group of young people at the Information Office at 10 N.E. Graham to listen to their complaints regarding police brutality. One young man claimed that he was at the home of the Giles last Thursday evening when several officers arrived looking for Lindo Giles, age 16, Lindo's brother informed them that he was down the street at a friends house. Shortly after, they arrived back at the house with Lindo Giles. They apparently questioned him regarding purse snatching - which he denied. They then informed him they were taking him to the police station. He said he wouldn't go as he hadn't done anything. They handcuffed his hands behind his back and in the scuffle threwg him on the couch. Then, they squirted mace in his face and while in this condition claimed that Officer Harmon hit him. These young men went on with other incidents of what they called harassment and brutality. It was obvious to me that someone had talked to them for they were relating incidents back as far as a year ago on situations which I was familiar with and they were considerably exaggerated. It was apparent from a great deal of the conversation that they were particularly displeased with Officer Harmon. Sometime later I had the opportunity to talkewith three of the Community Relations Officers regarding Officer Harmon. There seemed to be mixed feelings regarding his conduct. One of the officers contended he was a fine officer, doing his job impartially and being fair to everyone. While, another officer pointed out that by the number of arrests he makes he must be harassing people by questioning them at will, for, he picks up more people than anyone else in the Albina area and feels that he is over zealous in his contact with Negro youth.

Dear Howard:

Thank you for your letter of August 12, 1968 regarding the incident at Irving Park which was observed by you and Mrs. Steward. You had already told me of this incident and it is one more piece of ammunition that I can use in urging our police administration to provide more sensitivity training.

I sincerely wish everyone would report situations which would help me in convincing the authorities that such sensitivity training is of the highest priority.

Again many thanks to you and Mrs. Steward for taking the time to bring it to our attention. Will look forward to seeing you at lunch on Friday.

HUMAN RELATIONS COMMS.

Mayor Terry Schrunk
City Hall
Portland, Oregon 97204

Dear Mr. Schrunk:

On Thursday, August 1, 1968, I went with my wife to Irving Park at approximately 11:45 a.m. We seated ourselves on a park bench about 40 yards east of 7th Street and 75 yards south of Fremont Street. Other persons in the park at that hour were limited to a park maintenance worker, eight or ten children all less than about 10 years of age, and three young males (one black and two white). The three young men were seated in front of a small camping tent pitched facing 7th Street, about 15 feet back from the sidewalk. The tent bore a blue monogram with the letters "NSC" inscribed.

As we were eating our lunch we noticed two police cars drive up and park in front of the tent on 7th Street. Four officers emerged and after putting on their riot helmets, all four officers walked over to make inquiry of the three young males. After a time of conversation, the officers returned to their cars and appeared to be using the 2-way radio.

After the cars had driven off, my wife and I walked over to inquire of the youth the nature of the officers' concerns. We were advised that the officers were investigating their reason for being in the park. The youth, employees of the Albina Neighborhood Service Center, had secured a park permit prior to the time of placing the tent in the park. This fact notwithstanding, I was advised two days later by personnel of Albina Service Center that the police nonetheless protested their presence in the park.

As citizens and taxpayers, we wish to register a complaint on three points:

- (1) That more than one police car stopped to make the inquiry or that more than one officer found it necessary to be physically present in order to have conversation of the nature required.
- (2) As spectators, we viewed the donning of the riot helmets as an ominous and threatening act.
- (3) We take exception to the challenging the right of workers to carry out their assigned task, even when they have secured a permit from the Park Department.

Finally, we do not believe the actions and approaches described above enhance respect for the law enforcement arm of Civil government, nor do we believe that such methods are conducive to establishment and maintenance of law and order.

Sincerely,

Howard N. Steward, Jr.

August 1, 1968

C The following is a statement taken from Cheryl and Rachel James of 635 N. E. Webster, in reference to the incident that happened on July 17, 1968 on or about 10:30 p.m. at N. E. Union Avenue and Alberta Street, which appeared in the Oregon Advance Times, with the following additions.

O Both Cheryl and Rachel stated that when they stepped off the bus a girl came out of the wash-house and there was some argument regarding the candy and money they were carrying. They walked away and not noticing the light they started across Alberta Street. Cheryl was counting the money and followed Rachel. After crossing the police drove up and stopped them saying "come here". At about three (3) feet from the police car they said "we are here". Questions were asked and the girls stated they answered them. However, each question was asked three times, at which the girls answered. A paddy-wagon was called and the girls were taken to the police station.

P Y Upon asking Cheryl and Rachel if they had used profanity, they stated the words they used were funky, stinky, fool, heifer, hussey and punk. They stated they used the words "bitch and "dog" after the police had used them. They said the police said to them "if you are going to act like a "bitch", then you will be treated like a "bitch". One of the girls said "if I am a "bitch" so are you". "Dog was used in the same manner."

Rachel stated that she had been thrown into the paddy wagon, which had been called. They objected to getting in, saying that it "stinks" in there. Rachel bumped her head after being thrown in. (However, after

copy
talking with Rachel she stated she had a bruise on her right shoulder.
Upon examination of the shoulder, there was a scar which is healing.
(Also a scar on her left hand.)

At the police station they were put in a cell with a white girl who did not receive the same treatment as they.

Upon being transferred to JDH they were handcuffed and chained together. The white girl walked on her own without handcuffs or chains to the paddy wagon. The matrons treated them in-human. Upon arriving at JDH their parents saw them in handcuffs and chains. The police officers tried to hide this. (At this time the girls had not been told what they had done wrong). An officer at JDH informed the girls that this should never have happened.

All of this for walking against a light. It is our opinion that the officers used bad judgement and mistreatment of minor girls. These girls should have been given a warning or ticket and sent home.

Our conclusion, after talking with the girls, are that the treatment they received was unjust.

Statements taken from people in the community about the character of Cheryl and Rachel James.

Mrs. Esther Hall - 813 N. E. Sumner Street.

C
O
P
Y

Mrs. Hall said that she has known the James family for approximately five years. Having lived in the same neighborhood with them, Mrs. Hall stated that Rachel and Cheryl were mannerly and kind and as far as she knew they were well behaved. Mrs. Hall stated that she had never heard them use any profanity and that she would testify to this.

Mrs. John Hartley - 820 N. E. Sumner Street.

Mrs. Hartley said that she has known the James family for about three years and that she has always felt very high of Rachel and Cheryl James, for their manners, and kindness for others, also for the respect they had for their parents.

She has never seen the girls in any bad or un-desireable company and that as far as she knew, they had followed a religious background. She and her husband would testify to this.

Mr. J. W. Grimshaw - 930 N. E. Roselawn Street.

Mr. Grimshaw stated that the James family was of a rare nature. Since they were such a large family (16) that he noticed many times that when the children would be out playing, that when they were called by one of the parents, they would immediately drop what they were doing to respond to their command, he also stated that Rachel and Cheryl were nice, mannerly and good neighbors and that he has never known them to use any profane language.

Portland Human Relations Commission,
Portland, Oregon

Dear Sir:- The article in the Portland paper by Mrs Rose Hargest, ~~COMBIS~~ ---
My sister and I had the same experience, the policeman's name was Harvey, I do
not remember his first name, ~~Fred or~~ Charles I believe, We attended a small
church on the hill above the big Auditorium, They showed pictures that evening.
We left the church at 10-20 P.M. when crossing the highway on our return to
the Y.W.C.A. There was no traffic so we crossed the street, we saw a man not
far from us so we hurried to keep our distance from him, The policeman drove
up beside us asking us questions, we answered his questions, but could not under-
stand why? Two old women who had lived in Chicago, San Francisco, Los Angeles
and Seattle 46 years, ~~Never~~ had any trouble before in crossing streets, 10-20
On a Sunday evening, no one around anywhere but the man hanging around.
We were just two or three blocks from the Police Station at the time. he call-
ed for the police wagon and drove us over curbs and turned a number of time
before we reached the police station, We told him we were strangers there just
a few days, but we had to remain over to listen to a lecture by this police-
man, He a young man, who never could have had the experiences we had in stre-
et crossing, I talked with the Chief of Police, who said that he was doing
what he was told to do, The Chief--died a few weeks later at only fifty yrs old.
We noticed the citizens crossing all streets regardless of traffic lights,
We would find ourselves the only two left on the corner, everyone had crossed,
We had to return to the Y. and pay another night there, we had given up our --
room and had to take what they had left, My pension check was \$51.40, that
ment nothing to him but it ment a lot to us at age 79, I worked in a S.F. office
for years after the big earthquake there also lived in Chicago where we grew
up. He returned our money he took from us, The man with the policeman had not-
ing to say, We mopped up the P.Wagon floor with our Sunday clothes on, nothing to
hang on to, the leather cushioned seats, There are many things a policeman can
do in a city like Portland instead of looking for old women returning from
church, I hope ^{he} ~~his~~ is busy enough now, watching hold-ups instead of old people.
If this is the way they get their money, I would advise them to give up St. work.

Over

We heard of the many complaints about the Portland police since then,
All the years in Seattle and 15 years in L.A. Calif. Nothing like this is
going on there. They get their money in an upright way.

Why attend a pedestrian school when the Portland citizens break rules every-
day. Why is it at the time we were there the policeman told us they wanted
the strangers of Portland and not the Portland citizens, now they said, "if
they were citizens they would be subjects for their pedestrian school.

We firmly believe something should be done about this twisted way of thinki-
-ing. We also remember about the man North in Portland, and his car, they got
a sum of money at that time which was deceitful we remember.

May 23, 1968

About two weeks ago, on a Friday night, a pickup truck stopped in the street before my house and a young man got out and jerked and kicked my garage door. The man remaining in the truck kept hollering to the other man to tear it down. I came out on the porch and attempted to stop him and as I approached the young man returned to the truck and they drove off.

I called the police and they said they would come out but, I had to agree with them that by the time they got there it would be too late.

I was unable to get the license number of the truck.

On January 11, she was driving up Mississippi, she was stopped by a police officer and asked for identification. The officer in looking at her license said "Do you live at this address?" She told him no she had moved to the above address, at which point the officer said "Are you Walter Ropers old lady?" She replied in the negative, at which point he asked her "Are you living with Walter Ropers?" She again replied in the negative and stated that this party no longer lived at that address. He then let her go on her way.

On the morning of January 12, the complainant discovered that her car, which had been parked in the driveway by her garage had disappeared. She immediately called the police to report it stolen. When she described the car to the police they stated that it had not been stolen. It had been blocking the driveway and they had towed it away. The complainant states that this was impossible for the car had been in the driveway not only with the emergency brake on but in gear and could not possibly have blocked the driveway. The complainant further states that when she went to get her car the back seat was out, the rugs had been taken up, they had failed to relock the trunk and a battery stored therein had been moved to the other side.

The tow charge against the complainant was in the amount of \$17.00 which she feels is unjustified. This office has taken the matter up with Captain Taylor of the North Precinct and has suggested that she talk to him directly and he will do whatever he can to get the charge dismissed.

January 5, 1968

Friday, January 5, 1968, Mr. Jim Brooks from the Urban League complained regarding the treatment of a young man by the name of Chris Allen, age 13, by the Portland Police. Mr. Brooks stated that the Police officer twisted his arm in back of him and handcuffed him, then took him to the Police Station. It was Mr. Brooks understanding that Chris Allen was merely in the store to return bottles which he had done and was figuring on how to spend the money. Mr. Brooks had been unable to locate the manager of the store which is the Plaid Pantry at 309 N. Killingsworth, but that the store was now closed. Mr. Brooks did not know the dates or actual details of the situation and had gotten the story from Chris Allen's mother. Investigation of this complaint indicated that on December 24, 1967 at 7:52 P.M. officers C.J. Karl #651 and V.A. Traveise #154 were on patrol and noticed a large group of juveniles in the Plaid Pantry at 309 N. Killingsworth. There had been a great deal of difficulty in the various Plaid Pantry stores and they had been alerted to keep their eye out for possible trouble. They entered the store and were asked by the clerk to have them leave. The officers then asked that everybody break up and leave. One young man refused to go and when the officer approached him he said he was going to buy something. The officer is alleged to have said to him "The manager desires everyone to leave." The young man stated he didn't have to leave and if the officer wanted to put someone out to find a white person to put out. The officer said he would have to place him under arrest for trespassing if he didn't leave. The officer attempted to escort him out of the store and the young man called him a "mother fucker". The officer found it necessary to place handcuffs on him and he refused to give his name, mother or father's name, address, or any other information. This information was later learned from him by officer Harmon.

On October 26, 1967 Chris Allen and brothers Charles and Eugene Allen

in the company of one other young man were charged with larceny at the Albina Art Center. Chris claimed not to have assisted in knocking over or breaking the machines to get the money although he admitted in sharing in the spoils.

At this time the father, Mr. Allen, was talked to and he agreed that he would try to keep the boys away from the Albina Art Center.

On July 21, 1968 Chris Allen was caught running out of the Plaid Pantry at 309 N. Killingsworth but the Police caught him in an alley. The boy was told of his rights and taken to the juveniledivision. Chris admitted this as well as other thefts from the same store. The Juvenile Officer by the name of Scott (?) claims that he has not had much success or cooperation in working with the parents.

Manager of the Plaid Pantry who was present during the incident was Kevin Travers whose home address 865 N. Parry.

Re; Complaint on Towed Auto

Sir; Pursuant to your instructions, the following is the result of the investigation of the aside complaint.

Compl; MC COY, Oretta
Son; MC COY, Louis
3725 NE Mallory

In her letter of 6/19/69, Mrs. McCoy states that her son, Louis, had purchased the aside car prior to going in the Army. (Purchased April 67) Since she does not drive, the car was parked in front of the family home on Mallory St. She stated that she swept the street under the car and kept it clean so that it would not appear to be abandoned and therefore be towed away. However, the car was tagged and she made arrangements to have it moved up into her yard. Before this could be accomplished the car was towed away on the tag charge.

Eventually, because she could not afford to retrieve the car, it was sold to the tow company that took it in.

Her complaint was that she didnt see how this could be proper since her son had not finished paying for the car and she didnt see how the car could be kept from their possession.

We found that her son had continued sending money from his pay in order to pay off the contract when 1st terms were satisfied. All she had to show for the whole affair then was a paid off contract and the registration slip for the car.

In view of the situation, on 7/3/69 we contacted Mr. Don Frank of the Frank Chevrolet co. and reviewed the matter with him. We thought we might be able to solicit his assistance in trying to help this lady and her son. Mr. Frank was most helpful and advised us to bring the young man in when he returned from the service and Mr. Frank would replace the lost car with one of comparable value and in better condition.

On this date I contacted Mrs. McCoy at her residence and explained what action we had taken. She and her family were very happy over the course of events and she said she could hardly wait to write her son about it. I also explained to her satisfaction how the circumstances came about that led to the removal of the original car.

I told her that since this investigation we had suggested some changes in the towing procedures so that we might not have the same problem again. She said she pleased about this since this was what she had intended when she wrote the letter. The replacement of the the car was something she had not thought of but this made her happy since a thing like this would help to show her son that all the things she had tried to teach him during his bringing up had some truth, and would help him to be a better man and responsible member of the community.

I gave Mrs. McCoy my card and that of Sgt. Roe's and advised her to have her son contact either of us on his return and we would assist him with Mr. Frank in obtaining the car. I also explained that we were at the service of the community and asked her to refer any of her friends or neighbors to us if we could be of assistance in any way. She said she would and was most gracious about the way we had been of service to her and her family.

Since the complaint has now been cleared to the satisfaction of the parties involved, I believe we can consider the matter closed.

see them throw it.

According to the school investigator Davidson/Moore, the problem at Irvington School is becoming and has in the past, been quite serious, as far as the breaking of windows is concerned.

No further action, returned to service.
