SOLDIER RETURNS

The soldier-husband of Mrs. Homer G. Lee of 8515 N. Milne, has returned from Japan.

The Lee family will soon be making their home in Amarillo, Texas.

DAD'S NIGHT!

The Sutton Parent-Teachers Association will feature "Dad's Night" at their next regular meeting - December 16th.

Try and be there!

JOIN YOUR LOCAL PARENT-TEACHERS ASSOCIATION.....THEY NEED YOUR SUPPORT!

Take an active part in your child's school activities. Meet the teachers, make friends with fellow parents. You'll find it worth your while!

DON'T MISS THIS FUN!!

The Sutton School project for the year will be "Last Frontier Days" with entertainment for everyone.

There will be real western atmosphere with booths under the headings of: "Trading Post"; "Hot Dog Corral"; "Golden Nugget Mine", and the "Last Stand" movie house which features three complete movies for 10¢ each. The date.....DECEMBER 3rd.

PLAN TO ENTER THE GARDEN CONTEST!

WATCH OUT FOR SMALL CHILDREN WHEN DRIVING THROUGH THE PROJECT. BE ESPECIALLY CAUTIOUS WHEN BACKING UP!

HELP THE CUB SCOUTS!

We need more den mothers for Cub Scout activities in this project.

If you can help out, please contact Mrs. August Coco at 9256 N. Milne. CALL..UN 5496

Miss June Murry became the bride of Robert J. Wood at St. Johns Luthern Church. They are home at 9241 N. Milne.

Mrs. Fred Leong, 9223 N. Milne gave birth to a 7 lb., 13 oz. boy, Thomas Fred. She is going to undergo surgery at Physicians and Surgeons Hospital this week.

DEKUM COURT

DEKUMITES TO LEAVE

A surprise coffee party was recently held to say "goodbye" to the Breckenridge & Barley families.

Sergeant Breckenridge is expected home from Greenland this month and will take his family to Oklahoma.

Sergeant Barley and family are leaving for Germany within the month.

GET WELL QUICK!

Staff Sergeant Fred Barker - 2343 ARFC, Portland Air Base, is convalescing at Edwards Air Force Base, California.

Sergeant Barker suffered a broken foot and other minor injuries, sustained in an airplane accident.

CONGRATULATIONS IN ORDER

Hats off to the tenants of Dekum Court for their beautiful lawns and gardens.

This proves that they take an interest in their surroundings.

Keep up the good work!

NEW DEKUMITES

Since the last issue of "Hi Neighbor" the following families have moved into Dekum Court:

Airman 2nd Class Elvin Propps, 2498 N. E. Saratoga.

Sergeant Thomas Scott, 2496 N. E. Saratoga.

Airman 2nd Class Thomas Connely, 2627 N. E. Dekum.

Airman 1st Class Francis Neitz, 2425 N. E. Saratoga.

Sergeant Joseph Anders, 2437 N. E. Saratoga.

Airman 2nd Class William Seeger, 2609 N. E. Saratoga.

WET PAPER WON'T BURN!

Please close lids on paper boxes in the driveways. This will keep the paper dry when put into the incinerator and also prevents the wind from scattering them.

LET'S KEEP UP OUR GOOD SAFETY RECORD....DRIVE SLOWLY THROUGH THE PROJECT!

BASE NURSERY TO BE OPEN ON
ALTERNATE WEDNESDAYS.

To aid military families with their Christmas shopping, the Base Nursery will be open every other Wednesday Afternoon until the week of Christmas.

HUDSON HOMES

MUSHROOMS VS. TOADSTOOLS

John Ryan of 9102 Kimball has noticed that it's a banner year for mushrooms (or maybe they're toadstools!) in spite of the fact that it's mid-winter.

Mr. Ryan says "I might try to become an expert in distinguishing one kind from another with the thought of becoming good enough to be able to pick out an occasional batch to garnish the hamburger!"

NEW TREE STAND

Ralph Radamaker of 9127 North Westanna has invented a sturdy Christmas tree stand that will anchor the tree on a solid foundation and prevent any possibility of it's toppling over..and having too, the added advantage of being easy to set up and take down and store away when Christmas is over.

VOTERS' RETURN

Mr. Ryan says, "Can't say much about the election..for it's over..and by the time that you read this, it will almost be forgotten. Just the same, election day for Hudsonites meant a renewal of many old friendships, for many of our more fortunate neighbors who had long since moved and bought homes, came back to vote election day.

DO YOU REMEMBER?

John Ryan also reports that one of his neighbors, Carl Stanley of 9325 Westanna, is the possessor of a very remarkable memory. Takes quite a well trained memory to meet a person and then a whole year later, recall the previous conversation!

CHRISTMAS HOLIDAY HAZARDS

1. The Christmas tree-select a fresh one, place in a container with water.
2. Use only fire-proof decorations on the tree & refrain from using candles.
3. Place the tree a safe distance from curtains, baby's crib or conditions that may cause it to catch fire or that may be fired by tree.
4. Check electric light sets for frayed or broken cords and loose connections.
5. Be sure to disconnect all light sets before leaving the house or before going to bed.
6. Don't leave small children in the house alone with tree lights burning.
7. Give children safe gifts; air rifles, knives and other sharp-pointed toys are dangerous and may cause injury.
8. Remove the tree soon after the holidays as it dries out and could provide fuel for a fire.

FIR COURT

PRAISEWORTHY!

A little imagination, elbow grease and the desire to improve their surroundings have proven to be a real advantage to Mr. & Mrs. Harry Martinson of 8526 N. Gilbert Avenue.

Mr. Martinson has recently completed an attractive brick walk leading to their front porch.

We discovered that he is just about as handy with carpenter's tools as a man could be, as evidenced by the many improvements in and out of his home.

In spite of the fact that Mrs. Martinson has a regular job, she still seems to find the time to take care of her neat and beautiful yard. Nice going.... Martinsons.

ACHIEVEMENT!

We hear through the grapevine that Mrs. LaVone Downing of 9110 Gilbert Place is taking a refresher course in order to brush up on mathematics. Sounds like a very sensible idea..More power to anyone who has the desire to improve their education!

SPRING OR FALL?

Saw a big clump of Easter Lilies in full bloom out on Libya the other day..and with possible snow coming too! Seasons kind of mixed up!

Tomato soup cake, soda-cracker pie and other strange sounding delights are to be found in the new cook book compiled by the members of the Susannah Wesley Circle of the University Park Methodist Church.

The book is now on sale and may be obtained from any member of the Circle or from the parsonage.

TRASH TRUCK SERVICE

The Housing Authority maintains a truck to pick up grass cuttings, leaves, branches, etc.

Just gather them up and pile them at the curb in front of your house.

The truck will not pick up garbage that would ordinarily go into your garbage can.

The following schedule shows when the truck is due in your project for pickup:

ST. JOHNS WOODS....FRIDAY
HUDSON HOMES.....THURSDAY
FIR COURT.....THURSDAY
PARKSIDE.....TUESDAY
COLUMBIA VILLA.....MONDAY

NEW NUMBERS AT PARKSIDE

Parkside has blossomed out with spanking new house number posts..No trouble to locate a house now!

ST. JOHN'S WOODS

There's lots of activity these days in St. Johns Woods!

The following folks have moved to other projects:

MRS. ROSE HUFF and son who formerly lived at 10737 N. Mapleleaf Drive are now residing at 9013 N. Gilbert Ave., in Fir Court.

The SAMMY FITCH family who lived at 10557 N. Mapleleaf Drive are now at home in Parkside at 9006 N. Commando.

EVELYN PARKS of 10841 Mapleleaf is now a new tenant at 9012 N. Commando.

The JAMES BUTLER family, formerly of 10413 N. Mapleleaf Drive are now in Parkside. They live at 7524 N. Commando.

The HENRY WHITE family, formerly at 7910 N. Oakleaf, are now living in Parkside at 8523 North Commando.

The LUTHER STRONGS moved from 7741 N. Oakleaf to 8513 North Commando in Parkside.

Mrs. GEORGE DEITZ, formerly of 10432 N. Mapleleaf Dr., is now living in Parkside at 9008 N. Commando.

SALINA HUNT, formerly of 7604 Johnswood is now at home at 10734 Libya in Parkside.

The JAMES SCOTT family is now living in Parkside at 10439 N. Libya. They formerly resided at 10683 N. Mapleleaf Drive.

JOIN YOUR P.T.A.

Take part in your children's activities..Join the Parent-Teachers Association at their school.

Attend the meetings, meet the teachers and fellow parents.

This worthwhile organization deserves your support!

A MESSAGE TO THE TENANTS OF ST. JOHNS WOODS

Tenants who are moving to other projects will please pack and box all of their belongings.

If wood or coal is to be moved, it must be boxed or sacked.

Everything must be ready for the movers when they arrive.

COLUMBIA VILLA

Mr. and Mrs. George E. Lecher of 9415 N. Woolsey Ave., announce the birth of a daughter, Penny Marie.

Mrs. Lecher is the daughter of Mr. and Mrs. Dick Yeo, 9521 N. Woolsey Avenue.

Mr. Lecher is home on leave from the Navy - Key Port, Wn.

Mr. and Mrs. Joe Adair & children of King Salmon, Alaska, have been visiting with their aunt, Mrs. L. Rice of 9320 N. Woolsey Court. They recently left for Puerto Rico.

Mr. and Mrs. Bernard Quinn and children of 9456 N. Woolsey Ave. have moved to Corvallis. Mr. Quinn will further his engineering studies at O.S.C.

Mr. and Mrs. Dale Crawford of 9515 N. Woolsey Ave., announced the birth of a daughter, Wanda Jean, October 15th.

Mrs. Lillian Rice of 9320 N. Woolsey Ct., is to be wished Bon-Voyage as she prepares to take the road back east for the Christmas holidays.

Since ventilating fans have been installed at Columbia Villa a noticeable improvement in the condensation problem has been reported.

For the many kindnesses evidenced in thought and deed in their recent bereavement, Mrs. Marie Robinson and family wish to express their sincere gratitude.

COLUMBIA VILLA

The Housing Authority has placed refuse cans in each of the wash houses Please use these for empty soap boxes, paper, etc.

A WORD ABOUT VENTILATING FANS

When ventilating fans are turned on...be sure that both bath and bedroom windows are opened...and the heating stove is turned off. This will stop excessive loss of fuel.....give more complete ventilation and prevent flue gases from entering the unit.

COLUMBIA VILLA - Continued

WEE-TOTS TALK

July 2nd was the date of arrival for Kathleen Roberts, the second child for Mr. and Mrs. Frank Wilson of 9131 N. Woolsey Ct. Their other child is a boy, Mark.

It's a girl, Marliff, for Mr. and Mrs. Charles Barker of 8942 N. Woolsey Court. She was born August 10th.

Wendy, is the baby girl born October 6th to Mr. and Mrs. Robert Keith of 9167 N. Woolsey Court.

Mr. and Mrs. Frank Benedict of 9145 N. Woolsey Court, now have three girls. Diane Lee is the third one, born October 20th.

Matthew Phillip is number two and they're not entirely through so says the birth announcement from Mr. and Mrs. Samuel Gill of 9018 North Woolsey Court. He arrived October 23rd.

NO CHARGE FOR FLOOR POLISHER

An electric floor polisher and brush is available to all tenants who wish to maintain waxed floors. Contact the maintenance department for the time to pick it up. CALL.....UK 3629

Mr. and Mrs. Howard Hanes were happy to have their son, Jack, home on furlough from Oct. 29th to Nov. 10th. They live at 9414 N. Woolsey Court.

It was indeed good news for Mr. and Mrs. Oliver Sirois of 9338 N. Woolsey Ct., to learn that one of their four children, Mark age 5, is not so deaf as the doctors had diagnosed. He was once thought to be 75% deaf. There is hope now that he may hear and speak normally.

Chin-up and continued recovery to several of our neighbors who have undergone surgery recently: Mrs. David Miller of 9346 N.

Woolsey Ct.

Mrs. Jim Gaffney of 8948 North Woolsey Ct.

Mrs. Thomas Foster of 9340 N. Woolsey Ct.

Mrs. Jean McClean of 9354 N. Woolsey Ct.

Mr. and Mrs. Arthur Teeter of 9324 N. Woolsey Court recently returned from a grand trip to Louisiana.

Greetings!

Once again it is my privilege to send our employees and tenants Christmas Greetings from the Portland Housing Authority.

Our country was founded and has prospered largely because of Christianity which is so evident in our Constitution. This is truly the time for all of us to practice and pray for "Peace on Earth, Good Will Toward Men."

Let us not confine the teachings of Christ just to one day set aside as Christmas, but strive daily to make this a better world in which to live.

Sincerely,

F. S. Ratchford

DECEMBER 1959

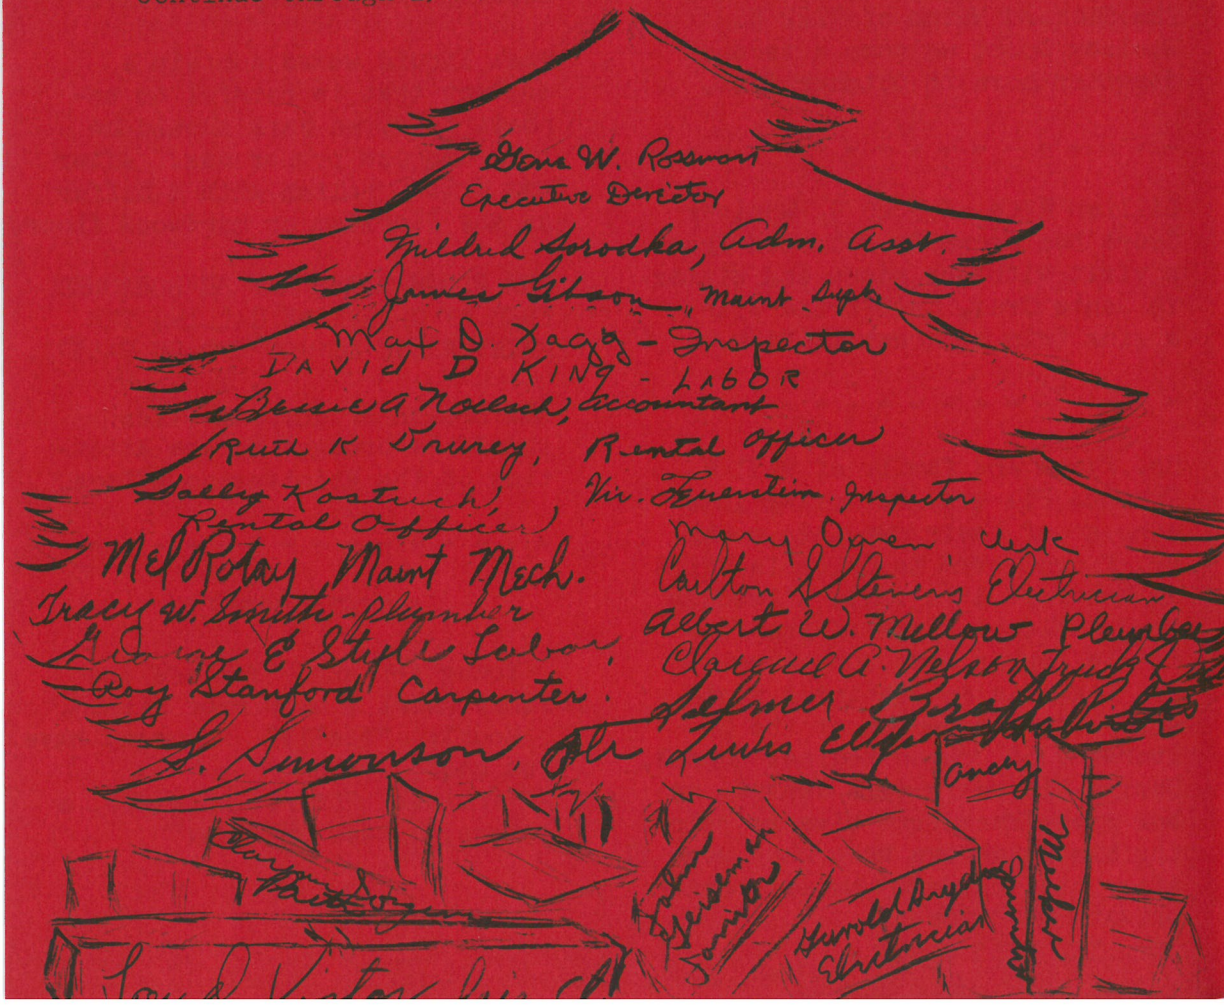

Little prayer
Be on your way
Bless all our friends
This Christmas Day

Housing Authority of Portland, Oregon
8920 N. Woolsey Avenue
Portland 3, Oregon

Holly Day Greetings

Members of the administrative staff and maintenance crew of the Housing Authority of Portland extend to the tenants of Columbia Villa, Dekum Court, Iris Court, and Maple-Mallory Court best wishes for a very Merry Christmas and a happy, healthful, and prosperous New Year. It has been our privilege to serve your interests during 1959. May we express our confidence that the fine spirit of friendly cooperation we have enjoyed in our relationships with you this past year will continue through 1960.

Columbia Villa

Congratulation to Mr. and Mrs. Edward Frolen of 9152 N. Woolsey Court who welcome Liza to their home. She is their second child.

It's a boy for Mr. and Mrs. Douglas D. Hildreth of 9126 N. Woolsey Court. Baby Douglas has two sisters.

The Richard Wards of 9222 N. Woolsey Court welcome a second daughter born on October 31st.

Lillian Rice of 9320 N. Woolsey Court has recently returned from a visit with her niece and sister in Santa Cruz, California with a side trip to Mountain View.

Dr. Fagan and family of 9131 N. Trenton Pl. will be moving into a house of their own this month. Dr. Fagan moved to Columbia Villa in March of 1951 while attending Reed College. Four of the five little Fagans were born here. Dr. Fagan is completing a residency in Orthopedics at the University of Oregon Medical School. During his years as a Tenant, he has given much free time to helping his neighbors when they were ill. After his residency he will enter private practice.

WE WILL MISS YOU!

CARE OF ASPHALT TILE FLOORS

Asphalt tile floors should never be cleaned with solvent or naphtha type cleaners. Use only mild soap or detergent in warm water. Stubborn stains may be removed by scraping solids with a putty knife, dusting with mild abrasive cleaner, and rubbing with steel wool. Rinse with clear warm water, mop dry and re-wax with only those waxes recommended for asphalt tile.

Most liquid waxes contain a solvent that is harmful to asphalt tile, so care should be taken to use proper wax. After wax dries, polish with a buffer as any linoleum or hardwood floor.

THE FLOOR WAXER MAY BE BORROWED FREE OF CHARGE BY CALLING THE MAINTENANCE DEPARTMENT BU 9-5571.

All broken or chipped tiles should be brought to the attention of the Maintenance Office.

ARTIST'S MODELS

Young Artist: "You are the first model I have ever kissed."

Model: "Really? How many have you had?"

Artist: "Four. An apple, a banana, a vase and you."

Dekum Court

There is nothing more beautiful than a rainbow, but it takes both rain and sunshine to make a rainbow.

If life is to be rounded and many-colored, like a rainbow, both joy and sorrow must come to it.

Those who have never known anything but prosperity and pleasure become hard and shallow, but those whose prosperity has been mingled with adversity, become kind and gracious.

Mr. and Mrs. Earl Trump of 2498 N.E. Saratoga welcome their 23rd grandchild. The new grandson was born in Turkey. The Trumps also have 1 great grandchild.

Mrs. Elmer E. Graef of 2639 N.E. Dekum is recuperating from polio. Best wishes for a speedy recovery Mrs. Graef.

Mr. Hickman of 2492 NE. Saratoga is home from quite a stay in the hospital. The neighbors living around the Hickmans say they are GOOD NEIGHBORS in that they are always willing to lend a helping hand.

NO SPEED LIMIT

Tourist: "What's the speed limit through this quaint village?"

Native: "There ain't none. You city folks can't go through here fast enough to suit us."

The small son of Mr. and Mrs. Alvin Mikkelson, 2520 N. E. Saratoga is recovering from an eye operation.

Mrs. Trump tells us she is very busy baking for the holidays and would like to share her favorite cookie recipe with all of us.

DATE NUT COOKIES

1 Tablespoon real butter
1 cup sugar
2 beaten eggs
1 Tablespoon hot water
1½ cups chopped nuts
1 lb. dates (cut up)
1 2/3 cups sifted flour
1 teaspoon baking powder
Cream butter and sugar, add eggs, hot water, flour and baking powder, dates and nuts. Drop by teaspoons full on greased baking sheet - bake in moderate oven until light brown.

PLEASE HELP US KEEP THE LAWNS NICE BY NOT THROWING RUBBISH AROUND. Thank you.

Chris Court

Mrs. Rose S. Williams is recovering from a back injury. This could be called a "Busman's Holiday" as Mrs. Williams is employed as a Nurse's Aid at St. Vincents Hospital.

SHORT REPRIEVE

A Missionary traveling through the jungle met a lion. Flight was hopeless; he fell to his knees in anxious prayer. A few moments later he was greatly comforted to see the lion on its knees beside him. "Dear Brother," said the relieved missionary, "how delightful it is to join you in prayer when a moment ago I feared for my life." "Don't interrupt," said the lion, "I'm saying grace."

PLEASE USE THE PARKING LOTS PROVIDED FOR YOUR USE. PARKING ON THE STREET CAUSES CONGESTION AND CREATES A TRAFFIC HAZARD.

After using the Laundry Facilities, PLEASE clean the washing machine and sweep the floor. Basements must be kept neat and clean and free of trash at all times.

Mr. and Mrs. Donald W. Squire are residents at 300 N. Sumner, Apt. 4.

Mr. Squire is employed part time at Consolidated Van Lines as well as attending the University of Oregon Dental School. He won a scholarship for his schooling and is an assistant in the Biochemistry Department at the Dental School.

Mr. and Mrs. Darrell A. Tribbey and little daughter moved to 316 N. Sumner, Apt. 7 from Grants Pass, Oregon. Mr. Tribbey is a student at the Modern Barber College.

ANYONE WISHING TO BE A REPORTER FOR IRIS COURT, IS REQUESTED TO CONTACT THE RENTAL DEPARTMENT. Any items of interest given to us by tenants will be greatly appreciated.

DON'T THROW AWAY THOSE OLD EYEGLASSES. Any old eyeglasses in the house? Don't toss them out. The frames can help a person who needs, but can't afford glasses. New Eyes for the Needy Inc., Short Hills 37, N. J. collects them. Good plastic frames are reused. Metal ones go to a refinery.

Maple Mallory Court

Now we are about to begin the year's most exciting sport, the race to see whether the number of shopping days until Christmas runs out before our money does.

Have you noticed the neat and pretty yard surrounding 3722 N. E. Mallory? Mr. Jack Alexander helps keep that building and its yard clean and attractive by picking up papers and trash, washing hall windows, and cleaning the halls and the basement. We appreciate your cooperation, Mr. Alexander.

Mr. and Mrs. Colman S. Paniogue have moved to 3821 N. E. Garfield, Apt. 6.

The Paniogues came to Portland from Pocatello, Idaho to attend school at Multnomah College.

They are expecting their first child in December.

Please do not leave anything outside your locker in the basement, as it will be hauled away.

Some basements and hallways are not being kept very clean. May we please have your cooperation in doing your part?

Mr. and Mrs. Enkicki Nozaki have moved to 3819 N. E. Garfield, Apt. 9 from Hudson Homes.

Mr. Nozaki is 82 years young and his wife is 79.

Mr. Nozaki always raised a large vegetable garden in Hudson Homes and beautiful flowers.

IT MAKES NO DIFFERENCE WHAT IT IS. A WOMAN WILL BUY ANYTHING SHE THINKS A STORE IS LOSING MONEY ON.

CONTEST DEADLINE: December 20th

Turn in your entry TODAY.

Good Luck, and

"MERRY CHRISTMAS".

LOCAL ARMY RECRUITER ASSIGNED TO NORTH PORTLAND

SFC Richard Johnson, recently assigned to the US Army recruiting Station at 425 S.W. Taylor St., Portland, is representing the US Army in the North Portland area. Sgt. Johnson enlisted in the army in Vancouver in 1943 and has served continuously since that time. He is enthusiastic about serving this area and would like to inform all young men and women regarding the opportunities available in the new, modern Army.

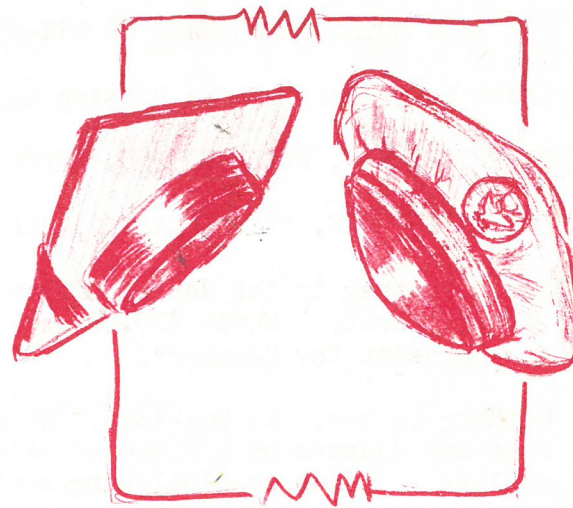

There are two principle programs now available: The "High School Graduate Specialist" program or the "Choose it Yourself" program. The new graduate specialist program guarantees a choice of schooling in top technical fields before enlistment. This program is designed for the high school graduates and for seniors who will soon graduate. Sgt. Johnson states that if the graduate can qualify, he will be guaranteed in writing to receive exactly the training he wants before enlistment.

The graduate will have a chance to specialize in a career of his own choice, according to Sgt. Johnson, and the career groups cover almost all of today's major job areas.

Sgt. Johnson will be glad to give information on how it is possible to choose from 107 technical specialist courses. He will explain how to qualify for this topnotch training.

For information regarding military obligations or vocational training you may call Sgt. Johnson at

COLUMBIA "BOYS" CLUB STARTED

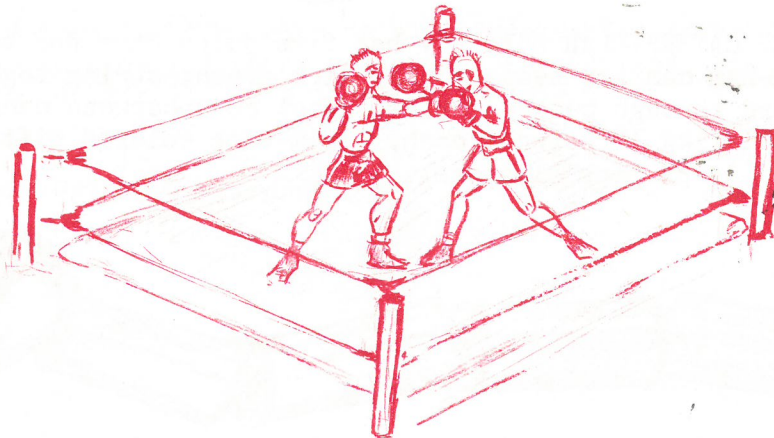

The former "Peninsula Boys' Club", at 7703 N. Hereford Avenue, has been transformed into a new organization for boys from age 7 to 18, and has been re-named "Columbia Boys' Club".

Under the sponsorship of the "Boys' Clubs of Portland", an affiliate of the "Boys' Clubs of America", the new "COLUMBIA BOYS' CLUB" will offer a wide range of supervised sports, crafts, and recreational activities.

The clubhouse has been completely refurbished and now includes a game room equipped with television, shuffleboard, table tennis, pool tables, and other similar facilities. The athletic program of the Club will include basketball, baseball (little league & Babe Ruth), football (Pop Warner), swimming, boxing, wrestling and weight lifting. All activities are under professional and expert supervision.

The total cost of joining and maintaining a membership in the new "COLUMBIA BOYS' CLUB" is only ONE DOLLAR A YEAR!

There are presently 207 boys in Columbia Villa between the ages of 7 and 18. All of these boys are cordially invited to join the Club and to enjoy its facilities. Frank Carroll is the friendly Director of the Clubs' activities who can be contacted any day, after school at the Columbia Boys' Club clubhouse.

Tenant of the Month

It is our real privilege to nominate for "Tenant of the Month" a resident of newly-acquired Maple-Mallory Court. CHARITY L. WOODY lives in Apt. 41 at 3721 N. E. Garfield. She was born in Hamburg, Arkansas, in 1906, and came to Portland with her husband in 1942, immediately moved into Vanport City as one of its first residents. Her son, John, was born in Vanport City. During that time her husband worked as a chipper at the Oregon Shipyard.

After the Vanport flood, in 1948, the Woodys continued as public-housing tenants in the following temporary, war-housing projects, until--one by one these projects were deprogrammed; Guilds Lake, St. Johns Woods, Parkside Homes, and Hudson Homes.

Mrs. Woody has known her share of tragedy. She lost a leg in a childhood accident and walks with one crutch. Her husband died of a heart attack in 1950. Yet, despite these unfortunate experiences, she is a smiling and friendly person, a definite asset to the Maple-Mallory community.

Because CHARITY L. WOODY is a most cooperative tenant, pays her rent when due, and responds to re-examinations immediately when requested; and because--in spite of her physical handicap-- she does more than her share in keeping the halls and basement clean and her own apartment neat and attractive, The Housing Authority of Portland takes sincere pleasure in honoring her as "Tenant of the Month" for December, 1959.

It's "Hi Neighbors" to the following new Tenants

KNOW THE PEOPLE WHO SERVE YOU

In this and each subsequent issue of "Hi, Neighbor", we will include a brief "vignette" of a member of the staff of the Housing Authority of Portland. We hope, thereby, to encourage the tenants of the Housing Authority to become better acquainted with the people who serve their interests, to discover that these people are "human", friendly, and genuinely dedicated to their respective jobs.

This month's vignette concerns ALBERT WALTER

MILLOW, a respected member of the maintenance crew, who began his apprenticeship in plumbing in 1907 and who has been a member of Plumbers' Union since 1915. Born in Seattle, on April 7, 1892, Albert initially distinguished himself as one of the original "sour-doughs" in the Alaska Gold Rush days, residing at the time in Skagway and Juneau. He moved to Portland in 1900 where his first home was located at S.W. 6th and Oak - a residential section of the city in those early days. Albert, a World War I veteran, was working at his trade in Honolulu when Japan attacked Pearl Harbor. He started to work for the Housing Authority of Portland at Vanport in 1944. His greatest enjoyment in life, he claims, is air travel. The Housing Authority hopes that Albert will "keep his feet on the ground" for many years to come, in his present capacity where he is doing such an excellent job for Portland's tenants of public housing.

Anything about social security you don't understand? Do you think something is going wrong in your case? The place to take your problem is the local social security office, 1205 S.W. 13th Avenue. For details on special topics, your local office also has such leaflets as;

If you work after you start getting Social Security Benefit payments. How does Social Security affect farm families? Self-Employment and Social Security. How to estimate your Social Security payments. Social Security for Employees of State and Local Governments. Social Security for Clergymen. If you can't remember all your past pay for calculating your average wage, ask your social security district office for an addressed post card form on which to request a statement of your account. Fill it in, sign and mail it. It's a good idea to check your account every three years or so anyway.

They called Ike a lame duck president. But when it came to sustaining a veto, he could usually quack the whip.

FOR SMALL FRY

CLOTHESPIN STARS ARE EASY TO MAKE. To start, just cut a circle from cardboard, wrap it in aluminum foil, and snap six clothespins around it. For an especially bright star, ask Dad to paint them first. Next, in between the clothespins, slip a shiny bobby pin over the cardboard. Now paste a paper star right in the middle of the circle and hang the finished clothespin star on the wall of your room.

Christmas is caring and sharing, the singing of songs, the ringing of gongs, A cheery time, a weary time, a speak-kindly-to-your-neighbor time! Of voices rejoicing, the hushed air of prayer, of good will toward men, and world peace. Amen

NOVEMBER 1961

Housing Authority of Portland, Oregon
8920 N. Woolsey Avenue
Portland 3, Oregon

THANKSGIVING DAY, in the United States, is an annual festival of thanks for the mercies of the closing year, celebrated by prayers and feasting. The day is fixed by proclamation of the President, making it a legal holiday in the District of Columbia and in the territories, and by the Governors of each State.

The earliest harvest Thanksgiving in America was held by the Pilgrim Fathers at Plymouth Colony in 1621, and was frequently repeated, especially in New England, during the Colonial period. During the Revolution, the Continental Congress annually recommended days of thanksgiving, and again in 1784, for the return of peace. In 1789, President George Washington appointed a day to give thanks for the establishment of the nation. After the War of 1812, President James Madison called for a day of thanks in 1815.

Thanksgiving celebrations throughout the nation, however, remained sporadic and had no set date until 1863. At that time President Abraham Lincoln set aside the fourth Thursday of November as Thanksgiving day. Each year thereafter the President proclaimed the holiday, which by custom was held on the last Thursday of November. In 1941, Congress passed a joint resolution changing it to the fourth Thursday of the month, when it is now generally celebrated, with the exception of a few states, which still retain the last Thursday of November.

Our neighbor, Canada, celebrates Thanksgiving on the 2nd Monday in October.

Tenant of the Month

Nellie Hastings, 9212 N. Woolsey Court is our November "Tenant of the Month."

Mrs. Hastings was born in North Powder, Oregon, 64 years ago on the 27th day of this month. She grew up on a farm with three brothers and four sisters. During their growing up years, all the children shared in the many chores of running a farm as well as attending school. She was married in 1917, and she and her husband had a nearby farm in North Powder.

The Hastings moved to Portland in 1941 to work at the Oregon Shipyard. He worked as a rigger and she in the salvage department. After World War II, Mrs. Hastings worked at Meier and Frank 10th floor coffee shop.

Mrs. Hastings has 2 sons -- one a machinist at Willamette Iron & Steel and the other a meat cutter for Lewis Bros. She has two granddaughters and three grandsons.

Widowed for two years, Mrs. Hastings keeps busy keeping an immaculate house, and a beautiful garden. She raises a large variety of flowers, and the space around her unit is ablaze with color. Other hobbies are crocheting gifts for her friends and relatives for Christmas, baking cookies for grandchildren and baby sitting with small children in the Villa. She loves children and they love her.

A highlight of this past September was a trip by bus to San Francisco with her Sister. They took in all the sights, including Golden Gate Park, a cruise around Alcatraz, a dinner at Fisherman's Wharf, and attended a baseball game between the Los Angeles Dodgers and the San Francisco Giants.

Nellie Hastings has set high standards in housekeeping and as a "good neighbor." She is a tenant the Housing Authority of Portland points to with justifiable pride!

"KNOW THE PEOPLE WHO SERVE YOU"

Handsome, blond, but slightly balding DAVE KING has been selected our "Employee of the Month," not just because he is dedicated to his job, but because he has been signally honored by the Maintenance Crew recently as its "Nut For The Day."

Dave was born in Crookston, Minnesota, in 1933. He has a twin sister and three brothers.

"Old Baldy" attended school in Crookston until a Sophomore in High School, when his family moved to St. Helens, Oregon, where his father worked in the Fir-Tex mills.

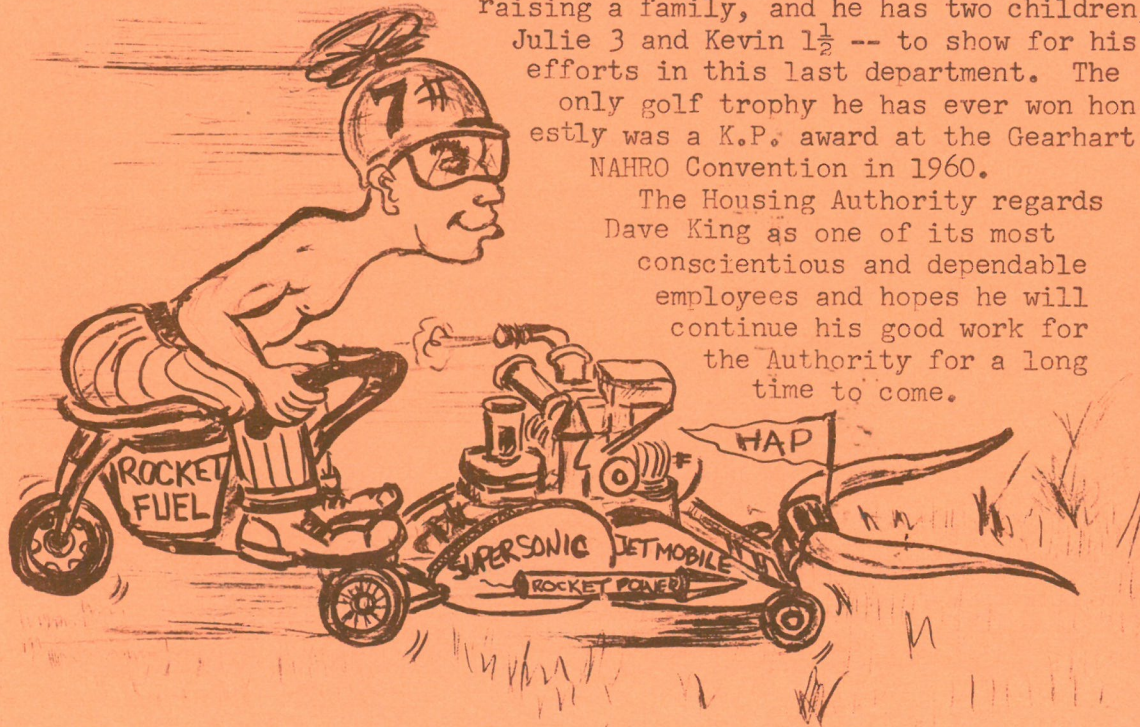

When he finished High School, Dave graciously accepted his message of "Greetings" from his draft board. He took his basic training at Camp Roberts in California, and was stationed for two years at Fort Lewis, Washington, as Reconnaissance Sergeant (mainly leading search parties for Tacoma beauties during off hours).

In 1955, after his stint in the Army, Dave was married for the first time and to his present wife, Donna. He studied engineering for one year at Oregon State University and for one year at Multnomah College while working part-time at the Simpson Door Factory.

Dave joined the Maintenance Crew of the Housing Authority in 1957 where he has since distinguished himself as an employee of industry and purpose.

Dave's hobbies are golf, hunting, and raising a family, and he has two children, Julie 3 and Kevin 1½ -- to show for his efforts in this last department. The only golf trophy he has ever won honestly was a K.P. award at the Gearhart NAHRO Convention in 1960.

The Housing Authority regards Dave King as one of its most conscientious and dependable employees and hopes he will continue his good work for the Authority for a long time to come.

CONDENSATION

HOW-TO-DO-IT: Reduce Wall, Window Moisture Inside your Home

To prevent windows steaming up and reduce possible condensation of moisture in walls of your home, here are a few suggestions that will help:

Be sure laundry appliances, especially the dryer, are properly vented. Don't dry clothes in living area of house. If you must dry them inside, use a room that can be closed off and leave a window open a few inches especially at top so moisture can escape.

While cooking, especially when boiling foods, washing dishes or mopping the floor, run exhaust fan. If you don't have a fan, open window an inch or two until all of the excessive moisture has escaped.

After you have finished your bath or shower and before you open the bathroom door, open the window in the bathroom to let moisture out. When leaving bathroom, close door tightly leaving window open for about 15 minutes.

Even with the above precautions, if your house is small and tightly constructed, you will find moisture building up, especially in the evenings when all the family is home. You can control this moisture if you will open a window a few inches at top, especially in the living room, for a few minutes. This will let the moisture laden air out, and moisture free air in. Windows can then be closed and it will be quite a length of time before the fresh air becomes saturated with moisture. Some times, running kitchen exhaust fan while windows are open will help considerably, also due to pattern of circulation of air within the house, opening a certain window will help better than another one. This you can determine by experimenting.

PLEASE READ THIS ARTICLE CAREFULLY. Periodic inspections will be made. Any questions regarding moisture or moisture damage should be directed to the Maintenance Department immediately.

HAPPY BIRTHDAY USA

Housing Authority of Portland, Oregon
8920 N. Woolsey Avenue
Portland 3, Oregon

INDEPENDENCE DAY is the birthday of the U.S.A.

This day, July 4th, is the anniversary of the day on which the Declaration of Independence was adopted by the Continental Congress in 1776.

Independence Day was first celebrated in Philadelphia, Pennsylvania on July 8th -- 1776. The ceremony included the reading of the Declaration, band concerts, the ringing of bells, and general rejoicing among the people of Philadelphia. It has, since that time, been celebrated throughout the United States.

Early Independence Day celebrations were the occasions for shows, games, sports, military music and fireworks. The firing of guns and cannon, however, caused hundreds of deaths, and thousands of injuries, and, in the early 1900's, a wave of sentiment against the cause of these deaths and injuries, induced several cities and states to prohibit the sale and use of fireworks, except by trained men for special exhibitions or community celebrations, usually during the evening of July 4th.

In 1941, Congress declared July 4th a legal public holiday, and today we celebrate with programs, pageants, games, plays, athletic contests, and picnics.

One hundred eighty five years ago, John Adams said about July 4th "----- it ought to be commemorated as the day of deliverance, by solemn acts of devotion to God Almighty. It ought to be solemnized with pomp and parade, with shows, games, sports, guns, bells, bonfires, and illumination from one end of this continent to the other, from this time forward for evermore."

"I thank God that I live in a country which celebrates such a day, for this is indeed one of lifes richest gifts, and my heart rejoices, when I say

HAPPY BIRTHDAY, U.S.A."

CONGRATULATIONS TO TONI ELLISSONDO-BERRY, 16-year-old Mt. Angel Academy junior. Toni will make a 30 day tour of the United States and Canada this summer as winner of the Marion County United Nations competition, sponsored by Odd Fellows and Rebekahs. Miss Ellissondoberry won the county contest in competition with representatives of seven other high schools in the contest finals at Woodburn.

She will leave July 5 on a chartered bus to travel through Canada to New York, where she will visit United Nations headquarters. En-route home to Oregon, the group will visit Washington, D.C. and Yellowstone National Park. Toni is the daughter of Mrs. Elizabeth Ellissondoberry of 9407 N. Woolsey Ct., and attended North Catholic High School in her freshman year. Her sister, Paula, is a freshman at St. Mary Academy.

Mr. and Mrs. Ray Carter, 9315 N. Woolsey Avenue, wish to express SINCERE THANKS to the many friends and neighbors for their kindness during their recent bereavement.

STORK NEWS

Mr. and Mrs. Roland Carpenter, 9631 N. Fiske, welcome a baby daughter, Charlotte, born on June 9. Charlotte has a sister, Debra.

The Richard Unreins have a second son, Mark, born May 20, 1961.

At last its a boy for the Howard Blakeny's. Little Gary Lee weighed in at 6 lbs. Vicki and Sheri are happy to have a brother.

HOW TO TAKE CARE OF FLOORS

Regular wax care is a necessity for all hard surface floorings to protect their beauty and make cleaning easier. A waxed floor stays clean longer because dirt doesn't stick to it. The wax takes the wear, so it reduces the need for refinishing or replacement.

Floor waxers are available FREE OF CHARGE, at the home of Frank Mueller, 2515 N. E. Saratoga.

S U C C E S S

Success is in the way you walk the paths of life each day; It's in the little things you do and in the things you say. Success is not in getting rich or rising high to fame; It's not alone in winning goals which all men hope to claim. Success is being big of heart and clean and broad of mind. It's being faithful to your friends and, to the stranger, kind. It's in the children whom you love and all they learn from you; Success depends on character and everything you do.

The Michael Christy family have recently moved to Iris Court.

Mrs. Matis, and daughters, Julie and Wendy are spending the summer in Seattle also.

They have one little daughter, Barbara.

Mr. and Mrs. Elvin McKenzie, 3818 N.E. Mallory, Apt. 22, welcome baby, Sharon Lynette. This little girl weighed in at 7 pounds, and is the third daughter for the McKenzies.

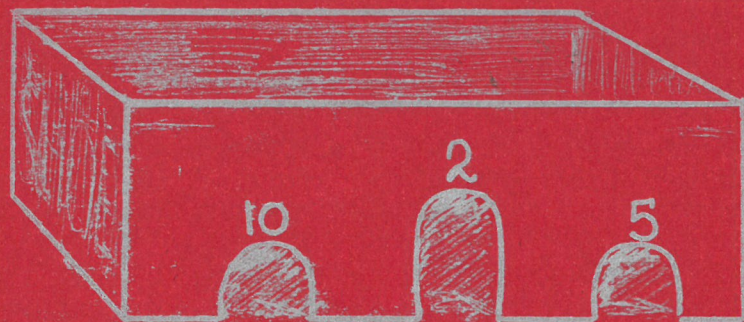

Seaman William A. Bowen, and family, are new tenants at 315 N. Sumner, Apt. 3. The Bowens have a small son and daughter.

Mr. John Matis, 301 N. Sumner, Apt. 7, is working as a Dental Assistant during the summer in Seattle.

TO PLAY ON YOUR 4th of July Picnic --- Marble Maze

You will need a shoe box without the lid and five marbles. On one of the long sides, cut three arch-like openings. Mark each opening with a number as shown in the picture. Have a starting point a few feet from the box. The player rolls all five marbles, one at a time, toward the box, trying to roll them through the openings. Add the numbers to find the score.

Mrs. Berniece Anderson, 3819 N. E. Garfield, Apt. 10, has an interesting hobby. She makes ceramic animals, and baskets from plastic doilies.

Ernest Cross, 3817 N. E. Garfield, Apt. 12, has recently been employed by Victory Plating Works.

Visiting in Texas, a woman concluded her grocery order, "--- and 10 pounds of potatoes."

"Madam," replied the clerk, "we won't cut a potato for anybody."

Tenant of the Month

It is an extra special privilege to honor, as "Tenant of the Month", Joe and Lucy Dawes of 9654 N. Woolsey Avenue in Columbia Villa. This happy couple is a credit to the public housing program - and has been for almost 17 years, way back when Joe Dawes first went to work for Oregon Ship as a switchman for the railroad line delivering steel.

The appearance of the Dawes' home is graphic evidence of the pride they take in it and of their desire to contribute something of real value to the neighborhood in which they live. Joe Dawes has not only beautified all the grounds surrounding his home, but also encourages the neighbors to start flower gardens by providing slips and shrubs. He has planted flowers around the washhouse, transforming a very plain looking community building into a structure of unusual attractiveness. When he gave his dog away, he planted flowers around the dog house. On his door stoop sits a pair of old shoes overflowing with plants. In the trees are hanging baskets, and bird houses labeled "Mama". One of the Dawes' hobbies, besides gardening, is caring for birds that have fallen out of nests or been injured by dogs or cats. Recently, they weaned a pair of Wax-Wings who spent the winter with them. Lucy Dawes fed these little birds with small bits of hard boiled eggs and oatmeal until they were ready to fly, then opened the window to offer them their freedom. These little Wax-Wings returned every night to their box in the Dawes utility room until other birds called them away. When children in the neighborhood find an injured bird, they bring it to the Dawes for nursing to good health.

Joe Dawes likes to reminisce about his interesting and eventful life. From 1919 to 1922, he was stationed on the battleship Arizona where he distinguished himself as stroke oarsman on the Arizona "crew" that won the International Championship. During a furlough, he visited an Aunt in Emmett, Idaho, where he met Lucy. They were married in 1922. During the past 39 years, Joe has punched cattle, railroaded, worked in a sawmill, and operated a restaurant.

The Dawes have two daughters -- one living in Ketchikan, Alaska, and the youngest in Vancouver, Washington. They have four grand-daughters and four grandsons.

As a homemaker, Lucy Dawes' talents match those of her "gardener" husband. Between the two, they have set a standard of conduct as good tenants and good neighbors that has made the Housing Authority of Portland both pleased and proud.

KNOW THE PEOPLE WHO SERVE YOU!

LEROY STANFORD is a relative newcomer to the maintenance crew of the Housing Authority of Portland, but early in the four years of his present job he clearly demonstrated his varied talents—both as an expert carpenter and as a handy-man. When you hear anyone talking about "that nice, quiet fellow who seems to know how to fix everything", chances are they are referring to Roy Stanford.

"Roy" was born in Leon, Iowa, in 1902, but his family moved to Portland when he was only four years old—so he rightfully considers himself a "native" of the Rose City. He attended Arleta and Kellogg grade schools and Portland Union Academy.

Satisfying his wanderlust with a year in the Merchant Marine, Roy eventually "settled down" and went to work for his father who was a local building contractor. Here he apprenticed at the carpentry trade. During World War II, he was foreman at Willamette Iron and Steel where he was mainly responsible for testing all ship compartments with air prior to launching. His crew consisted of chippers, caulkers, and welders (he still thinks that women are better welders than men). He held this job for six years, and in 1948 started a contracting business of his own—building residences in the Portland area.

Roy and his wife enjoy swimming and water skiing. During summer vacations, they may be seen cavorting on the waters of Hood's Canal — nearby Victoria where Mrs. Stanford was born. Here in Portland, Oswego Lake and Big Sturgeon Lake on Island. An exponent of the Australian crawl, Roy likes to try long distance swimming. He has "navigated the Willamette and Columbia Rivers on many occasions, and also the length of Oswego Lake. When he was a little younger, he was proficient in high diving, diving in a One-and-a-half and a back from a 35 foot board.

The Stanford's have two sons who reside in Los Angeles. A brother and sister of Roy live in Portland, and another brother lives in Salem. The Housing Authority of Portland is fortunate in having Roy Stanford on its maintenance crew. His capacity for work and his dependability are assets that contribute a great deal to the Housing Authority's ability to maintain a standard of top efficiency in the operation of its many public housing projects.

Thus and That

An Oriental Garden

Pine and Red Cedar Trees form a grove,
Gently shading a prized treasure trove.
Ornamental shrubbery grows on a ridge,
Near a murmuring brook with a romantic moonbridge.

Ceramic figurines placed here and there,
Sweet fragrance of jasmine floats on the air.
Some figurines by jade trees hold sway,
And look as if pondering events of the day.

Oriental poppies, a wild honeysuckle vine,
A colorful pagoda, a solemn shrine.
An exotic lady by teakwood table stands,
Holding an oriental teapot in her hands.

As twilight deepens, mandarin lanterns glow;
Orange, red and blue, and some white as snow.
Although these are figurines, they seem quite real
With expressions like humans with human appeal.

KITCHEN IDEAS

Wax sandwich bags are useful as covers for open-and-partly-used boxes of food. Slipped over the tops of boxes containing staple foods such as raisins, coconut, and brown sugar, they will keep food clean and extend the time it stays fresh.

Tall, slender jars of food often overturn and spill in the refrigerator. To prevent this, cut off the bottom third of a milk carton and set jar or glass in it.

ANNUAL

GARDEN CONTEST

MAIL IN THE COUPON BELOW

You will then receive a green & yellow Garden-Contest sticker for your door.

This sticker will identify you as an entry and will make it easier for the judges when they visit your area.

More and more folks are entering the garden contest each year, so remember...you will have plenty of competition!

Tenants in all projects of the Housing Authority of Portland are invited to participate in the Annual Spring Garden Contest.

The gardens are judged by three local horticultural specialists, the latter part of July, when the blooms are at their best. Original ideas, variety and condition of blooms, bird houses, trellises, neatness of lawns etc., all help the contestant in his bid for a winning prize.

There will be a 1st, 2nd, and 3rd prize for each project, and prizes are awarded one week after the judging.

Now is the time to start pulling weeds from your lawn, to spade and prepare the ground in your flower beds, straighten borders, repair and repaint the window boxes, trellises, etc., and in general - lay the ground work in beautifying your surroundings. This will make your home more attractive and bring more enjoyment to be shared by you and your neighbors.

In addition to this - you will have the fun of planting as well as watching the plants reach their full maturity.

EASTER, the church feast which commemorates the resurrection

of Jesus Christ, is considered the most ancient and most important festival of the Christian year. The derivation of the name proposed by Bede, from Eastr (a goddess of dawn or spring), is uncertain; more probable is that from Osten (the East). Easter is solemnized on the first Sunday after the full moon following the vernal equinox, with the result that the earliest possible date is March 22, the latest, April 25. In the ritual Churches, Easter is the center of the great liturgical cycle composed of preparation (Lent), feast (with vigil and octave), and echo (to Trinity Sunday); it is the culminating point of the year's fasts and feasts; and quite generally it is kept as a day of great joy.

The Woodards moved to Oregon from California. Mr. Woodard is an Airman at the Portland Army Air Base.

Reading with your children these rainy days can be enjoyable both for parents and child.

Make reading sessions an accepted part of the household routine. Let the children interrupt and take time out to ask questions or tell about their own experiences. Invite discussion and let it run its course. But don't insist on it; don't end reading with a test.

The main thing is to make it enjoyable. Children don't have to sit rigidly at attention while you're reading to them. They can absorb a story just as well while modeling clay, drawing, or building model airplanes.

See that your child has a Library card.

Iris Court

Iris Court Tenants are fortunate to live so near North Portland Branch Library, 512 N. Killingsworth.

Library service in this district began in 1909 in a small reading room. The first branch, called North Albina, was opened in 1911 in the then new Sinnott Building on Albina Avenue. Renamed the North Portland Branch Library, it was moved to the present building, designed by Joseph Jacobberger, in 1913. The site was donated by citizens of Portland and the funds for the building were contributed by the Andrew Carnegie Foundation.

Recently this beautiful building was refurbished in gay colors and additional shelving was provided for an enlarged book collection to meet the reading and study needs of the community.

Tenant of the Month

Robert and Charlotte Gray of 9316 N. Woolsey Avenue
in Columbia Villa are justly deserving of special rec-
ognition as "Tenant of the Month" of the Housing Au-
thority of Portland, Oregon.

Good housekeepers and good neighbors, the Grays
epitomize all the primary attributes of good, public
housing tenants. They are respectful of the function
of public housing in providing an opportunity for
Robert Gray to complete his "residency" at the Uni-
versity of Oregon Medical School. Dr. Gray is special-
izing in internal medicine.

Dr. Gray is not the only member of the Gray family
with a special bent for medicine. Charlotte Gray is
a graduate of the Medical School's "School of Nursing"
and has served as Head Nurse in the Women's Medicine
Division of the Multnomah County Hospital.

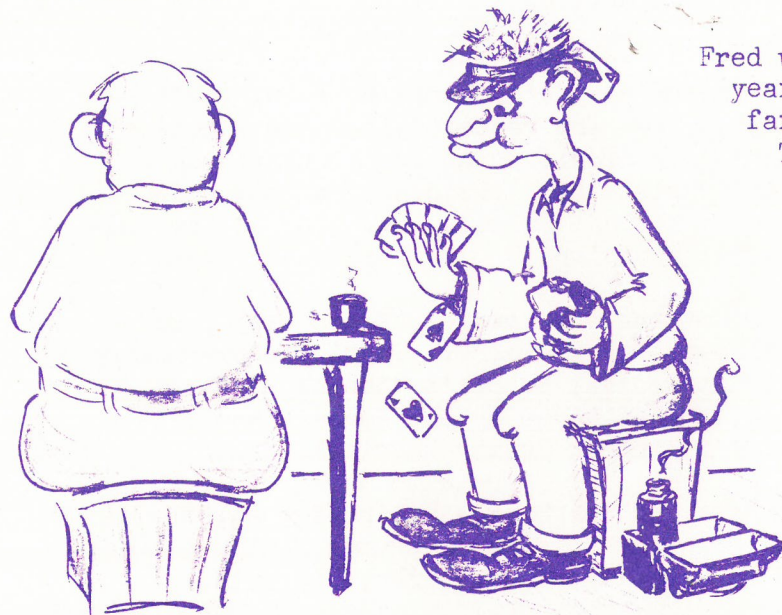

The Grays have one daughter - Robin, age $4\frac{1}{2}$, who is
being rapidly oriented to such strenuous family hobbies
as water and snow skiing, ice skating, and golf.

Charlotte Gray's chief pastimes are homemaking and
gardening, as is vividly demonstrated by the appear-
ance of their home. She has painted the walls as
well as the woodwork of their Columbia Villa unit.
She also collects antique pieces and refinishes them.
When she eventually has a home of her own, she hopes
to have a basement refinish room in which to pursue
her hobby.

The time is not too far distant when the Grays
will "graduate" to private housing. We only hope
that the family who takes their place in Columbia
Villa will be as desirable tenants and as good
neighbors.

Know the people who serve you

The Portland Housing Authority's "Prince of Pinochle" is more commonly known by our tenants as "that friendly fellow who drives the lawnmower." When he's not card-sharpping his colleagues in the maintenance shed (during the lunch hour, that is), FRED ADAMS is hard at work on the hardest jobs that foreman Max Fagg can find for him.

Fred was born 56 years ago on a farm near Gause, Texas. When Fred was 9 years old, his father moved to Amarillo, Texas. When he was only 15 years old, Fred joined up with

Uncle Sam's Army, where for three years - mostly in Hawaii - he drove a truck. A tough veteran at age 18, Fred returned to Amarillo and worked in a dairy for four years.

Romance and matrimony quickly followed, and in 1927 Fred and his wife moved to Ontario, California, with Fred busily laboring in everything from orchards to steel mills.

In 1946, the Adams family moved to Oregon, and one year later Fred started to work for the Housing Authority of Portland.

Fred's great claim to fame is his family: a son who has 3 boys and 1 girl, and a daughter who has 1 boy and 3 girls. Eight grandkids at age 56 - that's quite an accomplishment! And Fred Adams is quite a guy, a responsible and trusted employee of fourteen years service to the Housing Authority.

Thus and That

CARE OF ASPHALT TILE FLOORS

Asphalt tile floors should never be cleaned with solvent or naptha type cleaners. Use only mild soap or detergent in warm water. Stubborn stains may be removed by scraping solids with a putty knife, dusting with mild abrasive cleaner, and rubbing with steel wool. Rinse with clear warm water, mop dry and re-wax with only those waxes recommended for asphalt tile. Some tenants have found Johnson's Clear very satisfactory.

FOR SMALL FRY

Make birthday invitations from balloons of different colors. Blow up the balloons, then paint the pertinent information on them with a water color brush and poster paints. Wait for them to dry before tying on the strings. Its great fun when the host-to-be passes out balloon invitations to the invited guests.

HELPFUL HINTS

When you have your vacuum cleaner out for a regular cleaning job, open the bottom of your electric toaster and vacuum it out. This saves time and is easy on the toaster.

If paper is stuck to a polished surface, soak the paper with olive oil; removal then doesn't damage surface.

Before ironing fancy gathered or smocked pockets on little girls' dresses, stuff the pockets with soft tissue paper or paper toweling. They'll be much easier to iron.

SMILES ARE INFECTIOUS AND TEND TO MAKE EVERYONE YOU MEET HAPPY!

PARENTAL DILEMA

I love my children, I'm telling you
And I know there's a lot of work to do
In Scouts and Brownies and PTA
But frankly, I just can't get away.

At the end of day, I'm tired you know,
Just want to go out and see a show,
Or watch TV or play some bridge,
Just too darned tired to mess with kids.

And speaking of kids, you know that crime
Is on the increase all the time?
They ought to do something, maybe at school
To teach the kids to respect a rule.

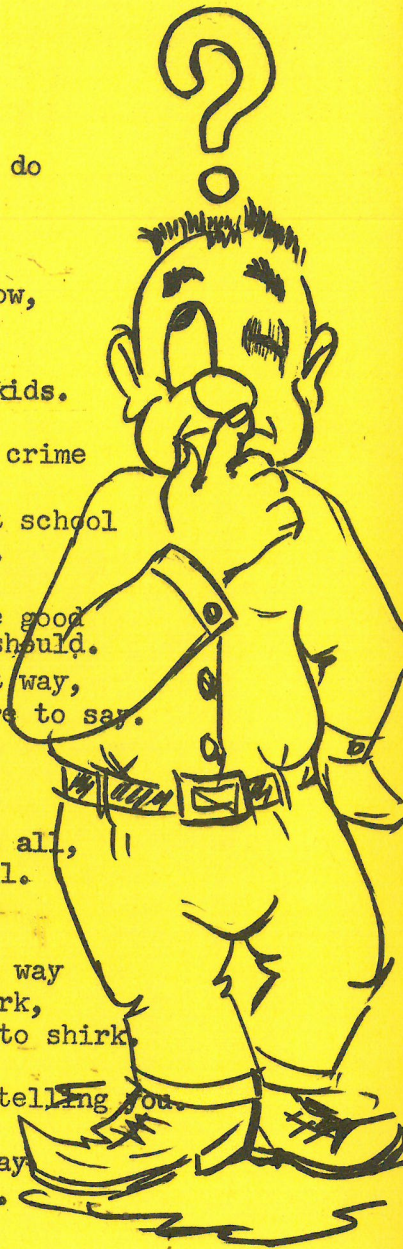

Or perhaps the church should do more good
And teach them to act the way they should.
I can't understand why they act that way,
Something's wrong somewhere I venture to say.

I send my kids to Scouts and such,
But it really doesn't help too much;
They don't appreciate good things at all,
I used to be a Scout when I was small.

They need more volunteers you say?
Must be plenty around - must be some way
To interest parents in worthwhile work,
That's something no one has a right to shirk.

Well, I hope they find someone, I'm telling you.
My kids need a leader to look up to.
They need someone to direct their play
It's really a shame I can't get away.

TIPS TO PARENTS

1. Begin with infancy and give the child everything he wants. In this way, he will grow up to believe the world owes him a living.
2. When he picks up bad words, laugh at him. This will make him think he is cute. It will also encourage him to pick up "cuter" phrases that will blow off the top of your head later.
3. Never give him any spiritual training. Wait until he is 21 and then let him "decide for himself."
4. Avoid the use of the word "wrong." It may develop a guilt complex. This will condition him to believe later when he is arrested for stealing a car, that society is against him and he is being persecuted.
5. Pick up everything he leaves around -- books, shoes, clothing. Do everything for him so that he will be experienced in throwing all of his responsibilities on others.
6. Let him read any printed matter he gets his hands on. Be careful that the silverware and drinking glasses are sterilized, but let his mind feast on garbage.
7. Quarrel frequently in the presence of your children. In this way they will not be too shocked when the home is broken up later.
8. Give a child all the spending money he wants. Never let him earn his own, why should he have things as tough as you had them?
9. Satisfy his every craving for food, drink and comfort. See that every sensual desire is gratified. Denial may lead to harmful frustration.
10. Take his part against neighbors, teachers, policemen and editors. They are all prejudiced against your child.
11. When he gets into real trouble, apologize for yourself by saying, "I never could do anything with him."
12. Prepare for a life of grief. You will be very apt to have it.

EMPLOYEE OF THE MONTH

An EXCELLANT craftsman, a FINE worker and an AFFABLE man is TRACY SMITH, Housing Authority Plumber.

TRACY was born in Prudence, West Virginia, in 1905. His father was a coal miner, and after Tracy finished his schooling, he too, worked in the mines for the following 25 years.

TRACY worked just about all the jobs in the mines, beginning with driving the mules that hauled cars of coal. The roads over which the carts were pulled were very steep and he had to sprag the cars and put his shoulder against the mule to keep the cart from running away. Much strength was needed by both the mule and Tracy to perform this job safely. Later, he loaded coal, layed track, worked on wire, ran the water pumps, was a brakeman, and was a motor runner.

In 1930, he married the Foreman's daughter, Lillian. Subsequently, he attended mining school in Morgantown, West Virginia, and earned his mining Foreman papers. He was a mining Foreman for the following 10 years. During that time, he took the Federal Mining Inspectors examination, but quit shortly before his name came to the top of the waiting list. After leaving the mines, he owned and operated a taxi business for about a year.

In 1941, he was employed at the Fairfield Shipbuilding Company as a pipe-fitter. In 1942, Tracy worked in a rubber plant and a metalurgical plant.

Always looking to the future, in 1943, Tracy answered an ad in the paper, and was hired as a plumber at the Vancouver Shipyard. He and Lillian moved to the coast and made their home in McLaughlin Heights.

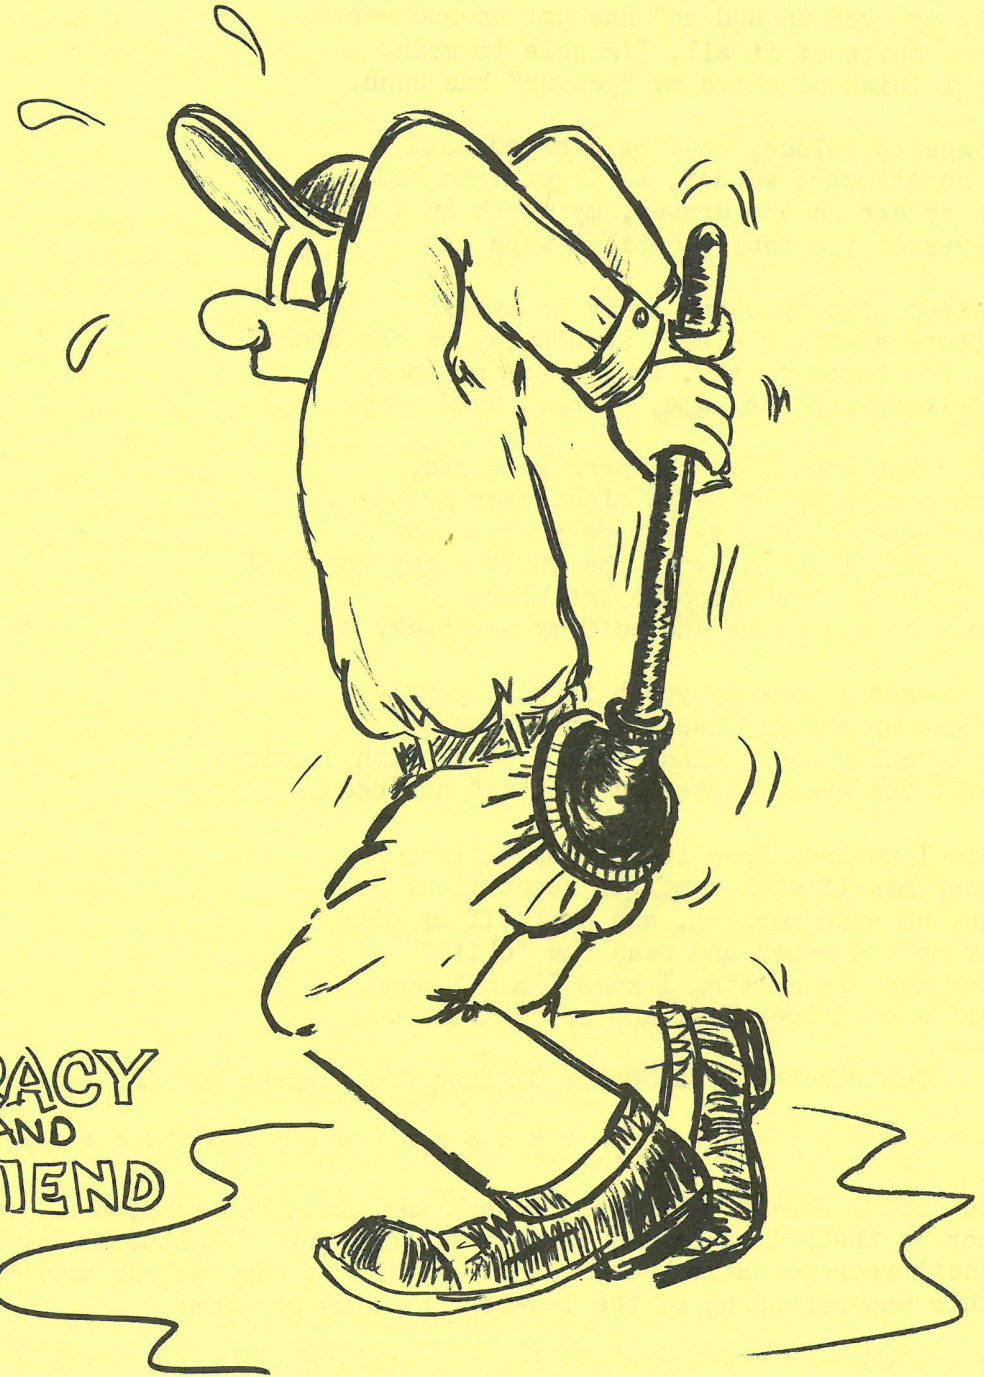

In 1945, Tracy was hired as a plumber for the Vancouver Housing Authority. In 1947, because work was slack, he quit and went to Fairbanks, Alaska to work as a plumber for Harry K. Bell, Builder. In 1948, he returned to the Vancouver Housing Authority and remained until they deprogrammed in 1958. In the interim between working for Vancouver, and coming to Portland Housing Authority in 1959, Tracy worked for Contractors.

TRACY and Lillian have no children. They spend their leisure hunting and fishing. Tracy enjoys hunting big game the most, but hunts everything.

His hobby is buying old guns and remodeling them into usable equipment. He has made 3 Japanese rifles into 30-06 and several Springfields into a sporter. He says making the stocks is very tedious and time consuming work. At the present time, he only owns one 30-06 of his own.

His dream in life is to own a cub cruiser airplane. Tracy has been a licensed pilot since 1948, and has owned 3 small planes during the past few years. The Housing Authority hopes TRACY won't "fly away", but continue his fine work record as our Plumber.

TRACY
AND
FRIEND

How do I know that my youth is all spent?
Well, my "get up and go" has got up and went!
But in spite of it all, I'm able to grin,
When I think of where my "get up" has been.

Old age is golden, so I have heard said
But sometimes I wonder, as I get into bed,
With my ear in the drawer, my teeth in a cup,
My eyes on the table, until I wake up.

As sleep dims my eyes, I say to myself
Is there anything else I should lay on the shelf?
And, I'm happy to say, as I close my door,
My friends are the same, perhaps even more.

When I was young, my slippers were red,
I could kick up my heels right over my head,
When I grew older, my slippers were blue
But still, I could dance the whole night through!
Now I am old, my slippers are black
I walk to the store and puff my way back.

The reason I know my youth is all spent
My "get up and go" has got up and went!
But I really don't mind, when I think with a grin
Of all the grand places my "get up" has been.

Since I retired from life's competition,
I busy myself with complete repetition.
I get up each morning, and dust off my wits,
Pick up the paper and read the "obits"
If my name is missing I know I'm not dead,
I eat a good breakfast and go back to bed.

"TENANT OF THE MONTH"

"Tenant of the Month" honors go to JACK AND FLORENCE ALEXANDER,
3722 N. E. Mallory, Apt. 28.

The Alexanders moved to Maple Mallory Court on September 29, 1959,
and are considered the very FINEST TENANTS by the Housing Authority.

Mr. Alexander was born in Cuero, Texas, 1898, but moved to Checotah, Oklahoma, with his family when he was three years old. When he was 20, he moved to Sioux City, Iowa to work for Wonder Bread Bakery for 17 years. It was in Sioux City, that he met and married Florence, in 1923.

The Alexanders moved to Vanport during World War II. Mr. Alexander worked 3½ years at Vancouver Shipyard and Mrs. Alexander worked as a domestic for the Housing Authority in Vanport. After the flood, they moved to a trailer at Guilds Lake, and later to Guilds Lake. Mrs. Alexander continued to work for the Housing Authority at Guilds Lake until it was deprogrammed. Mr. Alexander worked for Teller and Company building fish ladders and dams and service stations for Standard Oil Company.

Eleven years ago, Mr. Alexander was slowed a bit by a heart attack, and retired from his job. Now they both take life a little easier, fishing as much as possible. Neighbors and friends are often happy recipients of a good catch.

Mr. Alexander is a Past Exalted Ruler of the Elks Lodge, and an honorary life member. He has worked two chairs in the Masonic Lodge and is working for his Master. He also belongs to the Knights of Pythian, the Urban League and the N.A.A.C.P. For a number of years, he taught Sunday School at the Mt. Zion Baptist Church. As a young man, Mr. Alexander, played professional baseball with the All Nations and House of David teams. He was their star pitcher and toured many states.

JACK AND FLORENCE are proud of their two sons and one daughter, their three grand children and one great grand-daughter. One son is an Auditor in the City Building in Los Angeles, and one grandson plays professional baseball.

We are happy that the ALEXANDERS have chosen US for LANDLORDS, and gratified that we have such fine tenants in Maple-Mallory Court.

Prevention of Pests, Cockroaches, etc.

The most important requirement in pest control is to get full cooperation from the Tenants in keeping the units clean. Otherwise, pest control will be most difficult regardless of the amount or kind of insecticide applied. BASIC SANITATION MUST BE PRACTICED BY ALL TENANTS.

Favorable conditons which provide food and shelter for pests include uncovered or spilled food, (dirty bread boards are a good feeding and hiding place for cockroaches) and dirty materials.

Tenants are requested to bring to the Housing Authority's attention any cases of infestation which they are unable to control.

Mr. Fagg, Foreman

TENANTS IN IRIS COURT AND
MAPLE MALLORY!

Please change Loyd Viator's
phone number on your emergency
card to BU 5-4309.

For your own safety, please
do not allow children to play
in the parking lot.

Please do not put magazines and
papers in parking lot. ONLY
grass clippings will be picked
up by the trash truck. Every-
thing else MUST go in your gar-
bage can.

When vacating a unit, all trash
should be boxed and placed in
the utility room.

SALESMANSHIP

The best salesman we have ever
heard of was one who sold two
milking machines to a farmer
with only one cow, and then took
the cow as a down payment.

MOVING FURNITURE will be easier
and will cause less marking on the
floor if you wax the bottoms of
table and chair legs.

When you clean clothes closets,
put a coat of Paste Wax on all
smooth leather articles before
you replace them - luggage,
sports equipment, belts, purses,
etc. Improves appearance and
preserves the leather.

WISDOM

No one is rich enough to do with-
out a neighbor.

"TENANT OF THE MONTH"

MRS. MYRTLE MARCH, 3818 N.E. Mallory, Apt. 23, much
deserves the honor of "Tenant of the Month." She participated
in the opening ceremony when the Housing Authority acquired
Maple-Mallory Court, July 20, 1959, and moved into her apartment
August 10, 1959.

Mrs. March, was born in Muskeegan, Michigan, January 9, 1892,
and moved to Oregon when she was five years old. Other than
a three year stay in Colorado, she has always lived in the Portland
area.

Mr. March logged for eighteen years of their married life,
in the State, and Mrs. March, stayed home and kept house for
him. After Mr. March was injured in the woods, Mrs. March went
to work in the T.B. Hospital as a practical nurse. She worked there
nine years, until retirement.

Widowed for several years, Mrs. March spends her leisure visiting
with friends, and caring for those who are ill. Many times her
practical nursing experience is valuable.

Mrs. March is an engaging little lady, a good neighbor, and a
friend to everyone who knows her.

Mrs. March's apartment is cheerful and well kept, and a credit
to Public Housing. The Housing Authority is happy to have such a
fine tenant in Maple-Mallory Court.

KNOW THE PEOPLE WHO SERVE YOU

OFF the job, this fellow holds the record for swallowing the most Columbia river water -- he is an ardent water-skier.

ON the job, he is one of the most respected and reliable employees on the maintenance crew of the Housing Authority of Portland.

Orchids, for "employee of the month," go to LOYD VIATOR -- a friendly and capable fellow, always willing to help a colleague or a tenant, a real asset to the Housing Authority.

Loyd was born on July 14, 1918, in Youngsville, Louisiana, where he started his schooling and, at age 14, worked part-time in a blacksmith shop. He won many trophies on the school boxing team but gave up the manly art of self-defense when some opponent had the temerity to poke him a wallop that broke his nose.

After finishing school, Loyd worked as an auto mechanic until 1940, when he joined the army.

His basic training was at Fort Benning, Georgia, after which he was stationed at Fort Knox, Kentucky as an instructor in mechanics and Field Expedience of trucks and tanks over rough terrain. Later, he was stationed at Camp Chaffee, Arkansas, where he met and married Tessie. Loyd was discharged on August 4, 1943. He and Tessie came to Portland to visit her family, and they haven't left yet.

Loyd worked for a short time as a welder at Willamette Iron and Steel before coming to work for the Housing Authority in December, 1943, at Vanport. The Viators lived in Vanport, where Loyd worked as a mechanic until the 1948 flood. He was then transferred to the University Homes shop, and he continued with this assignment until January of 1952.

For a time, Loyd went into business for himself, operating a garage on 122nd and Division and subsequently a Texaco station on Fessenden and Oswego.

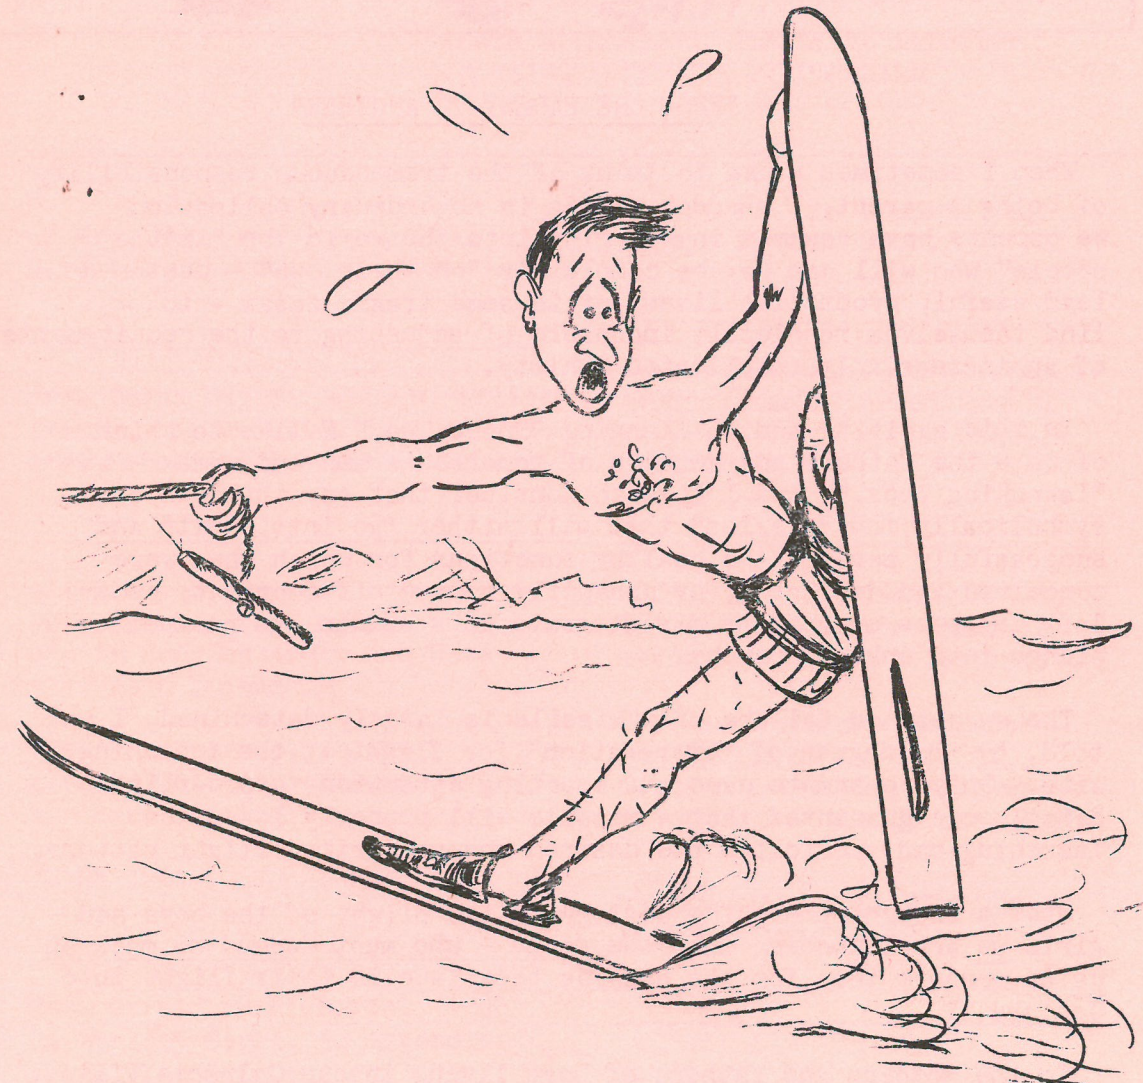

But the "itch" to get back in harness with his "buddies" on the Housing Authority maintenance crew prevailed, and in May, 1958, he returned to the Authority.

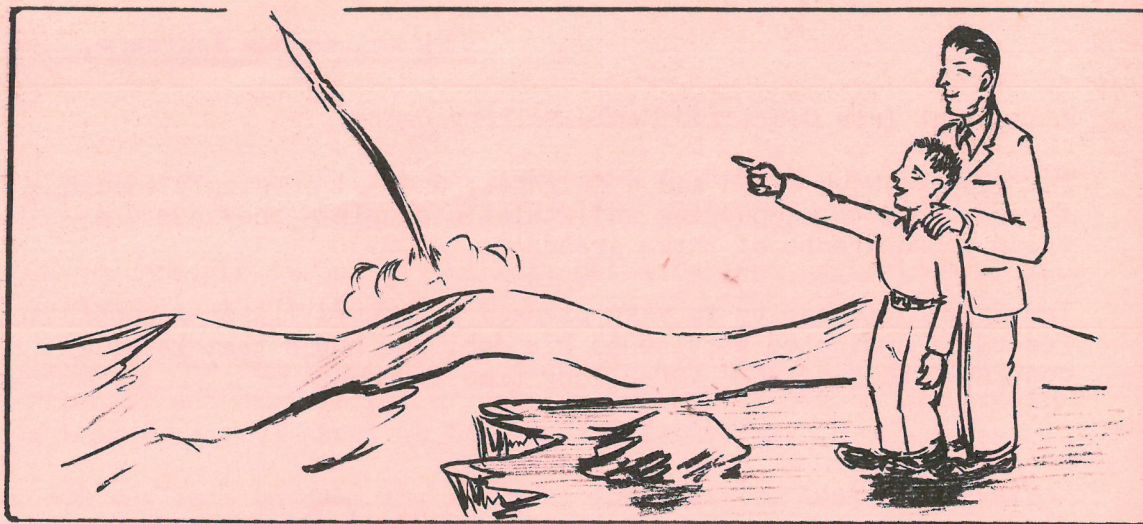

On September 1, 1959, Loyd was elevated to position of Maintenance

Manager at Iris Court and Maple-Mallory Court.

The Viators have a son and a daughter; and, surprisingly enough - for such a young-appearing and athletic couple - they are the proud grandparents of three grandsons.

The Housing Authority is very pleased with Loyd Viator's consistent record of dedicated service to his job, and hopes that he will continue his good work for a long time to come.

"FROM ONE PARENT TO ANOTHER"

When I sometimes pause to think of the tremendous responsibility of being a parent, I shudder. This is no ordinary obligation we parents have assumed in bringing into the world the "little people" who will one day be completely "on their own" - destined to lead useful, productive lives, or in some tragic cases - to find themselves hopelessly incapable of adjusting to the requirements of an increasingly complicated society.

In this exciting and challenging "Space Age," I like to think of us - the fathers and mothers of tomorrow's men and women - as "launching pads." And I like to consider that our children are symbolically the "missles" that will either "go into orbit" and successfully perform the healthy functions for which they were conceived and dedicated, or unhappily swerve off-course to become lost in space or perhaps disintegrate in a sudden and unexpected plunge into unknown depths.

The success or failure of a missile is largely determined, I am told, by the degree of "preparation" for flight at the launching site. Only consummate care and exacting attention to pre-flight details can guarantee that a missile will properly leave the launching pad and follow the desired and prescribed flight pattern.

What a thought-provoking analogy to the plight of the boys and girls we are launching into the world - who must depend so much on us to prepare them for the hazards they face in their flight into Century 21.

To the mothers and fathers of boys living in our Columbia Villa

Hi Neighbor - February, 1962

project I have a parting message that can be of value. If you have a son between the age of 7 and 18, may I suggest that you encourage him to enroll in the Columbia Boys Club at 7703 N. Hereford in the Portsmouth area adjacent to Columbia Villa. This facility obviously cannot take the full responsibility of raising your son, but it can help implement your good work, provide him with a "home away from home," and guide him into healthful after-school pursuits. Membership dues are only a dollar a year, and no boy is denied membership even if he can't raise the dollar. I'll be glad to talk to you personally about Columbia Boys Club and the benefits it can give your son if you can spare the time to visit me in my office.

The keeping of pets is prohibited by the Management due to the limited space and density of population.

In Columbia Villa and Dekum Court, ONLY,

Dogs and Cats are allowed with permission of the Management, if they are kept on a leash, do not tear up the yard, make an unsanitary condition surrounding the unit, bite children, or disturb your neighbor in any way.

If the Management has complaints from tenants regarding your pet, you will be asked to find another home for it. May we suggest that small animals are much more satisfactory than large dogs due to the density of population.

THANK YOU FOR YOUR COOPERATION!

HOUSING AUTHORITY OF PORTLAND, OREGON
8920 N. WOOLSEY AVENUE
PORTLAND 3, OREGON

THE ORIGIN OF GROUND HOG DAY

An American Legend that started with the Pennsylvania Germans says that on the 2nd day of February, the ground hog awakens from his long winter sleep. He sticks his head out of his home in the ground and looks around. If the sun is shining and the ground hog can see his shadow, he is frightened and crawls back into his hole. Then winter lasts another six weeks. If the day is cloudy and the ground hog cannot see his shadow, he stays

out of his hole and winter has come to an end.

The ground hog is a small mammal of North America sometimes referred to as the woodchuck.

The story about the woodchuck or ground hog being able to predict weather has no basis in fact, except that he does hibernate during the winter and it does live in a burrow.

There are several species of woodchuck in North America. The common ground hog of the Eastern states and Canada is typical of the group. It is about 15 to 18 inches long and has long, coarse fur, which is blackish or grayish above and chestnut-red below. Its legs are short and thick, and its tail is bushy. It has a broad, flat head and long whiskers.

The woodchuck usually makes its home on the edge of a sparsely wooded place. It digs its burrow so that it has several compartments or "rooms." When the woodchuck burrows, it digs with its front paws, which have sharp claws, and scrapes the dirt out with its hind feet.

Woodchucks do not lay up stores of food for winter, but they eat tremendous amounts toward the end of summer. This extra food in their bodies produces fat which keeps them nourished during their winter's sleep.

Woodchucks are considered destructive by the farmer, as their favorite feast is composed of fresh garden vegetables. They are not used commercially, as their meat isn't edible and their fur is too coarse for making into coats.

Tenant of the Month

The Frank Mueller family of 2515 N.E. Saratoga, has long been deserving of special commendation as outstanding tenants of the Housing Authority of Portland. Since they first moved into Dekum Court on September 25, 1956, the Muellers have established themselves as "neighborly neighbors", and the care with which they maintain their beautiful yard and flower garden is a credit to Public Housing.

Mr. Mueller is what may be regarded as a "solid citizen" who, through the years, has contributed a great deal to the well-being of the Portland community. On many occasions, his extraordinary services and achievements have been accorded deserved recognition.

Frank Mueller's dependability is evidenced in the long tenure of the two major jobs he has efficiently handled. For 21 years, he drove a bakery truck for the Log Cabin bakery. Later, as an employee of Portland's Department of Public Works, he drove a truck for 22 years - with a unique record of no accidents or traffic violations. He did receive one "citation", however, - a certificate of merit presented to him by former Mayor Peterson and present Commissioner Bowes - in June of 1956. Typical of Frank's dedication to his work is the fact that for ten years he served as President of the City Employees Local 103. Frank's extracurricular talents are many and varied. During World War I, he served as a trumpet player in the Ft. Lewis Army Band - also as camp bugler, a noisy assignment traditionally unpopular with a certain segment of army life. In recent years, he has managed a Pony League baseball team, leading it to 13 victories in a 15 - game schedule.

Nor has Mrs. Mueller remained idle for all of this time. An excellent home-maker, she has also established a seven-year record as a productive saleslady for Meier and Frank. Her interest in community service is extensive, including such activities as the cancer drive.

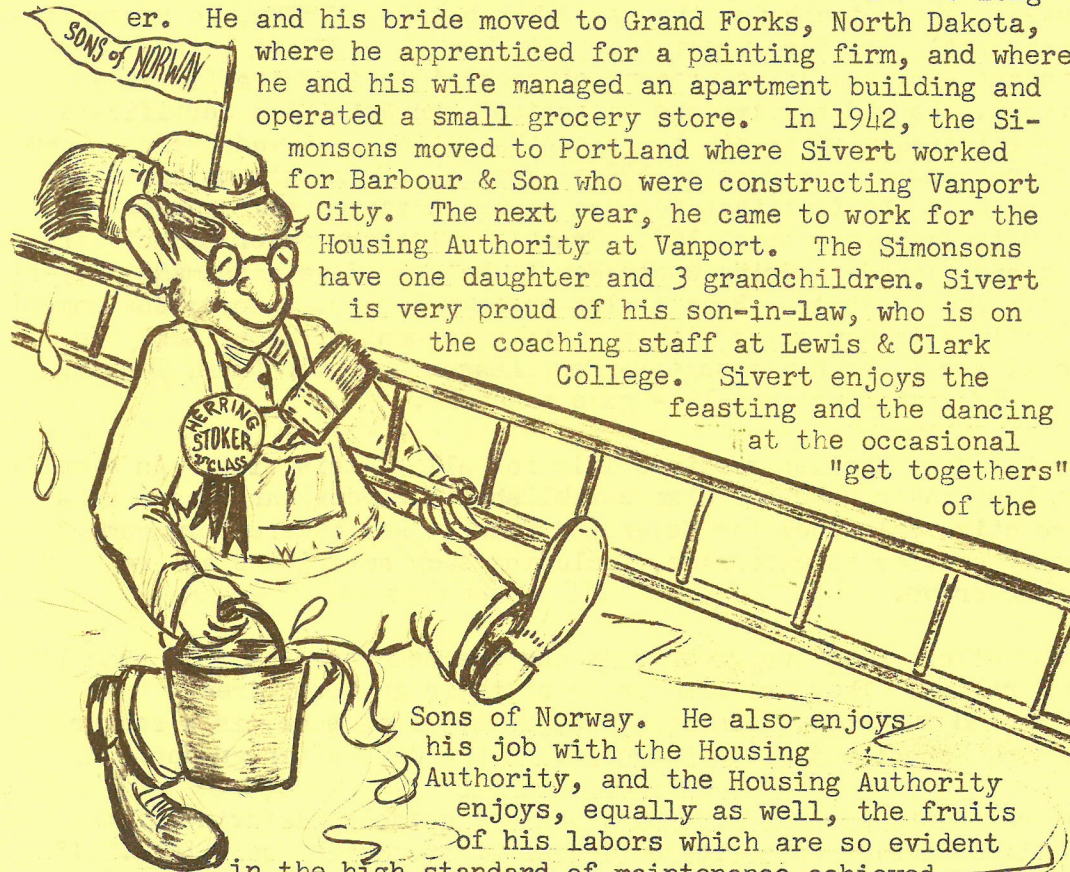

The Muellers have two grown sons and one daughter - all of whom live in Portland. They are also proud of their grandchildren - four girls and two boys. Son John, who is still at home, is a senior in High School and plans to enlist in the Navy after graduation.

The residents of 2515 N.E. Saratoga are notably deserving of the Portland Housing Authority's "Tenant of the Month" selection. If you don't believe it, ask Pete, the Mueller's blue parakeet, who is particularly vocal about his high regard for the Mueller family.

KNOW THE PEOPLE WHO SERVE YOU

"You have to be good" to maintain a consistently high record of efficiency for a period of 18 consecutive years as an employee of the Housing Authority of Portland. That's how we feel about SIVERT SIMONSON, the "Scandinavian Streak," who is as much a part of the Housing Authority as the buildings that house our hundreds of tenants. Sivert is "good," "good," "good," as a painter, "good" in his relationship with the other members of our maintenance crew, "good" in the dedication he demonstrates for the best interests of the Housing Authority and its tenants.

Sivert was born in Lillehammer, Norway, on January 19, 1905. When he was 4 years old, his family moved to St. Johns, Canada. This was quite a "move," because Sivert has 7 brothers and 4 sisters. From there, the Simonsons moved progressively to New York City, Milan (Minnesota), and finally to a farm in North Dakota. When he was 16, Sivert took a job in the lignite mines in Columbus, North Dakota, where he worked for 4 years. Subsequently, another four-year stint, this time as a Standard Oil service-station operator, culminated in Sivert's determination to remain a bachelor no longer. He and his bride moved to Grand Forks, North Dakota, where he apprenticed for a painting firm, and where he and his wife managed an apartment building and operated a small grocery store. In 1942, the Simonsons moved to Portland where Sivert worked for Barbour & Son who were constructing Vanport City. The next year, he came to work for the Housing Authority at Vanport. The Simonsons have one daughter and 3 grandchildren. Sivert is very proud of his son-in-law, who is on the coaching staff at Lewis & Clark College. Sivert enjoys the feasting and the dancing at the occasional "get togethers" of the

Sons of Norway. He also enjoys his job with the Housing Authority, and the Housing Authority enjoys, equally as well, the fruits of his labors which are so evident in the high standard of maintenance achieved in the Authority's many public-housing projects.

"MYSELF"

I have to live with myself and so
I want to be fit for myself to know:
I want to be able, as days go by
Always to look myself in the eye.
I don't want to stand with the setting sun
And hate myself for the things I've done.

I never can hide myself from me;
I see what others may never see;
I know what others may never know
I never can fool myself and so,
Whatever happens, I want to be
Self-respecting and conscience free.

CONDENSATION

HOW-TO-DO-IT: Reduce Wall, Window Moisture Inside Home

To prevent windows steaming up and reduce possible condensation of moisture in walls of your home, here are a few suggestions that will help:

Be sure laundry appliances, especially the dryer, are properly vented. Don't dry clothes in living area of house. If you must dry them inside, use a room that can be closed off and leave a window open a few inches especially at top so moisture can escape.

While cooking, especially when boiling foods, washing dishes or mopping the floor, run exhaust fan. If you don't have a fan, open window an inch or two until all of the excessive moisture has escaped.

After you have finished your bath or shower and before you open the door, open window to let moisture out.

Even with the above precautions, if your house is small and tightly constructed, you will find moisture building up, especially in the evenings when all the family is home. You can control this moisture if you will open a window a few inches at top, especially in the living room, for a few minutes. This will let the moisture laden air out, and moisture free air in. Windows can then be closed and it will be quite a length of time before the fresh air becomes saturated with moisture. Some times, running kitchen exhaust fan while windows are open will help considerably, also due to pattern of circulation of air within the house, opening a certain window will help better than another one. This you can determine by experimenting.

PLEASE READ THIS ARTICLE CAREFULLY. Periodic inspections will be made. Any questions regarding moisture or moisture damage should be directed to the Maintenance department immediately.

J-G Neighbor

Housing Authority of Portland, Oregon
8920 N. Woolsey Avenue
Portland 3, Oregon

CHRISTMAS GREETINGS!

This message is directed to you - you who are doing everything within your power to upgrade and to elevate public housing in the discerning eyes of the people of Portland.

Through your efforts to maintain high standards of housekeeping, you are contributing to public appreciation and acceptance of the role of public housing in meeting the needs of families and senior citizens of low-income for decent, safe, and sanitary housing.

Through your good conduct as a "good neighbor", you are building good will and favorable public relations for public housing in our area; you are making easier our job of extending low-rent public housing to an increasing number of low-income citizens - many of whom are being displaced by such public works as urban renewal and the construction of federal highways.

Be ever mindful of your responsibility - continue to help us to help you retain your right to decent housing at a rental you can afford to pay. Above all, enjoy this holiday season. GOOD LUCK, AND GOD BLESS YOU ALL.

Winds thro' the olive trees
Softly did blow,
Round little Bethlehem
Long, long ago.

Sheep on the hillside lay
Whiter than snow;
Shepherds were watching them,

Angels bent low,
Singing their songs of joy,
Long, long ago.

For in a manger bed,
Cradled we know,
Christ came to Bethlehem,
Long, long ago.

Tenant of the Month

We are pleased to select as December's "Tenant of the month" Mrs. Hattie Gleason of 9150 N. Woolsey Court. Eighty years young, as of last October 24th, Hattie was born in Kaszta, Iowa, spent many years of her life on a ranch in Montana, and is proud of the fact that her two children have presented her with seven grandchildren who have presented her with two great-grandchildren. Hattie is an immaculate housekeeper, when she isn't reading Westerns or doing fancy work or tending her plants and flowers.

An occasion of considerable moment was Hattie's eightieth birthday recently. The affair was celebrated in her home in Columbia Villa and all of her relatives were there with the sole exception of one grandson who is attached to the American Embassy in Manila. A request number, in honor of the event, was sung for Hattie on the Lawrence Welk show, and Johnny Carpenter sang her favorite song, just for her, on his radio program. We hope HATTIE GLEASON will have many more, Happy Birthdays.

HOW TO MAKE A CHRISTMAS WREATH

Tiny wreaths made from jar rubbers are extra-special fun because you can decorate them so many different ways. First, punch a small hole in the little lump at the top of the jar rubber. Next, make a pretty bow from a small piece of ribbon and fasten it in the hole. Then decorate the wreath any way you choose. You may want to spread clear glue on one side of the jar rubber and then drop tiny shells, glitter, or sequins onto the glue. Or paste colored stars on it.

For still another wreath, try wrapping the jar rubber with red and green yarn. Just use your imagination and see what special wreaths you can make. Rubber wreaths are small enough to hang on a Christmas tree - or almost anywhere.

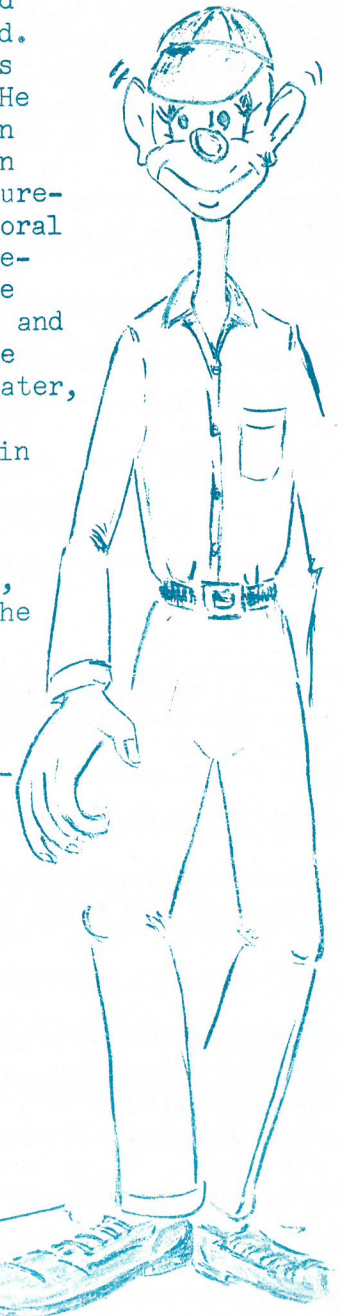

KNOW THE PEOPLE WHO SERVE YOU

Hats off to JOHN H. GEISEMAN, a transplanted mid-westerner, who is one of the tried and trusted employees of the Housing Authority of Portland. John has been with us since 1955 and serves us well on our custodial and janitorial staff. He is a product of this century, having been born on March 12, 1904. His birthplace - a farm in the vicinity of Lennox, South Dakota - must surely be regarded as one of the picturesque pastoral areas of our nation. John farmed the old homestead with his dad until 1936, when at the age of 22 he decided to get married. In 1942, he and his wife moved to Rockford, Illinois, where he worked in a local machine shop. Four years later, John and his little family moved to Gresham, Oregon, where he busied himself productively in a number of activities - including a two-year stint with Newberrys.

Luckily for the Housing Authority of Portland, John joined our loyal crew five years ago. The Geisemans have a son and daughter-in-law who live in Boston, and is John proud of his boy who attends the Massachusetts Institute of Technology where he is specializing in Oceanography and hoping he may gain sufficient credits to qualify for a professorship in this absorbing subject.

John boasts no specific hobbies, but it is well known that the front yard of his house at 90th and East Burnside is one of the most attractive in our City.

The Housing Authority of Portland is proud, indeed, that JOHN GEISEMAN is an integral part of its operation, and hopes that he will continue his very productive and efficient efforts in behalf of public housing in Portland for a very long time to come.

Materials can be supplied free. Work can be done during your leisure-- thousands of poorly clothed and cold people will appreciate your contribution.
Mrs. Snyder will show you how to knit slippers or squares for blankets.

Daniel Wong, son of Winnifred Wong, 9503 N. Fiske, has won a scholarship to Portland State College.

STORK NEWS

Mr. and Mrs. Herbert Collier, 9116 N. Woolsey Court announce the birth of twins in October. This baby boy and girl are the first children for the Colliers.

Mr. and Mrs. Robert Gill, 4904 N. Fessenden, welcome baby Scott to their home. This is the second son.

Mr. and Mrs. Vernon Worthen, 9049 N. Woolsey Court, announce the birth of their third son.

CONDENSATION - is a problem in Columbia Villa constantly. Please open a window about $\frac{1}{2}$ inch and turn on vent fan when boiling foods.
Mornings and evenings are the heavy moisture periods in the home. After bathing or boiling, ventilate by opening a window in each end of the unit, and using your fan for 10 or 15 minutes.
DID YOU KNOW THAT IT REQUIRES MORE HEAT to dry moisture from the air, than the slight amount of air that would come through a window opened $\frac{1}{2}$ inch?

I THINK THAT I SHALL NEVER SEE
A POEM LOVELY AS A TREE
-- A TREE WHOSE HUNGRY MOUTH IS PRESSED
-- AGAINST THE EARTH'S SWEET FLOWING BREAST
A TREE THAT LOOKS AT GOD ALL DAY
AND LIFTS ITS LEAFY ARMS TO PRAY

A TREE THAT DOTH IN SUMMER WEAR
A NEST OF ROBBINS IN HER HAIR
UPON WHOSE BOSOM SNOW HAS LAIN
WHO INTIMATELY LIVED WITH RAIN
POEMS ARE MADE BY FOOLS LIKE ME

Thank you.

CAMPING is fun for the whole family -- working together, and playing together can be a refreshing experience for Mother and Dad and the children.

One of the most beautiful campsites near home is Spirit Lake, Washington, located off highway 99, at the base of Mount St. Helens.

It is on the shore of Spirit Lake in a setting of fir, pine, and hemlock trees looking out on snow capped Mt. St. Helens. Your activities might include hiking on wonderful forest trails, campfires, singing, cookouts, nature lore and swimming, canoeing, rowing, or sailing.

Families of Girl Scouts can register for a Family Camping session at Spirit Lake from August 27 through September 2nd. Cost for this session is \$10.00 per family. Facilities include tents for sleeping and lodge for cooking (cooking utensils, gas stove and refrigerator and dishes provided). Also these facilities are available over Labor Day Weekend, September 2nd, through 5th.

For information, call Girl Scout Office, CA 2-9137.

WHAT DO YOU DO IF IT RAINS! Take all equipment which can't stand rain into the tent. Dig a trench around the tent to lead off water which streams down the tent sides. Cut the ground close to the tent about 3" deep, and about 4-6 inches out and turn the sod away from the tent. DON'T forget to slacken the guy ropes, or the tent pegs may pop out of the ground. DON'T touch the wet canvas, and move everything inside which touches the canvas.

WATER, WATER EVERYWHERE. . .

put SAFETY first . . . last . . . and always!

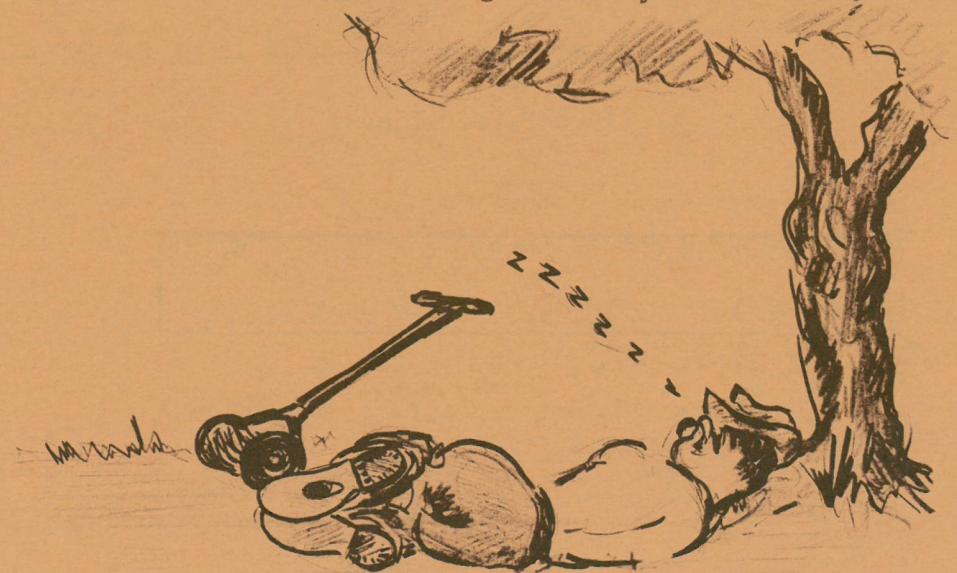

ARTIFICIAL RESPIRATION: The chances are that you will never run into an emergency where artificial respiration is necessary. However, it is just as well to know how to handle such a situation. Over the years, several techniques for artificial respiration have been developed. The so-called "Back Pressure - Arm Lift Method" is the technique approved by the American Red Cross.

1. To begin, place the victim in a prone position. Turn the face to one side and rest it on the victim's hands. See that the mouth is free of anything which will keep air from getting in and out, and draw the tongue forward.
2. Kneel on either the right or left knee or on both, in front of the victim's head. Place your hands with thumbs almost touching and fingers spread out, on the victim's back just below the shoulder blades.
3. Rock forward, keeping your elbows straight. Press with the weight of the upper part of your body, slowly and evenly downward on the victim's back. This empties the lungs.
4. Rock back slowly, releasing the pressure easily. As you do so, grasp the victim's arms just above the elbows.
5. Draw the victim's arms upward and toward you until you feel a slight resistance at his shoulders. Do not bend your elbows. Lifting the arms expands the chest so that air can get into the lungs. Drop the arms.

REPEAT the five steps steadily, from 10 to 12 times a minute. Each phase should take about $1\frac{1}{2}$ seconds. A brief return of natural breathing is not a certain indication that artificial respiration can be stopped. Often the victim stops breathing after a temporary recovery, so that artificial respiration must be given again.

SHOCK: After a victim of a near-drowning has resumed breathing, it is important to administer treatment for shock.

Meckling, South Dakota, was the birthplace of George Styles, a key man in the labor crew of the Housing Authority of Portland. George was born in that midwest rural retreat on April 9, 1913, and after his schooling he went to work on a farm. During the unhappy depression years, George worked at whatever odd jobs he could get including driving a school bus - which activity kept him busy for three years. He was married when he was 23 years old. In 1942, George and his family moved to Portland where his first employment was at Plylock Corporation. He also worked as a part time fireman for the Housing Authority. In 1945, he returned to Vermilion, South Dakota, where he worked for a time as maintenance man for the city, and later for a grain elevator company. In 1950, George again heeded the "call of the west" and trekked back to the city of roses where he has since remained - continuously employed by the Housing Authority. George's youthful appearance belies the fact that he is a grandfather. He has two sons, three daughters, and-at last count- one grandchild. George's hobbies are fishing and hunting, but he exhibits equal enthusiasm for his job. He is a capable, steady, and reliable workman, and a credit to the Housing Authority of Portland.

Questions and Answers about Your Blood Program

WHAT ARE THE NEEDS FOR BLOOD?

At the present rate of consumption, the average person during his lifetime will use $4\frac{1}{2}$ pints of blood provided by some-one else. The eighty one civilian hospitals, three military bases, and two veterans hospitals in our region use over five thousand pints of blood per month. In addition to whole blood we supply for you and your neighbor, without charge -- Plasma, Serum, Albumin, Gamma Globulin and Fibrinogen. These derivatives are manufactured from your blood.

WHO CAN BE BLOOD DONORS?

All individuals past their 18th birthday and those who have not reached their 60th birthday. Unmarried minors must have a signed release giving parental or guardian consent for each donation. Minimum weight is 100 lbs.

HOW OFTEN MAY I GIVE BLOOD?

Every sixty days, not to exceed five times in any one year.

Tenant of the Month

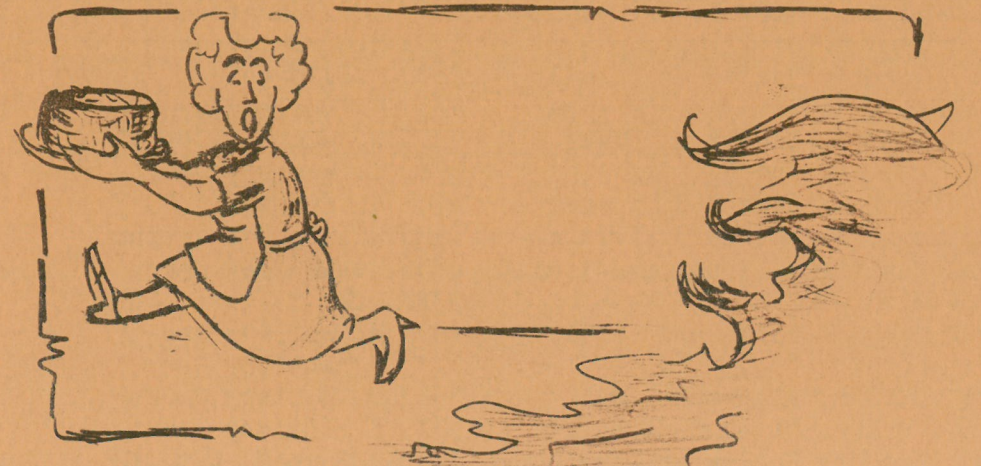

This month's honors go to a grand lady who boasts 29 grandchildren and one great-grandchild! She is a long - time model - tenant of the Portland Housing Authority and she lives in Apt. 26, of Maple-Mallory Court Apartments at 3718 N. E. Mallory.

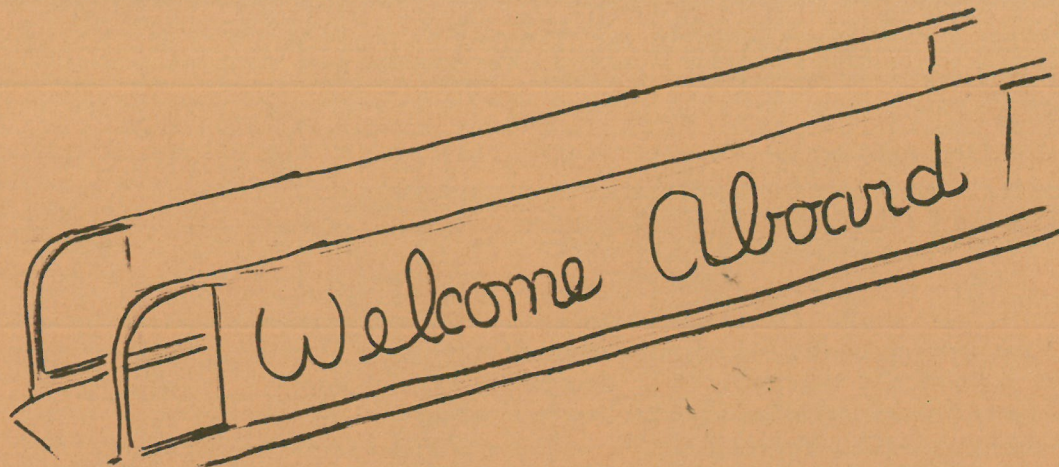

Her name is LIZZIE THOMAS, and she has been selected as "Tenant - of - the - month" for very obvious reasons: she is a friendly and cooperative neighbor and her unit is always attractive and clean and the hallways for which she is responsible are spotless.

LIZZIE, came to Portland from San Angelo, Texas, in 1946, to live with a married daughter. She was a resident of Vanport City until the devastating flood of 1948 (when the dike broke, Mrs. Thomas had just finished baking a cake - and the only thing she saved was the cake!). After Vanport City, Lizzie lived in the following projects successively: Guilds Lake, St. Johns Woods, Parkside Homes, Hudson Homes, and finally in the permanent housing of Maple-Mallory Court.

Many of her early years were difficult ones for Lizzie; her husband passed away when her children were very young, and she raised two boys and four girls by doing day work and farm work. Today, things are a little easier, and she concentrates her attention on her hobbies: cooking, eating, and raising flowers.

The Housing Authority of Portland, is very pleased to have Lizzie Thomas as a tenant. Her exemplary conduct as a house-keeper and a good neighbor is a credit to Public Housing.

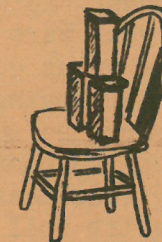

It's "Hi Neighbors" to the following new tenants.

Knock 'em Over

Here's a game you can play by yourself or with your friends.

You will need a pair of socks rolled into a ball and three oatmeal cartons. If you wish, you may use three empty milk cartons instead.

On a small stool or chair, place two cartons side by side.

Place the third carton on top. Take four giant steps away.

Throw the ball at the cartons. See how many you can knock over. Score yourself one point for every one knocked over and five points if you knock over all three with one ball.

When more than one person is playing, each player may throw three balls at a turn. The first player to score 20 points is the winner!

This game could be fun if you are camping and want to play a game during the evening.

this and that

WHY HAVE A LAWN: "Because nothing will ever take the place of a parcel of green, mowed grass. Nothing else feels so good to your bare feet. Nothing else will ever be as good for turning somersaults on, playing catch on, wrestling on, or serve so well as courts for games such as badminton and croquet." "Nothing else does a better job of covering the soil while still allowing water and oxygen to reach tree and shrub roots in the soil below. Nothing that is soft, spongy, resilient can be raked and swept as easily. No paving material can challenge or reward the farmer instinct in us to the same degree."

"Mowing a lawn may take time (it doesn't take much muscle with today's mowers) but look what it does for the appearance of a lawn! Wouldn't it be nice if you could make an old carpet or a mangy ivy bed or even a concrete patio look as trim and neat again so easily?"

"Wouldn't your home be a beautiful spot if everyone watered and mowed his lawn? Perhaps if you kept your lawn a little greener and better trimmed, your neighbor would too, and soon the whole project would be a velvet green carpet!"

— SO GOOD TO
YOUR BARE FEET—

Tenants moving into units with new tile on the floor, should take all castors off furniture, and use no water on floors for 30 days. After the 30 days, if you will please call the Maintenance Department, they will advise you regarding the type of wax to be used.

HEAT GETTING YOU DOWN?

Lukewarm baths and showers are more cooling than icy ones. Cold showers, in fact, stir up your blood in such a way as to make you feel warmer. But immersing only your hands and forearms in a bowl of cool water and splashing your temples will refresh you.

Portland 3, Oregon

Roses were known to the ancient Greeks as "the perfume of the gods." About 350 B.C. Theophrastus, the Greek philosopher and naturalist, going into the subject more thoroughly, observed that "Roses differ in number of petals, some 5, some 12 and some even 100. They differ in beauty, color and sweetness."

There is no record of Roses in Egypt at the time of the Pharaohs, but in later years quantities of Roses were shipped from Egypt and Macedonia for the great Roman festivals. This profitable commerce was lost, however, when Roman gardeners

grew Roses in hothouses for winter flowers.

Pliny, the Roman scholar and naturalist of the First Century, A.D., describes 12 kinds of Roses. Evidently some of these were classified later as centifolia, gallica, alba, canina and cinnamomea. He refers to a Rose of Cyrinae as having double flowers and the best scent. This

probably was the Damask Rose, preserved specimens of which were found in the Pompeian excavations.

There were imprints of Roses on coins in the Island of Rhodes (so named because of the extensive culture and trade in Roses). Mohammedan invasions of Syria, India and lands bordering the Mediterranean resulted in

the distribution of locally known Roses to Spain.

Evidently Rose water and fresh or dried Rose petals were used by the early races of Asia as well as by the Greeks and the Romans.

Columbia Villa

Many WEE tenants have come to live in Columbia Villa since the last publication of "Hi Neighbor".

Mr. and Mrs. Arthur Wedge, 9206 N. Woolsey Court, welcome Lisa Gayle to their home. Lisa has one sister.

Mr. and Mrs. Lou Taucher, announce the birth of Susan on April 1, 1960. Susan joins two sisters and one brother.

Mr. and Mrs. Maudis Price welcome little Michele to their home. This is the second daughter for the Prices. Mr. Price is currently stationed overseas with the 507th Medical Corp.

Mr. and Mrs. Ray L. Liebsack, 4917 N. Fessenden, have a baby boy. This new baby joins a brother and two sisters.

Vicki Talvi, joins a brother and sister at 9622 N. Woolsey Avenue.

Proud parents are Mr. and Mrs. Elmer Talvi. Mr. Talvi, is stationed at the Portland Army Air Base.

Mr. and Mrs. Peter H. R. Roberts have a first son, Michael, born the later part of April. Michael joins a sister, Linda.

Mr. and Mrs. Lee Thurston announce the birth of Leslie, born May 12, 1960. The Thurstons also have one son and one daughter.

Marriage resembles a pair of shears - so joined that they can't be separated, often moving in opposite directions, yet punishing anyone who tries to come between them.

Dekum Court

Mrs. Myrtle D. Heiberg, moved to 2625 N. E. Dekum on May 12.

Mrs. Heiberg, is retired, and was living in the Urban Renewal site.

Welcome to Mr. and Mrs. Calvin I. Price, who were displaced by an Urban Renewal site.

The Prices have moved to 2498 N. E. Saratoga.

It's up to everyone of us. . . to do all that we can . . . to preserve peace and freedom. . . and the brotherhood of man. . . this grave responsibility. . . is in reality. . . not strenuous labor but. . . an opportunity. . . ours is the chance to write upon. . . the pages of our time. . . a golden chapter which is filled. . . with true reason and rhyme . . . start young, and walk the path with faith. . . love stifles weeds of hate. . . happiness will come to those. . . who will participate. . . it doesn't cost a single cent. . . to pass the time of day. . . with those we meet while travelling. . . upon life's winding way. . . for it's a sign of brotherhood so needed in this life. . . believe it, live it, support it. . . help rid the world of strife.

Ben Burroughs

Mrs. Gladys E. Curtis and son John, have moved to 2611 N. E. Saratoga.

Mrs. Curtis, was an employee of the Internal Revenue Department for a number of years.

John has recently finished a tour of duty with the United States Army.

PLEASE NO BALL PLAYING IN THE PROJECTS.

Mr. and Mrs. Thomas Ferguson, have transferred to a 3 bedroom unit at 2655 N. E. Saratoga.

Mr. and Mrs. Ferguson moved to 2621 N. E. Saratoga, in September, 1955, when Mr. Ferguson was a student at Portland State College. When Cheri Lee was born they were transferred to a 2 bedroom unit.

The Fergusons now have a son and a foster son to qualify them for a three bedroom unit.

Loud mouths don't have to worry about food shortages, they usually eat their words.

Mr. and Mrs. Robert C. Earnest, are new tenants at 400 N. Sumner, Apt. 5.

Mr. Earnest is stationed at the Portland Army Air Base, having been transferred from Altoona, Pennsylvania.

Welcome to Mr. and Mrs. Wm. K. Hansen and daughter, Ruthanne, of 300 N. Sumner, Apt. 8.

The Hansens moved to Portland from Rupert, Idaho so Mr. Hansen could attend the University of Oregon Dental School.

INTERESTED IN TUB

Two old men from the country were spending the night in the city and went to a burlesque show. During one of the acts a curvaceous blonde was shown taking a bath in a large wooden tub.

"Ain't that something?" remarked one to his companion.
"Sure is," said the other.
"Been years since I've seen a wooden tub."

Mr. and Mrs. Dwight Umbarger, and sons have moved to 316 N. Sumner, Apt. 6 recently.

Mr. Umbarger is in the United States Army.

WHAT IS FAMILY COUNSELING?

Maple-Mallory Court

Mrs. Shimo Okazaki, 3821 N. E. Garfield, Apt. 5, has just returned from a visit to Japan.

Mrs. Okazaki, transferred to Maple-Mallory Court, when Hudson Homes was dismantled. She has been a resident in Public Housing Projects since Vanport where her home was flooded out.

Welcome to Mr. Frederick C. Ross, who recently moved to 3820 N. E. Mallory, Apt. 19.

Mr. Ross is retired, and comes to Public Housing from the S. E. Portland district.

THE WAY TO SECURE FRIENDS IS TO BE ONE.

CONGRATULATIONS to Mr. and Mrs. Benjamin Robinson who were recently married. Mrs. Robinson was the former Evelyn Brown. Mr. Robinson is in the Air Force stationed at Hebo, Oregon.

IN AND OUT

Mrs. Newbride: "I took the recipe for this cake out of the cook book."

Hubby: "You did perfectly all right, dear. It should never have been put in."

Mr. and Mrs. Colman S. Paniogue and son, Anthony, of 3821 N. E. Garfield, Apt. 6, are leaving next month for Pocatello, Idaho to work for the summer.

Mr. Paniogue, is studying at Multnomah College under the Indian Educational Benefits program.

Mr. and Mrs. James A. Rawls, 3821 N. E. Garfield, Apt. 8, welcome little Judy to their home. Judy is the third daughter for the Rawls.

Mr. and Mrs. James Phillips, 3819 N. E. Garfield, Apt. 11, welcome Esther to their home. Esther joins two sisters and one brother.

BEFORE A MAN CAN WAKE UP AND FIND HIMSELF FAMOUS, HE MUST WAKE UP AND FIND HIMSELF.

KNOW THE PEOPLE WHO SERVE YOU

LEWIS ELLEFSON is one of the trusted and reliable employees in the Maintenance Department of the Housing Authority of Portland. Residents of Columbia Villa and Dekum Court know him as the affable fellow who operates the lawn-mowing equipment during the Spring and Summer months.

Lewis was born in Heron Lake, a picturesque little village in Southern Minnesota, on October 14, 1902. At the age of 5, Lewis and his family moved to Lindstrom, Minnesota, where he enjoyed (?) his schooling.

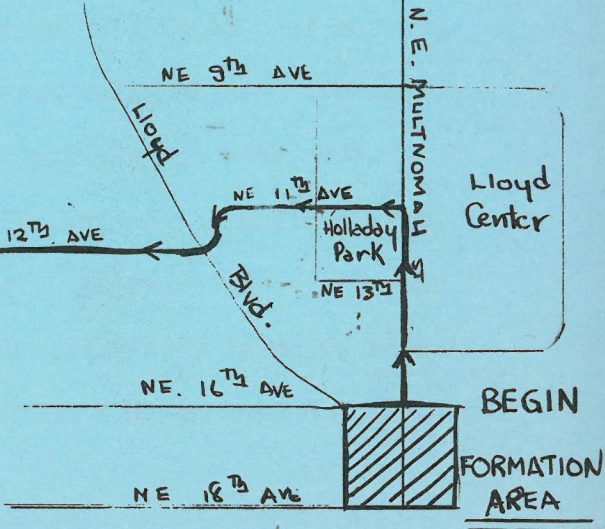

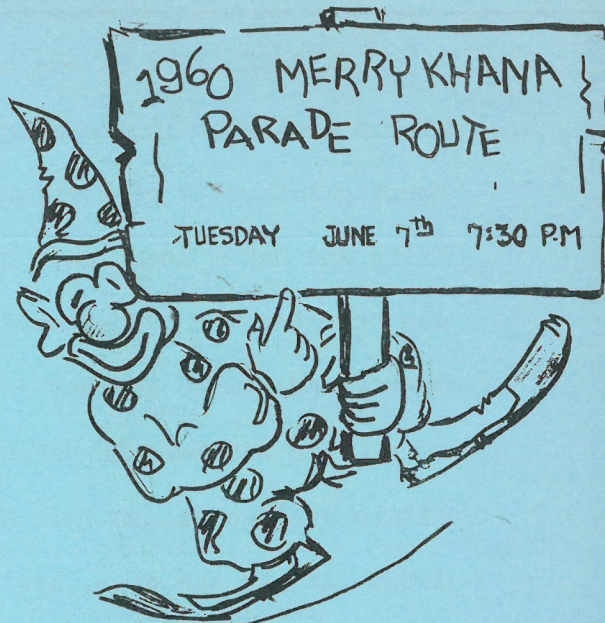

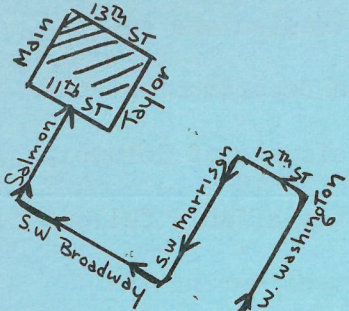

As a young man, Lewis farmed in North Dakota for ten years. It was in North Dakota that he was married and raised a son and daughter.

Lewis is a proud grandfather -- three times over. His son is a Certified Public Accountant and lives in Portland. His daughter passed away in 1958.

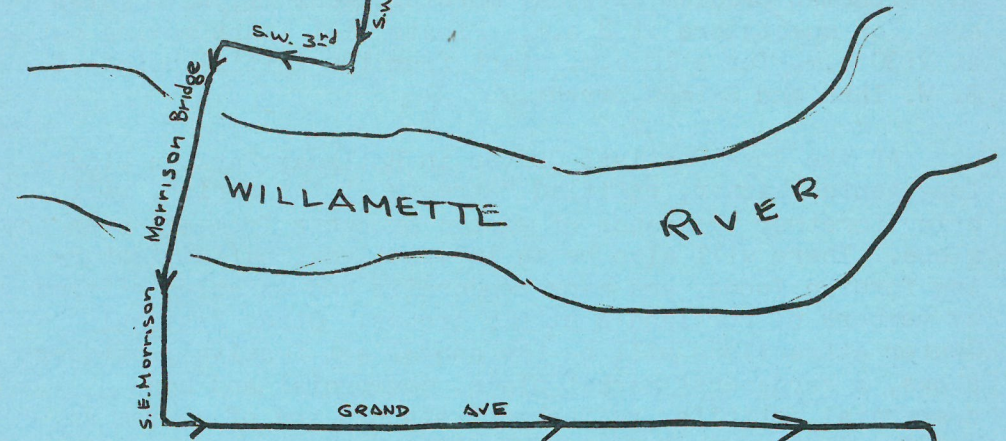

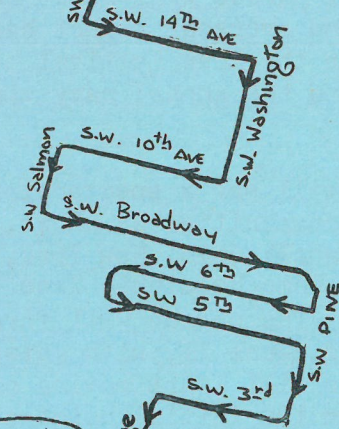

When he's not working, you'll usually find Lewis hunting or fishing. But he's usually working, and he's a good workman. The Housing Authority is quite aware of that fact. He is affectionately known to his fellow workers as "Old Lou".

1960 GRAND FLORAL
PARADE ROUTE

SATURDAY JUNE 11th 10:00 AM

DISBANDING AREA
END

A strong international flavor will characterize the 1960 Rose Festival, scheduled June 7 to 12, according to Ed Casey, President.

Perhaps because the grand floral parade will have "Famous Cities of the World" as its theme, the overseas aspect has already made itself felt in plans for the Rose Festival Center, the Multnomah Stadium show and the annual navy visitations.

The grand floral parade itself will see a spectacular floral presentation of such diverse communities as Lhasa, Tibet; Agra, India, home of the Taj Mahal; Oslo, New York, Honolulu, Madrid, Athens, Las Vegas, Rome, Helsinki, Cape Canaveral, and even Chemawa, Oregon. The parade will form in Multnomah Stadium Saturday morning, June 11, with gates open for spectators at 8 a.m. Floats will start moving out at 9:30 a.m. for a 10 a.m. start from the initial point at S. W. 11th and Salmon Street.

At the Rose Festival Center in Holladay Park, a block-long tented bazaar, entitled "Streets of the World", will bring together thousands of exotic products from all over the globe. There will also be an international buffet featuring foreign foods, and many handcrafts and eatables offered by members of Portland's ethnic groups. Other Festival Center attractions will be the annual art festival, outdoor shows, a gardeners' market place, commercial and non-commercial exhibits, refreshment stands, and of course an outstanding group of amusement rides.

Top foreign ski jumpers of Olympic rating will be among the participants in the invitational jumping meet at Multnomah Stadium Thursday, Friday and Saturday nights, June 9, 10 and 11. Twenty jumpers, including several American Olympians, will make two jumps apiece each night. Between the two series of jumps there will be an ice show by top-flight professional performers on their own portable rink.

A large contingent of foreign naval vessels will flavor the Rose Festival fleet of warships which will be in Portland harbor the latter part of Festival week. All will be open for public inspection at regular hours.

Tenant of the Month

Prize tenants of Dekum Court are Mr. and Mrs. Jay Surgeon and their three children -- Julie, age 5; Debra, age 2; and Gary, 14 months. They have lived at 2450 N. E. Saratoga since September of 1957. Housekeepers deluxe, the Surgeons are classified in the record books of the Housing Authority as model tenants. The yard surrounding their home is one of neatness and beauty. Mrs. Surgeon's hobby is gardening; she raises cut flowers to beautify the outside as well as the interior of her tastefully decorated home.

Mrs. Surgeon was born in Glen Ullin, North Dakota, and moved to Salem, Oregon with her parents when she was 6 months old. Jay Surgeon was born and raised in Salem. He was in the service from February, 1952, until February, 1957, and entered Portland State in September of 1957. What is Jay Surgeon studying to be? You guessed it -- a "surgeon." He is presently employed part-time as a medical technician at Good Samaritan Hospital, and when he finishes Portland State next year he plans to enter University of Oregon Medical School. Jay's hobby is hunting, but his exhaustive work and study schedules permit him little time for extra-curricular pursuits.

The Housing Authority of Portland is privileged to have the Jay Surgeon family as tenants and is proud to contribute in some way in facilitating Jay's education which will qualify him for a position of primary responsibility in the fortunate community in which he finally settles.

It's "Hi Neighbors" to the following new tenants.

SAILBOAT SANDWICHES

You can make sailboat sandwiches for your next party.

To make the boat bottom, cut a piece of bread in half and then cut off the corners. Spread this with peanut butter.

Cut another piece of bread crosswise, from corner to corner. Spread these halves with cream cheese. A stalk of celery or a carrot makes a good mast.

Lay your sandwich pieces on a plate as the picture below shows you. Happy sailing!

MERRITT GEMS.

1 yeast cake dissolved in 1 cup
lukewarm water
1 egg
1 teaspoon salt
 $\frac{1}{4}$ cup sugar
1 rounded tablespoon shortening
3 cups flour
Finely chopped citron, to taste
Deep fat
Confectioners' sugar

Combine ingredients (ex-
cept fat and confectioners'
sugar); let dough rise to
twice its bulk. Pinch off
small pieces or cut with
scissors; fry in fat 3
minutes or until light
brown. Remove, place in
paper bag with confectioners'
sugar and shake. Serve
 piping hot. These gems are
named for the Inn's famous
cook, Leonara Merritt.

PLANT A ROSE DURING JUNE. In the average garden it is
best to choose the best soil and exposure available, and
adapt it. Roses need sun, but do better if partly shaded,
especially during the afternoon. Hot sun causes colors
to fade quickly, blooms don't last so long and excessive
loss of moisture through leaves checks growth.
A heavy clay loam is considered ideal because of its
moisture-holding capacity, but any good garden soil will
grow Roses.

Know the people who serve you

It is said that the citizenry of
Norton, Kansas, has erected in the
town square a monument of sorts
with the inscription: "Born--
August 12, 1922. Graduated
from Norton Community High-
school - May, 1940. Drafted
in U.S. Army, November, 1942.
Returned to Norton - December,
1945. Left Norton - December,
1945. Come Back, O Native Son!
Legend has it that rising above
the pedestal of the monument is a
masterpiece of heroic statuary de-
picting a blond, Abner-Yokum-type
stalward, chest out, shoulders
back, proudly giving the "Kansas

Salute". Ask any Nortonian to identify the distinguished personage
honored by this monument, and, wiping a tear from his eye, he will
quietly and reverently intone the words: "MAX FAGG".

Norton's loss has been Portland's gain, and the Housing Authority
hopes that its good-natured, hard-working Inspector-Foreman will
never heed the call of Kansas to return to the place of his birth.

Max, whose Errol Flynn-like bearing is derived from a swashbuck-
ling stint in North Africa and 22 months in Lollobrigida's
Italy during World War II, is always attaining objectives other
than those he initially plans. After the war he headed for Calif-
ornia's "Promised Land", but landed in Yakima, Washington. As-
piring to be a bar manager, he wound up an apprentice carpenter.
On May 28, 1947, he joined the crew of the Housing Authority at
Vanport as a laborer - is now Inspector-Foreman for the Authority
where he has distinguished himself as a dedicated employee and
able supervisor.

"Slapsie Maxie" is the kind of fellow who wears a green derby on
St. Patrick's Day. His inexhaustable supply of witticisms, often of
questionable humor, nevertheless brightens the days of his comrades.
He's an outdoor man who likes fishing, and camping out. He claims
to be an expert water skier. At least, no one can deny he is a
"sport". Certainly, because of Max Fagg, the verdant turf that
beautifies our housing projects is greener.

Yes sir, things just wouldn't be the same around the Housing Auth-
ority if Max Fagg ever decided to pull up stakes and head back
for Norton, Kansas.

Boys' Club

HERE'S A "REAL DEAL" FOR BOYS WHO LIVE IN COLUMBIA VILLA

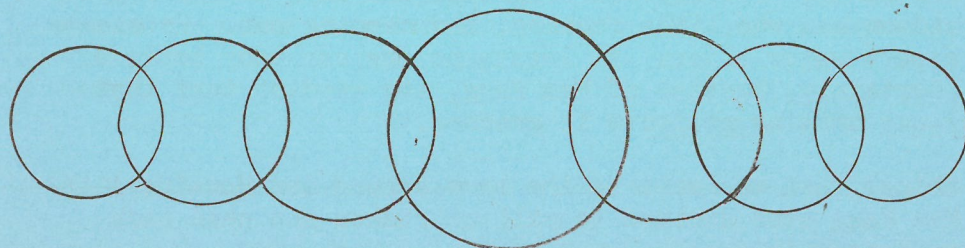

We are pleased to announce that the Housing Authority has made a special "deal" with the Columbia Boys' Club. This concerns boys from 8 to 18 who live in Columbia Villa only.

For the sum of only 50¢, any one of the 207 boys of Boys' Club age, who live in Columbia Villa, may become an honorary member of Columbia Boys' Club, use all of the club facilities, participate in all of the organized sports, and enjoy all club privileges.

Just take this page from "Hi Neighbor" to Harry Davis, at the Columbia Boys' Club, 7703 N. Hereford (just off Lombard), hand it to him with your "four bits", and Harry will welcome you into the club and give you your membership certificate.

DON'T waste any time taking advantage of this opportunity.

DON'T miss out on the fun. Enjoy the game room. Make Columbia Boys' Club your after-school headquarters.

Army Recruiting

High School Seniors can take "Early Choice" option - to be accepted as a Graduate Specialist, you must pass certain qualifications and aptitude exams - and be a high school graduate. But, high school seniors can take advantage of special "Early Choice" option which allows them to choose from the widest range of available Graduate Specialist courses! Under this unusual option, you can apply for the Graduate Specialist Program during the 60 days prior to your graduation - before quotas for the most popular courses are filled. If you qualify, your chosen course will be reserved for you until after you graduate, and you still won't be under any obligation until you actually enlist!

THIS IS HOW THE "EARLY CHOICE" OPTION WORKS:

1. To apply for the "Early Choice" option during the 60 days prior to your graduation from high school, you'll need to obtain a letter signed by your high school principal or guidance counselor - stating that you are likely to graduate.
2. Take this letter to your local Army recruiting station. The recruiter will give you an initial qualification exam.
3. After passing this test, you'll be interviewed by the recruiter.
4. Based on your own abilities and desires, your recruiter will help you select a first-choice Graduate Specialist course and two alternates. If quotas for your first choice are filled, you may still become a Graduate Specialist in one of your chosen alternates.
5. The recruiter will forward your application to the Graduate Specialist Central Admissions Office. Since these applications are processed quickly, you should have to wait no more than 15 days to find out whether you've made it.
6. If you're accepted, you will receive a written guarantee -- a formal letter notifying you that a place in the course of your choice has been reserved for you. You don't actually enlist until after you graduate from high school and shortly before your course begins.

YOUR COURSE GUARANTEED BEFORE YOU ENLIST - WITHOUT OBLIGATION

Tenant of the month

Joan and Lewis Flack, of 9583 N. Woolsey Avenue, in Columbia Villa, are the kind of people who make public housing officials really happy in their work. An immaculate housekeeper, despite the rampagings of three robust youngsters, Joan, has set standards which many tenants may well emulate. The Flacks, have been residents of Columbia Villa, for over five years - since November, 1954.

Lewis Flack is in his senior year at the University of Oregon Dental School. After graduation in June, Lewis hopes to establish a dental practice in Southeast Portland.

Both Joan and Lewis were born in Portland, and attended Grant High School. They have three busy little children - Graig, age 6; Karyn, age $4\frac{1}{2}$; and Michael, age 3.

Lewis likes to play golf, but scarcely has the time for it these days. Joan enjoys housekeeping and gardening, and somehow, finds time to serve as President of the Junior Dental Auxiliary. She is currently quite excited that she has been called for circuit court jury duty in April, and we'll wager that she will serve her community commendably in this capacity.

"Were it not for low-rent public housing, we could never have afforded Lewis' Dental School education", Joan frankly admits. And so, it is that public housing performs another of its worthwhile functions: providing adequate housing in which to properly raise growing families, and at a rental within the very limited means of young men who are diligently qualifying themselves to become useful and productive citizens. We'll venture to say that Lewis will find early success in his chosen profession, that before long he will be able to provide his fine family with the many luxuries they deserve, including a home they can call their own.

The very best of luck to Joan and Lewis Flack. They are a real credit to our public housing community and a testimonial to a basic function of public housing in building a better Portland.

WOMEN'S ARMY CORPS TO HAVE A BIRTHDAY

Since World War I, many powers and people had been giving thought to women in the Armed Forces, but Legislation and Congress lagged. Pearl Harbor provided the needed impetus, however, and on May 14, 1942, Congress passed the bill which established the Women's Auxiliary Corps - an organization which was to enable American women to bring the Army of the United States their abilities and their spirit of service.

The story of the contribution of American military women during World War II is a memorable one. From a small group of Army nurses at the beginning of the war, the women's branch grew to a peak strength of approximately 100,000 by May, 1945. Utilization of women, originally contemplated in extremely limited types of duties, grew enormously. To cite an example, at first WAC officers were assigned only those jobs concerned with the administration and training of WAC personnel. Soon they were replacing male officers on a one-for-one basis. By June, 1945, about two-thirds of the WAC officers were assigned to staff work and operational duties and were performing 200 of the 700 jobs in the Army. Utilization of enlisted women increased correspondingly.

At the end of the hostilities in 1945, the services began the rapid demobilization of its men and women. Many Commanders requested permission to retain service women on duty, and regulations were adjusted in order to permit service women to remain on duty voluntarily. In the meantime, plans were formulated quickly for legislation to make the various women's services a part of the regular and reserve forces of the peacetime military establishment. In June, 1948, legislation was passed to integrate women's groups into the regular and reserve branches of our Armed Forces.

And so it is now eighteen years later, and the Women's Army Corps is still doing the job for the Army of the United States, both here in the United States and Abroad. HAPPY BIRTHDAY!

LOCKS

Failure of any locks on doors or windows should be reported to the Maintenance office, and will be repaired without cost, unless there is actual damage caused by the tenant.

REFRIGERATORS

Tenants having Housing Authority refrigerators which are not in use, should notify the office. These refrigerators will be picked up and stored FREE of charge.

PLEASE put lawn trimmings, debris from flower beds, and other trash from interior and exterior spring cleanup, in the corner of the parking lot nearest your unit.

If you have a large pickup, call the Maintenance, and ask the trash truck to pick it up.

A family is a unit composed not only of children, but of men, women, an occasional animal, and the common cold.

SEEK HAPPINESS, FOR ITS OWN SAKE, AND YOU WILL NOT FIND IT: SEEK FOR DUTY, AND HAPPINESS WILL FOLLOW AS THE SHADOW COMES WITH THE SUNSHINE

TUBEROUS BEGONIA AND COLEUS are the perfect combination for your shady garden. They include many rich colors, are effective over a long season, and are easy to grow. Try growing them both this year!

The plants want fertile, porous soil that's moisture-retentive but quick-draining. They need ample moisture, but will rot in soggy, waterlogged ground. Sticky clay soil won't do. Aim for something that resembles woodland soil. Add compost, sand, moistened peatmoss, old well-rotted manure, or the like, and mix it in thoroughly. If you can raise the flowerbed slightly higher than the surrounding area, you'll be sure of better drainage.

BEDDING PLANTS

Brighten your garden with bright flowers this summer.

Of the bedding Petunias, "Snowstorm" is one of the best. An indispensable annual, Petunias prefer full sun but can stand partial shade.

NASTURTIUMS, are one of the most colorful, inexpensive ways to brighten your yard. Seeds should be sown where they are to grow in a soil that is not too rich.

Iris Court

Mrs. Rose Williams, 400 N. Sumner Apt. 8, has returned from a stay at the hospital with a slipped disc.

Since the Housing Authority, began operating Iris Court, in July, of 1959, we have had a great number of WEE new tenants-

In the 301 Building, we welcome new babies to apartments 1-6-7-9 and 10. Number 1 and 9 are boys. Number 6, 7, and 10, are first children. Number 1, joins a brother, and number 9, joins two sisters.

HELP PREVENT FIRES

Don't use worn or inferior extension cords.
Don't use make-shift fuses.
Don't dry clothes over heaters.
Don't let lint accumulate.
Don't store cleaning fluids or gasoline in your unit.
Don't use cleaning fluids without ventilation.

A BRIGHT SON CAN SHINE EVEN ON RAINY DAYS.

RENTS ARE DUE AND PAYABLE ON THE 1st. calendar day of each month, and only 5 days grace is given.

Payments must be in the Rental Office no later than the 5th, or your account could be filed with our Attorney, which would add an additional \$16.25 court cost to your account.

If you hear beautiful music in Iris Court, perhaps it comes from the piano of Mrs. Newell Hogan, 301 N. Sumner, Apt. 6.

Besides being a busy wife and mother, she teaches piano lessons.

Maple Mallory Court

Mr. Alfred Lockett, 3719 N.E. Garfield, Apt. 40, is in the Veterans Hospital.

Mr. Lockett has lived in several Housing Projects in Portland, since 1947.

Mr. Joseph Morris, 3822 N.E. Mallory, Apt. 15, is in the hospital with cancer.

Virginia Williams, 3818 N.E. Mallory, Apt. 24, suffered a broken collarbone in a car accident recently.

RENTS ARE DUE AND PAYABLE ON THE 1st calendar day of the month.

ONLY FIVE DAYS GRACE IS GIVEN, and if your rent is not in the Rental Office on or before the 5th. of the month, your account could be filed for collection, resulting in an additional \$16.25 cost to you.

MANY THANKS TO Mr. Robert Elliott, 3719 N.E. Garfield, Apt. 38, for his help shoveling snow in March.

Mr. Elliott, not only cleaned his own walk, but all the walks around him.

IS A SMILE

EASTER JOY

Look, everyone, look!
Leaves are lovely on bush and bough.
Robins build in the treetops now,
A song sounds in the brook!

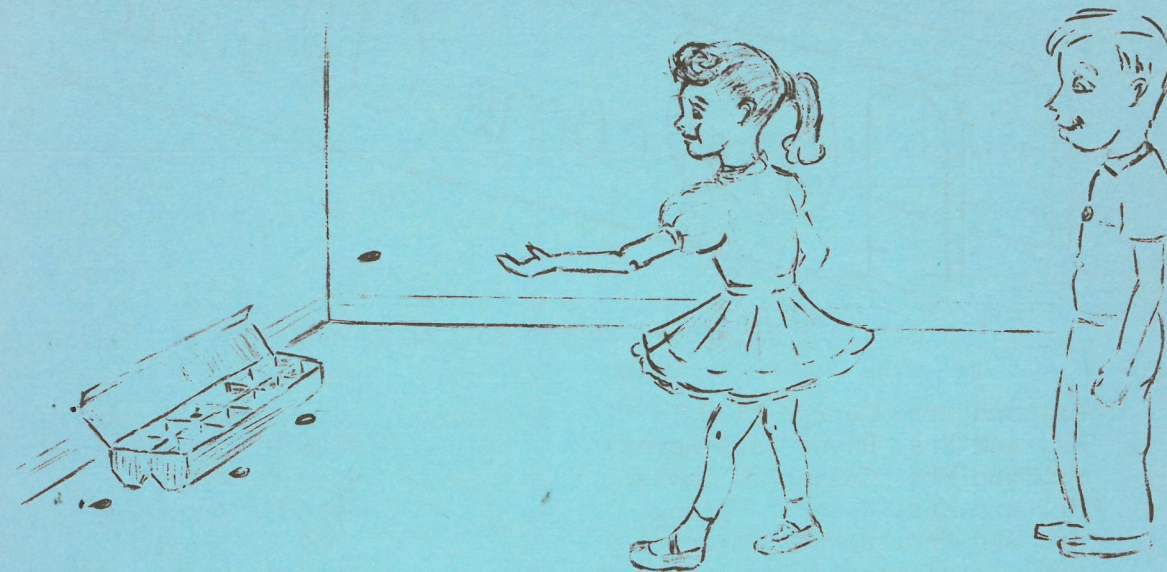

Run, every child, run!
Flowers are shining by hollow and hill,
Buttercup, violet, daffodil,
All bright in the sun!

Bells silverly ring!
With grass and flowers and bud uncurled,
Easter is back in the beautiful world--

Sing, everyone, sing!

Buttons in a Box

Ask mother for an empty egg carton and play buttons in a box!

Open the box, bend the top well back, and place the box on the floor.

Each player has ten buttons. All players stand one giant step away from the box. If a player tosses a button in the box, he takes one more giant step away from the box for his next turn.

If he misses, he stays where he is. Each time a player gets a button in the box, he steps back one giant step. The player who gets the most buttons in the box is the winner.

The Story of Valentine

A little Roman Boy named Octavian received the first Valentine Message, and it was Smoky, the light-gray carrier pigeon, who brought it to him. When Octavian visited his friend, Valentine, his little sister, Agrippina, was afraid for him. She came to warn him that the Emperor Claudius had ordered the arrest of all who, like Valentine, failed to worship the Roman gods.

But Octavian and his friends loved Valentine. His garden was a refuge from the narrow streets of Rome, crowded with charioteers and soldiers. The young boys helped the priest care for his flowers, while Smoky hopped along behind them and pecked at the fresh earth.

Then one morning Valentine was not there. A whirring of wings sounded overhead and Smoky lighted on the stone pillar of the gate. As he shifted his gray-pink feet, there was a soft clanking sound -- tied to his leg was the key to the garden, and a message.

"Here is the key to open my garden gate for you. Octavian, care for the key until I return.

Love from your Valentine----

Dekum Court

Mr. and Mrs. James M. Shinno, have moved to 2521 N. E. Dekum, from Lihue, Hawaii, our 49th State.

Mr. Shinno, is attending full time classes at Multnomah College.

Mrs. Winnifred Taylor, and her son, have moved to 2609 N. E. Saratoga.

Mrs. Taylor, was severely beaten several months ago, when her store was robbed. She has been recuperating in a rest home prior to moving into Dekum Court.

BETTY ANN GROVE, the singer, switched on her radio one morning, and tuned in on two stations at once, one broadcasting calisthenic exercises, and the other giving out cooking recipes. Here's what she heard:

"Hands on hips, place one cup of flour on your shoulder, touch your toes and mix them in one-half cup of milk. Repeat six times. Inhale one half teaspoon of baking powder, lower the legs and mash two hard-boiled eggs, exhale into a bowl and breathe naturally. Lie flat on the floor and roll in the white of an egg until it comes to a boil. In ten minutes lift your head from the fire

and rub briskly with a rough towel. Bend your knees, shake powdered sugar on them, and serve them with fish soup."

Mr. and Mrs. Calvin J. Baker, and daughter, Patricia, have moved to 2431 N. E. Dekum, from Hoquiam, Washington.

Mr. Baker, is employed by the Moore Oil Company.

The Bakers, lived in a Housing Project at Grays Harbor, and were known as fine tenants to the management.

Iris Court

TODAY IS THE DAY YOU WORRIED ABOUT YESTERDAY.

Isabelle Baumchen, 400 N. Sumner, Apt. 3, is recuperating from an operation.

Mrs. Howard Gray, 300 N. Sumner, Apt. 8, suffered a heart attack the first of January.

At this time of year, most of us are so concerned with keeping warm that we are apt to overlook the importance of proper ventilation in our apartments. Lack of ventilation causes windows to sweat, stale odors accumulate, and health suffers. Colds, sinus trouble, and headaches, are often the result of poor ventilation. A slight opening in a window farthest from the vent fan will result in cross ventilation. The fan should be used continually when cooking, boiling water, or drying clothes.

At other times, it is often necessary to use the fan for short periods of time only.

KEEP THAT FRESH AIR COMING IN AND STALE, DAMP AIR GOING OUT.

Mr. and Mrs. Norman D. Green, and two small daughters have moved to 301 N. Sumner, Apt. 3.

Mr. Green is employed by the Georgia Pacific Corporation.

Mr. and Mrs. Alfred L. Fuller, and small daughter have moved to 300 N. Sumner, Apt. 6.

Mr. Fuller, is a parts man at Wareham Motors.

A GOOD MANY HARD WOOD FLOORS SHOW LACK OF PROPER CARE. TOO MUCH WATER IS BEING USED TO CLEAN THEM.

IF A FLOOR IS PROPERLY WAXED, A DAMP MOP IS ALL THAT IS NECESSARY TO REMOVE DIRT. STUBBORN STAINS MAY BE REMOVED WITH STEEL WOOL BEFORE RE-WAXING AND POLISHING.

IF IN DOUBT ABOUT HOW TO CARE FOR YOUR FLOOR--CALL THE MAINTENANCE DEPT. BU 9-5571. Thank you.

Mr. and Mrs. Colman S. Paniogue, 3821 N. E. Garfield welcome their first child, a son, born the later part of December.

PLEASE DO NOT THROW SNOW BALLS OR ANY BALLS NEAR THE BUILDINGS. These could break windows.

Mrs. Elmer Clark, recently moved to 3823 N. E. Garfield, Apt. 2.

A good salesman is the fellow who can convince his wife she looks fat in a fur coat.

Mrs. Ernestine Duke, and two small children moved to 3818 N. E. Mallory, Apt. 21.

Mrs. Hina Kodama, 3823 N. E. Garfield, Apt. 1, has an interesting hobby of making flowers and miniature trees from paper. The small pine tree we recently saw was so realistic, we had to touch it to believe it wasn't real.

SLICK STREETS AND WALKS are with us, and pedestrians should remember that the motorist can not stop as quickly as on dry pavement.

A little courtesy from both pedestrians and motorists could prevent an accident.

KNOW THE PEOPLE WHO SERVE YOU.

This is the second in a series of brief "vignettes" of a member of the Housing Authority staff.

This month's vignette concerns CARLTON STEVENS, Electrician par excellence and foreman of our maintenance crew. "Steve", was born in Wenatchee, Washington, on April 9, 1911. Contrary to the advice of Horace Greeley, Steve, did not "Go West". He "went east" - clear to Iowa, where he spent most of his boyhood days on an Iowa Farm. He graduated from high school at Kelley, Iowa, and from Waldorf College at Forest City, Iowa, where he starred in baseball (his favorite sport), football, and basketball. In 1941, he returned to the Northwest where he was employed in the lumber industry, also by Bonneville Power and Alcoa Aluminum. Steve joined the ranks of the Housing Authority of Portland in November, 1944, -- over 15 years ago! He has been constantly improving himself and has become increasingly valuable to his Employer ever since. Extra curricular studies have included electrical code, motor repair, and refrigeration. Presently, he is enrolled at Clark College where his evenings are spent in the pursuit of more knowledge - specifically a two year course in electronics and a refresher course in mathematics. Ever since crystal radios were invented, Steve, has been a "nut" about radio and electricity. Somehow, some way, Steve, still finds time to participate actively in such worth while community affairs as Boy Scouts and P.T.A. (he has a son in high school). He does a lot of fishing and hunting, too. And, besides that, he builds his own boats! Keeping busy, both on and off the job, is giving Steve, a full, satifying, and productive life - one which many of us might well seek to emulate. We hope that CARLTON STEVENS will continue his excellent work for the Housing Authority for a long time to come.

Your Army Recruiter says "Do you Know"

The Army has a guaranteed school program for high school graduates. You must be a high school graduate to qualify, but if you're a senior, you can pick your course right now. Your Army Recruiter will get you a written guarantee that a place in that class is reserved for you after you finish high school. Not until you have your written guarantee do you actually enlist.

Your Army Recruiter can give you a choice of travel. You can enlist in a unit headed overseas. Its even possible to sign up with your buddies and serve together all the time you're abroad. See the wonders of the world -- learn new customs -- meet new people. Its all guaranteed before you enlist. You know exactly where you're going and how long you'll be there. And with your 30-day paid vacation every year, you have plenty of time for sightseeing in nearby countries.

The Army Recruiter in your town is a Recruiter, sure, but he is also a Counselor. He wants to see the fellows in his town get the most out of their military service. That's why he is always ready to give them all the facts -- at no obligation! He doesn't use fast talk or super salesmanship. He doesn't have to. He can let the facts speak for themselves, because only in Modern Army Green does a fellow have so many different ways to choose how he will serve before he enlists. Believe me, the Army Recruiter in your town is there to help you. Why not visit him at 425 S. W. Taylor Street, at the Army Recruiting Main Station, and find out how much our great Modern Army Green uniform can mean to you. Remember, there's no obligation!

Opportunity Knocked

Twelve years ago Old Man Opportunity went knocking on the door of a graduate of Roosevelt High School. Yes, that lucky girl was Sergeant Arleen Patt, who is now a member of the U. S. Army Recruiting Service, Pioneer Post Office, Portland, Oregon.

Sergeant Patt, enlisted in the Women's Army Corps for the first time in 1949 -- April to be exact, and took her basic training at Fort Lee, Virginia.

Before entering the service, Sgt. Patt, had a great desire to become a newspaper photographer. Her dream was realized when she successfully completed Photography School, Fort Monmouth, New Jersey. The most part of her service has been with the Public Information Office, doing just that -- taking pictures.

From there Sgt. Patt, has traveled nearly half the world. Heidelberg, Germany, seems to have been her favorite assignment because her job in the Women's Army Corp was taking pictures, and needless to say this Shutter-Bug really took advantage of her overseas assignment.

Visiting gay Paree, The Vatican City, the French Riviera, and of course the famous country of Tulips, Holland, were only a few of the many places she visited. She has quite a collection of pictures for her memoirs.

Upon returning from Germany in 1957, she was stationed at Letterman Army Hospital, San Francisco, as a Medical Photographer.

Sgt. Patt, hopes that upon her completion of recruiting duty here in Portland, that her next assignment will be the newly opened Detachment in the Hawaiian Islands, not that her favorite TV program has anything to do with her decision.

Girl Scouts

If you are a girl between the age of 7 and 17 and like to learn and do new things, have fun in the out-of-doors, and belong to a club in which you help plan your program -- then you would like to be a Girl Scout.

How do you become a Girl Scout? You may join a troop already existing, perhaps in your school, or you may start a brand new troop in your own housing project. There must be at least 8 girls in a troop with a leader who is very often the mother of one of the girls. It costs \$1.00 per year to be a member. The Girl Scout office in Portland gives free training to leaders to help them with their troops.

Girl Scouts belong to troops which are classified as Brownie, Intermediate or Senior. Brownie Scouts are second, third and fourth grade girls. Intermediate Scouts are fifth, sixth, seventh and eighth grade girls. Senior Scouts are high school age girls.

Through Scouting everything in life becomes interesting and fun. Girls of all three age levels build their program around eleven fields of interest. Camping trips, all-day hikes, outdoor cooking, baking pies, keeping an eye on city, state, and federal government, are just a few of the experiences Scouting has to offer.

Did you know that in the United States one girl out of seven belongs to the Girl Scouts? When you join you also become a part of a world organization because 43 other countries in addition to the United States offer this program. If you move you find new Girl Scout friends in every community.

The Portland Area Council of Girl Scouts sponsors all Girl Scout troops. Someone from the office will help you start a troop.

Tenant of the Month

Orchids to MR. AND MRS. RUDOLPH MILLER, of 301 N. Sumner, our newly-acquired Iris Court, for their selection as February "Tenant of the Month". This little family maintains highest standards of housekeeping and conducts its relations with other tenants in conformance with our "good neighbor" policy. The Millers, are an asset to public housing and we are pleased to honor them on this occasion.

Years ago, Mr. Miller attained deserved recognition for his missionary work with the Jews in Poland. Deported from Hungary during the war, he came to Boston, Mass., where he resumed his work on a free-lance basis.

Mrs. Miller, raised in Ohio and employed by the U. S. Navy Department in Washington, D.C., during and after the war, later developed interest in the mission field, became acquainted with Mr. Miller through correspondence relating to missionary work, finally decided to trek to Boston, and meet the man, and eventually married him!

For several years, the Millers lived in the 1500 - unit, St. Thomas Housing Project in New Orleans. When they left there, the Executive Director, gave them an enthusiastic letter of recommendation because of their exemplary conduct as tenants.

We are pleased to have the Millers, with us in Portland, where they are both presently doing free-lance missionary work with the Jewish people here.

With their two boys, ages 5 and 1, this engaging couple is contributing much to the success of public housing in Portland.

WE WISH THEM WELL!

Roll-Away Game

You'll need a spool for each player, 2 newspaper sheets, and crayons. Lay the papers end to end. Draw 2 lines on one of the sheets dividing it into 4 sections.

Number the sections as shown here.

Color each spool a different color. Each player rolls his spool from the end without numbers. If the spool stops on the 1 section, his score is 1. On the 2 section, the score is 2 and so on. If the spool stops on a line between two sections, take the lower score.

When each player has had a turn, check scores. The one with the highest score goes first in the next round. The player who has 15 or more points, first, is the winner.

If your spool rolls off the newspaper, you get no points.

Any player may try to knock off with his own spool, a spool already on a section.

This and That

SAFETY IN THE HOME

Too much can not be said about safety in the home, with special attention to fire hazards. One of the greatest of these is the improper use of cleaning solvents.

A good many of the cleaning solvents being used are highly inflammable, and should be used only with greatest caution.

Always have plenty of ventilation, and never use near open flame. The smallest spark may be enough to start a fire.

KITCHEN AIDS.

Time running out before company's due - and cake still to be frosted? Beat 1 cup of cream for whipping just until it begins to thicken. Add 3/4 cup creamy-fudge frosting mix and beat until it forms peaks. This makes enough yummy frosting to cover top and sides of a two-layer cake.

QUICK APPLE BEVERAGE

Try this as an afternoon pickup after a brisk walk. Stir 3 cups of hot water into 1 package apple gelatin dessert in a pitcher. Pour into mugs and sprinkle lightly with

FROSTED PUFFIES

Frosted Puffies are a yummy Valentine treat-and you can make them in just a few minutes. All you have to do is:

1. Wash your hands.
2. Put four tablespoons of confectioner's (powdered) sugar in a bowl.
3. Add one tablespoon of milk and stir the mixture until all the lumps are gone.
4. Add a tiny drop of food coloring and stir again.
5. Stir in a tiny drop of peppermint or wintergreen flavoring.
6. Dip the tops of marshmallows into the frosting and then set the marshmallows on waxed paper.
7. Put a candy heart on top of each puffy, or sprinkle with chopped nuts or cookie decoration candies.
8. Let the frosting on the marshmallows harden.

Housing Authority of Portland, Oregon
8920 N. Woolsey Avenue
Portland 3, Oregon

Hello Again

We had hoped to publish "Hi Neighbor" each month as an incidental service to our Tenants, but we have had to re-schedule the little bulletin on an every other month basis. Reason? we have been so busy getting our newly-acquired public housing units ready for occupancy that we just haven't found the time to prepare a September issue and so have had to skip to October.

The cover of this issue is decorated with maple leaves, because this is the fall of the year - a season glorifying the changing foliage of our flora; and because we consider that such a cover would serve as a fitting tribute to Maple Mallory Court - one of our new projects that is completely surrounded by towering maple trees.

It is most gratifying to announce that Iris Court and Maple Mallory Courts, the two most recently acquired, low rent public housing projects of the Housing Authority of Portland are now completely occupied; and we welcome the tenants of these projects "into the fold", so to speak. We know they will all cooperate in complying with the rules and regulations of the Housing Authority and will conduct themselves in a manner that will reflect credit on our efforts to integrate public housing into the Portland community.

We are now working on plans for another public housing project, a new building to be built on Portland's West Side, near downtown Portland, which will feature special accommodations for the elderly of low income.

The success of public housing, in Portland as elsewhere, depends to a great extent on the willingness of tenants to abide by the rules and to live in harmony with their neighbors.

And so we say, "Hi Neighbor", and "Let's work together to make low-rent public housing an enduring success in our community."

Sincerely,

Gene W. Rossman

WEE-TOTS TALK

Congratulations to Mr. and Mrs. Sherman Grate of 9341 N. Woolsey Avenue on the birth of a baby girl. This is the third child for the Grate family.

Its a baby girl for the Donald Carrier's of Sweet Home, Oregon who were recent Tenants of Columbia Villa.

PLEASE BE SURE TO TIE newspapers, boxes, and other trash when placing by garbage can for pickup.

BEST WISHES to John Krieger of 8915 N. Woolsey Court who is recovering from a back injury.

SPEEDY RECOVERY TO Mrs. Gooch of 9603 N. Fiske Avenue who has just returned from a bout in the hospital.

JOIN YOUR P.T.A.

Take part in your children's activities - - Join the Parent-Teachers Association at their school.

Attend the meetings, meet the teachers and fellow parents.

VACATIONS ARE HERE

Mrs. Ida Pudwill of 9426 N. Woolsey Avenue has been on a visit to North Dakota.

Mr. and Mrs. Duane Thompson of 9650 N. Woolsey Avenue have returned home after a trip to Pocatello, Idaho.

Johnny Cox of 9055 N. Woolsey Court has returned home after a very long stay at the hospital. Hope your're recovering quickly Johnny.

"I haven't seen you at church lately," a minister remarked to a member. "I hope you're not slipping from the fold."

"Well," replied the man, "my daughter's learning to play the organ. And -- well -- to tell you the truth Parson, I'm not so keen about going to heaven as I used to be."

CONGRATULATIONS

Mrs. Earl V. Trump of 2498 N. E. Saratoga won a red ribbon at the Multnomah County Fair for her beautiful tatting. Mrs. Trump makes many scarves and decorations for handkerchiefs. WE'RE PROUD OF YOU Mrs. Trum.

LET'S KEEP UP OUR GOOD SAFETY RECORD. . . . DRIVE SLOWLY THROUGH THE PROJECT.

An American Missionary was enlightening a tribe of pigmies on the glories of civilization. "In the outside world," he said, "we love our neighbors." "Huzzanga: Huzzanga cheered the natives." "In the outside world, he continued, "we have eliminated poverty." "Huzzanga Huzzanga thundered the pigmies, beating their spears on their shields. "In the outside world, all is tolerance and understanding," he intoned. "Huzzanga Huzzanga shouted the natives in a final tribute to the white man's words. Later on, while talking to the chief, the missionary noticed an odd breed of cattle only three feet high grazing in a nearby field. Expressing his interest he asked if he could walk among them. "Certainly," replied the chief, "but be careful not to step in the huzzanga."

Miles Doyle, Jr. of 2555 N. E. Saratoga has left for the service. Good luck Miles.

HATS OFF TO MR. JOSEPH HATT of 2507 N. E. Saratoga who is attempting a first venture as a writer of children's books. Mr. Hatt is a Multiple Sclerosis victim and in a wheel chair. Our congratulations, Mr. Hatt and wishes for success.

TUCKS YOU CAN TAKE IN THE FOOD BUDGET - - - - -

Milk. At meals, serve a half and half blend of whole milk (28 cents a quart) and reliquefied notfat dry milk (8½ cents a quart). Chances are no one will notice the difference in flavor between the blend and all-whole milk, and to a family that averages four quarts of milk per day, this trick can mean a saving of about \$3. on the weekly milk bill. When a recipe calls for milk, use reliquefied nonfat dry milk or diluted evaporated nonfat dry milk or diluted evaporated milk (16 cents for a 14½-ounce can). Serve powdered cream to coffee drinkers in the family; it costs less than light cream, and you don't have the problem of spoilage.

No TELEVISION AERIALS on the ROOF PLEASE

SAFETY FIRST

In the interest of safety, toys, clothing, boxes etc. must be kept out of Hallways and stairs. KEEP HALLS AND STAIRS CLEAR AT ALL TIMES.

TENANTS ARE NOT TO TRY TO ADJUST THE HEAT CONTROL THERMOSTATS at any time. That is the responsibility of the Maintenance Mechanic.

Robert B. Campbell of 315 N. Sumner, Apt. 6 is an Extern at Physicians and Surgeons Hospital.

Mr. Campbell's brother, Wiley was a resident in Columbia Villa during his studies at the University of Oregon Medical School. Welcome to our family Mr. Campbell.

TRICKS WITH MEAT

In planning a week's menu, select pot roast, stew meat, ground meat, etc. for one or two meals. These less expensive meats can be deliciously prepared. Remember, too, that variety meats, such as beef and pork liver, kidney, and heart, cost only 5 to 10 cents per three-ounce serving, are highly nutritious.

Mrs. Odis Williams grandson-Gregory - of 300 N. Sumner, Apt. 2 made the Little League All Star Team again this year for the Second time. BET HE'S AMOTHER BABE RUTH.

Tenants with maintenance problems at Iris Court may call Mr. Viator between 8:00 and 8:15 A.M. and 12:00 and 1:00 Monday through Friday at AT 8-4163. Please be considerate of Mr. Viator and try to call only between these hours unless you have an emergency.

Mr. Chris D. Anderson of 316 N. Sumner, Apt. 9 is teaching a beginning course in Psychology as well as studying doctoral studies in the Graduate School at Portland University.

Mr. and Mrs. Rudolph Miller of 301 N. Sumner, Apt. 5 are both doing Missionary work. This very worthwhile work has taken them to many distant places. For quite some time they were residents of a Housing Authority in another State and when they left, their unit was so clean they were given a letter of thanks from the Executive Director. We are happy to have Tenants who make this their home and keep it in nice condition.

Maple Mallory Court

The Housing Authority is cutting the dead branches from the trees at Maple Mallory Court. Trimming these trees now should insure their growth in the spring and make them more shape-ly.

Tenants who like to do yard work or who have a green thumb are welcome to help water, trim or plant flowers around their units. LETS ALL HELP MAKE THIS ONE OF THE MOST BEAUTIFUL APARTMENT BUILDINGS IN PORTLAND.

PLEASE SHOW CONSIDERATION FOR YOUR NEIGHBOR by keeping your radio or Television at a normal volume. Please do not let your children run up and down the halls or stairs as this is very noisy. Also honking horns outside could disturb a sleeping neighbor. EVERYONE CAN HELP to make your home a HAPPY one.

TELEVISION - Watching is easier on the eyes if you keep a light on somewhere in the room. Place it behind and to one side of the set, or behind the viewers--but not where it will shine in viewer's eyes or be reflected in the screen.

Mrs. Shimo Okazaki of 3821 N. E. Garfield Apt. 5, was the first Tenant to be moved into Maple Mallory Court. Mrs. Okazaki was displaced from our temporary housing project which is being torn down.

Mrs. Myrtle A. March of 3818 N. E. Mallory Apt. 23 came to Maple Mallory Court after being displaced by the Exposition Recreation site.

A minister phoned the Board of Health to ask that a dead mule be removed from in front of his house. The young clerk who answered, trying to be clever, said, "I thought you preachers took care of the dead." "We do," answered the preacher, "but first we get in touch with their relatives".

Tenant of the Month

'Tis a very beautiful sight to drive by the home of Mr. and Mrs. Joseph Hammersley of 2437 N. E. Saratoga and enjoy the multi-colored flowers that surround their unit.

The Hammersleys have been tenants of the Housing Authority since 1948 when they lived in a temporary was housing project at Fairview homes until 1952 when it was deprogrammed. From there they moved to Vancouver housing until 1957 when it was deprogrammed. Since 1957 they have lived in Dekum Court.

Mr. Hammersley was in the Marine corps during World War I and II and after discharge worked as a charter pilot for Skyways. He was also in charge of the sky apron for 7 years. Fishing is Mr. Hammersley's hobby and the afternoon we visited their pleasant home, Mrs. Hammersley showed us a salmon he had caught the day before.

Mrs. Hammersley's hobby is ceramics. Although she has never taken lessons, she has made many gifts for friends and relatives. Her home is enhanced by figurines, vases, and assorted articles she has made and painted.

Both Mr. and Mrs. Hammersley make gardening a hobby and have raised lovely flowers for many years. At Fairview Homes they were awarded 2nd prize in a City wide garden contest. When they moved to Dekum Court in 1957, Mr. Hammersley cleaned an unsightly alley behind their house and started a vegetable garden which has supplied their table with tomatoes, peppers, and many salad vegetables each year.

We are proud to have the Hammersleys as Tenants. They are truly good neighbors and help make Dekum Court one of the most BEAUTIFUL HOUSING PROJECTS IN THE UNITED STATES.

This and That

CARE OF HARD WOOD FLOORS

1. Sweep all loose dirt, using soft broom or brush. Clean corners with putty knife or dull bladed kitchen knife.
2. Scrub the floor with cleaning solution in warm water. There are several good floor cleaners on the market. Remove suds and rinse floor with warm clear water.
3. If there are stubborn stains or marks, remove them with steel wool, before waxing.
4. After the floor has dried, apply a light coat of wax, either with a mop or soft cloth wrapped on push broom. Spread wax evenly.
5. Let the wax dry for one half hour, then polish with buffer.

ANY LIQUID SPILLED ON POLISHED FLOORS SHOULD BE WIPED UP IMMEDIATELY, AS MANY THINGS USED IN A HOME WILL PENETRATE DEEP ENOUGH TO REQUIRE REFINISHING OF THE FLOOR IF NEGLECTED.

Please do not drop damp diapers on floor as ammonia will burn the floor. Thank you.

Worry is a thin stream of fear trickling through the mind. If encouraged, it cuts a channel into which all other thoughts are drained.

FOR SMALL FRY

PEEWEE pumpkins are fun to use as table favors or gifts at Halloween time--and all you need to make them are oranges and construction paper. First, make faces for the oranges. Just cut Jack-O-Lantern eyes, noses and mouths from black paper. Next, paste the shapes on the oranges, making each peewee pumpkin different. Then design your own hats for the peewees from colorful paper. And that's all there is to it--except for the fun of eating the oranges when Halloween is over.

A PRAYER ABOUT PRACTICE

SOMETIMES, Dear God, I forget that if I am to do things well when I am grown up, I must learn to do little things well now. Sometimes I wish I didn't have to do anything except play, but then I probably wouldn't be very happy after I became a grownup. This is why I hope you will help children like me to practice hard things now--like piano scales and good manners and sharing things. Thank you God. Amen.

Housing Authority of Portland, Oregon
8920 N. Woolsey Avenue
Portland 3, Oregon

G R E E T I N G S

I am pleased to announce that "Hi Neighbor" has been revived and that we hope and plan to publish and distribute it each month.

This bulletin is a special service of the Housing Authority of Portland to its tenants. Tenants of all our projects are urged to read "Hi Neighbor" and to send in "personal items" for publication.

The Housing Authority of Portland has now de-programmed all of its temporary war-housing projects and is concentrating on the development of new and permanent, low-rent projects. Such projects are our recently acquired Iris Court and Maple-Mallory Court.

It is our desire to serve our now widely-scattered tenants in a manner that will inspire cooperation in maintaining high standards of housekeeping and care of premises.

It is hoped that the revival of "Hi Neighbor" will help us all become better acquainted and more understanding and respectful of our mutual interests and problems so that the benefits of public housing may continue and expand in our community.

Sincerely,

Gene W. Rossman

Mr. and Mrs. Steven Newman of 9634 N. Fiske, announce the birth of a daughter, Lorelee Lynn born July 19th.

* * * * *

Mrs. Edlah Morrison of 8975 North Woolsey Ct. was honored at a surprise party at the home of the Calverts, 9051 N. Woolsey Ct. on June 1st. Mrs. Morison left Columbia Villa to live in the Masonic Home in St. Louis, Mo. Many of the neighbors as well as the Rental Office remember the late Mr. Morison as Grandpa and Mrs. Morison as Grandma. We'll miss you.

* * * * *

Welcome back from your trip to Hawaii, Mrs. Kjos. Mrs. Kjos of 9108 N. Woolsey Ct. has a new hobby making perky little French poodles out of yarn.

* * * * *

Mrs. Neeley, 9464 N. Woolsey Ave., is visiting her daughter and four grandchildren in Provo, Utah.

* * * * *

You can now purchase screen doors at the Office, the price is \$8.00 each, two for \$15.00 (prices include installation). Remember, however, when you leave the doors must remain on the unit as they are a part of it. All doors must be paid for in advance.

* * * * *

Mrs. Myrtle Johnson, 9315 N. Woolsey Court is visiting her daughter in California.

Each Tenant is required to have a regulation 32-gallon garbage can. These can be purchased at the Office for \$4.50 each.

* * * * *

Please be patient if you have requested the Inspector to check your house for painting or shades. Because of our recent purchase of Maple-Mallory and Iris Courts, the Inspector is not able to see all of your homes immediately; however, he will see you as soon as possible. Thank you for your patience.

* * * * *

When ventilating fans are turned on be sure that both bath and bedroom windows are opened...and the heating stove is turned off. This will stop excessive loss of fuel.. give more complete ventilation and prevent flue gases from entering the unit.

Welcome, Mr. and Mrs. Ben Garrett to 8927 N. Woolsey Court. The Garretts have resided in Hudson Homes which is now being deprogrammed. Mr. Garrett has for many years made the corner around his home on Fessenden and Wall Ave. a beautiful spot. Hope you brought along your "green thumb".

* * * * *

Mr. John Ray of 9135 N. Trenton Pl. is home on a furlough from the Veterans Hospital. Best wishes for a speedy recovery, Mr. Ray.

D E K U M C O U R T

Recently the Housing Authority rebuilt the old office building at Dekum Court into a one bedroom house. The first tenants to occupy this cute little home will be the Mathew Campbells.

The Campbells were the first family at Hudson Homes and have been valued tenants of the Housing Authority since 1942. Welcome to Dekum Court, Campbells.

We will be happy to lend you a floor waxer, free of charge. Just call the rental office in advance so that we can reserve it for you. We will deliver it and pick it up when you are finished.

Envelopes for mailing rental payments may be obtained by calling the rental office - BU 9-5571, or by enclosing a request for them with your next rental payment. All payments should be made between the 1st and 5th of each Calendar month.

I R I S C O U R T

As this issue of "Hi Neighbor" goes to press, Iris Court has just been acquired by the Housing Authority of Portland and none of our tenants have as yet been moved into this new low-rent housing project. By our next issue, we hope to be able to report several "personals" regarding the new tenants of this project.

Meantime, this space in "Hi Neighbor" will be devoted to a brief description of Iris Court. The newly-acquired housing project is located on North Sumner Street just North of Vancouver Avenue. It is just a few hundred feet west of Jefferson High School.

Iris Court is composed of five separate structures of most attractive design. The buildings are brick-faced, and each has a separate court yard. There are fenced-in play areas with playground equipment for pre-school youngsters of the tenants. The project encompasses fifty-three 2-bedroom apartments and one 3 bedroom apartment, each with living, dining, and kitchen space on the first floor and two bedrooms and bath on the second floor.

Tenants of Iris Court will be asked to participate in the maintenance of jointly-used halls and corridors on a regular schedule to be set by the Housing Authority.

Gas ranges and refrigerators are supplied to each tenant. Laundry facilities will include metered appliances, according to present plans. A feature of Iris Court is radiant heating contained within the walls of the various apartment units.

Because of the location and various physical advantages, Iris Court is expected to become one of the Housing Authority's most popular, low rent, public housing projects.

M A P L E - M A L L O R Y C O U R T

As is the case of Iris Court Apartments, Maple-Mallory Court has been acquired so recently by the Housing Authority of Portland that as of this moment it is still not occupied by our tenants. By the next issue of "Hi Neighbor", a number of our people will be in residence at Maple-Mallory and we will be pleased to report personal items about our new tenants.

Maple Mallory is one of the two new housing projects just acquired from the Federal Housing Administration. It was constructed some eleven years ago under FHA title #608 and has been privately operated as a commercial apartment house business until recently.

The project occupies a full city block in Northeast Portland and is bound by Failing, Garfield, Beech, and Mallory streets. Four separate building structures are involved in Maple Mallory, and there is a spacious parking area in the center of the project. There are twenty-four 1-bedroom and twenty-four 2-bedroom apartments in the project, and many of the 1-bedroom units will be adapted to the use of elderly tenants.

The exterior of Maple-Mallory is half brick and half siding, presenting a most attractive appearance in a full block area completely surrounded by tall Maple trees.

As in the case of Iris Court, tenants will be expected to participate in the maintenance of jointly-used halls and corridors on a regular schedule to be set by the Housing Authority.

Electric ranges and refrigerators are supplied to each tenant. Each four-apartment unit has its own laundry room where metered appliances are presently planned and there is spacious storage space in the basement where tenants may store miscellaneous, surplus household goods. The apartments feature radiant heating contained inside the walls. The Housing Authority plans to construct an attractive, concrete wall on three sides of the project to eliminate present maintenance expense of the existing banks.

Our maintenance crew is presently re-decorating Maple-Mallory units as they become vacated by the former tenants and we expect to have this project fully occupied by our own tenants in the very near future.

T E N A N T of the M O N T H

The following "vignette" is the first in a series of features honoring tenants of the housing authority who in some manner have distinguished themselves as especially desirable residents of a housing authority project.

It is our privilege to cite as our first "Tenant-of-the-month" Mr. and Mrs. Walter Long of 9452 N. Woolsey Avenue in Columbia Villa.

The Longs have been with us "long", having originally lived at Parkside Homes, and at their present Columbia Villa address since April 1957.

Mrs. Long's hobby is flowers - "a little bit of everything" - but mainly dahlias and tuberous begonias. She has won many project and city-wide prizes for her garden, and her accomplishments have received considerable publicity and praise from Northwest garden editors.

Mr. Long is the "all-American" handy man around the house. He doesn't put in an emergency call for the maintenance crew every time some little thing goes wrong. More times than not he makes the repair himself. The Long residence is replete with many unique, built-in gadgets which Mr. Long has personally installed.

Mr. Long at one time operated the A. G. Long Company, distributors of motorized fire apparatus throughout the Northwest. He is a veteran of World War I where he saw service at Chateau-Thierry, Sedan, and Toul, attached to the ordnance department in the repair of small arms and field artillery.

The Longs are an engaging couple, friendly to their neighbors, and justly proud of the sparkling home they have made of the Columbia Villa residence, and the Housing Authority is proud that it has tenants like Zettye and Walter Long.

"THIS AND THAT"

Tenants should be careful not to drive on the lawn at any time. Remember, this is your home, please help to keep the grounds beautiful.

Parents, please do not allow your children to play ball around the units. Parks would be a much better place to play and avoid broken windows. Thank you for your cooperation.

TO KEEP YOUR REFRIGERATOR SPOTLESS and sweet smelling put it on your weekly cleaning schedule. Remove all of the food from the refrigerator compartment and throw away leftovers you no longer plan to use. Wipe off the walls of the interior with a solution of two tablespoons of baking soda to one quart of warm water. Wash shelves and such items as the butter, cheese, and egg compartments in warm, sudsy water; rinse well and dry. Do not put glass shelves directly from the refrigerator into hot water as the sudden temperature change may cause them to crack.

If your children like to sleep outside during the hot weather, please have them sleep in your own yard so they won't disturb neighbors.

GOOD FOOD BUYS IN AUGUST. Plums, pears, peaches, lemons, limes, summer vegetables, small and medium eggs, small turkeys (8 to 16 pounds) and peanut butter.

WHAT'S THE LATEST?

Plastic shoes (now in limited production and costing less than the cheapest Japanese imports), which Genesco reports have shown little wear after five months of use-tests by children.

A MAN HAS TO LIVE WITH HIMSELF, AND HE SHOULD SEE TO IT THAT HE ALWAYS HAS GOOD COMPANY.

OUR NEWEST State was born in volcanic violence, which helped forge its rugged mountains and deep fertile valleys. Each year, so many thousands come to enjoy these picturesque vistas that tourism outranks all but the sugar and pineapple industries as a source of island income. As for the people, visitors find them friendly and easily persuaded to carry on their ancient traditions of feasting, dancing and singing.

FOR SMALL FRY

You can make your favorite star constellation appear on your bedroom ceiling! It's easy- just make a star shiner from an oatmeal box. First, draw the stars on the lid of the box. Then, using a big needle or other pointed tool, poke a hole where each of the stars is located. Now, turn on a flashlight and place it, at a slant, in the box. When the lid is on the box, you can shine the stars on the ceiling of your room.

ORIGIN OF HALLOWEEN

Halloween, Hal'oh EEN, is a festival celebrated on October 31st. Its name means hallowed or holy evening because it comes the day before all Saints' Day. The Church had celebrated all Saints' Day in the 600's, but not on November 1st. In modern times, Halloween is celebrated with pranks and parties, and customs that are a mixture of many beliefs.

The Druids, an order of priest in Ancient Gaul and Britain, had an autumn festival. They called their celebration Samhan (SHHwin) or summers end. It was an occasion for feasting on all the kinds of food which had been grown during the summer. The modern custom of decorating for Halloween parties with pumpkins, leaves, and cornstalks comes from the Druids. The Druids also believed that on Halloween, ghosts, spirits, fairies, witches, and elves came out to harm people. They built large bonfires to scare such creatures away. From these Druidic beliefs and customs comes the modern use of witches and ghosts in Halloween festivities.

The early people of Europe also had a festival which was somewhat like the Druid holiday. In the 700's the church named November 1st. as all Saints' festival, or the day for honoring all saints. The old pagan customs and the Christian festival were combined into the holiday which people celebrate today as the Halloween festival.

DID YOU KNOW that the U.S. Army's "Hawk Missile", is one of the worlds most deadly defenders of Peace! This Homing All the Way Killer, is equipped with an advance "Radar Eye," to ignore stationary objects and seek out moving targets only. Just recently, this "Army Bird" that specializes in destroying supersonic aerial invaders at treetop heights was fired in a tactical exercise, aimed to overtake and destroy another larger supersonic missile - mission accomplished - enemy destroyed.

DID YOU KNOW that Army Master Sergeants, who choose to retire after twenty years active service, receive retirement pay equal to the income from investments that would cost a civilian more than \$2,160 dollars each year!

Today, millions of people are enjoying remarkable transistor compact radios and TV sets because of printed electronic circuits developed by two army engineers.

The U.S. Army NEEDS qualified young men and women interested in security, schooling, advancement, and technical training to fill the hundreds of jobs available - PLAN NOW - CHOOSE-QUALIFY - and KNOW.

"I am only one but I am one.
I cannot do everthing but
I can do something;
What I can do I ought to do
What I ought to do
With God's help I will do."

TENANT OF THE MONTH

HAPPINESS is the keynote in the home of Bob and Molly Campbell, 315 N. Sumner, Apt. 6.

Bob, Molly and little daughter, Julie, age $1\frac{1}{2}$ years, have lived in Iris Court since August of 1959. On April 5, 1960, they were joined by Amy, Julie's new baby sister.

The story of Bob and Molly reads like romantic fiction. Both native Oregonians - he born in Ashland and she in Portland - they first met in the 4th. grade, but at that age, Bob could not be convinced that little girls existed in his world of baseball, rubber guns, and bicycles. Bob moved away and it wasn't until their sophomore year that they met again. Bob, then, had eyes for only one girl, but it wasn't Molly! Bob, graduated from John Day High School Valedictorian of his class. They met again at the University of Oregon where Bob studied pre-med, and at last were married after his first year at the University of Oregon Medical School.

Bob, is now interning at Emanuel Hospital. As yet, he has not decided on a specialty, but hopes to practice in Portland when his education is completed.

On Christmas, one year, they received a gift kit for oil painting, and this was the beginning for them of a hobby which they both truly enjoy, together with collecting records and good books. Musicians both, Molly plays the piano and Bob plays the clarinet.

The Housing Authority counts itself fortunate to have for tenants these nice young people, and enjoys the role of stepping-stone for BOB and MOLLY, who are preparing themselves to join the leading citizens in our community.

KNOW THE PEOPLE WHO SERVE YOU!

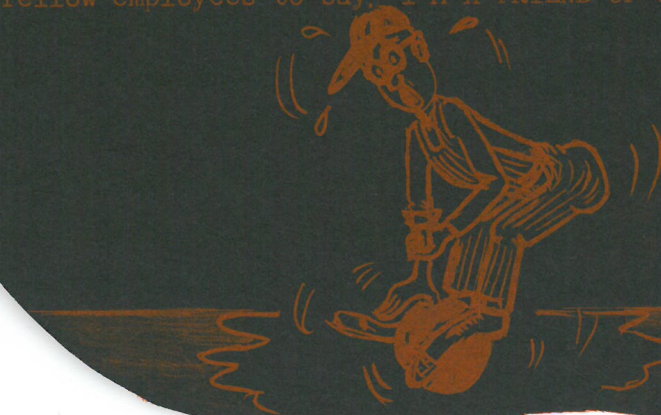

CLARENCE NELSON, is the affable fellow behind the wheel of the trash truck for the Housing Authority of Portland, and helps to keep the yards and lawns looking trim and pretty.

Before Clarence's first lusty bellow, Afton, Minnesota, boasted a population of 799. Born in 1900 in this bustling little metropolis near St. Paul, Clarence lived with his parents and attended school there until the age of fourteen. At that time the family moved to Seattle, Washington, and Clarence came along for the ride. He completed his schooling in Seattle, and began his life of useful productivity as a truck driver in that city.

He met Mary, in 1924, and courted her with gusto for five long years before they plunged blissfully into the matrimonial sea. This wonderful union was blessed by two sons -- one now a teacher at Milwaukie Grade School, and one a Store Keeper with the Portland Water Bureau. Also, he has three fine grandchildren.

Clarence plays shuffleboard indifferently, but has been known to bowl a mean game in league play. His handicap, if any, is his own secret.

Clarence's good humor and dilligence reflect credit on the Housing Authority and make it a pleasure for both tenants and fellow employees to say, "I'M A FRIEND OF CLARENCE NELSON".
