882	Jynx Houston	Oppose	Item 882 for \$161,000 for office furniture is absurdly high & can clearly be resubmitted for a much lower amount.	No	10/13/23 10:31 AM
882	Anonymous	Support	Rose City Office Furnishings would like to thank the City Council for helping get this matter resolved. As you read, there were multiple orders for furniture that were delivered and installed, some over one year ago. We paid for the furniture and paid taxes on the revenue of said furniture long ago. Being a small, local business, having unpaid invoices for this long of time has caused hardships in cash flow. We are happy to see that it will finally be resolved, and invoices paid. Thank you.
