

## Written Testimony - Agenda Item 331

Agenda Item	Name or Organization	Position	Comments	Attachment	Created
331	Beth Blenz-Clucas	Support	As a resident in the neighborhood near Shattuck and Bvtn.- Hillsdale Hwy., who also tries to walk to the grocery store regularly, I'm happy to see that safety improvements are underway at this intersection. I'm also hoping that this plan will take the wider traffic situation into consideration -- including the upcoming large housing development at the nearby Alpenrose Dairy site. Will this plan include a sidewalk that continues all the way down Shattuck to the highway? I hope so. The crossing just south on Shattuck at SW Martha (east) and SW Boundary (west) is wildly unsafe for pedestrians, with fast-moving cars and a blind curve. It's dangerous for pedestrians in the surrounding neighborhoods to walk down to the bus stops and grocery/shopping areas at the intersection. I hope this improvement becomes the first step in a larger plan to improve pedestrian and bicyclist safety, not to mention auto traffic safety.	No	04/23/24 10:10 AM
