480	Anonymous	Support with changes	ALL property owners should be treated the same. WHY are you letting some property owners off the hook and NOT others? You say it's been too long to now bill them? Why did POBT wait so long? The lack of enforcement of our laws by PBOT is ridiculous and destroying the fabric of Portland society. Some are allowed not to abide by the law while others are not. Don't you see how this creates anger and distrust in our city government? YOU should make ALL property owners pay their bill. Also, PLEASE have PBOT officials (such as the convicted felon leading PBOT Millicent Willams) give city council an update on how long it take for them to inspect a reported sidewalk violation in Portland. Last time I hear it was more than 5 years! What a joke this city is. High taxes and dysfunctional services.	No	06/01/24 8:03 AM
