The Lower SE Rising Area Plan is studying **land use** and **transportation** issues in Brentwood-Darlington and portions of the Lents, Mt. Scott-Arleta, and Woodstock neighborhoods. We have heard about needs and issues in the project area through community engagement over the past year. Now your input is needed to evaluate community development options and transportation priorities for the project area.

You are invited to learn more through the online open house and share your feedback through an online survey. To participate, visit: portland.gov/lower-se-rising
