Subject: Title 11 Amendments- DO NOT CHANGE-PROTECT LARGE TREES

Please do not make it cheaper and easier to remove large trees by Developers. I am active with Friends of Trees and the Eastmoreland Tree Committee. I assist the City in the Tree Census and have seen developers destroy large trees and never replace them. It has made parts of East Portland so hot and unlivable.

“Large trees are essential to Portland’s efforts to combat climate change and improve public health,” said Portland Parks & Recreation Director Adena Long. “This amendment has been instrumental in protecting these valuable natural resources.”
