Written Testimony - 811

Agenda Item	Name or Organization	Position	Comments	Attachment	Created
1 811	Jessi Presley-Grusin	Oppose	This a large sum that should be spent on Portland's many livability issues, such as low income housing, legal services for tenants facing eviction, improving air quality in our schools, filling potholes, or literally anything else that we actually need. We need so many things SO much more than a fountain. This project is a waste of funds and I hope you will reconsider the budget for it.	No	09/14/24 11:10 AM
