Provide public campaign financing for candidates in City elections.

Question:

Shall Portland provide public campaign financing to candidates for Mayor, Commissioner and Auditor who meet qualifying requirements?

Summary:

The measure establishes public campaign financing for candidates for City of Portland elections. The measure provides that candidates for Mayor, Commissioner and Auditor could seek certification to receive public campaign funds for primary, general or special elections. Under the measure, Commissioner and Auditor candidates who obtained 1,000 signatures and matching \$5 donations from Portland registered voters and met other requirements would receive \$150,000 for the primary and \$200,000 for the general election. Mayoral candidates who obtained 1,500 signatures and matching \$5 donations from Portland registered voters and met other requirements would receive \$200,000 for the primary and \$250,000 for the general election. Once certified, candidates could not accept campaign contributions in addition to the public campaign funds. Certified candidates would be eligible for limited matching funds if other candidates' contributions or expenditures exceeded certain thresholds. The measure would require additional campaign disclosures. The measure would authorize penalties for violations. The measure would limit the annual impact on City funds to 0.2% without raising new taxes or fees.

The Auditor is not required to confer with the Citizen's Campaign Commission. Such request must be made within 5 business days of the determination. No other Certified Candidate shall receive Matching Funds as a result of the adjustment.

4. If the Financial Threshold is adjusted pursuant to Section 2.10.145 F., no Matching Funds will be distributed to Certified Candidates.

5. If a Certified Candidate receives Matching Funds, the Candidate is not required to return those funds if Independent Expenditures that benefit that Candidate are made subsequent to distribution of Matching Funds. However, if a Certified Candidate benefits from such an Independent Expenditure, that amount of the Independent Expenditure will be subtracted to determine any share of subsequent Matching Funds, as provided in Sections 2.10.145 D. and F.

6. If the Auditor adjusts the Financial Threshold and determines that one or more Certified Candidates may be eligible for Matching Funds, the Auditor shall reserve the amount of Matching Funds for which the Certified Candidate or Candidates may be eligible throughout the relevant Primary Election Period or General Election Period, whether or not the Certified Candidate requests such funds pursuant to Section 2.10.150. The Auditor may use any distribution mechanism that is expeditious, ensures accountability and safeguards the integrity of the Fund to allow for prompt distribution of Matching Funds to Certified Candidates.

4. If the Determination Letter states that the Certified Candidate does not qualify for Matching Funds, the letter shall detail the reasons for this decision.
