2. The ordinance incorrectly stated the new total not-to-exceed amount as \$760,000. The correct not-to-exceed amount is \$829,992.73.
3. It is in the interest of the City to amend Ordinance No. 191761 without delay to ensure continued participation in the Regional Aerial Photo Consortium.

## Impact Statement

### Purpose of Proposed Legislation and Background Information

- Ordinance 191761 incorrectly stated the new not-to exceed \$760,000. This action corrects it to the actual not-to-exceed amount of \$829,992.73.

### Financial and Budgetary Impacts

- The misstatement of the new not-to-exceed amount does not change the financial impact stated in Ordinance 191761. BTS has the appropriation in their FY 2024-25 budget to cover the anticipated expense associated with this action. Funding for the out years of this agreement is included in the BTS 5-year plan.

### Economic and Real Estate Development Impacts

- This action will not have a material economic or real estate development impact and there was no engagement process in its development.

### Community Impacts and Community Involvement

- This action will not have a material community impact and there was no community involvement in its development.

### 100% Renewable Goal

This action will not have a material impact on the City's total energy use or on the use of renewable energy.

### Financial and Budget Analysis

This actions authorizes an amendment to Ordinance 191761, passed in June, 2024. The prior ordinance adjusted an IGA with Metro that included a three-year extension through September 30, 2027, as well as an addition of \$200,000 to a not-to-exceed contract (30003993). Ordinance 191761 incorrectly stated the new not-to-exceed amount on the IGA and this action corrects the value from \$760,000 to \$829,992.73. BTS has appropriation in

its FY 2024-25 budget, in fund 706, to cover the anticipated expense associated with this action. Funding for the out years of this agreement is included in BTS's Five-year plan.
